

## "Buzzy" Ginsberg Bites the Dust

*"Nothing became her in life like the leaving..."*

Like all Jewish-communist traitors who have labored to subvert the U.S. Constitution over the past 100 years, Ruth "Buzzy" Ginsberg was a treacherously dishonest foe of America's *Founding*, Christianity, the U.S. Constitution, nationalism, American patriotism, and even the very principle of *Rule of Law*.

She and her co-conspirators at the *American Communist Liars Union* (ACLU,) devoted their lives to serving Zionism and International Socialism by working to subvert many traditional and common-sense principles of the Constitution. They worked feverishly to replace those provisions with tortured logic and false "*interpretations*" that were deviously contrived by Ginsberg and others who are the *Seed of Satan*.

The most insidious example of this is their substitution of the phony "*doctrine*" of the "*Separation of Church and State*" – a phrase **NEVER APPEARING** in the Constitution – for the true and original intent of the Framers in drafting the First Amendment's "*Establishment Clause*." It escaped the Warren Court, but as every undergraduate at *Hillsdale College* recognizes, the *Establishment Clause* was intended to prohibit the establishment of an official, state religion, while simultaneously endeavoring to **ENCOURAGE** religion in general.

**Sneaky and dishonest Jews like Ginsberg have wrought profound damage on the Constitution, while displaying their animus for the men who drafted it. Their contempt stems from the limitations the Constitution imposes on their capacity to subvert and destroy the United States. Specifically, it obstructs their efforts to usher in a Zionist and socialist "New World Order," run by the same folks who brought you the Bolshevik Revolution.**

In 2009, Ginsberg stated on Egyptian television that she could not recommend the U.S. Constitution as a model for Egypt's newly-founded government. Her criticism of the Constitution – the document she swore an oath to support and defend – was based on it being “*rather old,*” as she put it.

Instead, she recommended that Egypt adopt the new *South African Constitution*, a document that has permitted black and communist savages to gird up their courage and their loins before massacring over 3,000 white farmers and their families, whose lands they then seized with impunity.

**Her phony concern with the age of the Constitution is one of those diversionary tactics -- or “*sleight-of-hand*” techniques -- that Marxist Jews have mastered. The age of the Constitution merely indicates how successful it has been at preventing traitorous enemies of freedom -- such as Ginsberg and her tribe at the ACLU -- from realizing their organization's 100 year-old ambition to deliver the U.S. into the international socialist orbit.**

In other words, the left's real objection to the Constitution is that it has too many provisions that obstruct the adoption of a Marxist or socialist government with the power to expropriate anything it desires. These Constitutional safeguards are anathema to every communist, socialist and other would-be tyrant.

Americans should be wary of traitors who seek to revise the genius of the Constitution, which has allowed America to endure for two and a half-centuries despite the relentless efforts of *Satan's Seed* in the form of Ginsberg and her tribe. We should also be extremely wary of those who seek to transform America's Constitution into an instrument able to reproduce the Soviet Gulag, Mao's “*Cultural Revolution,*” or the killing fields of Cambodia.

Jews like “*Buzzy*” Ginsberg dismiss real-world examples of socialist genocide as mere “*deviations*” from Marxist Theory. This conveniently allows them to turn a blind eye to the 100 million innocent victims of Marxism in the 20<sup>th</sup> Century alone, as they continue their relentless pursuit of the powers denied them by the Constitution, the practical source of all our cherished liberties.
