

2020 Retrospective

by Earl P. Holt III

The motives behind certain complex events that have taken place in the past year have now become crystal clear in retrospect.

It is patently obvious that all those *Black Liars Murder (BLM,)* *Antifa* and phony "*anarchist*" rioters in many of our large cities served a purpose that had nothing to do with protesting the deaths of black career criminals in police custody. Their purpose was to serve as a diversionary tactic whenever events unfolded that were harmful to the *New Communist Party*, often mistakenly referred to as the "*Democrat*" Party.

This theory explains the timing of their rioting, which always served to obscure Joe Biden's pitiful gaffes and horrendously bad performances in his 2020 presidential campaign. Clearly, these riots were also used to deflect attention from surfacing news reports detailing Hunter Biden's sale of his father's influence in China, and his shake-down of The Ukraine, Kazakhstan and Russia, whose proceeds he split with his father by his own admission.

Rioters were also in place just in case the Durham Investigation happened to issue indictments of the many Obama holdovers who participated in an illegal coup attempt against Donald Trump.

More recently, they explain the timing of efforts to invade and occupy the *U.S. Capitol Building* just as the Senate, House and the American Electorate were about to hear the accumulated evidence of massive voter fraud surrounding the November 3rd Election in Arizona, the first of six states whose Electors were to be challenged by courageous House and Senate Republicans on January 6th of 2021.

Similarly, it is now clear that the true purpose behind mandated quarantines or "*lockdowns*" of small businesses in New York, California, New Jersey, Michigan and other "**blue**" states is to eradicate the middle class entrepreneurs who built those businesses. "*Democrat*" politicians who control blue cities and states recognize that small business owners comprise their **GREATEST POLITICAL OPPOSITION**, since the latter tend to be conservative or at least Republican.

By using the pretense of the China Virus, "*Democrat*" politicians knowingly closed down their businesses, thus sabotaging their opposition's livelihoods and bankrupting the businesses they've spent their adult lives building. By eliminating small businesses, "*Democrats*" seek to impose a new "*feudal*" society, where the poor are entirely dependent upon scraps from "*Democrat*" officials, while the extremely wealthy -- such as the plutocrats of *social media* -- receive favors and protection as if they were Medieval "*nobles*."

This is why police in "blue" cities were told to stand down while rioters assaulted the police and burned small businesses to the ground with impunity. It is also why black rat-apes were allowed to destroy and loot stores with impunity yet, no rioters were ever charged with a felony. In fact, many prominent "*Democrat*" officials -- including *Commie* Harris -- established a fund to post bail for those charged with violent felonies in several states.

The same principle applies to the "*lockdown*" of religious institutions by these "*Democrat*" mayors and governors. Since religious faith is considered an anachronism among socialists, it plays little or no role in the lives of "*Democrat*" officials. With the exception of the "*lip service*" they give religion, most "*Democrat*" officials correctly recognize that Marxism cannot co-exist with religious faith, since Marxists believe that all rights devolve from the central government rather than from God.

Another phenomenon that came into focus only later was the manner in which "*Democrats*" and their PR firms in the Jews' Media predicted for two years that Donald Trump would declare "*Martial Law*" following the 2020 *National Election* on November 3rd. At the time it seemed laughable and paranoid, but now it is obvious that those who predicted such an event were secretly privy to what Joe Biden accidentally called "*the most extensive and inclusive voter fraud organization in the history of American politics.*"

They recognized that evidence of voter fraud on such a massive scale would inevitably be detectable. They also correctly realized that few Republicans besides President Trump would have the courage and integrity to pursue and investigate systemic voter fraud perpetrated primarily by *Africanus criminalis*, a sacred cow of the left. They knew Republicans would rather live with a stolen election and an organized crime figure in the White House than be smeared as "*racist.*"

Carefully timed and orchestrated rioting, the lockdown of churches and businesses, and a relentlessly dishonest campaign against President Trump by the Jews' Media are all tactics that were intentionally used by the New Communist Party of the United States against the Constitution and the American Electorate in 2020.
