

Midsummer Black Crime Roundup

by Earl P. Holt III

The Jews' Media have a real hatred for anyone who dares to report incidents of black-on-white murder. Like most black-on-white violent crimes, these incidents are routinely "*spiked*" by the Jews' Media since interracial murders only serve their purpose when the victim is black and the perpetrator is white.

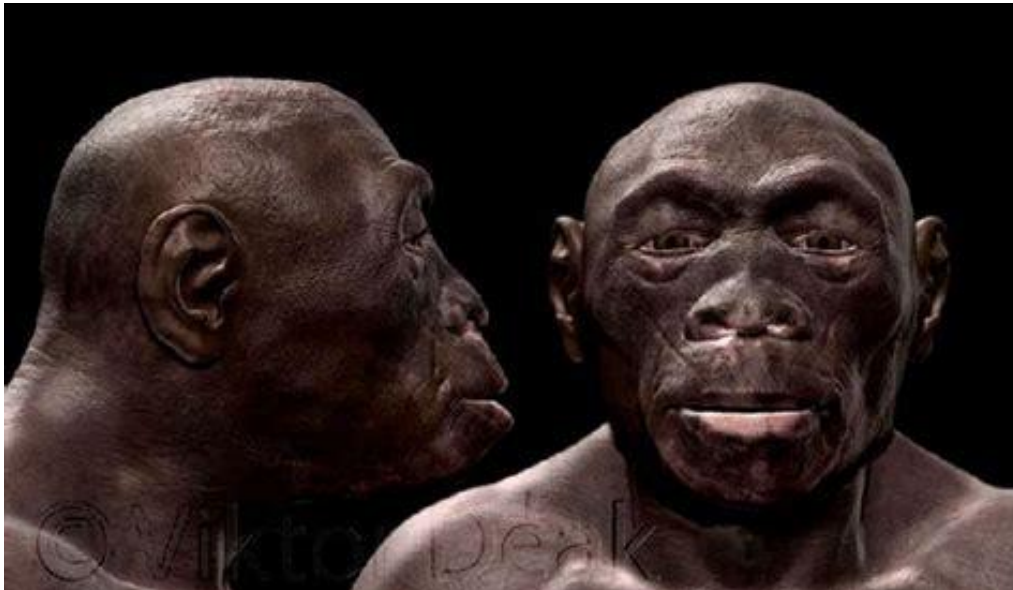

Their standard narrative is one in which innocent black victims are under siege by violent white assailants, and those who disprove this false narrative become the target of their full wrath and fury.

Below is a sampling of the ubiquitous black-on-white murders that give *Africanus criminalis* its well-deserved reputation, one that the Jews' Media has been unable to successfully "*spike*" because of the evolution of a conservative and alternative news media that includes the **CITIZENS INFORMER**.

Victoria Rose Smith: This three year-old white girl was an adopted child of two n*ggers in Simpsonville, South Carolina. She was beaten to death by both parents on January 14, 2021 at their residence. According to the Arrest Warrant in the case, Ariel (29) and Jerry Robinson (34) are accused of "*inflicting a series of blunt force injuries*" that caused Tori Robinson's death.

Naturally, the Jew/n*gger/communist media has studiously ignored this tragedy, because it doesn't fit their preferred narrative of "***a victimized black minority under siege by violent whites.***" Imagine the media feeding frenzy if the races were reversed. Their silence bears eloquent testimony to the incontrovertible fact that, much like n*ggers, the corrupt leftist media is beyond hope of reform.

Andrea Lynn Blankenship: In February of 2021, this innocent 41 year-old white mother of two was murdered in her Grady County, Oklahoma home by a member of the species *Homo habilis*, that illegally entered her home before killing her, removing her heart and later cooking it with potatoes. This black rat-ape also murdered his own uncle and a little girl in the same rampage.

Homo habilis

The black savage was serving a 20 year sentence on his most recent drug conviction when he was granted early release by the hapless Oklahoma Governor, Kevin Stitt (R). The n*gger had received prior sentences for drug possession, aggravated assault, selling crack cocaine near a school and parole violations, **BUT EACH TIME HE WAS GIVEN EARLY RELEASE.**

Norma Matko: This 69 year-old white woman was murdered on Thanksgiving of 2020 in her Barnesville, Ohio home by a n*gger who -- it appears -- was jilted as a suitor by her beautiful daughter. The rat-

monkey also abducted the woman's daughter as part of his crime spree and interstate flight.

The perp was a 47 year-old black bastard named James Hawley who, of course, had adopted the Islamic name of "*Ahmad Ben David*" in prison. Again, the only redeeming thing about the entire incident is that the n*gger was gunned down in a police shootout and the daughter was rescued from this gorilla like Fay Wray in *King Kong*.

Kidnapping victim and *King Kong*

Darren Partch: This unfortunate 38 year-old white male was murdered by a black baboon in April of 2019 after accidentally surprising the n*gger in the process of burglarizing the victim's Newport Beach condominium. Mr. Partch was a retired minor league hockey player.

When the victim entered with a female companion, the n*gger naturally had to murder both the owner and his companion, a mother of two. The rat-nigger has a lengthy arrest record that dates back to the mid-1990s, including felony vandalism, burglary and possession of a firearm by a convicted felon.

Zachariah Taylor Music: This 20 year-old white college student was shot to death by three rat-niggers in June of 2019 in Hoover, Alabama. The victim was clearly targeted by his assailants. The incident involved drugs and the armed robbery of the victim.

Dumb white kids who are foolish enough to engage in drug transactions with n*ggers don't understand that n*ggers will murder someone for a mere fraction of the money usually involved in a street-level drug transaction. If a n*gger can successfully get the "jump" on a customer during a drug deal, he will often murder them in order to recoup both the drugs and the drug money. That's why so many drug deals become murders in our large, urban areas late at night.

Samantha Josephson: This lovely 21 year-old white college student was murdered by a subhuman and predatory rat-n*gger posing as an *Uber* driver in March of 2019. She made the mistake of getting into his vehicle in Columbia, South Carolina, at which point she was abducted, raped and murdered at the hands of this black savage who stabbed her 30 times.

Steven Amenhauser: This 53 year-old white man was murdered in his Rochester, New York home in March of 2021 by two savage niglets, aged 14 and 16. Proving that even n*gger teens can be violent, savage and predatory, the black bastards ambushed him and set him on fire with a flammable liquid when he returned home from a brief errand.

This unfortunate man had second and third degree burns over 70% of his body and died three days after the attack.

Thomas Driscoll: This 57 year-old white man was a retired Connecticut police officer, who was murdered in February of 2021 by a street-nigger's *sucker-punch* in Las Vegas. Several trifling street-niggers were milling around and blocking a walkway near **Bally's**, and took offense when trooper Driscoll and a companion walked through their group. One nigger stalked Driscoll and waited until he exited an elevator to get the jump on him and murdered him with a sucker-punch.

Iva Jane Travis & Lewis "Payton" Travis: This 54 and 55 year-old white couple were murdered in February of 2021 by a nigger to whom they had generously but naively given employment and shelter in their home in Tangipahoa County, Louisiana. Authorities believe a disagreement led to their savage murders at the hands of this violent, fat, ugly and ungrateful baboon.

Sally Snowden MacKay, Lee Baker & Martha MacKay: This mother and daughter were murdered 24 years apart by the same sub-human rat-nigger near their family home at Horseshoe Lake, Arkansas. The mother, Sally Snowden MacKay (75 y.o.) and her nephew Lee Baker (52 y.o.) were shot to death in 1996 by serial murderer Travis Santay Lewis, who received a mere 28.5 year sentence after pleading guilty at age 16.

After being paroled in 2018, this retarded and vicious rat-nigger returned to the scene of the crime and stabbed or bludgeoned to death Sally Snowden MacKay's daughter, Martha MacKay (63 y.o.) in March of 2020. The only redeeming thing about the conduct of this evil baboon is that he drowned in Horseshoe Lake attempting to escape police, thus saving the State of Arkansas any further expense. (He sank like a rock.)

Kayla Lynn Pierce: This 29 year-old white woman from Tandy Township, Michigan was murdered by a n*gger in November of 2020. Her remains were not recovered until February of 2021, 60 miles away in the City of Detroit. Police have offered no motive, but I will: She was a naive white woman, who assumed that there is "*honor*" among nigger drug-dealers. Her naivete came at the expense of her life.

Milan Loncar: This 25 year-old white male was a recent graduate of ***Temple University's School of Engineering*** who was murdered by two savage n*ggers in January of 2021 in Philadelphia. The victim was innocently walking his dog about a block from his home when he was shot dead in the course of a robbery.

Rat-N*gger

One of the murderers is a serial criminal with a long rap sheet that includes robberies, assaults, criminal conspiracy, car-jacking, robbery of a motor vehicle and kidnapping an ***Uber*** driver. This savage and feral animal was released two weeks before he murdered Milan Loncar after his bail had been dramatically reduced on the kidnapping charge.

Mark Allen Williams: This 62 year-old white male was a Methodist Pastor in East Texas who, in January of 2021 discovered a rat-n*gger hiding in the church's bathroom who was evading law enforcement on a weapons charge. Pastor McWilliams became distracted by the

presence of his wife, giving the rat-n*gger an opportunity to get the jump on him and kill him with his own weapon.

Hayden Harris: This 23 year-old Army Corporal was murdered by two teenage n*ggers who abducted him, killed him and disposed of his body in New Jersey in January of 2021. The victim planned to trade vehicles with his murderers, but the feral apes reneged (pronounced **RE-NIGGED**) on the deal and kept both vehicles after murdering the victim. The planned trade was probably a n*gger-ruse to lure the victim to his death.

John Palmer Shelly: This 42 year-old father of two was murdered in the course of a robbery by three thuggish rat-niggers while renovating a house in Memphis in October of 2013. He willingly gave them his wallet, but -- by virtue of their under-evolved frontal lobes -- they murdered him in cold blood, anyway.
