

March, 2021 Black Crime Roundup

by Earl P. Holt III

The Jews' Media have a real aversion to the truth, so they vilify anyone who dares to report incidents of black- on-white violent crime. That's because Interracial violent crime only serves their purposes when the victim is black and the perpetrator is white.

The Jews' Media's standard narrative is one in which innocent black victims are constantly under assault by violent white assailants, and those who disprove this false narrative are subject to their full wrath and fury.

In fact, the Southern Prevarication Lie Center (SPLC,) has even accused the CofCC of spreading what it calls “a false narrative of a victimized white majority under siege by allegedly violent people of color in the United States.”

To advance their false narrative, any white-on-black violent crime committed in the U.S. instantly becomes the “lead” story for days on end: Meanwhile, black-on-white violent crimes are routinely “spiked” by the Jews' Media and receive only local coverage, if any.

If the Jews' Media were to report black-on-white violent crime the way they sensationalize the far less frequent cases of white-on-black violent crime, we rubes in “flyover country” might get the wrong idea about *Afri- canus criminalis*, that 13% of the population that commits 90% of all murders in the U.S. each year.

Below is a sampling of recent and violent black-on-white incidents that give *Africanus criminalis* its well-deserved reputation, one that the Jews' Media has been unable to successfully “spike” because of the evolution of a conservative and alternative news media that includes the CofCC.

Caitlyn Kaufman: This white, 26 year-old ICU Nurse was randomly shot to death in mid-December of 2020 while driving to work the night-shift at a Nashville hospital. She was murdered by a fat, ugly, sub-human rat-n*gger named Devaunte Hill, who is a career criminal.

Nelson Vega: In September of 2020, this 39 year-old white man was murdered in the course of a car-jacking in Miramar, Florida by two teenage rat-n*ggers who wanted his Mercedes. He was shot three times by these two 16 year-olds, who have lengthy records for truancy, auto-theft, larceny, and drug use.

Veronica Lee Baker: This 17 year-old white woman was a recent high school graduate who was murdered in Raleigh, North Carolina in August of 2020 as she was about to begin college. She was murdered by a 17 year-old n*gger and three black baboon accomplices in the course of an attempted robbery in the parking lot of a fast-food restaurant. She is survived by loving parents and a great many friends.

Jossline & Joseph Roland: This 40 year-old Aurora, Colorado couple were murdered by a sub-human rat-n*gger in August of 2020, when they unwisely answered the n*gger's fraudulent ad for a vehicle. As is often the case, the ad was merely "bait" to lure victims with cash into his clutches to be robbed. As they often do, the black savage decided he would prefer to keep his victims' money and the vehicle, so he executed these innocent parents of five children.

Joshua Ungersma: This 37 year-old man was murdered by a conspiracy of n*ggers when he attempted to deliver a pizza in Lafayette, Indiana in August of 2020. A male n*gger attempted to rob Mr. Ungersma as he exited his delivery vehicle, at which point Mr. Ungersma fatally shot his black ass.

Unfortunately, Mr. Ungersma was unaware of the rat-n*gger's female accomplice, a rat-nigress who walked up to Mr. Ungersma and shot him

at point-blank range as he was calling for neighbors to dial the police. He was working this second job to support his wife and infant son.

Jordan Stevens: This 23 year-old white man and his pregnant wife were driving to church on I-24 in Beechgrove, Tennessee in August of 2020 when they were abducted by a 28 year-old rat-n*gger. The rat-n*gger bumped their vehicle from behind as a ploy to compel them to pull over onto the shoulder of the interstate so he could car-jack them.

He then forced them at gunpoint to drive to their home where he robbed them and re-abducted them in their own vehicle. At some point he murdered Jordan Stevens and pushed his body from the vehicle, and then engaged in a high-speed chase with the pregnant widow still in the car. He eventually crashed the Stevens' car, at which point he killed himself, probably the first decent thing this n*gger ever did in his life.

Laura Anderson & Charles Wall: This 45 year-old white male and his 21 year-old white stepdaughter were murdered on her front lawn by a sub-human rat-n*gger after a minor fender-bender in Georgetown, South Carolina in August of 2020. The n*gger actually CAUSED the accident in the first place by bumping into Laura Anderson's parked vehicle from behind. He then exited the vehicle and murdered both victims.

Wilma Hochstetler: This 40 year-old white mother of four and her husband were returning from a construction site when they got a flat tire in Indianapolis, Indiana in September of 2020. The couple did not resist as a pack of violent and armed n*gger savages descended upon them to rob them and then, as an afterthought shot both parents, killing Wilma Hochstetler and wounding her husband, Jonathon. Predictably, as is often the case with such black-on-white murders, the police have denied there was any "racial angle" involved.

Rowan Sweeney: This white four year-old boy was murdered by a rat-n*gger who walked into the child's home in Struthers, Ohio and opened fire, killing the boy and wounding four adults. The incident occurred in September of 2020 and the cowardly, sub-human rat-n*gger is still on the lam.

William Scott Smallwood: This 48 year-old white man was murdered in September of 2020 by a cold-blooded n*gger associated with ***Black Liars Murder*** (BLM,) who killed three after walking into a Louisville, Kentucky bar and opening fire. The n*gger has been apprehended, and did nothing but smile after he was arrested.

Steven Matthew Head: This 24 year-old white man was murdered in the same mass killing in which William Scott Smallwood (above) was brutally murdered. The murders took place in September of 2020 in Louisville, Kentucky.
