Address Service Requested

A WORD ABOUT RENEWALS:

Despite having already renewed their Memberships for 2016, a number of Members have received duplicate solicitations. If this is the case, ***SIMPLY IGNORE SUBSEQUENT RENEWALS NOTIFICATIONS.***

There is always a delay between the receipt of a Member's Renewals and its notation in the Membership Rolls, so occasional "double-billing" can accidentally occur.

It is NOT necessary to use a CofCC Self-Addressed-Stamped-Envelope to inform us of this fact: Moreover each of these SASE costs us \$0.57, unless stamped by the sender.

POSTSCRIPT ABOUT THE CITIZENS INFORMER:

Each ***CITIZENS INFORMER*** currently costs about \$2.65 to print and mail. If a copy is returned to us by the Postal Service, the ***additional cost of each returned copy is \$3.36.***

For this reason, we strongly urge Members who are equipped to do so, to receive the Electronic Edition as e-mail. The advantage to the organization is that it costs nothing to print or mail an issue using e-mail. If everyone would do this, we could dramatically reduce the cost of Membership Renewals, since the paper is by far, our largest expense. One advantage to Members of subscribing electronically is that they will often **receive their paper a week or more in advance** of those delivered by the Postal Service.

A second advantage is that future Electronic Editions will often have **additional articles and Letters to the Editor**, since it does not have the space limitations of the Hard Copy Edition. ***THE BONUS SECTION BEGINS ON PDF PAGE 37***

PLEASE DO NOT EVER SEND US A LETTER INDICATING THAT YOU DO NOT WISH TO RECEIVE THE E-MAIL EDITION OF THE PAPER: We assume that only those who submit the blue form wish to receive the "e-mail" edition, and anyone not using the blue form wishes to receive the "hard-copy" edition.

About time you became a member?

All members of the CofCC receive a subscription to the ***Citizens Informer*** newspaper and more.

*"Send me NOT your poor, your Jihadists,
Your Third World garbage, yearning for the dole;
The wretched refuse of your steaming shores.
Return them, eternally fertile and dependent,
To Stone-Aged lands from whence they came,
For HERE they would doubtless, create the same..."*

NEW COLOSSUS, REVISED

By Earl P. Holt III

Much like Colossus we are told,
Strides our Defender, calm and BOLD!
With eyes that see beyond this land,
The Guardian of our shores doth stand.

"NO MORE" Trump says to Muslim scum!
Jihadists won't get our welcome.
Not deadbeats who pursue the dole,
Nor killers from some far hell-hole.

Romanticizing Third World zoos,
Quite clearly does appeal to Jews;
Marxists like Emma Lazarus,
Who always seek to ruin us.

LETTER FROM THE EDITOR

ROGUE RULING CLASS AND MEDIA MOUTHPIECES LOSING GROUND

By Sid Secular, Managing Editor

Since Donald Trump launched his Presidential campaign, every trick the left tried has backfired, and failed to weaken his support, because his real supporters know the score and what's at stake.

Communists and their fellow-travelers have become increasingly violent and radical as they became increasingly frustrated in their attempts to undermine Trump's Presidency. Push-Poll results showed President Trump with an all-time low approval rating.

All the vitriol directed at Whites and normal Americans using code-words such as "racist" or "bigot," or "homophobe" or "Islamophobe" are bringing Americans increasingly to the realization that the true haters in America are the intolerant and overbearing left, "Democrats," race hustlers, and communists hurling accusations of intolerance at them.

Cartoonish accusations of Russian hacking and fake news have been ineffective in changing the minds of over 80% of a representative sample of news consumers who are turning out to be on our side, even in a poll conducted by the liberal CNBC.

The self-anointed arbiters of politically-correct views are the super-rich coastal clubs of various vacuous celebrities, actors, so-called TV comedians, and "music" performers such as Meryl Streep, Madonna, Ashley Judd, Robert DeNiro, Lena Dunham, Susan Sarandon, and Cher, exhibiting a shallowness and childish ignorance that would be embarrassing to most adults.

They wimpily and ridiculously whine that they are victims of blatant misogyny, sexism, bullying and abuse. This is a gaggle of completely out-of-touch American "entertainers" who live in high-security cocoons and penthouses and who only champion the contrived causes of the alien non-white invaders, predators, moochers, and the various categories of misfits.

As the recent election and its execrable anti-Trump aftermath shows, the political guardians of the system are just plain out of touch.

It would indeed be searingly comical if the situation weren't so serious. However, the past 18 or more months have shown, contrary to what many believed, that the Permanent Regime is not monolithic or invulnerable, and it is reeling.

But happy days are not here again, far from it. The architects, string-pullers and culture destroyers of the Hollow Imperial Empire are as unprincipled, ruthless, and cold-blooded as ever, and 2017 will see the "cold war" between Middle America and the ruling coalition continue to heat up and possibly boil over into something very serious.

America has been given a reprieve, thanks solely to the courage and leadership of one man. The last thing we can afford to do is sit back and passively watch what the Trump Administration does or does not do. Now that the curtains have been pulled back, revealing who the "Wizard of Oz" is, we must triple and quadruple our efforts. A genuine and powerful nationalist movement is still possible in the United States for the first time since the America First movement of the 1930s, but it will be a very tough row to hoe. It will not come without great challenge and sacrifice including the commitment to leave your comfort zone. We have the potential to change history by changing the land we love for the better.

The battle rages; so no more excuses, please!

President's Column

AN ENEMY WORTH THE POWDER

By Earl P. Holt III

There are numerous friends and supporters of this organization who have been critical of past commentary by me, which they feel harm the CofCC's image. I have great respect for many of them and I'll concede that much of my rhetoric has been outrageous and controversial.

Many of these friends and supporters argue that the news media must be approached in a dignified manner that is thoughtful, factual and unemotional. They believe the news media should be accorded the deference and respect befitting America's so-called "Fourth Estate" of government.

They also argue that interactions with the news media should never be viewed as an opportunity to try and score points against them, because this is a fight we cannot possibly win.

BARE-KNUCKLE REALISM

Does this mean we should shrink from any fights we might lose? Does anyone really think that Washington's Army before the Battle of Trenton, or the men who stayed to defend the Alamo, or the 80 men who flew the "Doolittle Raid" over Japan in 1942 thought they would win, much less survive?

I am under no illusions about winning a fight against an industry whose lies and deceptions are measured in Gigawatts and Oceans of Ink. While I do *NOT* think I can win such a fight, I *DO* think I can land a number of right hands when the opportunity presents itself. Must we all be "counter-punchers"?

Rocky Marciano was an undefeated World Heavyweight Champion, about whom it was said that *"...he was willing to take 10 shots to the head in order to get that one right hand in there..."* I am indifferent to any "shots" I may take from the Corrupt Leftist Media, because I am under no illusions about their true loyalties and objectives.

To be attacked by the Corrupt Leftist Media is a badge of honor, to me: The Corrupt Leftist Media has regressed to the point that their lies and disinformation are no different from those of **TASS, PRAVDA** or **THE DAILY WORKER** under the old Soviet System, and for the same reasons. All appear to be contending for the Lenin Prize on a daily basis.

Were it not for the Marxist and treasonous influences of the Corrupt Leftist Media, the so-called "Democrat" Party would have disappeared long ago, and with it, open borders, race quotas, forced integration, and our \$1 Trillion per year welfare state. All would have been discarded upon the "scrap heap of history," joining the Soviet System that the Corrupt Leftist Media so greatly admired and relentlessly defended.

I recognize that intellectualizing the ideas and beliefs of our movement certainly works for Jared Taylor and his organization, **American Renaissance**. His approach is markedly different from my own, but the two very different styles may actually be complementary in their net effect.

To a certain extent, however, AmRen's more dignified and genteel approach suggests the Corrupt Leftist Media have been allowed to set the TONE of the debate, much as they frequently manage to dictate the TERMS of the debate by employing "speech codes" and "political correctness."

More importantly however, approaching the Corrupt Leftist Media with respect or deference conveys an undeserved element of credibility to these pathological liars, much as the deference shown by Republican Congressmen wrongly conveyed unwarranted stature upon Barack Hussein Obama for eight years.

Academics and intellectuals may very well be appalled by my occasionally outrageous rhetoric, but I sincerely believe that the vast majority of OUR members are ener-

(Continued on page 7)

An Enemy Worth the Powder (Continued from page 6)

gized and encouraged by leaders who are willing to “call a spade, a spade” in no uncertain terms.

I sincerely believe OUR Members prefer a leader who will fire it back at our enemies in blunt and immoderate terms, rather than pull our punches or cloak our outrage in pastel rhetoric, as the RNC has done for eight years. After all, Donald Trump was elected President precisely because he is a “bare-knuckle” fighter, not because his rhetoric was in any way thought to be “temperate.”

“CHARMING” THE ENEMY

Many of these same friends and allies also believe that the CofCC should attempt to cultivate a favorable image with the news media, which they believe is possible if only we make an effort to behave ourselves. Although well intended, such an idea is delusional.

A few years before he died, our late CEO, Gordon Baum attempted to do this very thing by appearing on a local St. Louis TV news station for a five-minute interview: Gordon spoke in a calm and factual manner, but he was unaware that, for the duration of the broadcast, the station simultaneously ran a video of a burning cross in the background.

There is nothing the CofCC or any other “Alt-Right” organization could EVER do to garner a favorable impression with the Corrupt Leftist Media, because they are the cheerleaders and PR flacks for international Marxism and Zionism, and we are anathema to them and their goals.

We are their mortal enemies because we will NEVER stop fighting them with the truth, and objective truth is their greatest enemy. If we were to receive favorable -- or even neutral coverage from them -- it would indicate ONLY one thing: It would mean we were no longer worth the powder to attack us.

It is true, as many argue, that the Corrupt Leftist Media tends to focus on our unflattering characterizations of them. This tactic allows them to divert attention from legitimate arguments made by our side, such as the irrefutable evidence of profound I.Q. differences between whites and blacks.

Yet, even this may help serve an educational function by introducing the uninitiated to the staggering dishonesty of the Corrupt Leftist Media. Readers who bother to peruse our commentary -- after reading biased media accounts of it -- may recognize that, ***“...yes, the media DOES seem to champion every black, homo, Zionist, Marxist or Muslim enthusiasm to come down the turnpike.”***

Hopefully, such converts are motivated to pursue legal channels for reform, and not choose the “nuclear option” that Dylann Roof wrongly pursued. President Trump is proof that our legal and Constitutional approach can win, and that any such “nuclear option” is misguided and invariably harmful to the cause.

NO ROOM FOR TRENT LOTT

One thing I learned on the St. Louis School Board was that it’s fairly easy to obtain coverage from the Corrupt Leftist Media: All one needs to do is be controversial.

However, it is also essential that we NEVER apologize, grovel or “walk back” our beliefs to appease our mortal enemies. This was the fate of former Senate Majority Leader Trent Lott (R-MS) -- a CofCC member since his college days at Ole Miss -- who was never taken seriously afterwards, and drifted into obscurity.

Former Senator Jesse Helms (R-NC) would NEVER have groveled as Lott did: A man of courage and principle, Senator Helms would have told the Corrupt Leftist Media to go to hell, and rightly so!

The Corrupt Leftist Media routinely employ this tactic of training all their guns on their more outspoken Alt-Right enemies, in an attempt to force us to repudiate each other, or repudiate our beliefs. That is precisely their objective EVERY TIME we become the target of a Corrupt Leftist Media “feeding frenzy.”

That kind of retreat will never happen while I am President. Meanwhile, we will garner publicity we couldn't hope to buy, even as we continue to snap on the lights and make these cockroaches scurry. (END)

CofCC Honors Barack Hussein Obama with *Man of the Year Award For 2016*

Today, the **Council of Conservative Citizens** (CofCC) honored President Barack Hussein Obama with its distinguished and highly coveted **Man of the Year Award** for 2016.

The award will be presented to the recipient at the CofCC's National Conference in 2017, barring unforeseen circumstances such as his criminal indictments for Treason, Fraud, Criminal Conspiracy, or Obstruction of Justice in the Hillary Clinton e-mail scandal.

In the opinion of the CofCC's Board of Directors, the incompetence and utter dishonesty of Barack Hussein Obama did more to ensure the election of President Donald Trump than any other factor, including even the character defects of Hillary Clinton.

In fact, Barack Hussein Obama has done more to advance the causes of paleo-conservatism, nationalism and American Patriotism than even the combined efforts of Barry Goldwater, Ronald Reagan and William F. Buckley, Jr.

Obama's assaults upon the Constitution and Rule of Law, his subversion of our National Security, his utter incompetence in the realm of economics, and his endless lies have revealed the **New Marxist Party** (incorrectly referred to as "Democrats,") to be the treasonous and organized criminal conspiracy it truly is.

Moreover, the CofCC's Board of Directors wishes to emphasize its pride in being the very first organization to bestow an award upon Mr. Obama for which he is actually deserving.

Unfortunately, the stipend of 30 pieces of silver normally accompanying this award has been discontinued as a consequence of the recipient having destroyed half the nation's wealth.

The Political Cesspool is an award-winning broadcast that can be heard on our flagship station, AM 1600 WMQM in Memphis, Tennessee, and via the Liberty News Radio Network's internet stream, affiliate stations, and shortwave / satellite network. Go to **thepoliticalcesspool.org** to listen live over the internet.

U.S. IMMIGRATION AND THE TREACHERY OF MARXIST JEWS

By Earl Holt III

Marxist Jews have been the “vectors” that introduced the pathology of Marxism into the fabric of American society: As such, they have been the instigators of practically every subversive and destructive societal movement in America since the beginning of the 20th Century.

They have played dominant roles in the Marxist subversion of the labor movement, the empowering of homosexuals and blacks with special and privileged status, worked relentlessly to disarm us both as a nation and as individuals, founded “Modern Feminism” (the Ladies Auxiliary of Marxism,) and in the person of Margaret Sanger, introduced the eugenics movement, which evolved into the abortion industry.

Along with their leftist Jewish legal clique, the **American Civil Liberties Union** (ACLU,) they have aggressively secularized American society by litigating to banish all religious references from public life. Having substituted Marxism and Leninism for their own religion -- now merely an ethnic identity -- they appear obsessed with the need to censor the sincere religious expressions of Christian Believers.

This war waged by Leftist Jews against Christian America is so patently obvious, it is no longer possible to ignore: Their chutzpah makes them astonishingly candid when crowing about their goals and objectives.

Recently, they have used the unconstitutional immigration policies of America’s first Bolshevik President — whose reelection Jews supported four to one -- as a vehicle to implement the century-old **Coudenhove-Kalergi Plan**: The latter is designed to destroy all predominately white and Christian civilizations through mass immigration from non-white Third World nations.

Much like the **“Protocols of the Elders of Zion,”** they candidly stated their misanthropic and genocidal agenda, and then patiently set about implementing it.

The Coudenhove-Kalergi plan remains the basis for all government policies designed to promote genocide within predominately white nations, by using non-white im-

migration as the means to this end. Their ultimate purpose is to create a weakened and disparate multiracial population, with no sense of its own national, cultural or historical identity.

Here is what its author, the Baron Richard Coudenhove-Kalergi proposed in his book **“Practical Idealism,”** the blueprint for their perverse vision of a new feudalism, with Marxist Jews as rulers and everyone else paying fealty as serfs:

“The man of the future will be a mongrel...The Eurasian-Negroid race of the future, similar in its outward appearance to the Ancient Egyptians, will replace the diversity of peoples...Strength of character paired with sharpness of the mind predestinates the Jews in their most excellent specimen to become the leaders of urbane humanity...the superiority of their spirit predestines them to become a main factor of the future nobility.”

Although references to Coudenhove-Kalergi’s religion have been judiciously erased, his book was financed with 60,000 gold marks from Jewish banker Max Warburg, and he also married THREE Jewish women in the course of his life. If Samuel Johnson was correct that a second marriage is **“the triumph of optimism over experience,”** then three Jewish wives must surely be the triumph of **MASOCHISM** over experience.

In any event, it’s a safe bet that Marxist Jews won’t be jumping on the miscegenation bandwagon any time soon. Instead, they will continue to be the most ethnocentric group in the history of the world, despite their very different plans for the rest of us.

Lest anyone think this program is somehow out of the mainstream of Jewish Marxist thought, consider its modern (2010) reiteration by Barbara Lerner Spectre, the Jewess who founded **Paideia**, the **European Institute for Jewish Studies in Sweden**:

(Continued on page 10)

TREACHERY (Continued from page 9)

“Europe has not yet learned how to be multicultural. Europe is not going to be the monolithic societies that they once were in the last century. Jews are going to be at the centre of that. It’s a huge transformation for Europe to make. They are now going into a multicultural mode, and Jews will be resented because of our leading role. But without that leading role, and without that transformation, Europe will not survive.”

Similarly, listen to what the former Jewish President of Poland had to say on the subject as recently as 2008. Speaking as Co-Chair at the inaugural meeting of the newly-formed **European Council on Tolerance and Reconciliation**, Aleksander Kwasniewski stated: ***“Integration will be one of our most important focuses ... The host country must learn to embrace multiculturalism.”***

George Soros is another Jewish Marxist who has committed himself to the Coudenhove-Kalergi Plan, and one who has really put his money where his mouth is. In addition to his **Open Society Foundation**, Soros has contributed tens of millions of dollars to dozens of other organizations actively promoting open borders and mass immigration into Europe and America.

In pursuit of this vision, and much closer to home, a Jewish Federal Judge named Mariana Pfaelzer declared in 1998 that California citizens are Constitutionally obligated to subsidize the infinite needs of illegal Third World immigrants. Despite overwhelming support from voters, Pfaelzer threw out California’s Proposition 187 that prohibited illegal aliens from receiving public services financed by taxpayers.

Pfaelzer is apparently a protégé of another Jewess law professor at the University of Chicago named Martha Nussbaum, who opposes the concept of national citizenship and national sovereignty, because it is too “exclusive” and “morally dangerous.”

Like other Jewish Marxists, she claims the pursuit of justice and equality requires ***“allegiance to the worldwide community of human beings.”*** One wonders if her advocacies also apply to the nation of Israel...

JEWS & U.S. IMMIGRATION

Marxist and Zionist Jews have doggedly pursued this goal of mongrelizing America’s white population for a very long time. They have done so because it was deemed a necessary prelude to subjugating and ultimately ruling over gentile America.

The first tangible impetus for “deconstructing” the racial composition of majority-white America probably began with a Jewish Congressman (eventually Senator) from New York named Jacob Javits. In a 1951 editorial in the **NEW YORK TIMES** entitled ***“Let’s Open The Gates,”*** Javits proposed immigration levels of 500,000 a year for 20 years with total disregard for national origin or ethnicity.

As the Elders of Zion recognized in their ***“Protocols,”*** however, the task of subverting the goyim (literally, “cattle”) requires more than the subversion of our laws and political institutions: It also necessitates destroying the target’s cultural traditions, as well.

Thus, the American public was artfully and cleverly desensitized to both miscegenation and non-white immigration through the artifices of the Jewish cabal that wrote, directed and composed the 1961 movie, ***“West Side Story.”***

Three Jews, Leonard Bernstein (Composer,) Stephen Sondheim (lyricist) and Arthur Laurents (screenwriter) conspired to produce this modern revision of ***“Romeo and Juliet,”*** but substituted friction between Puerto Rican immigrants and working class whites in lieu of Shakespeare’s vendetta between Montesques and Capulets. It is no coincidence that both Bernstein and Laurents were also communists.

Although tame by today’s lack of standards — where the Shylocks of Hollywood and Madison Avenue have made it nearly impossible to find a cable TV ad that doesn’t promote race-mixing — this film helped advance the agenda of Jewish Marxists and Zionists, much like the later film ***“Guess Who’s Coming to Dinner?”***

In the political sphere, meanwhile, after aggressive lobbying by Jewish groups for more than a decade, the ***Immigration and Nationality Act of 1965*** was eventually enacted. Its purpose was to open the immigration floodgates to Third World immigrants who had previously been denied entrance under existing immigration law.

(Continued on page 11)

TREACHERY (Continued from page 10)

These lobbying groups included **The American Jewish Congress**, **The Jewish Federation**, the **ACLU**, **B'nai B'rith**, and **the American Immigration and Citizenship Conference**. (The last was an “umbrella” organization consisting of 17 more Jewish groups.) Their handiwork produced the **Immigration and Nationality Act of 1965**, memorialized as the **“Hart-Celler Act”** after its Jewish Co-Sponsor, Congressman Emanuel Celler (D-NY).

Prior to the **Hart-Celler Act**, immigration had been carefully controlled by the **National Origins Act of 1924** (also called **the “Johnson-Reed Act,”**) which established immigration quotas proportional to America’s existing demographics. For example, if 25% of the American Public were German-American, then no more than 25% of new immigrants could be German.

The purpose of the **Johnson-Reed Act of 1924** was to ensure that no racial or cultural transformation of American Society could ever occur. The Jews’ Media are fond of promoting the false narrative that we are a “nation of immigrants,” when in fact, we were a nation of **WHITE** immigrants, from 1607 until 1965.

In keeping with the intentions of the Founders of this great nation, immigration to the United States had traditionally been almost exclusively White: Yet, after passage of the 1965 Immigration and Nationality Act, immigration became almost exclusively non-white.

In its essence, the **Hart-Celler Act** was designed to implement the vision of Baron Coudenhove-Kalergi, and help destroy America by swamping this nation with the low-skilled and non-white dregs of the Third World. It was enacted to serve the twin interests of Zionism and international communism, in furtherance of their joint 100 year-old conspiracies to destroy Christianity and the West.

A LONG TRADITION OF JEWISH TREACHERY

That Leftist Jews are capable of such treasonous and subversive conspiracies against Christian America should no longer even be debatable: Jews comprised the vast majority of Bolsheviks who turned Russia into a 5,000 mile-

long Gulag, and many were perfectly content to serve thereafter as its “Commissars” and secret police.

On orders from Moscow, Jews became the driving force behind the establishment of the NAACP — serving as its founders and earliest Directors — and were thus responsible for radicalizing what would soon become the most violent, witless and criminal element in American Society. **JEWISH LIFE** -- the official organ of Jewish communism states on page eight of its June 1950 issue:

“Our job as Jewish Communists is to take the lead in educating the Jewish masses on the meaning of white supremacy and to enroll the Jewish community in an all-out fight against it. This is paramount in our work in the struggle for negro rights.”

Joel Spingarn, Arthur Spingarn, and Kivie Kaplan were the first three Presidents of the NAACP. Despite being Jews, their credentials as white race-traitors made them ideal for the position.

Among the NAACP’s founders were William Walling, Mary White Ovington, Henry Moscowitz, Julius Rosenthal, William Wald, Rabbi Emil G. Hirsch, and Rabbi Stephen Wise: These were the Jewish traitors who managed to accomplish this dubious feat of dramatically empowering blacks.

Their handiwork is on display nightly in our inner cities — once considered the “gems” of our civilization — but now synonymous with murder, black gangs, crime, welfare dependency, illegitimacy, drugs, alcoholism, illiteracy, venereal disease, vandalism and hopelessness. It was not this way 60 years ago, when they at least had the sense to pull up their pants.

Moreover, Jewish monopoly-ownership of the “Jews’ Media” ensured that it would quickly regress into its current state, one consisting entirely of biased and corrupt cheerleaders and PR firms for every black cop killer, pervert, communist, Muslim terrorist, “Democrat” criminal, or black-on-white murderer to come down the turnpike.

This Jew’s Media stranglehold on America’s electronic and printed sources of news has generated a Corrupt Leftist Media that is so brazenly dishonest, it is indistinguishable from **TASS** or **PRAVDA** during the Soviet era.

(Continued on page 12)

TREACHERY (Continued from page 11)

For more than 60 years, it has “spiked” or censored every significant threat against us as a nation, a race and a culture.

One of their recent efforts has been a conspiracy of silence to obscure the fact that Jewish communists constituted the overwhelming majority of all the traitorous Soviet spies in the U.S. Federal Government during World War II. Thanks to documents declassified under the **Freedom of Information Act**, we now have access to transcripts of these decoded transmissions, termed “**VENONA**” by W.W. II U.S. Army code-breakers.

These decrypted transmissions have allowed experts to identify many of the thousands of Soviet spies who traitorously served Soviet Communism, often from powerful positions in the federal government during World War II and its aftermath. The vast majority were Jews.

Prominent examples from within the upper echelons of FDR’s Treasury Department, alone, include Harry Dexter White (Soviet codename “**Jurist**,”) Solomon Adler (“**Sachs**,”) Harold Glasser (“**Ruble**,”) Frank Coe (“**Peak**,”) and Sonia Gold (“**Zhenia**.”)

All were Jews: This includes even Harry Dexter White, whose Jewish parents appear to have changed his name from its Lithuanian “*Weit*,” to its anglicized version as “White.”

Jewish names predominate among spies identified by **VENONA**, but are also prominent among Communist Party membership lists revealed by the efforts of the FBI’s Counter-Intelligence section. Jews also dominate the cases uncovered by Joe McCarthy, and those identified by the State Department’s investigation of communists and fellow-travelers which produced the “Lee List,” also used by Senator McCarthy.

Similarly, the overwhelmingly Jewish “**American Civil Liberties Union**” (ACLU) owes its inspiration and original funding to the **COMINTERN**, the Soviet Union’s de facto “foreign service.”

The ACLU was initially established as the **National Civil Liberties Bureau (NCLB)** in 1917, to defend communist party members caught spying for Moscow: The name

change to ACLU was necessary because its earlier incarnation as the NCLB had such an obvious Soviet pedigree, that its close relationship with Moscow had to be camouflaged.

One of the few goyim involved in founding the ACLU and its predecessor, the NCLB, was Roger Nash Baldwin, one of Soviet communism’s more “useful idiots,” who wrote a book titled “**Liberty Under the Soviets**.” Here, he heaped praise on Josef Stalin for permitting civil liberties to “flourish” in the USSR. He is also credited with having stated -- in reference to the ACLU -- that “**Communism, of course, is the goal**.”

Likewise, prominent in any early history of Marxist subversion of the American labor movement are the names of such “heroes” as Samuel Gompers, Abraham Cahan, Daniel DeLeon, David Dubinsky, and their “poets laureate,” Morris Rosenfeld and Morris Winchevsky. Each was a Jew as well as a socialist or communist.

The founders and proponents of so-called “modern feminism” are just as easily generalized: They are almost exclusively Jewish Marxists from New York City. Among those familiar to most readers are such luminaries as Bella Abzug, Betty Friedan, Andrea Dworkin, Susan Brownmiller, Susan Sontag, Gloria Steinem and Naomi Wolf. Only the serpent in the Garden of Eden has done more to damage the relationship between men and women.

CONCLUSION

A friend once remarked that the “**Jews are the seed of Satan**.” Initially, I laughed at him for this glib remark, but I have experienced little to disprove his theory.

This author is no longer surprised by the reprehensible nature of the conspiracy of Marxist Jews against the West and Christian America, particularly their endless assaults against Rule of Law and the U.S. Constitution, and their dogged pursuit of a new feudalism with Jews as the world’s new “Nobility.”

There are very good reasons why Jews have been expelled from approximately 79 countries throughout their 6,000-year history, and you have just seen the rationale for their expulsions illustrated in detail.

(Continued on page 13)

TREACHERY (Continued from page 12)

It is hardly surprising to me that those whom we welcomed as political refugees from NAZI Germany – before altruistically liberating their nations of origin at the cost

of considerable blood and treasure in World War II -- would immediately work to subvert and enslave us, much like a parasite that must inevitably kill its host.

MANDELA'S LEGACY: White Genocide in South Africa

By Paul Fromm

In 1994, a demoralized and liberal South African Government succumbed to U.S. and British pressure and handed over power to the communist-controlled African National Congress (ANC) and its terrorist leader, Nelson Mandela. Since then, 70,000 whites have been murdered, a number exceeding all Americans Killed in Action in Viet Nam.

Over 5,000 farmers have been murdered, and many of these killings involved hideous torture. An old terrorist chant of the ANC is **"Shoot the farmer, kill the Boer!"** Since the communist ideology of the ANC calls for the eventual seizure of all white farms, even President Jacob Zuma has sung this song in recent times. So traumatized and beleaguered are South Africa's farmers that farm production has slumped and South Africa is now a food importing country.

Dr. Gregory Stanton was the Founding President of **Genocide Watch**. He is a liberal who was both anti-apartheid and deeply involved in America's so-called Civil Rights Movement. After a two month study of the plight of Whites in South Africa in 2014, Dr. Stanton warned in a December 3, 2014 press conference, that **"...early warnings of genocide are still deep in South African society, though genocide has not begun..."**

Several years ago Julius Malema, the racist and Marxist President of the African National Congress Youth League, revived the singing of the **"Shoot the Farmer, Kill the Boer"** song. Although originally a revolutionary song, it is now employed as an incitement to commit genocide against South African whites. A South African judge even declared that singing of the song is a hate crime, and prohibited Malema from singing the "Kill the Boer" song.

However, the black South African President, Jacob Zuma, sang the song himself, to demonstrate contempt for the judge's ruling. Malema was later expelled from the ANC over an unrelated conflict with Zuma. He formed his own political party, the EFF (Economic Freedom Fighters), which has continued to promote a Marxist and racist agenda, and Malema was even elected to Parliament.

FROM FIRST WORLD TO THIRD WORLD

When this reporter visited Durban as part of a fact-finding tour of South Africa in 2015, my hosts arranged interviews for me with people who were prepared to talk of their personal experiences as victims of violent Black crime. One of these was a woman named Sandra Reardon.

Sandra Reardon is an attractive woman in her early 50s. She's a professional, who nearly 15 years after her attack, still bears the physical scars and emotional trauma of a violent assault that nearly killed her.

She recalls the incident from 2001: Her domestic worker had just returned from maternity leave. As she arrived home, her five year old ran out to greet her. Remembering that the child's school backpack had been left in the car, she returned to the garage to retrieve it.

"I sensed a presence near the back of the car. A head popped up and a black man leaped out and attacked me. He hit me and hit me. My right arm went numb. By this time, I had backed just outside the garage. The domestic worker came to help. The attacker kept pulling on the schoolbag. I could feel myself weakening."

Incongruously, the thief grabbed the schoolbag and fled with the maid in hot pursuit. He turned to attack her. "I called her back. She raced into the house and called for help." Only then did Sandra Reardon realize she'd been stabbed. "My right arm was almost cut off. I was holding my right arm up," she stated. Five arteries had been cut. There was blood everywhere.

"I got the maid to call my father and a neighbor and collect my young son. There was blood everywhere. I collapsed on the floor," she recalls. Her neighbor administered first aid and tried to staunch the bleeding with a tourniquet. The police raced her to hospital as she strug-

(Continued on page 15)

Mandela's Legacy (Continued from page 14)

gled to survive. "The surgeon said a few minutes later and I would have bled to death."

However, this was just the beginning of Sandra Reardon's ordeal. "I had been butchered up and stabbed over 10 times. At first, I needed 24-hour care. I looked like the Michelin Man, all in bandages," she says.

She spent four and a half years in surgery. Many of the nerves in her hand had been cut and she needed extensive physical therapy to recover even minimal use of her hands. She still has only partial use of her right hand.

While recuperating, she felt like a trapped animal, she recalls. "It is embarrassing to have to have others bath you, brush your teeth or help you go to the toilet," she observes. "My young son was traumatized by my attack. The psychological effects are immense. I am very fearful of Black males in their 30s. It is difficult for me to be alone in a public place where there are many Black males. I suffer from post traumatic stress. If someone drops a plate or there is a sudden noise, I start screaming."

Her assailant was a member of a local Black criminal gang. Despite this, the attitude of the cursory police investigation is best described as indifferent and lackadaisical. "At one point the police recommended that he be released on 200 Rand bail (about \$20) pending trial: Had he been released, there's no chance the accused would have returned for trial."

Thinking about the incident, Sandra concludes: "My son's satchel absorbed the stabs meant for my heart and lungs. All the assailant got was the satchel and my son's gym shorts. And for that, he ruined my life," she says bitterly.

Every White I spoke to had their own personal story of black crime. Although Sandra Reardon lived in a prosperous and relatively safe area, she notes: "A (White) friend up the street was robbed, brutally raped and left for dead." Shortly after Miss Reardon was attacked, a Black assailant raped her next-door neighbor.

Every White person I met feared for his physical safety. Crime -- particularly murder, robbery, and rape -- is rampant in South Africa. South Africa has the highest rate of

rape in the world, and the second highest murder rate, making South Africa more dangerous than most areas in Iraq! Most victims and perpetrators are Black.

Rapes are rampant in the Black schools and parents often accept a small sum of money as financial compensation for their raped daughter rather than going to the corrupt or incompetent police. To paraphrase **Geno-cidewatch.com**: "About 50 people on average are murdered in South Africa per day, of which at least 20 are whites. Since Whites are 40% of South African murder victims, but only 9% of the population, the white murder rate in South-Africa is quite significant."

For a bribe, criminal cases can be made to disappear and never appear on the docket. Traffic stops are often an excuse for a bribe, but my hosts told me that a 100-Rand note (\$10) will usually make a traffic stop go away.

Worse yet, police are sometimes the perpetrators of car-jackings and robberies. One incident involving the attempted kidnapping of a wealthy Chinese couple in a prosperous area of Johannesburg was captured on a cell phone, and later went "viral" on **YouTube**: It was clearly being perpetrated by police in the guise of stopping to question the couple.

PLIGHT OF WHITES

The cell phone of my host rings while we are conversing: It's an urgent call from a distraught mother, whose two year-old severely asthmatic child has a lung infection and desperately needs a nebulizer to infuse medicine into her daughter's lungs. The mother lives in a camp for homeless Whites on a farm near Pretoria, where a total of 157 Whites, including 40 children, live in makeshift tin and wooden huts.

Leigh Oxley Du Preez hundreds of miles away in Durban works her e-mail and phone list of volunteers. Within a half hour, she locates a volunteer in Pretoria who will pick up the nebulizer from a pharmacy and drive 30 miles to deliver it to the desperate mother.

Leigh heads the **South African Family Relief Project**, which has over 7,000 supporters on its Facebook page. Her group, barely a year old, brings food, clothes, medi-

(Continued on page 16)

Mandela's Legacy (Continued from page 15)

cine, household goods and toys to thousands of Whites who are destitute and homeless, living in what might be called squatter camps.

CULTURAL GENOCIDE

There is also a concerted effort to denigrate White culture. Statues of White heroes like Cecil Rhodes and King George V have been removed or vandalized on South African university campuses. British businessman and politician Cecil Rhodes endowed scholarships at the University of Cape Town, but the university still saw fit to remove his statue.

This has prompted Afrikaner leader and singer Steve Hofmeyr to state on CNN: "I don't want fewer monuments. I want more monuments erected. But don't defile the ones that exist -- we are the sum total of all the history, not just the fun parts." (CNN, April 11, 2015)

Afrikaans, a spin-off of Dutch, the language of the majority of White South Africans is being replaced as the language of instruction at many formerly Afrikaans universities.

While communist parties may be passé and weak in some Western nations, the South African Communist Party is alive and well and influential. One of Nelson Mandela's key advisers was Joe Slovo, the head of the South African Communist Party: He also happened to be a Lithuanian Jew and Colonel in the KGB. After denying it for many years, only late in life was it revealed that Nelson Mandela had been a communist since the 1960s. Many influential people in the ANC regime are also communists.

A drive through the port city of Durban reveals not only Joe Slovo Road, but also Che Guevara Boulevard. There's a delicious irony here: Che Guevara -- an Argentinian communist who helped Fidel Castro seize control of Cuba -- actually despised Negroes.

He wrote: " **The black is indolent and a dreamer; spending his meager wage on frivolity or drink; the European has a tradition of work and saving, which has pursued him as far as this corner of America and drives him to advance himself, even independently of his own individ-**

ual aspirations." (Joseph Hammond in *The Commentator*, online, May 30, 2013)

What is going on in South Africa is a slow genocide of the White population of four million. The mounting homicidal violence against Whites, the denial of access to jobs for Whites and the erasing of their history and culture mean genocide on the installment plan.

Mandela's Rivonia Trial in 1963 found that Nelson Mandela had been a key member of the ANC terrorist wing *Umkhonto We Sizwe* (Spear of the Nation). Prior to the trial, Mandela -- as a trusted agent of the ANC and a communist -- went on a fundraising tour of independent African nations seeking arms, money and training for armed insurrection. Mandela warned his superiors, however, "that most African leaders were also opposed to communism so that recruits undergoing training in these states should never reveal the fact that they were communists."

Dr. Percy Yutar, the prosecutor at Mandela's Rivonia terrorist trial in 1963, describes the contents of key ANC documents seized at a terrorist hideout in the Johannesburg suburb of Rivonia: They revealed "the involvement of Moscow, the Communist Parties of Algeria, China, Czechoslovakia, and East Germany" in the provision "of financial assistance, arms, ammunition and military personnel, but, of course, this was to be kept secret for fear of international repercussions."

Dr. Yutar is also quoted as saying in **Rivonia Unmasked** (Johannesburg, 1965) "the African National Congress was completely dominated by the Communist Party of South Africa [and] this domination was also to be kept secret from the rank and file of the African National Congress."

In another document written by Mandela and presented at the trial, we see a person different from the secular saint often presented in the international news media.

Mandela's monograph entitled "How to be a Good Communist" reveals the man in his own words: "We Communist Party members are the most advanced revolutionaries in modern history and are the contemporary fighting and driving force in changing society and the world...The people of South Africa, led by the S.A. Communist Party, will destroy capitalist society and build in

(Continued on page 17)

Mandela's Legacy (Continued from page 16)

its place socialism...One must be a revolutionary and not a reformist...Traitors and informers should be ruthlessly eliminated." He recommended cutting off their noses.

Mandela was often presented as a martyr, particularly by the Western news media. However, he was convicted of sabotage and weapons offences. Even the liberal organization **Amnesty International** never designated Mandela a "prisoner of conscience" or political prisoner, because he was jailed for violent actions, not his beliefs. Thanks to a fawning and thoroughly corrupt international news media, even his prison years have taken on a certain mythical quality.

In 1988, he was transferred to Victor Verster Prison outside Cape Town. The conditions were hardly onerous: He lived in the former warden's wooden bungalow. He even had a staff and cook and could receive visitors. In 1988, then S.A. President P.W. Botha had him brought to a secret meeting in Cape Town where he was offered immediate release if he'd renounce violence. "No, he insisted, the armed struggle will continue."

And it does to this day and Whites continue to be its victims.

TRUMP INVICTUS

By Earl P. Holt III

Out of the mess that stifled us,
So deep the swamp and black as coal,
I thank Almighty God that be,
For this unconquerable soul.

In the vile clutch of "journalists,"
He never quit nor cried aloud.
Despite the blizzard of their lies,
He stood un-bloodied and unbowed.

Against their seas of perfidy,
So often he was forced to wade.
And yet this menace of the years,
Still found him, always, unafraid.

It matters not how thin his pate,
How filled with libel be their scroll,
He is the master of his fate:
He is the captain of his soul.

Lies, Prevarication and Mendacity at the SPLC

by Earl P. Holt III

Life is too short to respond to every falsehood perpetrated by the **Southern Prevarication Law Center** (SPLC,) because its lies are measured in Giga-Watts and oceans of ink.

However, the SPLC recently released a video reviving its claim that the CofCC “inspired” Dylann Roof to massacre all those innocent blacks in Charleston in 2015. The entire video consists of innuendo and fraudulent “straw-man” arguments, which are the SPLC’s stock-in-trade.

Its hideous narrator conveniently dismisses every fact or statistic ever cited by our website, and suggests that the FBI’s **Uniform Crime Reports** (UCRs) are a far more accurate source of information. Ironically, the UCRs have been the source for just about every crime statistic we’ve ever used, since we don’t fabricate them as the SPLC clearly does.

For example, the CofCC website is accused of claiming that most whites are murdered by blacks, although anyone familiar with U.S. crime statistics knows this is absurd. **However, the CofCC HAS reported that blacks are 30 times more likely to commit a violent crime against whites than the reverse, and that statistic comes straight from the UCRs.**

The period 2012 — 2013 was typical: According to the UCRs, blacks committed an average of 561,000 violent crimes against whites each year, while whites committed an average of 99,000 violent crimes against blacks over the same period. However, blacks are about one-fifth the white population (13% versus 63%), yet commit nearly six times as many violent crimes against whites as the reverse. Thus they are 30 times ($5 \times 6 = 30$) more likely to do so.

Another bizarre assertion is that the CofCC website (cofcc.us) was guilty of “spiking” public interest in interracial violence beginning in 2012. I suspect it would be more accurate to say that “The Knock-out Game,” and a number of high-profile black-on-white murders probably bore responsibility for that phenomenon.

Indeed, with a black communist in the White House and

the SPLC fanning the flames of racial violence -- with its chronically dishonest crime reportage -- many low I.Q. blacks assumed it was “Open Season” on whites in America, and that their violent acts would be protected by Obama’s “Justice” Department.

Interestingly, much of the narrator’s anger and frustration appears to be directed at **Google**. What the pathological liars at the SPLC really want is for Google to censor the Alt-Right, because we present an obstacle and counterpoint to their false narratives. We may even be harming their fund-raising, which is their real *raison d’être*.

The SPLC and its Marxist allies in the Corrupt Leftist Media no longer have a monopoly on news reportage and analysis they once enjoyed. Competition from more honest and accurate sources of information has meant they are no longer free to spin the disinformation they cherish: One such casualty has been their phony narrative that most interracial violence in the U.S. is perpetrated by whites against blacks.

If even poor Dylann Roof can see through their lies and disinformation, the vast majority of more sophisticated Americans can’t be too far behind.

HOW TO WRECK A GREAT CIVILIZATION

Step 2: Destroy Its Government, Institutions and Founding Principles

By Tom Conway

If spending a nation into bankruptcy is the first step in destroying a nation, other punches can be delivered in order to seal its fate, and indeed, are being delivered on other fronts. In addition to impoverishing the nation economically, any self-respecting saboteur should attempt to leave similar wreckage in the target society's other institutions, and especially in its halls of government.

To begin, the malcontents generally use historically proven techniques for infiltrating such institutions: They integrate themselves quietly but steadily into the power structures not only of government, but also academia and religion. They then integrate their ideologies into those structures, and their ideological agendas soon thereafter. This has been historically referred to by the Left as *"the long march through the institutions."*

When sufficient infiltration has occurred, the saboteurs make the institutions their own. If the infiltration is done competently, in their ignorance and myopia, the original occupants of the institutions never awaken to any realization that a takeover and reinvention has occurred. In other Leftist terminology, this is what is referred to as a *"bloodless coup."* The suckers never even realize they've been defeated.

In essence, these bloodless coups appear simple. In actuality, they turn conquest into an art form.

If you are one of the people in favor of such coups, when subverting a nation's government, you should start by supporting the school of thought that perceives the nation's founding constitution as being a *"living document."* Emphasize its malleability and flexibility, until its protections and constraints become essentially meaningless. Use this principle of malleability to encourage judicial activism. Then promote efforts to appoint like-minded saboteurs as your judiciary.

By appointing activist or radical judges you will impose your agenda by repeatedly nullifying legislation and prop-

ositions supported by a majority of the citizenry. Sell this publicly as being necessary to protect against *"the tyranny of the majority."* Then tell the majority it still lives in a democracy that represents the will of the people as sovereign.

If the nation's founding documents contain a Bill of Rights, whittle away at those rights until they also become meaningless. For example, if one of the articulated freedoms is freedom of speech, hobble it by allowing speech codes at universities and corporations, and then encourage the expansion of such codes into other institutions. Eventually, notions of correct and incorrect speech will hold sway throughout the society, and inevitably, at some point, including those language restrictions in the Criminal Code will become a reality.

If one of the rights articulated in the Bill of Rights is the right to bear arms, create extensive limits on the types of weapons available for ownership, and create an extensive registration process, extensive background checks, and other impediments to ownership. When the time is right you will not only be able to restrict the ownership of weapons, but you will also be able to use your comprehensive database to seize weapons once legally held by your citizenry. At some point, you will tell the public you must disarm them in order to protect them, and you will then proceed to do so.

If your Bill of Rights contains a right to privacy and freedom from unlawful searches and seizures, hem it in with extensive surveillance machinery, monitoring, and data collection. Like your Soviet mentors did before you, use technology to monitor dissidents and to compile information on them, and then neutralize those who are credible threats to your agenda. Compile a master list, to prepare for a day of reckoning.

If you have a two party system of democratic government, encourage one party to make its primary purpose the satiation of corporate greed. Meanwhile, encourage

(Continued on page 20)

How to Wreck (Continued from page 19)

the second party to define itself by creating a **"hierarchy of victimology"** by recruiting ethnic and sexual minorities, indigents, malcontents, and other prospective beneficiaries of massive redistributions of power and wealth.

Keep the first political party complicit in the second party's success by conspiring to import cheap Third World labor. Swell the second party through the same deluge of immigrants, allowing it to indulge itself until it achieves enough critical mass to lock itself permanently into power. Having accomplished this, at some point, all you will need is the right demagogue to initiate a reign of deconstruction or terror.

To that purpose, work continuously to centralize governmental authority and power, and encourage rule by executive order and judicial activism, bypassing the legislature and weakening its role in government. All of these changes will make it easier to run things when you are finally able to rule.

To help things along, cheapen the value of citizenship. "Naturalize" entire stadiums full of the dregs of the Third World immediately prior to critical elections. It will help grow the number of indigents, losers, and subversives on the voter rolls and the number of Leftists.

Encourage both the newcomers and native-born stock to edge ever closer to the welfare trough. Promote the overloading of society's institutions and infrastructure with indigents, domestic and imported alike, to promote class and ethnic strife, resource depletion, the wear and tear of infrastructure, and environmental degradation. These things will further the instability needed for the society to collapse.

Make voting easy: Outlaw any requirement for effective identification documents as "unreasonable," thus making it convenient for illegal aliens to vote for politicians who will offer more access to the public coffers and easier access for yet, more illegal aliens.

Blur all legal standards and requirements, in addition to the concept of "justice," itself. While describing yourself as a "nonracial democracy," ruthlessly promote race discrimination by favoring preferred races in hiring and admissions.

Get your allies in the media and academia to promote this as "fairness." By doing so ad nauseam -- and despite every other courthouse facade in the country bearing the words **"Equal Justice Under the Law"** engraved on its facade -- in time, few people will even forget the millions being raped by such discrimination.

The dirty little secret about this form of discrimination is the reality that the offspring of those doing the "deconstructing" will make certain that their own children are exempt from its pernicious influences: They will ensure it is the less powerful members of the public who will be routinely harmed by this machinery of discrimination.

The result will actually be the creation of two privileged classes: One group privileged on the basis of their possession of melanin, and a second group privileged by rights it retains on the basis of heredity and hypocrisy.

It will be a world of "Do as I say, not as I do," in which everyone is theoretically equal, but where in reality some are vastly more equal than others, just as George Orwell prophesied. (END)

STATEMENT BY THE COFCC REGARDING THE DYLANN ROOF CASE: By The CofCC Executive Board

Now that all phases of the Dylann Roof trial are over, it is appropriate for the **Council of Conservative Citizens** to comment on the tragic massacre in Charleston in 2015, and the role the Corrupt Leftist Media played in willfully misreporting that tragedy.

Once again, the Corrupt Leftist Media demonstrated that its dishonesty rivals that of **PRAVDA** or **TASS** during the Cold War era, by promoting its phony narrative accusing the CofCC of responsibility for Dylann Roof's horrifically misguided actions.

In his "Manifesto," Roof credited the CofCC's website for his knowledge of black-on-white violent crime: Hence, the Corrupt Leftist Media immediately seized on our accurate reportage of such crimes to accuse us of inspiring this sad young man to commit mass murder.

Dylann Roof was certainly INFORMED by our website: The CofCC website is perhaps one of six in the universe that accurately and honestly report incidents of black-on-white violent crime, and in particular, those seemingly endless incidents involving black-on-white murder.

The CofCC's reportage of these crimes is essential, because the Corrupt Leftist Media either "spike" such stories, or intentionally obscure the race of black offenders in its news accounts. Indeed, at its 2009 National Convention in Indianapolis, the misnamed "**Society of Professional Journalists**" even adopted this tactic as a **FORMAL POLICY!**

The CofCC is hardly responsible for this sad young man's misguided acts merely because he gleaned accurate information from our website. For the Corrupt Leftist Media and other leftists to suggest otherwise is why their efforts are universally recognized as dishonest, biased, and contemptible examples of Soviet-style "disinformation."

We are no more responsible for the actions of Dylann Roof than actress Jodie Foster was responsible for John Hinckley's attempted assassination of President Reagan back in 1981. (In his fevered mind – and owing to the poisonous opposition to Mr. Reagan cultivated by the Corrupt leftist Media – John Hinckley assumed he could impress Jodie Foster with what would be perceived as his "heroic" actions.)

The Corrupt Leftist Media's narrative demonstrates how perversely dishonest its practitioners truly are: If the accuracy of our reportage renders the CofCC culpable for telling the truth, then the systemic dishonesty of the Corrupt Leftist Media ought to permanently immunize it...

In Roof's own words, it was the bias and dishonesty of the Corrupt Leftist Media's reportage of black-on-white violent crime that inspired his horrendous and misguided actions. Roof was outraged by the *disparity* between the CofCC's accurate reportage and what he correctly recognized as the Corrupt Leftist Media's very different and dishonest treatment of the same news stories.

The CofCC does not advocate illegal activities of any kind, and never has. In fact, the CofCC has always scrupulously observed the law, even while our Marxist enemies have routinely and flagrantly violated it through massive voter fraud and even death threats and aggravated assaults against us.

The honesty and law-abiding nature of our membership compares favorably with that of ANY group, particularly the pathological liars of the Marxist Left, and their cheerleaders and PR firms within the Corrupt Leftist Media.

SURVIVING A CORRUPT LEFTIST MEDIA FEEDING FRENZY WHEN YOU ARE THE ENTRÉE

By Earl Holt III

We owe the Corrupt Leftist Media (CLM) absolutely NOTHING in terms of access to us. What we believe or say is OUR business – not theirs – and we are not obligated to explain anything to them, ever.

This was my rationale for refusing interviews with the entire CLM when they showed up at my front door following the tragedy in Charleston: They already had their fraudulent narrative -- that the CofCC website's crime reportage was the cause of Dylann Roof's senseless mass-murders in Charleston -- and nothing I could have said would deter them.

The ONLY hope we have of getting our message out in such a situation is to bypass the CLM, and post a press release or statement on our website, or on the websites of other, friendly organizations.

This is a great opportunity to take as many shots at the Corrupt Leftist Media as possible, in order to illustrate their outright dishonesty, bias and dishonest approach to "journalism."

Comparing the CLM to TASS or PRAVDA during the Cold War era is a good idea: Comparing them to Walter Duranty is even better, although most Marxists have allowed that name to disappear conveniently down their collective memory hole...

Such a statement cannot be completely ignored by the CLM – although many will be perfectly willing to try – since to ignore such a statement allows competing members of the CLM to "scoop" those who "spike" it. This may be the best way we can get our response out, successfully.

No matter how sincere or how friendly the CLM appear to be, they are calling you because they smell blood and

want to exploit their alleged right of access to you as members of the "Fourth Estate."

They want to get you "on camera," and ask you about the CofCC's policy concerning miscegenation, or the time you (or I) got angry and made some intemperate remark in response to a vicious black-on-white murder. (Of course, they will publish your remarks out of context, and NEVER mention the details of the savagery that prompted your response...)

The best way to deal with the controversy is to take your phone off the hook, ignore the TV and radio news, and watch Turner Classic Movies or read a book. It is a mistake to get caught up in the Corrupt Leftist Media's feeding frenzy.

One can still communicate via e-mail, but try to avoid conversations about the CLM feeding frenzy. Try to be supportive, and talk about other matters than the raging hurricane. "Gallows humor" usually solicits a good laugh.

Eventually, it will blow over, and you will be stronger for the experience. You will be "tempered," because you survived the ordeal, much like Tom Wolfe's hero in ***"A Bonfire of the Vanities."***

You will also be more dangerous to the CLM, because you have shown them that you are not in awe of them, and are willing to engage them, and continue to be a thorn in their side.

I have been through this kind of thing many times, before, and like the Corleones in ***"The Godfather"*** -- when Sonny retaliated by hitting the Tataglias after their attempt to assassinate his father -- I am a veteran of "going to the mattresses." (END)

WHITE SKIN "PRIVILEGE"

Recently, there's been a great deal of soul-searching on college campuses surrounding the issue of "white skin privilege." At many of our so-called "institutions of higher learning," Cultural Marxists routinely humiliate white students by forcing them to attend "reeducation camps," or else wear some visible indication of their "white guilt."

There should be no question that whites DO get to experience certain privileges that few others have an opportunity to experience.

For example, those who have the privilege of living in what are euphemistically called "changing neighborhoods" are quickly introduced to the soothing lyrics of every new "rap" song – played at 150 decibels – courtesy of just about every driver "of color" under the age of 25.

Likewise, whites have the privilege of seeing the equity in their homes evaporate with each black family that moves into the neighborhood. Soon thereafter, they have the added privilege of seeing their homes, vehicles and belongings become a target for theft and vandalism by a host of black teens.

Another privilege is that of paying property taxes to support the local public schools, whose black students are about as interested in learning as they are in sexual abstinence. It's an added bonus to see your bright but under-sized kid get rolled for his lunch money by thuggish 19 year-old sophomores.

One privilege that gets far too little publicity is the privilege of paying taxes to a hostile federal government in order to feed, house, clothe, educate and provide health care for the 80% of the black population which is totally addicted to welfare in all its varied forms, and which would be stacked along the highways like chord-wood without white subsidization.

It is also a unique privilege enjoyed by whites to occasionally lose one's way, and suddenly find oneself surrounded by a pack of savage and snarling beasts with violent intentions, much like a Tarzan film.

Another privilege given little consideration involves the enormous costs associated with so-called "higher education."

Here, white parents and students have the privilege of going into hock for decades in order to pay not only their own tuition expenses, but also those of black "scholarship" recipients, and the salaries of black faculty members with all the erudition of an Al Sharpton or Maxine Waters.

It is also a privilege, unique to white people, to be able to helplessly watch as blacks with far less work ethic, far lower scores, far less aptitude and much lower I.Q.s are hired or promoted first.

A FED-UP WORKING CLASS

The White working class people of the "flyover" interior states are viscerally tired of the lousy, deteriorated economy imposed upon them by the transfer of the stable, well-paying manufacturing jobs they once had to the second and third world countries. They are beyond tired of being collectively labeled racist, homophobic, ignorant, etc. The great majority are none of these things.

In my humble opinion, the oligarchy, the communists, and the leaders of the assorted minorities have exaggerated what prejudices do exist and have blamed these things on White Americans. Thus, the ascendancy of Donald J. Trump.

I, for one refuse to take on any kind of guilt trip for things I haven't done or feelings I do not have, When I see I am wrong about something, I do my utmost to man-up and make amends.

THE TRUMP BUMP

We were saved by the Electoral College THIS TIME! The thoroughly objectionable opponent received the voter fraud inflated popular vote, but Donald Trump was elected.

We have been given a window of opportunity from God to try to save the race, and it may last only two years; Donald Trump will still be President, but Republicans could lose control of Congress.

Take advantage of this opportunity by contacting your elected officials to persistently demand abrogation of the 1965 Immigration Act, demanding a moratorium on all immigration until a sane and sensible immigration system can be developed and approved.

The entire set of insane, unlawful, and unacceptable current practices such as anchor babies, chain migration, visa lotteries, sanctuary city designations, and the whole panoply of fiendish, nonsensical, and unconstitutional features that allow foreign and hostile cultures to overtake America must be abruptly terminated.

If we blow this opportunity, it will all be over, and there will be no further opportunity to retrace our steps and correct the situation. The Electoral College will no longer offer any salvation.

Useful tools that I employ include distribution of CofCC and patriotic literature including The Citizens Informer, and the publicizing of the greatly improved CofCC website, www.cofcc.us.

**VIOLENCE AND MISBEHAVIOR
SHOULD NOT BE TOLERATED**

Logic was never a strong suit of today's Liberals. Whenever they even engage in an exchange of views, they invariably contradict themselves or come out looking silly. They don't even care how illogical and stupid-sounding they are as long as they feel they have the supposed moral high ground on an issue, or "feel good" about what they spout. Now they've descended into pure anarchy, violence and insanity and full bore Ad Hominem and physical attacks with no appeal to reason at all. The Black Lives Matter morosity and mass misbehavior is one such example. We should not even think in terms of logic and reason when examining their shenanigans. The only solution is to forcefully crack down on their unlawfulness and not tolerate their intolerance.

SUPPORT THE THIN BLUE LINE

The anti-police crowd recently lost several high-publicity cases: Officers charged in the Michael Brown, Freddie Grey and Trayvon Martin cases (the Trayvon Martin case actually involved a neighborhood watch officer, not a police officer). Almost inevitably, these types of cases lead to a destruction of police morale and reduced police

ing, resulting in a rise in crime. A police officer has been indicted in the controversial shooting of Philando Castile, but as in prior cases, an indictment does not mean a conviction. What we do know is that the police are "damned if they do, and damned if they don't". You need to support your local police, and keep them independent from outside interference, especially federal control.

CHARITY AT THE TOP

Around Christmas, I consulted *Charity Navigator's* ratings of *Shriner's Hospital for Crippled Children*. This website has a great deal of valuable information, and even includes data on the amount of compensation paid to top officers of each charity it rates.

As I scanned the site's ratings for *Shriner's*, I was awestruck by the level of compensation paid to its President, a Mr. Douglas Maxwell: The man receives the paltry sum of \$18,000 per year in compensation!

At a time when most CEOs or Chairmen in that industry receive compensation between \$500,000 and \$1,000,000 per year, Mr. Maxwell receives just a little more than the Minimum Wage. His work is clearly a "labor of love," and he would probably work for nothing if they let him.

I was even MORE astonished, when I examined the ratings for the *Disabled American Veterans*: The National Chairman of the *DAV* – Mr. Richard E. Marbes -- refuses to accept **ANY COMPENSATION**, whatsoever!

This got me to thinking: We are only too familiar with leftist phonies who give lip-service to "serving their fellow man," but always opt to use **other people's money** to do so.

Liberals and other Marxists have made this an art-form: When it comes to philanthropy, they rarely have any "skin in the game," but never shy away from accepting accolades for their "generous" and "humanitarian" gestures.

Mr. Maxwell and Mr. Marbes couldn't be more different:

They essentially contribute their seven-figure salaries to the charities they serve, and don't appear to seek any recognition of any kind.

Those of us who can afford to do so should certainly support their worthy charities.

TRUE MEANING OF THE MLK HOLIDAY

While nearly all of you older readers know the truth about Martin Luther King, Jr., some of you younger or newer readers may not.

It is important to remember that the Left and the traitorous establishment stole George Washington's Birthday holiday away from us, transforming it into President's Day. On a day meant to honor the father of our country and our founding heritage, we are now honoring also-rans and defectives like Bill Clinton, LBJ, Jimmy Carter, and the traitorous Obama.

In the same vein, we place Martin L. King, Jr. on the same plane as any of our presidents and even higher, elevating him to martyr or Christ-like status. What's wrong with that? Everything!

King was a thoroughly immoral and detestable man. He plagiarized much of what he ever said or wrote, including his doctoral dissertation (which was excused by his instructor and the powers-that-be).

He also affiliated with the avowed enemies of freedom. There is a famous photo of King with several top Communist officials at the Highlander School, a training ground for Communist subversion. He and his followers encouraged violence while claiming to promote peaceful change.

If he were truly a hero and had good intentions, why did a liberal judge have to seal the FBI file on King until 2027, almost 60 years after his death, unless there was much to hide in that file?

What about the people's right to know?

TARIFFS: GOOD OR BAD?

Sometimes you merely have to see how your enemies feel about a policy, idea, or proposition to know what the correct solution or policy is for you to follow--it would be an opposing or opposite course of action.

I believe this is the case on the subject of whether protectionist tariffs are good or bad for the nation or the White race, which should represent the nation. There is debate amongst nationalists on this subject, but no conclusive stance is ever agreed upon to the point where an action program is adopted.

If we examine the "arguments" of our enemies on this subject, I think we can adopt an answer we can be confident in. An illogical article in "The Economist", an internationally oriented weekly newsmagazine of long standing affiliated with the Rothschild influenced School of Economics should lay this matter to rest. The article entitled, "The Toll of Tariffs: Agriculture and Demography" can be found on page 63 of the April 16th, 2016 issue.

Perversely and weirdly, the anonymous author argues that tariffs are BAD because they increase the fertility of the rural population, as if we need to put a lid on the number of "rubies" allowed to proliferate in society as a matter of policy. He/she/it admits that tariffs on agricultural goods result in higher domestic food prices and increased wages for agricultural workers. An obvious benefit, of course, is that domestic output is increased at the expense of foreign imports, which is not mentioned in the article.

The increased wages allow for the rural sector of the population to have more children, which is especially important to farmers because these children usually lend a hand in the farm work without having to be paid wages therefor.

The author incomprehensively argues that such a development is contrary to "economic development" without explanation. Apparently the author equates importing foreign guest, seasonal, or even permanent workers with economic "development", even though such practices reduce wages and create unemployment for the native workers. This feeds indirectly into the feminist meme/movement because more native mothers and female

family members have to join the workforce to support their families.

These developments have taken a toll in such countries as Germany and Japan where birthrates are far below replacement levels, causing their cultures to wither as their populations age; and taxpayers, especially younger workers, are overburdened.

The article's author merely states, "Tariffs are bad for a country's economic development because they 'coddle' farmers and encourage them to have more children". Does the author just plain hate children in order to make such a statement?

A race is born in the country, where folks marry early and have lots of kids. A race dies in the city, where people often go unmarried and have few or no children.

Included with the subject article is a painting that shows women working around a haystack. The caption below it says, "Too much rolling in the hay".

"Not enough" is my reply.

POLITICALLY CORRECT AMERICA BECOMING INSANE ASYLUM

The political correctness madness and mania, overweening and overbearing, is like a mental fog seeping into all corners of the land, stifling all rational thinking and normal behavior.

Just last Sunday after church services, a Sunday school teacher at the church very harshly and angrily berated me because he had observed that just before the church service I had moved from the pew I was sitting in because some Black people had entered and sat in the pew in front of mine. He observed that I moved to sit with some White people because I felt more comfortable sitting among them. I informed him that it was my prerogative to select where I sit and with whom. Nevertheless, he refused to listen to me any further and told me to "repent" and never speak to him again. Then he walked off.

Where does this PC madness end? To what extent does it reach or go? Here are some off-the-wall hypothetical examples that aren't so insane after all when you live in an insane environment. Does PC "philosophy" mean that in my own home I have to watch the Black Entertainment Network when watching TV? Do I have to keep looking at the faces of Black people when shown on the screen instead of looking away from them as I am used to doing? On two separate vacations I visited the island nation of Iceland because it is the only fully White country remaining. Will I no longer be allowed to visit another country for my own reasons without having to get the approval of a cultural commissar?

VETTING PROBLEM SOLVED

"Refugees" and others aspiring to enter or live in the United States should be required to sign a sworn statement that they abjure any religious teaching requiring them to attempt to forcibly convert anyone to the Islamic or other Faith, or do them harm if they resist. The statement should be accompanied by a photo and fingerprints and will be entered into a publicly available documentary record. The applicant can refer to his statement if he travels to and from the US frequently so the procedure doesn't have to be repeated. The sworn statement would have to be renewed in 10 years if the aspirant hasn't become a US citizen by then. Most Muslims would likely refuse to make such a public statement on the grounds that it would make them infidels, thus creating a self-vetting procedure.

EXCEPTIONAL AMERICANISM

by Earl Holt III

As I write this, mere weeks after the 75th Anniversary of the Japanese surprise attack on Pearl Harbor, I am struck by several concerns about the demise of history education in the United States.

How many of today's high school graduates know the date of the Pearl Harbor attack, or could give a reasonably accurate description of the event and its significance? How many college graduates within the past 20 years could do much better?

Perhaps the most egregious oversight in today's high school history curricula is the almost universal failure to teach students about America's **response** to the attack on Pearl Harbor and, in so doing, introduce students to an unimaginable feat of heroism by a true American patriot, Lt. Gen. James H. Doolittle.

After the attack on Pearl Harbor, America was reeling from the onslaught and our prospects seemed bleak: In addition to 2,400 dead, a large number of battleships and fighter aircraft were damaged or lost in the attack, dramatically reducing our ability to respond to Japan's sneak attack and its aggressive designs in the Pacific Theater.

Like most Americans, Doolittle was outraged by the attack and loss of American life and, as any true leader would, he immediately set about to plan an appropriate response: He petitioned "Hap" Arnold at Army Air Corps Headquarters with a plan of his own conception to attack the Japanese mainland from carrier-launched bombers, and retaliate for their attack on Pearl Harbor.

For several months, and under intense security precautions, Doolittle and 79 other volunteers practiced exceptionally short take-offs in B-25 Mitchell bombers in order to simulate aircraft carrier launches. Their objective was to attack the Japanese cities of Tokyo, Osaka, Kobe and Nagoya, and do so from the deck of an aircraft carrier.

To its 80 volunteers, the prospect of surviving their raid was bleak: To enter Japanese waters and launch medium bombers from an aircraft carrier deck -- then fly several hundred miles to drop their bomb-load and then "ditch" their planes, in Manchuria -- offered the prospect of almost certain death or, at very least capture and torture at the hands of the Japanese.

(Continued on page 28)

Exceptional Americanism (Continued from page 27)

The raid did not go as planned: The aircraft carrier Hornet and its task force were detected by Japanese vessels several hundred miles short of their planned launch site.

This necessitated an earlier launch, making the raid even riskier, since the fuel capacity of the B-25 was deemed insufficient to reach Manchuria with several hundred additional miles added to the mission.

They launched on the 18th of April, 1942, the anniversary of Paul Revere's ride. The sixteen crews experienced surprisingly little anti-aircraft fire, and most succeeded in dropping their bomb-loads over their intended targets. As it turned out, their fears of having insufficient fuel capacity were justified, and every crew which was not shot down by Anti-Aircraft fire eventually had to "ditch" over China or Russia, short of their designated landing site.

Doolittle not only became separated from his entire squadron, he even became separated from his crew after bailing out over a rice paddy near Chu Chow. He spent his first night in Manchuria in a farmer's shack, profoundly discouraged and depressed, fearing that the raid had been a failure and fearing that he might be Court-martialed.

It is almost impossible, 75 years later, to convey the boost in morale and sense of triumph the Doolittle Raid gave the American People so soon after the disaster of Pearl Harbor!

Instead of wringing their hands and bemoaning our fate, these brave men set about to avenge the Japanese sneak attack, and did so at the very heart of Imperial Japan. After word of his raid had been released, Jimmie Doolittle probably had greater name recognition among the American People than either Ted Williams or Joe DiMaggio.

Despite his fears, instead of a Court-Martial, Jimmie Doolittle received the **Congressional Medal of Honor**, the nation's highest military award, which read as follows:

"For conspicuous leadership above and beyond the call of duty, involving personal valor and intrepidity at an extreme hazard to life. With the apparent certainty of being forced to land in enemy territory or to perish at sea, Lt. Col. Doolittle personally led a squadron of Army bombers, manned by volunteer crews, in a highly destructive raid on the Japanese mainland."

God Bless him: He was a Man among Men, and we may not look upon his likes again... (END)

YOU WANT EVIDENCE OF VOTER FRAUD?

By Earl Holt III

Massive black voter fraud probably stole the hotly-contested 1991 St. Louis School Board Election from conservative reform candidates sponsored by the CofCC, who were poised to win a majority on the Board and end its desegregation program. This is a matter of public record.

Our cries of foul were laughed at by the Corrupt Leftist Media in St. Louis — particularly the hyenas at the **ST. LOUIS POST-DISPATCH** -- just as President Trump's claims of widespread voter fraud received the same reaction from these usual suspects.

Six months later — but too late to reverse the election -- an audit was conducted by a handwriting expert retained by the St. Louis Board of Election Commissioners. This audit proved conclusively that untold thousands of illegal votes were cast by black election officials in predominantly black north St. Louis.

In fact, four or five black Election Judges actually confessed under oath to the F.B.I. that they had forged the signatures of voters who never appeared at the polls. Owing to cowardice and betrayal by the first Bush Administration, there were never any indictments issued by his "Justice" Department.

INFERENTIAL EVIDENCE

Massive Voter Fraud occurs regularly in this country in important elections. It is exclusively an election strategy of the New Marxist Party (mistakenly referred to as "Democrats,") and 99% of its practitioners are minorities. There are four basic phenomena suggesting this is to be the case.

The first is the aggressiveness of the DNC and every other Marxist group in pursuing Voter Registration. They go to enormous lengths and expense to register everyone they can find, because they must first register a voter in order to illegally "vote" that person in subsequent elections.

For example, the militant immigration group *Mi Familia Vota* ("My Family Votes") aggressively pursued voter registration canvassing in "swing states" Virginia and Pennsylvania prior to the November 2016 Election. This was done in an attempt to use newly registered but illegal Latino voters to "tip" the outcome in these states.

Soon after the November General Election, the **Public Interest Law Foundation (PILF)** uncovered thousands of non-citizens registered to vote in both Virginia and Pennsylvania, thanks to the federal Motor Voter law. Not surprisingly, the Commissioner of the Virginia Department of Elections ordered Virginia's local election officials "**not to respond to (PILF's) requests for records pertaining to non-citizen voters.**"

In Pennsylvania, meanwhile, election officials were so incompetent and ineffectual that they ignored a wave of requests by non-citizens to be removed from Pennsylvania Voter Rolls: These were individuals who were involuntarily registered to vote without their knowledge or consent, and who wished to be removed from voter rolls.

Secondly, the virulence of the opposition by the DNC, Obama "Justice" Department, and the ACLU to state Photo I.D. Requirements is strong *prima facie* evidence that voter fraud is an important electoral strategy of the New Marxist Party," and state Photo I.D. requirements hinder such a strategy.

Common sense would suggest that anyone concerned about the integrity of elections ought to be willing to endorse any reasonable safeguards to ensure fairness. Providing Photo I.D.s is such a common practice in the U.S. that the left's claims of "disenfranchisement" are nothing but lies and everyone knows it, particularly those parroting the argument.

Third, the outrage expressed by the Corrupt Leftist Media and the DNC at President Trump's plan to investigate voter fraud is a clear indication there's plenty to hide, and that they greatly fear having their fraudulent electoral

(Continued on page 30)

Voter Fraud (Continued from page 29)

strategies exposed to the public. They may be equally fearful of seeing their illegal activities exposed to federal and state law enforcement agencies.

Fourth, the proliferation of state laws stemming from so-called **"Motor-Voter Registration"** in many heavily-Democrat states is also an indication of their desire to make voter fraud as widespread and as easily accessible as possible.

Two years after the implementation of California's AB 60 on Jan. 1, 2015, an estimated 806,000 illegal aliens received driver's licenses, according to the California Department of Motor Vehicles. According to the DMV, about 14,000 of these licenses were issued in November of 2016 alone.

CONCLUSIVE EVIDENCE

Like the dog that didn't bark in the Sherlock Holmes mystery, it is not a coincidence that the Corrupt Leftist Media intentionally and conveniently overlook all the corroborating evidence we already have illustrating nationwide voter fraud on a massive scale. Voter fraud is an "inside job," as well!

For example, former Colorado secretary of state Scott Gessler identified nearly 5,000 non-citizens who voted in Colorado's 2010 general election. Moreover, Gessler's office found that these 5,000 were among more than 12,000 illegally registered voters, statewide.

The corrupt and dishonest left attacked Gessler for daring to investigate the eligibility of Colorado Voters because they oppose any effort to protect Colorado Elections by verifying citizenship. Those on the left subscribe to an ideology that makes lying an "art form," so it didn't matter to them that Gessler was sworn to uphold the integrity of Colorado's Laws, among which are its Voter Eligibility Laws.

Another defender of honest elections is Kansas Secretary of State, Kris Kobach, who fought in court for the authority of Kansas Election Officials to demand citizenship documents from those who register to vote at motor vehicle offices.

In November of 2016, a Federal Appeals Court -- the henchmen of the "Political Class" -- struck down the Kansas law, and Kobach was forced to sign an agreement with the ACLU allowing more than 18,000 motor-voter registrants to cast ballots this November while this absurd litigation continues.

Last year, investigative journalist extraordinaire James O'Keefe and his **Project Veritas** team exposed the corruption of North Carolina political operatives, who were filmed encouraging people to vote even after they confessed to being non-citizens.

A nonpartisan 2014 study of Virginia Elections from **Old Dominion University** concluded "that 6.4 percent of non-citizens voted in 2008 and 2.2 percent of non-citizens voted in 2010." (The disparity may reflect the difference between a Presidential Election and an "off-year" election.)

Like their allies in the Corrupt Leftist Media, the ACLU and Obama "Justice" Department conveniently pretend there is no hard evidence of voter fraud. Thanks to the efforts of these systemically corrupt entities, voter-ID laws were struck down in Texas, Wisconsin, and North Carolina.

A former Justice Department election lawyer in the Voting Rights Section, J. Christian Adams, has exposed the treacherous assaults at every level of our election process by traitorous groups funded by Jewish Marxist and billionaire, George Soros.

Soros' subversion of fair and honest elections includes funding to oppose citizenship verification, as well as support for automatic voter registration of welfare recipients without verification checks. The Soros groups have also fought for massively expanding foreign-language ballots, and led efforts to oppose eligibility instructions on voter-registration forms.

Recently, **Old Dominion University** released a study which drew on data from a consortium of universities. This study concluded that there were about 1.28 million illegal votes cast by non-citizens in the November Presidential Election, and more than 800,000 of them went to Hillary Clinton.

(Continued on page 31)

Voter Fraud (Continued from page 30)

Their data suggest that 6.4% of an estimated 20 million adult non-citizens voted in the November Election and that 834,000 of these illegal votes went to Clinton. The study's conclusions clearly err on the side of caution.

The assumption that Donald Trump received 35% of the votes of non-citizens is very difficult to accept. It's nearly unimaginable that so many non-citizens voted for Mr. Trump, who had vowed on the campaign trail to implement some of the most radical anti-immigration policies in more than 50 years.

While this pioneering study is on the right track, it has merely scratched the surface of organized voter fraud, and thorough investigations by the Justice Department and Congress -- using their subpoena power -- are clearly warranted.

ILLEGALS ARE THE KEY

While evidence of dead people voting is somewhat entertaining, it is not a common practice because it's too simple for Election Authorities to cross-reference Voter Rolls with any state's Vital Statistics. However, a Colorado woman named Sara Sosa did manage to vote in 2010, 2011, 2012 and 2013 despite having died in 2009. Her husband was also able to vote from the grave.

Of greater concern is the registering of illegal aliens, who have already demonstrated their contempt for law just by residing here.

A study by the **Public Interest Legal Foundation** found 1,046 non-citizens managed to register to vote in a mere eight Virginia counties. These individuals were only caught because they self-reported their immigration status when renewing their state Drivers Licenses. Moreover, this PILF study does not even include the metropolitan areas of Fairfax County and Arlington.

Last year, Pennsylvania's secretary of state conceded that more than 43,000 Pennsylvania voters are simultaneously registered in other states, and 700 may have cast multiple ballots in recent elections. However, she claims she is powerless to investigate or prosecute such evi-

dence of "double voters," uncovered by data researcher ***Voter Registration Data Crosscheck***.

In early January of 2017, allegations of voter fraud in Tarrant County, Texas, initiated an investigation by the State of Texas. The resulting lawsuit focuses on mail-in ballots, which allow people to vote from their homes without any ID or verification of identity. Texas officials are concerned that this form of Absentee Ballot encourages so-called "vote-harvesting," a practice in which political operatives act as surrogates and vote for others without their permission.

According to a local NBC affiliate, Indiana State Police are in the midst of a statewide investigation into possible voter registration fraud. ***"Police believe there could be hundreds of fraudulent voter registration records with different combinations of made up names and addresses with people's real information,"*** NBC 12 reported. 56 Counties are under investigation, thus far.

THE LEFT KNOWS WHAT'S INVOLVED

The Corrupt Leftist Media could not fail to understand just how extensive U.S. voter fraud really is, but have adopted the strategy of denying any such phenomenon exists. Rather than summarily dismissing its existence, they should be asking how extensive it actually is.

Like its 50-year denial of Soviet infiltration of the Roosevelt and Truman Administrations, the Corrupt Leftist Media understand the stakes involved, and will continue to deny the obvious truth, long after it has been proved conclusively. This is only to be expected from the cheerleaders and PR flacks of the New Marxist Party.

If the American People ever become sufficiently aware of the extent of the New Marxist Party's massive and nationwide voter fraud strategy, we might see a political realignment that would permanently destroy the power and influence of all Marxists, as well as that of their cheerleaders and PR flacks in the Corrupt Leftist Media. (END)

CORRUPT LEFTIST MEDIA BIAS: CASE CLOSED

By Earl Holt III

Thanks to Wiki Leaks, we now know that Donna Brazile divulged debate questions to Hillary Clinton prior to the 2016 Presidential Debates, while working for CNN, the **Communist News Network**. No one with a brain should be surprised.

For decades, every conservative in the U.S. has recognized the incestuous relationship between the New Marxist Party (wrongly referred to as “Democrats”) and the Corrupt Leftist Media (wrongly referred to as the “news media.”)

The Corrupt Leftist Media have been the cheerleaders and PR flacks for every Marxist enthusiasm for 60 years. They even publicly acknowledged their own dishonesty in 2009, when the misnamed “**Society of Professional Journalists**” adopted a Formal Policy to censor race from news reports involving black-on-white murders.

This is an example of how the Corrupt Leftist Media engages in a “filtering” of the news to censor facts or evidence that undermine their “pet” narratives. Meanwhile, they frenziedly promote any communist, Muslim, homo, illegal immigrant, nigro or Zionist enthusiasm to come down the turnpike.

For instance, Donald Trump attended the 2016 **Army & Navy Football Game** on December 10th. The President-Elect received a standing ovation from nearly the entire crowd of 75,000 people attending the game.

Rather than accurately report Mr. Trump’s enthusiastic reception by America’s military “brass” and their families, the Corrupt Leftist Media focused instead on the tiny collection of leftist rabble protesting against Trump outside the stadium.

By itself, the dishonest reportage of Trump’s reception at the game is not significant: However, hundreds of similar efforts to slant the news on a daily basis have the net effect of framing a very distorted image of the world for those dumb enough to rely exclusively upon an industry that no longer even bothers to hide its bias and distortions.

As Josef Goebbels, the NAZI Minister of Propaganda stated, ***“If you tell a lie big enough and keep repeating it, people will eventually come to believe it...”***

The Corrupt Leftist Media’s treatment of Trump’s reception at the **Army & Navy Game** was instructive, and identical to their routine coverage of every conservative or “Alt-Right” organization. Consider their coverage of the **National Policy Institute’s** (NPI) conference in mid-November, where several of those attending were violently assaulted by masked and communist street thugs.

These assaults against NPI attendees by leftist trash were “spiked” by the Corrupt Leftist Media: Instead, they chose to focus their coverage exclusively on the antics of a tiny number of idiots who gave NAZI salutes to news organizations filming the convention’s conclusion.

The NPI suspects that those giving NAZI-salutes were “agent provocateurs” of the left, who engaged in such antics solely to discredit the NPI, while knowing perfectly well that such antics would be the Corrupt Leftist Media’s sole focus when reporting on the conference.

Likewise, the Corrupt Leftist Media was recently engaged in a “feeding frenzy” designed to discredit Donald Trump’s election: This they attempted to do by employing laughable claims that anonymous Russians were responsible for exposing sensitive and embarrassing DNC and Clinton Campaign e-mails. Although highly unlikely, if this turns out to be true, it proves three things conclusively:

First, it proves that Hillary and the so-called “Democrat” Party have swung too far left even for Vladimir Putin, a former KGB Colonel under the old Soviet System; And secondly, it proves that the American people receive more honest and objective news reportage from anonymous Russian “hackers” than from the Corrupt Leftist Media.

(Continued on page 33)

Media Bias (Continued from page 32)

It also proves that anonymous Russian “hackers” are more concerned about preserving America than our Corrupt Leftist Media are, and were horrified at the prospect of a second pathological liar, Marxist and organized crime figure occupying the White House at such dangerous times as these.

The fact is, there’s no evidence whatsoever that the Russians were involved. This is a contrived and “fake” news story, designed to tarnish the election of Donald Trump and attempt to hamstring his agenda before he ever takes office. These traitors fear that Trump may very well “drain the swamp” of Washington cronyism and corruption, which the Corrupt Leftist Media have helped “fill” for those who pay them homage.

They orchestrated this same Greek Chorus against Ronald Reagan in 1980. Their vitriol toward President Reagan was so frenzied, it inspired John Hinckley’s assassination attempt against Mr. Reagan. In Hinckley’s fevered mind, he assumed that he would appear “heroic” to actress Jodie Foster and the rest of America.

It is no coincidence that a lunatic and the Corrupt Leftist Media were of the same mind about President Reagan, the man who won 94 states in two elections, and whose reelection in 1984 was the greatest Electoral Landslide in American History. This is NOT the first time that the Corrupt Leftist Media attempted to overturn election results of which they disapproved.

Richard Nixon was hounded from office by the Corrupt Leftist Media because he won 49 states in 1972, which was America’s greatest electoral landslide until Reagan ran for re-election in 1984. The Corrupt Leftist Media feigned outrage over minor “campaign tricks” by Nixon underlings, which they knew “Democrat” political operatives had been engaging in for decades.

These were the same kinds of political tricks that the Clinton Organized Crime Family has made an “art form”: The difference is that the Clintons have done so with impunity and the tacit approval of the Corrupt Leftist Media, in contrast to the drumbeat the Corrupt Leftist Media maintained until Nixon was finally driven from office and forced to resign.

Any Nixon “Dirty Tricks” pale in comparison to the Clintons scrutinizing the FBI Files of 1,000 prominent Republican officeholders: This they did in a criminal attempt to find “dirt” they could use against their Republican opposition, probably with the intention of blackmailing them.

The Corrupt Leftist Media yawned at this story, so it retained little “traction” and disappeared immediately. However, this incident may very well explain the bewildering and utter uselessness of certain Republican office-holders, whose behavior routinely indicates they have been “compromised” by the contents of those FBI Files. (<http://www.wnd.com/1999/08/3784/>)

I have always suspected that the New Marxist Party has the “goods” on both John McCain (R-AZ) and Lindsey Graham (R-SC,) both of whom are routinely trotted out to oppose any Republican initiative with real merit. I have no idea what they have on McCain (besides mental illness,) but it’s easy to deduce what they have on Graham, who has never been married and never will be...(Ahem!)

The dishonesty, bias and treachery of the Corrupt Leftist Media are simply a fact of life in the United States. The good news is that people are becoming increasingly aware of this reality, and are accessing the more conservative, nationalistic and patriotic sources of news now available within the new, “alternative” media.

The Fake News Media IS the Enemy

• Mainstream media wages relentless war on the credibility of the president

By Paul T. Angel

Donald J. Trump has singlehandedly knocked the bought-and-paid-for press off its exalted throne as the self-appointed czars of "real news." That's right. He said it. "The fake news media is the enemy." Now the elite media is scrambling frantically to try to explain why anyone should be listening to them at all. They have been humiliated. And, to make matters worse for them, the president continues to take his message straight to the American public, bypassing the cringing gatekeepers of "truth" who formerly had a monopoly on what you could hear or watch or read. They are like the emperor with no clothes—hoping desperately nobody notices they are birthday-suit, buck-naked bare for all to see.

Right now, the masters of the controlled media are frantically lashing out with all the ammo they have in their once formidable arsenals in a vain attempt to hold their slipping grip on whatever diminishing shred of relevance they can to maintain their lucrative dominance of the news business.

Fortunately for that segment of the American public that thinks with their brains and not their buttocks, they realize the bombs and bullets being fired at Trump are duds. Their con game is over.

THE MEDIA IS THE ENEMY

White House Chief of Staff Reince Priebus said during a recent interview on "Face the Nation" that his boss should be taken seriously when he calls the media "the enemy." Trump had tweeted: "The FAKE news media . . . is not my enemy, it is the enemy of the American people!"

Readers of AMERICAN FREE PRESS (AFP) newspaper know that this was a slogan of the late, great Michael Collins Piper, who used it not only in his own writings, but in promotional material for AFP. He wrote more than 15 years ago:

The media is the enemy. In the old Soviet Union, the government controlled the media. Not a word of substance could be published without prior approval from the Bolshevik commissars. Today, in the U.S., the situation is starkly similar. But most Americans don't know it. In America today, it is a select handful of super-rich families and tightly knit financial interests—a plutocratic elite—who own the Big Media and who control the government through their ownership of that media. . . . Every single one of the major media outlets is controlled by this powerful interlocking combine.

That's right, folks. The fake news media is the enemy.

THE LAST PICTURE SHOW

It was once a favorite pastime for everyone in town

By Sidney Secular

Anyone who drove down most Main Streets during the 1930s-1950s would likely find a neighborhood movie house with blinking bulbs and neon lights on its marquee. These social hubs, where rich and poor alike rubbed shoulders often stayed open seven nights a week and were owned by locals. Some seated a few hundred, while others boasted an upper balcony, just like the downtown palaces. During the Great Depression and during World War II, they collected scrap and sold war bonds. The cost of admission wouldn't buy a bagel or cup of coffee today.

A medium-sized city could have more than a dozen neighborhood theatres with frequently changed showings. They had semi-exotic names like the Palace, Cameo, Globe, and Riviera. All showed second runs of films that first played downtown.

They called our local theater The Mermaid. To be sure, it was a far cry from Loew's State Theater downtown with its palatial Indo-Persian-Chinese architecture. The Mermaid lacked marble stairs, a Tiffany chandelier, and uniformed ushers with flashlights--but it did offer a modest foyer with a box office flanked by colorful posters of coming attractions. Of course, posters also filled the outside glass cases. Many were colorful lithographs. Some now command fabulous prices at auction, such as \$286,800 for *The Black Cat* (1934), \$435,500 for *The Mummy* (1932) and \$502,000 for *Dracula* (1931).

People packed The Mermaid on weekends and most other nights. Lights dimmed around 6:30 P.M., which caused filmgoers to applaud and start devouring a box of Good & Plenty licorice or Chuckles jelly candy, washed down with soda pop. Matinees on Saturday were also a huge attraction.

The show opened with coming attractions, a cartoon, a cliff-hanger serial or Three Stooges comedy, and the latest newsreel. Comic book characters like Batman, The

Phantom, and The Green Hornet made great action heroes in the serials. Two films followed--a low budget B movie and then the feature attraction from one of the big studios: MGM, Paramount, 20th Century Fox, Warner Bros. or RKO Radio Pictures. A frequent feature attraction was a Western with stars such as Roy Rogers, Gene Autry, or the iconic Hopalong Cassidy with their famous horses.

The lights went up around 10:30 P.M. and people walked home beneath street-lamps or stopped at an ice cream parlor for a sundae or milk shake and listened to the jukebox. Worrying about crime at these late hours was virtually unknown.

Neighborhood movie houses fizzled during the 1960s. Many were boarded up, gutted, or turned into bowling alleys, churches, or thrift shops. Even first-run houses downtown closed with the shift to shopping malls and shoe box size multiplexes that were cheaper to run with a greater variety of films, as the money-mongering mentality took hold. TV, cable and videocassettes finished off the survivors. As a character in the movie, "*The Last Picture Show*", says, "Won't be much to do in town with the picture show closed".

When the neighborhood theatres closed, many mom-and-pop shops did likewise--thus ending an era of American small town life that was naturally communal, since alien and disruptive elements were absent.

The refrains of the late Joe South's tune, "Don't it make you wanna go home?" reverberate in my mind."
