

Blunt Election Observations

by Earl P. Holt III

For several years, *Judicial Watch* has sued populous counties in a number of "blue" states to force them to clean up their voter rolls and comply with the *National Voter Registration Act of 1993*. In each of these, the number of Registered Voters exceeded the number of voting age residents of each county, sometimes by 20% or more.

Judicial Watch focused on five states where dead people, illegal aliens, fictitious names and those who have moved out of those counties were retained on the Voter Rolls so their names could later be used in "Democrat" voter fraud schemes. It is no coincidence that four of those states upon which *Judicial Watch* focused were **Virginia, Colorado, North Carolina and Pennsylvania.**

A similar example of voter fraud occurred on November 4th in Wisconsin, where the number of reported statewide votes indicate a stunning 90% turnout. Seven Wards in Milwaukee reported more votes cast than the number of registered voters found within their Voter Rolls. This anomaly is probably attributable to the 100,000 ballots that were mysteriously "dumped" in the early morning hours of November 4th, when no one was around to monitor.

Likewise, there was a dump of 138,339 votes in Detroit, Michigan in the middle of the night following the election. Immediately prior to this anomaly, a number of suitcases and coolers were observed being rolled into the *Detroit Voting Center* in the early morning hours of November 4th. It is suspected that they were stuffed with fraudulent ballots rather than beverages because **EVERY SINGLE VOTE WENT FOR JOE BIDEN!**

Voter fraud truly is the "*Democrat*" Party's PRIMARY ELECTORAL STRATEGY. There can no longer be any question about it, and it is used in every important federal and state election. It has clearly been used recently in Pennsylvania, Arizona, North Carolina, Wisconsin and Nevada.

"*Democrats*" really are the *New Communist Party* and are capable of anything. They don't believe in *Rule of Law* or fair elections, and they are incapable of policing themselves. Like the Bolsheviks they model themselves after, the only thing they truly believe in is their own, unrelenting quest for power.

It is **NOT A COINCIDENCE** that Pennsylvania's Governor, Attorney General and Secretary of State are all **JEWISH "*DEMOCRATS*."** When the "*Democrat*" Party wants to carry out illegal and unconstitutional acts of treason, it knows the right people to whom it should turn. The same bunch dominated the Jews' Media's disinformation campaign involving the fraudulent "*Steele Dossier*" used in a three-year attempt to destroy President Trump.

Any conservative or white nationalist who votes for a Jewish "*Democrat*" is helping to destroy America and the U.S. Constitution. These people should **NEVER** be trusted with power. One might as well vote for George Soros, himself!

Finally, the cowardice of the Republican Party has been painfully obvious for decades. The GOP has turned a blind eye to "*Democrat*" voter fraud because it is primarily practiced by *Africanus criminalis*, the *Great American Nigro*.

Apparently, cowardly Republicans would rather live with fraudulent elections than be called "*racist*" by the Jews' Media and their equally corrupt political allies. Such cowards must be "*primaried*" out of office.
