A WORD ABOUT MEMBERSHIP:

All Membership Fees, Renewals and questions regarding **INFORMER** subscriptions should be sent to our Potosi, Missouri P.O. Box. (Below)

If you receive a Member Renewal, but are currently paid-up for the calendar year, just ignore it. Sometimes there's a delay between the receipt of a Renewal and its inclusion in the Membership Rolls, so occasional "double-billing" can occur. **PLEASE DO NOT** use a **Self-Addressed-Stamped-Envelope** to inform us of this fact.

POSTSCRIPT ABOUT THE CITIZENS INFORMER:

Each CITIZENS INFORMER currently costs about \$2.50 to print and mail. If a copy is returned to us by the Postal Service, the additional cost of each returned copy is about \$1.50.

For this reason, we strongly urge Members who are equipped to do so, to receive the Electronic Edition as e-mail.

The advantage to the organization is that it costs nothing to print or mail an issue using e-mail. If everyone would do this, we could dramatically reduce the cost of Renewals, since the paper is by far our largest expense. One advantage to Members of subscribing electronically is that they will often receive their paper a week or more in advance of those delivered by the Postal Service.

A second advantage is that future Electronic Editions will often have additional articles and Letters to the Editor, since it does not have the space limitations of the Hard Copy Edition. **THE BONUS SECTION BEGINS ON PDF PAGE 41**

PLEASE DO NOT EVER SEND US A LETTER INDICATING YOU DO NOT WISH TO RECEIVE THE E-MAIL EDITION OF THE PAPER: We assume only those submitting the blue form wish to receive the "e-mail" edition, and all others wish to receive the "hard-copy" edition.

About time you became a member?

All members of the CofCC receive a subscription to the **Citizens Informer** newspaper and more.

Please Check One:

President's Column

Organizational Details

By Earl P. Holt III

Membership, Subscriptions & Ads: All business should be conducted exclusively through our Potosi, Missouri P.O. Box. This includes Letters to the Editors, Member Renewals or fees, typed submissions intended for publication, and any problems with subscriptions or Membership.

Managing Editor Retiring: The CofCC and its staff at the **CITIZENS INFORMER** are sorry to announce the retirement of Sid Secular from our Editorial Staff. For better than four years, Sid has ably served the organization as the **INFORMER'S** Managing Editor, and helped return it to its former glory. His responsibilities have included the "Letters to the Editor" section, his "Managing Editor's Column," and contacts with a variety of authors and advertisers.

Sid intends to devote full time to authoring articles for submission to a variety of conservative and nationalist publications and his own newsletter. If the past is any guide, he will focus on the theme of "Third World" immigration and its threat to Western Civilization. The CofCC Board of Directors and the Editorial Staff at the **INFORMER** wish Sid well in his future endeavors.

AFP 2020 Platform: I was asked to write an Introduction to the **American Freedom Party's** 2020 Platform. I want to reassure CofCC Members that I have NOT abandoned President Trump, and intend to vote for him and contribute money to his re-election in 2020.

The AFP was been a loyal ally to the CofCC and its Chairman has performed several valuable legal services for us. Their generosity makes it difficult for me to decline when I am asked to return a favor.

Their candidate for President in 2020 is Rick Tyler of Tennessee, who is also a CofCC Member. Rick is a very bright, fearless and articulate guy, and is not under any illusions that he will be elected President. Yet, his candidacy should be a valuable recruiting tool for the AFP, the CofCC, and the white nationalist movement, in general.

EU Parliamentary Elections: Some time ago, we asked our friends at **Heritage & Destiny** to submit an article describing the fortunes of the major European nationalist parties for us "Yanks," who only follow European electoral politics superficially. Always obliging, Mark Cotterill and Peter Rushton sent a long and comprehensive article on the subject.

I have finally learned that our readers do not favor long articles, so we edited it down quite a bit with the approval of its authors. Originally, it was intended for the June issue, but that would mean we'd go to press immediately BEFORE the European Union's Parliamentary Elections in late May of 2019. Thus, we decided to wait until after the May EUP Elections to publish the piece, and we are relieved we did!

The article by Peter Rushton can be found on page 12, and is titled "**European Nationalist Parties.**" It chronicles the stunning and historic successes of most of the major European nationalist and "euro-skeptic" parties.

Advocacy: I am frequently asked to publish articles in defense of certain high-profile individuals who are incarcerated in federal prison and alleged to be "political prisoners." I don't have a staff, a budget, nor the time to familiarize myself with someone's federal criminal appeal. On the other hand, there are a number of organizations that will do this, such as the **Innocence Project.**

Arguments sent to me describing someone's wrongful incarceration are rarely the whole story, and those who accept such information at face value can be made to look very foolish. I have no expertise in this area, and my involvement would probably end up like William F. Buckley Jr's debacle in the early 1960s, when he mistakenly came to the defense of murderer Edgar H. Smith Jr.

While I am sympathetic to the plight of anyone tried, convicted and incarcerated by the corrupt negro criminal element that traitorously served as Obama's two Attorneys General, my time is better spent concentrating on areas where I have some degree of expertise.

The Problem with Vacuums

By Valerie Protopapas

There is a saying in physics that “*nature abhors a vacuum*”, and when something abdicates or abandons its place in the natural order, something else rushes in to fill it. That is nature maintaining the *status quo*.

With the advent of the new Millennium, who would have predicted the rise of the Islam in the Middle East, Europe and North America? The last time Islam posed a threat to the West, men wore knee britches, silk stockings and white wigs, and the Ottoman Empire was real. Yet, here we are, two decades into the 21st century and there is a very real threat from Islam in every corner of the globe, from Morocco to Mexico and Nigeria to Norway. Meanwhile, the Christian Church -- once the foundation of Western Civilization -- is fast becoming a ghost, and not a very Holy One at that!

How have the civilizations of Plato and Aristotle, Caesar and Charlemagne, the Bourbons and Thomas Jefferson declined, while a 12th century cult -- openly proclaiming its murderous intentions towards *everything Christian and civilized* -- is protected by the very governments founded on those earlier civilizations? For by employing political correctness and the concept of “hate speech” under the law, the governments of the West have effectively silenced their own citizens and embraced their demise.

If the *cultural* and *political* institutions of the West fail to recognize their danger, it is even *more* incredible that the chief target of *jihad* -- the “*infidel*” Christian Church -- seems equally oblivious to the danger posed by Islam. Exploiting Christ’s command to “*love one another*,” many Christians and their churches fail or refuse to understand the peril that radical Islam poses to the Christianity and to Western civilization, as well.

Meanwhile, the Church often appears blind to the fact that Third World revolutionaries have already killed tens, perhaps hundreds of thousands of “*infidels*” in their mad crusade to raise the Islamic Crescent over the graves of Christianity and Western civilization.

One of the things that many in the West cannot fathom is why so many *young* Westerners embrace Islam. Many

who do so don’t come from ethnic or racial backgrounds that help explain their conversion, since every day more and more ordinary Americans and British and French and Norwegians embrace the Prophet. Why? And here we must return to our opening point; that is, that “*nature abhors a vacuum*.”

At some point in the 20th Century, *Western* Christianity determined to evangelize the young by making it *easier* to be a Christian. Fasting, prayer, tithing, moral absolutes and church attendance became to many church leaders a *barrier* to young people attending church services. This wrong-headed strategy made great headway during the 1960s, when many cultural norms were abandoned.

The Church became more “worldly” by changing its traditions in hopes that disillusioned and narcissistic youth would remain “*in the fold*.” This worked in some instances, such as the adoption of *Saturday Night Mass* by the Catholic Church, which permitted young Catholics to “*sleep-in*” or participate in Sunday morning sports and still maintain an association with their “faith.” It remains to be seen how permanent that association will remain once those involved are no longer concerned with soccer, football and baseball.

While the easing of standards does not affect nominal members, young people who seek meaning in their lives -- and who need a belief system that challenges and fulfills their spiritual needs -- may find that Western Christianity no longer does so. Indeed, much of the West’s tepid Christianity is more secular than religious. On the other hand, for those seeking spiritual fulfillment, Islam presents an all-encompassing way of life promising rewards for believers and punishment for “*infidels*.”

The on-going struggle between good and evil -- one that traces its lineage all the way back to the *Garden of Eden* -- is a struggle that is necessary for the development of both mind and spirit. This is something that today’s Christian churches need to *rediscover* while there’s still time, *IF* there’s still time. That is, we must fill our spiritual vacuum with Christ, not Allah. If we do not, the burning of *Notre Dame* is only the beginning.

Religion Editor's Column

WHY GOD IS A NATIONALIST

By Dr. Ed DeVries

We often hear clergy sermonize from passages of scripture such as **Psalms 9:17**: "***The wicked shall be turned into hell, and all the nations that forget God.***" Or, they often quote **Proverbs 14:34**: "***Righteousness exalteth a nation: but sin is a reproach to any people.***"

Most commonly, we hear these messages on "patriotic" holidays such as *Independence Day* or *Memorial Day*. And, more often than not, the preacher takes these passages well outside of their proper context. In seminary, there was a term for this: We were taught that, "***when you take a passage out of context you make it a pre-text.***"

I must admit I have also been guilty of this, so I am not being critical of others but merely focusing on a common error for greater scriptural understanding and to explain why I believe that the God of the Bible is pro-nationalist. This is especially clear when we read in **Psalms 86:9**, that God is the creator of all the "nations."

Deuteronomy 32:8 states that "***the Most High divided to the nations their inheritance,***" that is, He gave them the lands or territory they were intended to occupy.

Most people mistakenly believe that a nation is a political construct with defined borders. However, that would be the definition of a "state," not a "nation."

By confusing the words "*nation*" and "*state*" -- as so many have done for so long -- we have perpetuated the very mistaken theology that God is the creator of mankind's governments. Taken to its logical conclusions, this implies that since God ordained all governments, these governments must always be obeyed.

This erroneous conclusion illustrates the need to properly define the words found in scripture so that we can understand them as God intended for us to do. For example, in the **Old Testament**, the Hebrew word for "*nation*" is pronounced "*GOY*," meaning "a people."

The **New Testament** word for "*nation*" is pronounced "*ETHNOS*." It can also be interpreted as "*a people*," but more specifically, as "*a race*." In the Bible, the word "*ethnos*" is always used to refer to races, peoples, or nations, other than Israel. In other words, "*ethnos*" are the gentile nations.

Glossary of Terms

State: A man-made political construct that may include multiple peoples, lands, or nations within defined borders. (Example: the modern State of Germany.)

Nation: A distinct people defined by a common cultural characteristics such as race, ethnicity, religion, history or language.

Nationalism: The demand by the people of any "*nation*" that their political leaders protect and promote their interests and those of the underlying and pre-existing interests of that nation.

So while a nation may have a state, for example Germany has historically been considered to be a "nation-state," the terms "*nation*" and "*state*" are **NOT** interchangeable. Also, in the modern world, many states exist and function without an underlying nation as a result of migration and conquest. Such *states* may govern multiple *nations*.

While a *state* may need to be held intact by sheer force, a nation is a distinctly homogenous people. Nations are held intact -- or even defined -- by their common racial, ethnic or cultural characteristic, such as the "Anglo-Celts." Ultimately, a nation is bound together by its common history, common culture, common language, common religion and common traditions.

In the case of the United States government and many of the states composing the European Union, the political leadership of these states have abused their authority by working to displace their respective peoples or nations with aliens. The emergence of "nationalist" movements all around the world are simply God-created nations (Psalm 86:9), reasserting their rights to the places that

(Continued on page 8)

NATIONALIST (Continued from page 7)

God had ordained for them to occupy in Deuteronomy 32:8.

As we study the history of the world, especially after we have come to appreciate the biblical definition of the word "nation," we realize that "states" come and go. In fact, the Russian nation has had 16 different or distinct "states" to govern it over a period of more than 1,300 years, beginning in the 7th century. But the Russian NATION has endured.

Even in the short period of time that our peoples have occupied the southeastern portion of the continental United States, the "Southern Nation" has had four separate and distinct governments. Over the same period of time, the "Yankee nation," has had at least three. Likewise, since 1835, the "Texian nation" (Texas) has had four governments.

To repeat: States and their governments come and go, but nations endure. States of the world and their governments are very cognizant of this fact, and that is why most of those governments, including our own, fear and vilify what they term "nationalism."

But that need not be the case in the West, because, we "nationalists" do not seek to destroy the state. Instead we call upon the State and governments to protect and promote the interests of the underlying nation and its people.

Hunter, My Son

By Earl P. Holt III

Turner Classic Movies recently broadcast a 1949 Spencer Tracey movie, *Edward, My Son*. Although the film has universal applicability, its timing could not be better for offering an example of life imitating art, and providing insight into our current political cesspool.

The film depicts a wealthy British Subject (Lord Bolt) who repeatedly goes to extreme and even *illegal* lengths to insulate his sociopath son from the consequences of his son's own misdeeds. The story eventually ends in tragedy for nearly everyone, and in particular, for Lord Bolt's family and his son Edward.

The moral lesson is clear: By resorting to illegal and devious means to insulate a child from the consequences of its own behavior, the only lesson learned by the spoiled child is that he is "special," and that rules applying to others do not apply to him. In short, they learn that crime really *DOES* pay.

For our purposes, the significance of the film is its immediate applicability to the efforts of former Vice President Joe Biden to engage in a great deal of profoundly

illegal and treasonous acts to enrich and then protect his youngest son, Hunter.

The most recent scandal to come to light – despite the efforts of the Jews' Media to "spike" it – involves the role Joe Biden played in 2016 in coercing the Ukraine to fire its chief prosecutor who, at the time, was investigating illegal business practices that involved Hunter Biden.

During a meeting of the **Council on Foreign Relations**, Biden crowed to a room full of crooked globalists that he had pressured Ukrainian President Petro Poroshenko to fire Prosecutor-General Victor Shokin, and thereby end the investigation involving his son Hunter. In his capacity as Vice President, Biden threatened to withhold \$1 Billion in badly-needed U.S. aid to war-ravaged Ukraine unless it complied. To quote then Vice President Biden in his EX-ACT words:

"I said, 'You're not getting the billion.' I'm going to be leaving here in, I think it was about six hours. I looked at them and said: 'I'm leaving in six hours. If the prosecu-

(Continued on page 9)

HUNTER (Continued from page 8)

tor is not fired, you're not getting the money... Well, son of a bitch, he got fired. And they put in place someone who was solid at the time."

Prosecutor Victor Shokin was conducting a criminal investigation into the firm of **Burisma Holdings**, a Ukrainian natural gas company that employed Hunter Biden as a board member. The younger Biden was paid at least \$166,000 **PER MONTH**, despite having no experience in the natural gas industry and despite the fact that he couldn't find the Ukraine on a map.

Prosecutor General Shokin told reporter John Solomon of **The Hill** that he had "specific plans" for conducting the investigation into **Burisma Holdings**, including **"all members of the executive board, including Hunter Biden."**

Shokin's firing abruptly ended the **Burisma** investigation without any charges being filed. In 2018, however, the current Prosecutor General, Yuri Lutsenko reopened the case. He contacted U.S. authorities to suggest that Biden's remarks to the **Council on Foreign Relations** might prove to be of interest to U.S. Justice Department officials.

Prosecutor General Lutsenko told John Solomon of **The Hill** that former Vice President Biden had threatened to withhold the badly-needed U.S. financial aid, and made it conditional upon the firing of Shokin.

It appears that the organized crime wing of the "Democrat" Party (headed by the Clintons,) and its communist wing (headed by the Obamas,) discovered a technique for enriching themselves, that they believed to be legal and fool-proof.

To end-run U.S. financial disclosure laws, foreign entities were led to believe they could avoid detection by entering into lucrative deals with the offspring or siblings of government officials, rather than with officials or their spouses. By doing so, they circumvented U.S. Code 18, Section 201 that prohibits bribery of public officials.

This treasonous technique may have worked when the Department of Justice was run by corrupt nigs and communists – like Eric Holder or Loretta Lynch – or idiots and cowards like Jeff Sessions. It is unlikely that it still works with new sheriffs in town...

CLOSED for Business

By Earl P. Holt III

The BAD NEWS is that a group of black Muslims who are prospective terrorists managed to build a training camp near Tuskegee, Alabama. It was described as resembling **"an abandoned dump,"** which is often the best *those people* can do. The GOOD NEWS is that the whole group was recently rolled-up by the FBI.

During the Obama Regime, nigro terrorists training to carry out attacks on American soil would have been covertly subsidized by some federal agency, courtesy of our first nigro, communist and Muslim President. However, there's a new sheriff in town – including an entirely new Department of Justice – so these black bastards will now be cooling their heels in *The Slam* rather than training to murder Americans.

The training camp was described in the FBI's search warrant as a **"makeshift military-style obstacle course."** It

was located only a few miles from Tuskegee, and consisted of a small group of Islamists led by a baboon with the lyrical sounding name of Siraj Ibn Wahhaj.

If that name sounds familiar to you, it's because he is the same nig who was arrested in 2018 at ANOTHER terrorist training camp in New Mexico. Unfortunately, Wahhaj and four other prospective mass-murderers in his terrorist cell were released without bail by a New Mexico Judge named Sarah Backus, a **"Democrat"** with no business being on *any* bench. Wahhaj's terrorist cell appears to have relocated to Alabama.

Federal prosecutors say Wahhaj's Alabama cell is similar to his earlier group in New Mexico, where his compound was raided last year by state authorities before its members were eventually released by Judge Sarah Backus.

(Continued on page 10)

CLOSED (Continued from page 9)

Suspects in the new Mexico group were alleged to have been training children to execute terror attacks on U.S. citizens.

Much like Siraj Wahhaj's earlier efforts in New Mexico, it appears the remains of a child were discovered at the Alabama training camp, as well. In both instances the children appear to have died of the usual neglect that under-evolved species tend to exhibit when they are too preoccupied with mass murder to care for the litters they drop.

Michael McGarrity, the FBI's Assistant Director for Counterterrorism testified to Congress that approximately 850 domestic terrorism investigations currently remain "open." 40 percent of these involve violent extremism that is racially motivated.

One important observation is in order: If America didn't welcome so much Third World garbage into our country, the FBI would not be stretched to its current capacity trying to keep track of all the *Jihadists* and other terrorists that frequently hide among the garbage that wash up on our shores.

Whistling up Demons

By Valerie Protopapas

Some time ago, I joined a heritage "cause" on **Facebook**. The information seemed ordinary—alas that an attack on the Confederate battle flag should *be* "ordinary"—but when I accessed the site further, it contained a report on a court case involving the Klan and I was warned that this site might be *of* the Klan or an attempt to make it appear that those joining it *supported* the Klan and the very thought chilled my blood!

When the original *angst* had passed, I considered how upset I had become by the mere thought that I might be *associated* with the Klan, however falsely. But I began to consider why I had been so *frightened*! What was it about the Klan—or what people *think* about the Klan—that frightened me? So I considered the *facts*, especially the use being made of the Klan in the present assault upon the South.

In fact, the Klan had *three* incarnations: The first occurred during "*Reconstruction*," when its members protected innocent people—white *and* black—from the depredations of **The Union League**, a federal terrorist group. *This Klan arose because the occupation government refused to protect innocent Southerners from the League's depredations.* For wherever and whenever the civil state fails to protect its people, groups will arise to fulfill that need. Vigilantes have a bad name but often vigilantism has been necessary to protect a helpless citizenry.

After Reconstruction, the need for the Klan ended, and so did the Klan in its original form. But its success proved irresistible to many in the South because of the threat of again falling under the dominance of the Negro and his Northern enablers. However, this *new* Klan was *not* limited to Dixie: Many of its largest chapters were in the Mid-West, following the northward migration of blacks produced by the manpower shortage occasioned by World War I.

The power of this Klan reached its zenith in the early 20th Century. With the rise of the "*civil rights movement*," the federal government began to prosecute Klan members for violent crimes under *federal* civil rights statutes, but did so *only* in the South. With its local protection gone, the Klan became a shadow of its former size and influence, and became thoroughly infiltrated by federal agencies such as the FBI. Indeed, in any Klan gathering, the majority of attendees were often federal agents.

Despite the rise of the "*civil rights movement*," any hopes of amicable "race relations" were dashed by black riots and vandalism in America's inner cities in the 1960s. President Johnson introduced "*The Great Society*" and the "*War on Poverty*" by spending hundreds of Billions on social programs and other political nostrums in an effort

(Continued on page 11)

Conservative Headlines

DEMONS (Continued from page 10)

to try and raise the living standard of poor blacks and bring them into the mainstream.

But far from ending the gap between poor blacks and the rest of America, the divide became wider, deeper and more bitter, engendering an attitude among blacks of victimization and entitlement. And when the promises of politicians were not realized quickly enough, the black "sub-culture" became ever more estranged, hostile and dangerous.

Many hoped that the election of a "black President" -- Barack Hussein Obama -- would produce a "post racial" era in America, but his election had exactly the opposite effect. Obama was virulently anti-white *and* anti-American. Ever greater demands were made by blacks, while black Attorney General Eric Holder declared that whites were not protected by federal civil rights statutes!

Never had *any* person of such prominence openly proclaimed that an entire segment of the population based upon race was not protected by American law. Even in the days of Jim Crow, no one proclaimed that the law did not apply equally to all Americans, though such a mindset was understood in many places. However, it was certainly *not* voiced as government policy at *any* level.

And while black-on-white crime raged and white on black crime remained a relative rarity, the fears routinely expressed by the NAACP, the Southern Poverty Law Center and other leftist groups was the danger to black America from vicious white racists affiliated with the "Klan." Every news story about the Confederate battle flag produced charges that the Klan was on the march and moving to bring back "Jim Crow"!

These outbreaks of feigned hysteria were supported by academia, establishment "historians" and government agencies like the Parks Department, all of whom acted in collusion to drive the heritage and history of the South from our culture. No matter how well-sourced, no facts

or sources -- even Union records and those of Northern historical figures -- were sufficient to end the demand that *all things Confederate* be condemned and banished in a manner equivalent to remnants of NAZI Germany.

But, remember, vigilante groups arise when helpless citizens are no longer being protected by the civil government. Meanwhile the false cries of "Klan" by the NAACP and the SPLC have helped create the *same* circumstances that earlier led to vigilantism in the past. White Americans see their God-given, constitutionally-protected rights -- ***and their persons*** -- under attack. Though the Media cannot entirely ignore black violent crime, they intentionally conceal the *race* of violent black criminals, while local, state and national law enforcement often turn a blind eye to black or Hispanic crime committed against whites.

In other words, the race baiters and their enablers are creating the same conditions that led to the rise of the *original* Klan. Sad to say that while these groups dishonestly cry "Klan!" to bolster their fundraising and attack Southern heritage, they may *in fact*, be cultivating the very demons they have exploited as a "straw man" for so many years! What a tragedy if the race baiters and poverty pimps should resurrect an agent of racial violence that had previously been *almost* consigned to oblivion.

Fairy tales educate a child to certain eternal truths. The tale of the boy who cried "Wolf!" is meant to warn the hearer about the fact that even *real* danger will be ignored if it is falsely proclaimed too often. When the wolf finally *did* come, the child's cries were ignored and he paid the ultimate penalty for his foolish efforts to get attention.

Beware! The day may come when the cries of "Klan! Klan!" become a self-fulfilling prophecy, after many years of being used to slander a principled movement devoted exclusively to preserving the Southern Heritage of its forebears.

EU Parliamentary Elections, 2019

By Peter Rushton

Elections to the European Parliament were held across the 28 nations of the European Union from May 23 – 26 of this year. The big losers were the “establishment” parties of the so-called “center.” Some far-left parties such as the **Green Party** achieved modest successes, but the big winners were a number of parties described as populist, nationalist or even “*far right*.”

Even for the leftist international news media, it was impossible to ignore the powerful nationalist and anti-Globalist sentiments expressed by a great many European citizens in these recent elections.

Despite repeated betrayals by the various “political classes” that have misgoverned and misled many European nations for decades, it is clear that most Europeans wish to retain the cultural traditions of their homelands. They oppose surrendering their national sovereignty to the globalist ambitions of unelected bureaucrats in Brussels, and understandably wish to preserve their national cultures, traditions and identities.

The European Parliamentary system, whose elections just took place, allows Members to form transnational groups reflecting a shared ideology. These groups gain an officially recognized status, extra funding, staff etc., if they can attract a minimum of 25 Members of the European Parliament from seven or more different states. So-called “*Euro-skeptic*” and anti-immigration alliances within the European Parliament are absolutely certain to benefit from these recent electoral successes.

The following is an attempt to describe the most prominent and successful European political parties that have viable and demonstrable “nationalist” inclinations and sympathies. By and large, these are political parties that think as we do.

UNITED KINGDOM: The biggest news of the 2019 EU Parliamentary Elections was the victory of Nigel Farage and his **Brexit** party, which finished first and received 32% of the vote in Great Britain. Having only six weeks to campaign after forming his new party, Farage proved just how serious British voters are about leaving the European Union.

Farage’s victory had the added benefit of exposing the devious machinations of former Prime Minister Theresa May and her phony “*conservative*” party, which betrayed U.K. voters by slow-walking Britain’s exit from the European Union. This clearly frustrated many U.K. voters who are no more interested in being governed by unelected bureaucrats in Brussels, than they are in seeing their nation swamped by Third World immigration.

ITALY: Italian politics has been completely transformed since the last European elections. What was once a regional, separatist party called **Northern League** has reinvented itself as a nationwide anti-immigration party now called simply the **League (Lega)**. For the past year, its leader Matteo Salvini has been Italy’s deputy prime minister and interior minister, putting hardline anti-immigration policies into practice.

Salvini may be Europe’s most successful nationalist politician since the Second World War, and this was demonstrated once again in the recent EU Parliamentary Elections when **Lega** received 34% of the vote. Its junior partner, Italy’s **Five Star** party (17%,) gives this coalition powerful majority support among Italians.

FRANCE: Marine Le Pen’s **National Rally** – the renamed **National Front** – was once again one of the big stories in this year’s EU Parliamentary Elections, and remains at the core of the largest nationalist alliance yet seen in the European Parliament. In 2019, they achieved 24% support nationwide and had the highest vote totals of any French party in these elections.

AUSTRIA: The **Austrian Freedom Party** enjoys continued electoral success, achieving 17% in the 2019 EU election and entering into a coalition government in Vienna as junior partner to the conservative **Austrian People’s Party**, which finished first with 35%. Their coalition received a combined 52% in the recent European Parliamentary Elections.

The **Austrian Freedom Party’s** Members in the European Parliament have traditionally allied with the re-named

(Continued on page 13)

UE ELECTIONS (Continued from page 12)

French **National Rally** of Marine Le Pen and the Flemish **Vlaams Belang** to form the strongest nationalist bloc to date in the European Parliament. The coalition calls itself **"Europe of Nations and Freedom."**

HUNGARY: Prime Minister Victor Orban and his **Fidesz** party received a stunning 52% of the vote in the recent 2019 EU Parliamentary Elections. Fidesz is Hungary's ruling party, and nominally allied with the mainstream of European conservatism. In reality, however, Orban has more in common with populist anti-immigration politicians such as Italy's Matteo Salvini and his new party, **Lega**.

Given the crisis of leadership among center-right European parties, Orban will play a significant role in the realignment of European politics.

BELGIUM: Flemish nationalists were once repressed by the Belgian state, and to some extent, the Flemish nationalist movement, **Vlaams Belang**, is a consequence of that repression. It is now one of Europe's stronger na-

tionalist parties and allied with the French **National Rally** despite cultural differences. Unfortunately, **Vlaams Belang** received a disappointing 11% in the recent elections.

GREECE: Greece's **New Democracy Party** finished first in the recent EU elections with 33%, thereby defeating their socialist rivals in Prime Minister Alexis Tsipris' left-wing **Syriza** party. **The New Democracy Party** is a pro-European and center-right alliance.

POLAND: Poland's governing **Law and Justice** party -- which is aligned in the EU Parliament with British and Latvian conservatives -- received 46% of the vote in the 2019 EU Election. Despite its parliamentary alliance with British Conservatives, **Law and Justice** is seen as part of the "populist" challenge to Cultural Marxism in Europe, and is strongly anti-immigration.

Democrat Party "Principles"

By Earl P. Holt III

Members of the **New Communist Party** (often mistakenly labeled "Democrats,") will say anything, do anything and promise anything. Like all Marxists, they possess no moral or ethical principles beyond an insatiable lust for power. This is evident in the many constituencies they have coolly abandoned in their relentless pursuit of electoral power.

By the early 1990s, the "Democrat" Party began to lurch dangerously to the left, but at least there was still room for honorable men like "Scoop" Jackson (D-WA,) Bill Proxmire (D-WI,) and Zell Miller (D-GA) in the party. These were men of conviction and principle, who would no longer be welcomed in what is now the **New Communist Party**. In fact, it is likely that none of them would wish to be.

With men of decency and intellect like Jackson, Miller and Proxmire in the Senate, it was possible to forge a bipartisan coalition surrounding America's national security

and defense posture. The infantile left that now dominates the **New Communist Party** had no voice, so America's national security interests were ably met.

Now, the vast majority of that party in both Houses are rabidly anti-American globalists, socialists and Zionists, who seem giddy at the prospect of America's destruction at the hands of Muslims, Zionists, communists, Third World trash or anyone else willing to do the job.

In its relentless pursuit of power, the "Democrat" Party has left a lot of victims in its wake, and many were demographic groups that used to be loyal constituents of that party. The way these groups were abandoned and discarded says a great deal about just how much the party values those very principles to which it gives endless "lip service."

(Continued on page 14)

PRINCIPLES (Continued from page 13)

Christian “Pro-Lifers” -- both within and without the Catholic Church -- were among the first groups abandoned, due to relentless pressure from feminists, lesbians and other wackos within the **Ladies’ Auxiliary of Marxism**. Like voter fraud, abortion is about as close to a “religious sacrament” as the “Democrat” Party is willing to recognize anymore.

The Party’s betrayal of pro-life Christians -- formerly a large part of their base -- was perfectly predictable even before **Roe v. Wade** in 1973. The Party is now in the precarious and unenviable position of favoring infanticide **AFTER** a live birth, while they simultaneously oppose capital punishment for blood-thirsty murderers.

Middle-class whites were a group the **New Communist Party** also chose to discard, a phenomenon that probably occurred within the past two decades. In its endless pursuit of a dumbed-down nation that looks more like Uganda than America, minorities in the party demanded that it jettison all whites except wealthy donors and famous celebrities, as a strategy to keep their “Rainbow Coalition” intact. Blacks, “Third World” garbage, Muslims and Mestizos were all welcomed with open arms, but middle-class whites need no longer apply.

The **New Communist Party** has even abandoned its traditional support for Israel -- despite Jews being almost as loyal to the party as blacks -- and now seems to prefer Islamic radicals, who appear sympathetic to the communist’s traditional quest for power at any cost.

Apparently, Marxist Jews have abandoned the God of Isaac and Abraham in favor of the “gods” of Marx and Lenin. Jewish support for the nation of Israel eventually

became a burden that had to be discarded in order to appease Muslim trash like Keith Ellison, Andre Carson, Ilhan Omar, and Rashida Taliban.

In 2016, the **New Communist Party** found it expedient to abandon “working-class” Americans of all races, their loyal constituents for more than 100 years. The prospect of cheap and poorly-educated Third World labor -- that depressed U.S. blue-collar wages for decades -- obviously trumped their traditional support for America’s working-class, so the latter was coolly jettisoned, almost as quickly as Israel and the innocent unborn had been.

4,000 year-old Western institutions like the nuclear family and traditional marriage were also forsaken, this time to placate the various queers, perverts, homos and circus freaks that the **New Communist Party** welcomed into its fold and now enables.

Queer scoutmasters, queer marriage, queer adoption, “transgender” bathrooms and similar outrages were certainly not advocated by any Republicans I know of, but they are explicit in the **2016 Democrat Party Platform**. God and the Bible became a subject of ridicule for the **New Communist Party**, since Marxism permits no acknowledgement of any deity but the state.

The loyalty the **New Communist Party** has shown to many of its oldest and most loyal constituencies affords a pretty clear look at what its soulless members are willing to say and do in order to achieve power.

It also affords a clear look at how committed the **New Communist Party** is to subverting a free, independent and pluralistic America, the very vision of the Founders that we at the CofCC are literally dedicated to “conserving.”

Today’s Unforgivable Sin

By Valerie Protopapas

In a culture that embraces every type of perversion -- including infanticide -- there remains one unforgivable sin. Of course, the concept of an unforgiveable offense is not new: Although Christianity teaches that God forgives the sins of those who repent, it was Jesus Himself who identified one sin in particular as being “unforgivable.” In

the Gospel of Matthew, Chapter 12, He speaks of this with the Pharisees, those Jewish leaders who declared that Christ’s miracles are of the devil. Angered by their refusal to see and acknowledge the truth (sound familiar?) the Lord declares, “**And so I tell you, every kind of**

(Continued on page 15)

UNFORGIVABLE (Continued from page 14)

sin and slander can be forgiven, but blasphemy against the Spirit will not be forgiven . . . either in this age or in the age to come.

If a faith founded on the promise of forgiveness, redemption and salvation admits to the existence of an *unforgivable* sin, then how much more vulnerable is our *secular* culture for embracing such a thing? Indeed, there are a great many “unforgivable sins” these days: It is unforgivable to demand evidence instead of blindly acquiescing to the demands of Cultural Marxists; It is unforgivable to reject Marxist lies, no matter how idiotic and false; But, most of all, ***it is now unforgivable to be WHITE!***

For years we’ve been told that race is irrelevant, that there are no differences between (and among) the races and therefore, if blacks are not found in great numbers among the most successful, it is attributable to “systemic” discrimination based on the color of their skin.

No amount of evidence regarding IQ disparities or the failure of society to pound square pegs into round holes causes the “race-equalizers” to question their fundamental principle of human “parity.” Generations of “affirmative action” in every part of the culture -- except sports and entertainment -- has *not* produced the equality of outcome we were assured would be the case once the metaphorical “white foot was removed from the black neck.”

Indeed, we have reached the point at which blacks are far more influential than their numbers or cultural accomplishments would justify. They control many major cities and have commanding representation in most governments from local to national. Their pronouncements -- however childish or absurd -- are worshipfully received and none dare criticize even the most dull-witted and criminal among them.

But despite it all, the results of this experiment have been the *antithesis* of the promise that blacks would prove to be no different than whites once they were no longer victims of discrimination. As that fact can no longer be denied *or* ignored, the establishment culture has decided upon another tactic: If blacks ***cannot*** be made equal to whites through “social engineering,” despite

everything done for them, then whites must become ***candidates for extinction!*** After all, racial disparities would disappear once whites are extinct.

Had this concept been publicly acknowledged fifty years ago, even the most naïve and well-meaning whites would have recognized this existential threat and would have prepared to defend themselves. Those demanding white extermination -- or acquiescing in it -- would have been tarred and feathered or worse!

But today, alas, along with those minorities demanding extinction of the white race through either miscegenation or genocide, there are a significant number of ***whites*** who accept the suicidal notion that their extinction is a “cure-all” for the ills of the world! If nothing else, this proves that stupidity actually *is* “color blind.”

Yet, history reveals that the *only* “civilization” that has raised *homo sapiens* to the heights he has achieved is *Western* civilization, the civilization of the white race. The great Asian and Mezo-American cultures were limited in their influence and *none*, despite their unquestionable achievements, had comparable impact on mankind as the West has had, with its Christian foundation.

But we also see the danger to that civilization when sufficient Third World populations are “imported” into the West. Indeed, it is possible for *any* civilization -- however elevated -- to retreat into barbarism and anarchy when its culture is swamped by primitive Third World immigrants and their cultural traditions. All that man has accomplished under white tutelage can be quickly brought to naught by those for whom civilization is merely a word, and a hated one at that.

The question now remains; ***“Is there hope for the white race in today’s world?”*** The answer is both “yes” and “no.” If nothing is done and whites remain placid, stupid and submissive, in a few generations we will no longer be an influence on mankind, if we continue to exist at all. If, however, as a race we *wake up* and *resist* our extinction, we are smart and strong enough to prevail. But time is running out. . .

Recycling Idiocy

By Earl P. Holt III

There's real competition among members of the **Congressional Black Caucus** to see who's the most retarded and witless baboon in the bunch. There are many contenders, all well qualified.

A couple of years ago that *brane-dokter* from Georgia – Hank Johnson – expressed concern that the Island of Guam might flip over under the weight of military exercises by the U.S. Navy. You see, this **Member of Congress** (!) thinks that islands are a floating geographic phenomenon.

Some years ago, Sheila Jackson Lee of Texas asked someone from the **Jet Propulsion Lab** if the Voyager satellite was able to see the American flag that Neil Armstrong planted on Mars. Exposing the genius routinely found within the **Congressional Black Caucus**, she failed to distinguish Mars from Earth's Moon.

Such displays of genius merely set the stage for the latest example of black brilliance. On April 10th, Maxine Waters – the House Banking Committee Chair – chastised the CEOs of the five “megabanks” about student loan default rates, and demanded to know what they were doing to resolve the problem.

Each CEO sheepishly testified that they had stopped making student loans more than 10 years ago, a fact that clearly caught Maxine Waters by surprise, although even the primitive inhabitants of **Bora-Bora** have known this for the last decade.

In her capacity as a congresswoman, Waters SHOULD have known, because it was black imbeciles like Waters and her equally stupid black colleagues who insisted that the federal government take over the student loan program 10 years ago. It was done to ensure that dull-witted blacks could borrow enormous sums of tuition money, and when they inevitably defaulted, have their loan balances assumed by white taxpayers.

One reason so many blacks remain in the underclass -- despite \$23 **TRILLION** spent on “*Urban Welfare Spending*” -- is the incredibly low caliber of imbeciles they routinely elect to public office: Most blacks are no more able to recognize that they elect morons and trash to public office, than people who are “tone-deaf” recognize that they sing out-of-key in church.

Unfortunately, any self-respecting village idiot is brighter than just about any member of the **Congressional Black Caucus**.

6 Lessons from the Mueller Investigation

By Earl P. Holt III

Hysteria following release of the **Mueller Report** – particularly the vicious and libelous assault on Attorney General William Barr -- is a diversionary tactic to protect Barack Obama and Hillary Clinton, who are both darlings of the Jews' Media. The latter have always known that real scrutiny of either would be a crushing blow to the misnamed “*Democrat*” Party.

It is now patently obvious that the only “collusion” with Russia engaged in by a 2016 presidential candidate was that of Hillary Clinton and her army of organized crime figures, including that Jewish swamp-rat at the **Democrat National Committee** (DNC), Debbie Wasserman Schultz.

Every time a member of the Trump campaign was approached by any of the many shadowy foreigners who offered them secret information about Hillary Clinton, the latter were rebuffed and that member of the Trump campaign refused to “take the bait.” (It turns out, many of those “shadowy figures” were actually in the employ of U.S. intelligence agencies.)

However, we know with certainty that the DNC and Clinton Campaign both collaborated with Russian intelligence agents. They paid \$12 Million for the “**Steele Dossier**” with money laundered through **Fusion GPS** and the **Perkins-Coey Law Firm**, in an attempt to camouflage the

(Continued on page 17)

6 LESSONS (Continued from page 16)

origins of the dossier and the role of the DNC and Clinton Campaign in funding it and distributing it.

Even the Pharisees at the **NEW YORK TIMES** now grudgingly recognize that the many falsehoods in the *Steel Dossier* -- that were routinely cited in numerous fake news reports by the Corrupt Leftist Media in order to defame Donald Trump -- probably originated with Russian intelligence agents, who were engaged in so-called "*Active Measures*" to disrupt U.S. elections.

Nevertheless, six lessons emerge from the Mueller investigation and its report:

#1 CALIBER OF OBAMA APPOINTEES: It should be clear that the many discredited high-level Obama appointees at the FBI, Department of Justice, CIA and NSA -- who participated in the conspiracy to destroy President Trump -- were appointed by Obama for the very traits that are now so much in evidence. These include their mediocrity, their lack of ethics, their loyalty to the "Democrat" Party, their leftist politics, their hyper-politicization, and their disloyalty to true democratic principles.

This is why they were amenable to risking their reputations, careers and even freedom by engaging in an unconstitutional and treasonous coup against President Trump and his campaign: Each was "on the make," and knew that their traitorous activities were both condoned and approved by Barack Obama, as the e-mails between Peter Strzok and Lisa Page reveal. **Each knew they would be well-positioned for plum postings in a Hillary Clinton White House.**

#2 THE SYSTEM WORKED: Despite its prolonged and divisive nature, the system essentially worked. President Trump was demonstrably "vindicated" and those Obama appointees -- whose misdeeds were ignored by the Special Counsel's investigation -- will now be the focus of a new investigation by Attorney General William Barr.

The Mueller witch-hunt claimed a great many victims, but with the exception of Michael Cohen and Paul Manafort, most can be safely pardoned by President Trump for any minor misstatements that were seized upon by the

Special Counsel's team of partisan and "*angry Democrats*."

Each victim has every right to sue those who unlawfully persecuted them with prosecutorial misconduct or false imprisonment. These victims include George Papadopoulos, Carter Page, Michael Caputo, Jerome Corsi, General Michael Flynn, Rick Gates and Roger Stone.

#3 URANIUM ONE: The phony narrative that the Russians preferred the election of Donald Trump over Hillary Clinton was pure Jews' Media disinformation worthy of TASS or PRAVDA. That's because as Secretary of State, Hillary Clinton accommodated Russia by selling it 20% of U.S. Uranium reserves in return for \$145 Million in contributions to the **Clinton Family Crime Foundation**. To their delight, **this taught the Russians that Hillary was bribable.**

In orchestrating this traitorous conspiracy, not only did Hillary Clinton demonstrate a willingness to engage in treasonous acts against the U.S. by arranging this "*Uranium One*" deal but, because of its illegal nature, **she also made herself vulnerable to blackmail by Putin and the Russians.**

It should be obvious that the Mueller investigation was a tactic used to divert public attention away from the endless misdeeds of the Obama Administration, and designed to put President Trump on the defensive. Its ultimate purpose was to obscure the crimes of many high-ranking Obama appointees who participated in the seemingly endless scandals that occurred under our first negro communist Muslim president.

This is particularly true of those who felt pressured to "sign-off" on Hillary's *Uranium One* deal, or else jeopardize their government careers. It also applies to the criminal conspiracies and obstruction of justice that occurred in the context of the "*Fast and Furious*" gun-smuggling program, the cover-up of the catastrophe at Benghazi, Libya and the conspiracy to deny tax-exempt status to the fledgling "*Tea Party*" movement.

#4 FOXES GUARDING HENS: The **Committee on Foreign Investment in the U.S.** (CFIUS,) consists of nine upper-echelon Executive Branch appointees, who are responsible for scrutinizing business deals involving the purchase

of U.S. assets by foreign entities. It exists to ensure such sales are not contrary to our national security interests.

During the Obama Administration, CFIUS was an obvious rubber-stamp for the criminal enterprises of Hillary Clinton, which is one reason why she was forced to use an illegal and unsecure e-mail server while betraying America as Obama's Secretary of State.

Many of those who engaged in the traitorous and unconstitutional coup against Donald Trump -- as a candidate and later as President -- were members of this very committee during the administration of Obama. In addition to Secretary of State Hillary Clinton, CFIUS was also attended by FBI Director Robert Mueller, CIA Director John Brennan, NSA Director James Clapper, and Attorneys General Eric Holder and Loretta Lynch.

All members present must have approved Hillary's **URANIUM ONE** deal, because opposition by any member would have killed it. Each wisely sent surrogates to represent them at CFIUS, and all participants must have recog-

nized their legal vulnerabilities once Donald Trump was elected President.

Moreover, Robert Mueller, Andrew McCabe and Rod Rosenstein were later involved in investigating **Uranium One**, but the details of their investigation were never revealed to the CFIUS committee, nor were any indictments of foreign entities made public if there ever were any.

#5 "OBSTRUCTION": The case for "*Obstruction of Justice*" made against President Trump by Special Counsel Mueller has often been described as a "*blueprint for Impeachment*," and is evidence that Mueller and his team had devious and nefarious motives from the start.

As FBI Director, Robert Mueller was a non-voting member of CFIUS, but he did have a veto over any such agreement: Hence, Mueller tacitly approved Hillary Clinton's **Uranium One** deal and thus should have recused himself.

(Continued on page 19)

6 LESSONS (Continued from page 18)

A second reason he should have recused himself from his appointment as Special Counsel was because he had been rejected by President Trump as FBI Director in an interview one day prior to his appointment. Moreover, we have recently learned that Mueller and President Trump had a past business disagreement over \$15,000.

Mueller then revealed his animus toward President Trump by selecting a team of investigators that consisted exclusively of highly partisan and “angry Democrats” — to borrow President Trump’s expression -- many of whom gave money to Hillary Clinton’s 2016 presidential campaign. Each time President Trump criticized the Mueller “witch-hunt” either verbally or on “Twitter,” the Mueller team considered each instance an act of “obstruction.”

In the opinion of the partisan Mueller team, Trump had no First Amendment rights despite being a U.S. citizen, no authority to fire appointees within the Executive Branch despite being Chief Executive, and no right to fight back against what he knew to be the fraudulent charges of “Russian Collusion” made against him.

These are absurd claims, and none could withstand judicial scrutiny since neither the President nor anyone else loses their Constitutional rights just because they have been elected to public office.

Trump never claimed Executive Privilege, he surrendered all 1.4 million documents subpoenaed by Mueller, and his campaign and White House staff voluntarily submitted to 500 interviews over the course of two years. The idea that Trump or his staff “obstructed” anything is simply a falsehood perpetuated by pathological liars among the Pharisees of the Jews’ Media and their partners in public office, who are desperately trying to preserve the “Russian collusion” narrative on which they staked their reputations.

If Trump’s criticisms of the Mueller Investigation can legitimately be considered “obstruction,” then the many Congressional critics of Attorney General William Barr’s current investigation into rogue **Justice Department** employees and FBI agents should, necessarily, be even clearer examples of Obstruction of Justice.

#6 UNIQUENESS OF DONALD TRUMP: Anyone with the surname “Bush” or “Romney” or “McCain” would have caved and resigned the presidency immediately after the appointment of a Special Counsel, and would have done so without a fight. That’s the way RINO Republicans have always conducted themselves and their presidencies.

It is for this reason that the **New Communist Party** will never begin to understand President Trump, who won’t observe traditional “protocol” and act like other Republicans. Instead, President Trump is a brawler from Queens, and has persisted in fighting back against his mortal enemies. Thank God for it!

Is the End at Hand?

By Valerie Protopapas

There is a great deal of wickedness in the world, but there always has been. There have been better periods, but today is definitely one of the worst. The evils of today’s society, especially in the West, are rooted in an age-old problem that cannot be entirely overcome because of the frailties of human nature.

Man is a tribal being, whether the tribe consists of a small group of people living in the Amazon basin or a global racial entity. According to Dr. Carleton Coon — former President of the **American Association of Physical Anthropologists** — there are four such racial distinctions: “Caucasoids” or whites; “Mongoloids” or Asians;

“Negroids” or blacks; And “Australoids,” the indigenous peoples of Australia, who are usually referred to as “Aborigines.”

Obviously, human disputes are not limited to matters of race. Anyone familiar with the strife between the Irish and the English (Caucasian), the Chinese and the Japanese (Mongoloid), and the Hutu and the Tutsi in Rwanda (Negroid) understands that there is at least as much internecine racial hostility as there exists between the different races.

(Continued on page 20)

THE END? (Continued from page 19)

Indeed, when travel was limited to hoof and sail, few wars arose because of racial antipathy because the distances involved usually precluded such events. Of course, in the present age we're almost living in one another's back yards and this has resulted in closer contact among racial groups, a fact that often generates racial hostilities. It would seem that the stereotype of the "noble savage" - living at peace with nature and his fellow man -- does not survive historical scrutiny.

The point is this: There is an ongoing race war between blacks and whites in America, and throughout the West in general. There are other groups involved such as Hispanics, a racial mixture of white, black and "Indian". (Note: American Indians are of Asian stock.) However, such admixtures usually find themselves aligning with blacks during black-white hostilities. Interestingly, Asians tend to avoid involvement.

The problem in the West today is definitely racial and religious in nature. Western Civilization is white: It was not developed by any other race and it rose to an unparalleled level of sophistication that is unrivaled by any other in history. White men landed on the Moon, split the atom, discovered the molecular structure of DNA, and wrote the Magna Carta and the Constitution. And therein lies the problem.

The proponents of the "**New World Order**" wish to rule the entire world and return Mankind to a form of feudal serfdom. However, they know they can't succeed in their schemes until European whites are destroyed, either directly through war or through inter-breeding with other races, especially blacks. There is a consensus among our would-be rulers that once there are no longer significant numbers of whites, ruling the world will be a far easier proposition.

Sadly, in both Europe and North America, the war against whites is succeeding. Academia has burdened young whites with lingering guilt for the alleged historical crimes of their race. We are told whites have enslaved all other races, stolen their lands and treasures and committed every imaginable evil. Indeed, the only solution in their minds is the eradication of the white race.

Included within their target population is Christianity, although many minorities are also Christian believers. However, as Christianity is the foundation of Western Civilization, it must also be obliterated in order to pave the way for the **New World Order**. Anyone who denies that this is accurate isn't paying attention.

There are two main thrusts in their planned extermination of whites, and the first consists of "immigration." The major group admitted into Europe is Islamic but there are also many welcomed from the Third World irrespective of their religion. Followers of this particular religious "cult" have become mentally compromised to a significant degree, as a result of years of inbreeding encouraged by Mohammed's blessing of marriages between first cousins.

Second, the belief system of Islam accepts no compromise, no assimilation and no tolerance for anyone who rejects Islam. Deadly hostility even exists between Muslims of different sects, so George W. Bush's characterization of Islam as "**a religion of peace and tolerance**" was ridiculous. Islam's answer to infidels is to put them to death. Oh, there may be a period of second-class citizenship for non-Muslims, but in the end, it's "**convert or die.**" Obviously, this strategy produces either a large number of converts, or a diminished population!

In North America, the immigration invasion is led by mixed-race people ("**mestizos**") from Mexico and Central America. These include violent gangs and people who -- like the Muslims -- refuse to assimilate. They do not wish to become Americans or Canadians, and seem perfectly content to reproduce in America or Canada, the exact, same Third World cesspool from which they are ostensibly fleeing.

The second plan for white extermination involves mixing the races to the point at which whites are simply "bred away" after a few generations. This is the plan in the United States. Watch TV, look at ads in stores and you will see mixed race couples -- almost exclusively black men and white women -- with their mixed race children.

Young white women are indoctrinated in their schools -- and even in their churches -- with the notion that dating white males is "racist" and evidence of intolerance and racial hatred. Meanwhile, white boys are encouraged to

(Continued on page 21)

THE END? (Continued from page 20)

wear baseball caps backwards and their pants below their buttocks and listen to “rap” music, in imitation of the *Great American Negro*, to whom they are expected to pay *homage* for the latter’s skill on the basketball court and football field.

All of this has made prodigious inroads on our once-great Western Civilization: White birthrates have fallen precipitously, and well below replacement levels, while mixed racial dating and breeding -- it seldom involves “marriage” -- is on the rise. White Americans may soon be minorities in their own country, and within a decade, the Europe we once knew may no longer exist.

Always in the background is the perpetual undercurrent of a race war. Race-hustlers -- such as Louis Farrakhan of the *Nation of Islam* -- call for the extermination of whites **now!** Meanwhile, the growing number of blacks in the United States (and Muslims in Europe) help drag both continents from First World to Third World status. If there is any lesson that screams out at us from history, it is this: **First World civilizations cannot be maintained by blacks or Muslims, and one need look no further than Detroit, Rwanda or North Africa for conclusive proof.**

What is the answer? Ronald Reagan once remarked that “...**we are never more than one generation away from tyranny.**” Sadly, many white Millennials have embraced the absurd ideology of “multiculturalism,” and reject the unique political and cultural legacy they’ve been handed. They give every indication of making good on Reagan’s prophetic warning.

Yet, there appears to be at least a remnant of whites who recognize that if they fail to act, the 21st Century will usher in a very different world than that of their forebears, and one unlike any they ever imagined. It will resemble the *Brave New World* of Aldous Huxley or the **1984** that George Orwell warned us about. Let us pray that enough of us heed *The Gipper’s* warning.

Blaming Trump

By Valerie Protopapas

Many conservative sites warn of an impending GOP disaster in the 2020 general elections, and they already blame Donald Trump. In a way they're right: Prior to Trump, conservatives had no other option than to vote Republican or stay home. As the "*lesser of two evils*," the Republican candidate was often considered only a slight improvement over his Democrat opponent. This dilemma regularly confronted conservatives and nationalists, despite the fact that most incumbent Republicans were as useful as balls on a cow.

During Obama's illegitimate reign most Republicans acquiesced in his appointments of traitorous communists to important positions, especially the federal judiciary. Yet, despite the GOP's failure to slow the leftward drift of the country, Republicans continued to be elected because there was really no alternative prior to Donald Trump!

By electing an outsider like Donald Trump, Republicans found themselves in a real quandary: They had temporarily prevailed against the "Deep State," the corrupt and biased news media, the Clinton crime syndicate, the Obamas and other communists in the "Democrat" Party, only to find their role as the "*loyal opposition*" would not be reciprocated by "Democrats."

That is, the Democrats in Congress would not obediently roll over and play dead as the Republicans had done for years. In response, many RINOs took the path of least resistance and became "*Never-Trumpers*." This insulated them from media criticism, and it's why they're now in trouble with their own base! The failure of most of the GOP to support Donald Trump -- and to actively resist his reforms -- resulted in the Democrats retaking the House in 2018.

Conservatives and nationalists have become disgusted at the many Republican office-holders who lack the guts or vision to combat the leftward lurch "Democrats" have steered this nation. Thus, many of the former have re-

fused to return some of these cowards and liars to office, which is a *disaster* for the Republican Party!

If conservatives and nationalists stay home or vote only for Trump and his supporters, Democrat majorities will only increase. However, it's fair to ask what difference it makes, since most Republicans are merely a weak imitation of Democrats, anyway?

Are there any Republicans in Congress who support Donald Trump? Yes, but very few. Apparently, Marco Rubio, once considered a reliable conservative, shamefully voted against Trump's efforts to build the wall. Rand Paul, a high-profile Libertarian, also refused to support the President's declaration of a National Emergency to fund the wall. Apparently, he cannot recognize what even the blind and deaf can, that there is an ongoing invasion across our southern border, consisting of Third World trash and similar law-violators. It is this sort of behavior that is going to guarantee a victory for the **New Communist Party** (aka "Democrats") for the foreseeable future, or until there no longer *is* a future.

The majority of decent Americans elected Donald Trump to office in the hope that he would tame the Deep State. So far, Mr. Trump has done his best within the limits of his office, despite little support from the rest of his party. He has done so in the face of withering assaults by the fake news industry and traitorous and criminal actions of the Deep State. Meanwhile, he is blamed for everything from terrorist attacks to sunspots while his only defenders seem to be the **Freedom Caucus** in the House and those who voted him into office in the first place.

Will the Democrats retake the White House and Senate in 2020? It is quite possible, given the current situation and massive "Democrat" voter fraud. If so, it won't be Donald Trump who is to blame. It will simply mean that even the Presidency of Donald Trump was too little, too late to save this nation.

Math Profs & Diversity Statements

As long as it's *"diversity,"* you don't have to understand it.

Remember when laws, rules, and regulations used to tell you what you *couldn't* do, and as long as you didn't do those things, you were left alone?

But now, comrades, they tell you what you *must* do!

The *Looniversity* of California has now decreed that persons applying there for jobs as math professors *must* provide *"diversity statements"* detailing their "past and/or potential contributions to diversity, equity, and inclusion." (<https://www.campusreform.org/?ID=11927>)

What the devil does any of that stuff even mean? ***"As a math professor, I promise to load my teachings on calculus with extravagant praise for transgenderism, gayness, amnesty for undocumented migrants, and feminist music!"***

Or maybe ***"I promise to tack an extra 50 points onto the grades of minority students!"*** What the dickens does it mean? What imaginable purpose does it serve?

Hints: "nothing whatsoever" and "none at all."

It's long, long, long past time to cut off all public funding to colleges and universities, where anything meaningful in the way of education always takes a back seat--if it

gets any seat at all--to Far Left Crazy politics. This is not education. This is poop.

And we're paying a flamin' fortune for it.

Jews' Media Disinformation

Hillary Clinton recently stated at Dartmouth (paraphrase) **"Vladimir Putin has died and gone to heaven having President Donald Trump in office."** This has been a recurring narrative for the nearly three years Donald Trump has been President.

The disgraced former Secretary of State – who is now the head of the organized crime wing of the "Democrat" Party -- continued by stating that she considers it a badge of honor that she **"annoyed"** Vladimir Putin while Secretary of State, because she was **"standing up for American values."**

The false narrative that the Russians preferred the election of Donald Trump to that of Hillary Clinton is a classic example of Jews' Media disinformation, and never made an iota of sense in the real world.

That's because as Secretary of State, Hillary Clinton arranged the sale of 20% of precious U.S. Uranium reserves to Russia in return for \$145 Million in contributions to the **Clinton Family Crime Foundation**. To their delight, the Russians learned that Hillary was bribable.

In orchestrating this **Uranium One** deal, not only did Hillary Clinton demonstrate a willingness to engage in traitorous acts against the U.S., but in the process, **SHE ALSO MADE HERSELF VULNERABLE TO BLACKMAIL BY PUTIN AND THE RUSSIANS BECAUSE OF ITS ILLEGAL NATURE.**

It should be obvious by now that the Mueller investigation was a tactic used to divert public attention away from the endless scandals of the Obama Administration – including Hillary's **Uranium One** deal -- and designed to put President Trump on the defensive.

This is particularly true of upper-echelon officials from Justice, State, the CIA and NSA who "signed-off" on Hillary's **Uranium One** deal to avoid jeopardizing their careers.

As is probably the case with most disinformation concocted by the treacherous Jews' Media, it was only believed by the low-grade morons, traitors, ignoramuses and communists who mistakenly call themselves **"Democrats."**

ANATOMY OF FAKE NEWS

One of the great contributions of President Donald Trump is to undermine and expose what he calls the lying media or the **"fake news"** media.

Much of North America's media is in the control of the Cultural Marxists or minority special interest groups.

News, as I have argued for years, is not really news; that is, not facts about what is happening -- like the scores of last night's hockey game -- but rather, a sort of soap opera with "good guys" and "bad guys" and not a few in-betweens.

And, guess what: we in the nationalist, or pro-freedom or populist movements are **always** the bad guys. Whatever the story might be, by the use of labels and the selective presentation of details, our side is **always** presented as evil. The audience is **never** presented with objective facts from which he or she can then form an intelligent and independent opinion.

Tragedy of Immigration

Why do we put up with a Third World immigration invasion when it is destroying our country and any hope for our future? Is it because we are too ignorant, stupid, foolish or degenerate as a people to do anything about it?

Likewise, when are white Democrats going to wake up to what their party has become? Or, as Paul Craig Roberts stated recently: **"What is more stupid than a White America that supports a political party that wants to do away with "Whiteness"?"**

If there are white Americans who still think that everything is okay, let them take a good look at the **House of Representatives**, which is beginning to resemble a Third World zoo. Or, have them look at our largest cities, many of which have become cesspools of Third World human

garbage because of treasonous immigration policies, and then tell me this is "Traditional America"?

Whether everyone is willing to acknowledge it or not, the Constitution was designed and written by and for white Europeans of the Christian faith. Our second President, John Adams warned us about interlopers when he wrote: **"Our Constitution was made for a moral and religious people. It is wholly inadequate to the government of any other."** I firmly believe he was referring to white Europeans who were informed and shaped by centuries of Christian doctrine and habits, and thus uniquely fitted for American citizenship.

As for immigration, let us return to immigration policies consistent with the **National Origins Act of 1924**, which guaranteed admission almost exclusively to the white, European Christians who are the ones who founded and built this nation, with few exceptions.

The Census Bureau predicted in 2010 that we might lose our country in the next 20 to 25 years: If so, what will happen to our children and grandchildren and their descendants?

The answer has never been better expressed than by Euripides, the most famous author of Greek Tragedies, who wrote: **"There is no greater sorrow On Earth than the loss of one's native land."**

Are you listening, America?

Fags Judging Others

That queer Mayor of South Bend, Indiana running for president – the one with the unpronounceable surname – has a lot of nerve, even for a faggot: He recently had the gall to question President Trump's Faith in God.

Pete Buttigieg (pronounced "Booty-Judge") recently stated to **USA TODAY** – America's most insipid daily -- that it was difficult for him to accept the notion that President Trump really believes in God. This was based on the actions Mr. Trump has taken as President. Here's what this devious faggot said:

"I'm reluctant to comment on another person's faith, but I would say it is hard to look at this president's actions and believe that they're the actions of somebody who believes in God."

It must not have been *all that* difficult for this hypocrite: And, not only is he violating Christ's admonition to **"Judge not, lest ye be judged,"** but he is also violating at least a dozen prohibitions against sodomy every time he and his "husband" lay down with each other.

The irony here is the delusional nature of all so-called "Democrats," especially its queers: Like all true Marxists, they assume morality is whatever they contrive it to be, because their allies in the corrupt leftist media have let them get away with bearing false witness against the Old and New Testament for decades.

Being a queer, Mr. Butt-Judge merely takes it a step further by re-interpreting the **Old** and **New Testaments** in a manner he supposes will excuse his sodomy and perversion. What a sad little fruit.

Proposed Citizenship Test

A recent edition of the **Limbaugh Letter** includes a reference to a theme he has often considered: **"Why Becoming a U.S. Citizen Should Not Be Easy for Immigrants."**

This inspired me to suggest a number of test questions that ought to be added to the **U.S. Citizenship Test** that foreign nationals must take to become American Citizens. Failure to comply with any requirement would cause the applicant to fail, and necessitate their reapplication.

#1 Name the eight parts of speech, and give at least one example of each category from a sentence found in a Shakespearean tragedy.

#2 Translate Plato's **Republic** from its original Greek into the applicant's native language and then into English.

#3 Write a "proof" for the geometric constant designated as *Pi*, and indicate your results to 10 significant digits.

(Continued on page 26)

LETTERS, MUSINGS & ASIDES (Continued from page 25)

#4 In 500 words, write a narrative describing the causes of the 19th Century war correctly referred to as ***“The War of Yankee Invasion.”***

#5 Explain what is meant by the expressions ***“Separation of Powers”*** and ***“Checks and Balances”*** in the context of the U.S. Constitution. Give specific examples of the “Checks and Balances” that each branch of government wields relative to each other branch.

#6 Describe the legal doctrine known as ***The Rule against Perpetuities***, and explain why it evolved as a common law doctrine in the U.S.

#7 Sing the soprano *aria* ***“Un Bel Di”*** from Puccini’s ***“Madam Butterfly”*** in the original Italian.

He’s Baaaaaaaaaaaaaack !

In April, I watched what may have been the greatest comeback in the history of sports. I watched Tiger Woods defeat the most talented golfers in the world at ***The Masters***, the world’s preeminent golf tournament held in Augusta, Georgia.

And, as Tiger clawed his way back to the pinnacle of the golfing world, he was cheered every inch of the way by white Republicans, most of whom are probably conservative southerners and Trump voters.

The crowd cheered every shot as if he were *“kinfolk,”* and did so because white Christians are a forgiving bunch who believe in redemption, and because they love a comeback almost as much as they love an under-dog.

Tiger Woods was both until he finished the 18th hole on Sunday, one stroke ahead of his nearest competitors. For one thing, he has battled back from several extensive back surgeries that usually end most golf careers.

He has also endured humiliating public scandals, and a messy and acrimonious divorce. These would have ended most careers, as well. Yet, Tiger battled back and today --

11 years later -- is once again atop the golfing world. It was a joy to behold.

And, the support of all those white people is conclusive proof that white racism rarely exists, and that most whites are willing to accept minorities who have REAL talent, as opposed to those who merely allege they do...

Lies We’ve Been Told

Does *ANYONE* remember when we straight, white Christians of European background were told that “gays” were just as *“normal”* and *“ordinary”* as we are, and that all they asked was to be left alone to live their *“normal”* lives without being persecuted?

Does *ANYONE* remember how we straight, white Christians of European background were told that the vast majority of black people are just as law-abiding and honorable as we whites, and that all they ever asked was to be treated fairly and not discriminated against?

Does *ANYONE* remember how we straight, white Christians of European background were told that this nation was a *“melting pot”* and that we reached our glorious zenith of civilization and prosperity because we were a *“diverse”* people of many different nationalities, races and religions? And, furthermore, to maintain that level of civilizational advancement, we had to *STOP* white European immigration and open our doors to the non-whites of the *“Third World”* in order to ensure our continued advancement?

Does *ANYONE* remember how we straight, white Christians of European background were assured that if we only treated “gays” and blacks and Muslims and other Third World “guests” as *WE* wanted to be treated, we would have a happy, peaceful and just society?

Well, *I* remember all of those assurances and promises. I also remember that while they were being made, the entire Establishment --*ESPECIALLY* the media -- were working overtime to filter everything we were being told about “gays” and blacks and Third World immigrants. And, now that our civilization is imperiled, we see the

truth about who these people really are! They are anything but "normal," "decent," "law-abiding" or a "blessing" to our society and our nation.

Images of prancing gays engaged in perversions, ubiquitous black-on-white violent crime, and the treachery of our Muslim "guests" may dominate social media and the internet, but they are "spiked" by the news media. These images confirm the very real fears of truly normal people, who are not "racist" or "bigoted," but merely rational and realistic.

Alas for normalcy and decency! Years of appealing to the "better nature" of straight, white, Christians of European background has left us the target of extinction by the very people to whom we gave refuge and opportunity.

As their increasingly blasphemous culture closes in around us, it may be too late to learn a truth voiced by an ancient Greek philosopher named Aesop: "**Expect no gratitude from the wicked.**"

Tightening the Censorship Screws

Microsoft plans to add a feature called "**NewsGuard**" to its recently revised "**Edge**" web browser. It's billed as an attempt to discourage users from visiting news sites that **Microsoft** deems "*fake news*."

You might think Microsoft's idea of "*fake*" news would include MS-NBC, CNN, and all the TV networks. You might also think it would include the **New York Times** and **Washington Post** on-line. You would be badly mistaken: These are the outlets **Microsoft** considers "**safe**" news, even though they are demonstrably fake news outlets.

NewsGuard supposedly evaluates news organizations for transparency, trustworthiness, journalistic integrity, and "other factors," a *catch-all* category the left frequently employs to camouflage their evil doings.

What they've really done is create the equivalent of an internet "*spam*" filter on steroids, one designed to censor conservatives, nationalists and Republicans.

Discouraging access to the views of their ideological enemies -- under the guise of filtering "spam" -- is censorship by any other name. The acceptance of the concept of "spam" was a first step that allowed for later tightening of the censorship screws, and should have been nipped in the bud at the inception of the *internet*.

FAKE AMERICANS

We hear and read often these days about "*fake news*." But news is not really fake so much as some **PEOPLE** are fake!

Abraham Lincoln once made a prophecy that if ever America were destroyed, its demise would come not from some foreign military power, but from the hands of traitors in our own midst. Yes, America would be the author of its own death and destruction. It is high time to call out the fake Americans among us.

Fake Americans are those among us who are only nominally American citizens because they reject and disavow the guiding principles of our nation's Founders: First, that there is a God; Secondly, that God has conferred certain unalienable rights upon all men; Third, that God created all men equal in his eyes; and fourth, that Governments are instituted among men for the sole purpose of guaranteeing and securing their unalienable and God-given rights.

Fake Americans are all those who confuse liberty with license to engage in immoral behavior and whatever debauchery happens to tickle their fancies. "Fake" Americans are those responsible for our current, two-tiered system of law and justice. They are also Fake Americans who's failure to believe in God compels them to deny the "unalienable" nature of our enumerated Constitutional rights.

Fake Americans are also those who, under the color of law, impose unconstitutional laws, policies and programs upon the rest of us, creating fake or illegitimate legislation. They are those who read into the text of the Constitution ideas and doctrines undreamt of by its Framers.

Moral Vacuums

The American Left claims it is mistaken to assert the existence of any absolute standards of right and wrong. ***“Who are we to judge?”*** they ask. Of course, at the same time they single out Christianity for judgment, in addition to ridicule and condemnation.

The left has a particular animus for those who are also “straight,” white males of Western or European stock. They believe this demographic profile defines the arch-villains of both history and American society. All other

demographic groups are conveniently excused from moral judgments of any kind.

In contrast, with the elimination of those laws and cultural mores that existed 50 years ago, America is now going to hell in a hand-basket. This is attributable largely to the leftist news media. With the destruction over time of the moral and ethical values of the Bible -- assisted by the media, the federal courts and the entertainment industries -- people have found themselves with no moral reference by which to guide them. Meanwhile shame is the weapon used by the left to bring about a desired societal transformation.

There was a time in American history when patriotism was revered, openly “gay” sexual acts were unthinkable, and extra-marital sex and even divorce were considered shameful. It was a time when neither profane nor obscene language was uttered in film or on TV, and the use of certain words got your mouth washed-out with soap.

It was also a time it was okay *to be white*, and children usually obeyed their parents without argument or challenge, because the old prescription of “spare the rod” was still very much in vogue. In school, kids had to actually ***earn*** their grades because there was no such thing as *“grade inflation.”*

It was also a time when God came first, one’s family second, and one’s country a very close third. Moreover, a dollar was actually worth a dollar, and a man’s word was his bond. When watching westerns in the movies or on TV, everyone cheered for the “white hats” and never for the “bad guys.” Finally, there were no speech codes imposed by political correctness to constrain people from speaking their minds.

Today, the left flings such epithets as “racism,” “sexism,” “bigotry,” “Islamophobia,” and “homophobia” to discourage us from defending traditional American values and at all who reject their agenda. We endure the irony of being harangued about the social evils of capitalism by leftist elitists living in Georgetown, Manhattan, Hollywood, Martha’s Vineyard, and Chappaqua.

(Continued on page 29)

LETTERS, MUSINGS & ASIDES (Continued from page 28)

The latest campaign of lawlessness is the creation of sanctuaries for illegal aliens in defiance of federal immigration laws. The Left tells us America owes the rest of the world our standard of living, and we are all "haters" if we do not accept this proposition. They say we must let foreign immigrants into our country even when they openly declare themselves to be our enemies!

Today, the left tries to shame anyone who believes in an Ultimate Moral Authority; that is, God. This foolishness is proof of their closed-mindedness and bigotry, and illustrates the truism that those who don't believe in God will fall for anything...

Michelle's "Y" Chromosome

If you need further evidence of the total dishonesty and traitorous nature of the Jews' Media, try this possibility on for size: **Michelle Obama may have been born a male, but supposedly had so-called "reconstructive surgery" by his early 20s.** This begs the question just how many other scandals have the Jews' Media "spiked" and intentionally buried from public view?

The likely circus freak married to Barack Obama -- the black and Muslim communist who wrongly inhabited the White House from 2009 to 2017 -- may actually have been born a male named Michael LaVaughn Robinson. Not surprisingly, both "Michelle" and Michael share the same birthday of January 17, 1964 and Chicago as their Place of Birth.

Many already knew this: In public appearances, he towers over most men and every biological woman. Moreover, his musculature and eyebrow ridges give him away, as does the sometimes conspicuous bulge below his waist that shouldn't be there, but happens to appear in many photos. However, none of this piqued the curiosity of the purveyors of fake news among the Jews' Media because, in truth, they already knew.

The most significant point here is not that the 44th President was a queer and married to another man -- though voters should have been told this in 2008 -- it is that the Jews' Media buried this and every other scan-

dal that would have destroyed Barack Hussein Obama's political ambitions long before he could do the kinds of damage he did as president.

Using the pseudonym of "Barry Sotero," Barack Obama appears to have engaged in serial debt-skipping as a young man. In fact, everything the Jews' Media ever told us about him is a carefully cultivated lie that's as fraudulent as Obama's pronouncement on any subject.

As many readers may recall, an acquaintance of mine -- who was on the **HARVARD LAW REVIEW** when Obama was its ostensible "Editor-in-Chief" -- made this statement: **"I never met him, he never entered the Law Review offices, and I have no idea what his work product was."** Not surprisingly, Obama was the first Editor of the **HARVARD LAW REVIEW** that never authored an article in it.

As everyone should know by now, Obama also engaged in numerous criminal acts by using a phony birth-certificate, although this may be news to the morons who voted for him. He is also a communist and a Muslim, and was not Constitutionally eligible to become President. And now it is also likely that he is a queer and married to another man.

If I were a waiter in the Washington area -- who happened to serve the Obamas -- I would take great pains to preserve a DNA sample from Michelle's water glass, napkin, or utensils, because it could be worth a fortune if shopped to the tabloids. An actual DNA Test would NOT even be necessary: All that's needed is a microscopic exam showing a "Y" Chromosome within each cell nucleus, where there ought to be two "X" Chromosomes.

Never Too Late to Learn?

A study has found that so-called "Universal Basic Income" schemes do not work. The study was conducted by some international labor group and evaluated programs in Kenya, India, Alaska and Finland. It must have finally occurred to members of this group that they might end up footing the bill for all that "free" money.

(Continued on page 30)

LETTERS, MUSINGS & ASIDES (Continued from page 29)

Most white people didn't need a study to tell them what Bill Buckley put succinctly and elegantly in his 1974 book *Four Reforms*: **"The only thing our experience with welfare has taught us that when you offer people free money, they have a strong inclination to accept it."**

However, there may be a silver lining to this cloud, because it hints at the possibility that even socialist groups MAY be capable of learning from history. If this is the case — and if they really CAN learn — then the following areas may afford fertile learning opportunities for vital facts about the real, non-Marxist world.

For example, anyone capable of recognizing the error of giving away free money to *po' folkses* might even be bright enough to realize that so-called "*white privilege*" is a fraudulent concept. All disparities in educational attainment and income normally attributed to so-called "*white privilege*" are really the benefits that accrue from the 15 IQ-point advantage that whites enjoy relative to blacks.

Such individuals might also be capable of recognizing that the *tsunami* of Third World immigrants on our southern border are an emergency in every sense of the word. They are largely poor, uneducated, unskilled and uninterested in assimilating into American culture. America's "*First World*" civilization is as alien to them as integral calculus, and there may be 40 million of them already here.

Those capable of recognizing that Universal Income schemes are the fantasy of academic grifters and other Stalinists might also be capable of recognizing that the so-called "*Democrat*" Party has become nothing less than the **New Marxist Party**.

They need only look at the relentless class warfare practiced by "*Democrat*" primary candidates to understand that no semblance of anything "*democratic*" remains sacred to anyone in the so-called "*Democrat*" Party. This is as obvious as the fact that the Sun rises in the East.

Nature's Eternal Religion & The White Man's Bible (2 books by the late Ben Klassen)

These two books explore the rationale for the religious creed founded by their late author, Ben Klassen, which he named the **Ideology of Creativity**. For our purposes, they make a powerful statement on the subject of race, and White survival in particular.

According to the author, "*Nature's Eternal Religion is unlike any other book ever written,*" and contains "*the ability to revolutionize White America.*" It bills itself as the religious creed known as "*Creativity*," its organization is called the "*Church of the Creator*" and its members are designated "*Creators*."

Drawing on the success of *Nature's Eternal Religion*, Klassen followed it with a sequel he aptly titled *The White Man's Bible*. It details the Racial Religion of Creativity, and contains information on many subjects of interest, such as a chapter on "*Articles for Defense of the White Race*."

These two books may offend many Christians, because their author is definitely NOT a *turn-the-other-cheek* kind of guy. In fact, he alleges that certain tenets of Christianity are responsible for weakening the White Race, and "**keeping it in a state of ignorance and poverty**" for 1,000 years following the fall of Rome.

On the other hand, even hostile reviewers have commented on the author's unique and powerful insights into the subject of race and ethnicity. His arguments will require readers to confront ideas they have rarely, if ever encountered.

For those who may initially be offended by its stark claims, the author contends that they **"...will find the history and the basic cause as to why the White Race, the most intelligent and powerful force on the face of the Earth, is now in the ridiculous position of fleeing before its weaker enemies."** It's hard to argue with that assessment.

Paradoxes

Are Marxists too stupid and ignorant to recognize that the financial support they receive from George Soros -- to promote socialism -- ONLY exists because it was first created by CAPITALISM?

How can the federal government demand that U.S. citizens repay student loan balances, but give illegal aliens a free education?

Why are the Democrats and their allies in the Corrupt Leftist Media obsessed about obtaining the tax records of a wealthy man who became a politician, but ignore the tax records of politicians who became multi-millionaires in public office?

Only in America could law-abiding patriots and nationalists be labeled "racists" and "fascists," but illegal aliens - even violent criminals - are called "Dreamers." Why do immigrants proudly wave the flag of their native land from which they claim to have risked their lives fleeing?

Leftists claim they want to hear all points of view, but are genuinely shocked and offended to discover there **ACTUALLY ARE** other points of view besides their own!

Florida has experienced hundreds of hurricanes since 1850, but proponents of "Man-made Global Warming" insist that only the most recent ones were due to "climate change."

How can President Trump be accused of Obstruction of Justice for criticizing the Mueller witch-hunt, while Members of Congress get a free pass for vilifying and harassing Attorney General William Barr while he is investigating the fraud committed against the **FISA Court** and then used in a treasonous coup to destroy President Trump?

America's Tower of Babel

Between the 1980s and the early 2000s, there was a movement to legislate English as America's official language, at least in the context of civil government. This movement ran out of steam because of several dismally unsuccessful attempts to get Congress to enact such a law. Our hapless Congress "fiddled" as the multicultural juggernaut continued to slowly strangle this nation.

English should be the official language of the United States. Although it was a subject never broached at the time our founding documents were created, it is the only language that can introduce uniformity and harmony among the polyglot ethnicities that now share this land.

No other language is capable of creating a climate where diverse ethnicities can successfully communicate with one another, especially when their first language is not English. Immigrants currently have little incentive to learn English, because they are often accommodated

with their native language by local governments, increasing the likelihood that they will never successfully assimilate.

If the U.S. were to make the mistake of allowing even one foreign language to be formally adopted as a “co-equal,” official language alongside English – such as Spanish -- then every non-English-speaking ethnicity would demand equal treatment under the Fourteenth Amendment.

The financial and cultural costs of acceding to such demands would be astronomical and would inevitably increase the friction between English-speaking Americans and immigrants who do not speak English. It might also introduce friction among all non-English-speaking groups, further fragmenting American society.

It is not racist or xenophobic to expect immigrants to these shores to learn English. It is the very least we should demand of those to whom we grant American citizenship.

A Diagnosis for Today!

Every sane American is concerned with what is going on in our culture today. Certain behaviors are now commonplace that once would have put a person in the custody of the county, and that includes violence against strangers having an opposing political or social vision. Violence is so ubiquitous, merely wearing a particular hat or tee-shirt can instigate violent behavior that used to be found only in the lowest classes.

Then there is the behavior of our “leaders” and “celebrities,” who say and do things that would cause ordinary madmen to blush, and to top it off, MOST of this is digitally preserved in some way. Admittedly, this has happened gradually over time, but it is rapidly getting worse in both type and tempo.

Now, however, there may be an explanation. Dr. Steve Bressert presents a possible reason (if not solution) for the current spate of insanity, which he has labeled **Histronic Personality Disorder (HPD)**.

According to the good Doctor, this syndrome is “... **characterized by a long-standing pattern of attention seeking behavior and extreme emotionality ... (by those who) want to be the center of attention in any group of people, and (who) feel uncomfortable when they are not. While often lively, interesting, and sometimes dramatic, they have difficulty when people aren’t focused exclusively on them.**”

The symptoms of this condition include:

1. Discomfort in situations where that person is not the center of attention;
2. Inappropriate behavior when interacting with others;
3. Rapidly shifting and shallow expression of emotions;
4. Self-dramatization and exaggerated emotions;
5. High suggestibility; easily influenced by others or circumstances.

If these characteristics sound familiar it’s because they are on exhibit almost every day by such luminaries as Barack Obama, Alexandria Occasio-Cortez, Beto O’Rourke and Bernie Sanders, to single out just four of our current, alleged “leaders.”

Sometimes these symptoms appear naturally in adolescence but disappear with maturity and age. If so, we may have a long wait with the so-called “*Millennial*” Generation, which shows an egregious shortage of “maturity” except among its members who are avowedly conservative or nationalistic.

Women are more likely to suffer from this condition than men, but I don’t believe that Dr. Bressert is considering our present bumper crop of gender-benders who don’t know if they **ARE** male or female, or something else altogether. Certainly, many “gender challenged” people suffer from this condition or they would not be so anxious to push their sexual *angst* into everybody’s face.

Dr. Bressert admits the causes are unknown, but there are many theories. In his opinion, most professionals “**subscribe to a biopsychosocial model of causation**”: That is, its causes are thought to be due to biological, genetic and social factors, and include how a person interacts in their early development with their family and friends and other children.

(Continued on page 33)

LETTERS, MUSINGS & ASIDES (Continued from page 32)

I would also like to add the possibility that our navel-gazing, self-absorbed culture has a lot to do with it. Since the 1950s, "child experts" have been telling kids that they are perfect and parents that they are the problem. I would suggest that those particular chickens have now come home to roost BIG TIME!

The Prudent Serpents

I continue to read with interest the ongoing debate in this country concerning "immigration," especially as it's voiced by those who consider themselves Christian. Frankly, it's time to remember what Scripture *actually* says as opposed to what many *allege* that it says: Jesus tells his disciples, "**Be ye gentle as doves, BUT BE YE WISE AS SERPENTS.**" That second clause is usually omitted, and that does not bode well for the Christian response to evil.

Those people who equate the present invasion with *Ellis Island* are ignorant of history. During that period, not everyone *was* welcome! Doctors stood at ships' gang-planks and examined arriving immigrants. Any sign of illness and back the poor unfortunate went! So the idea that the door was wide open for *all* those "*huddled masses yearning to breathe free*" is nonsense.

Furthermore, when *those* immigrants came, *they had to make their own way!* There was no welfare state to support them at the expense of American taxpayers. Most of those coming today don't want to "breathe free," they want to "eat free" and "live free" and receive everything *else* "free" at the expense of that same taxpayer!

Also, Ellis Island immigrants wanted to become Americans. They learned English and "fit in." Today's "immigrants" expect America to adjust to them. Our Congress refuses to make English our national language and so we have everything from driver's licenses to ballots and product instructions in a polyglot of languages. This is a sure way to destroy what used to be a common American culture and the concept of an American "nation."

All one has to do is look at the assault on all things American to see that we're being set up for a world without borders *or* freedom, at least as we Americans have traditionally understood that concept. Now there are even suggestions that "*Lady Liberty*" -- the "greeter of those huddled masses" -- should be removed as "offensive" to Muslims. (Perhaps they can be appeased by placing a *hijab* on her...)

And that's another thing that seems to be lost in this debate, namely that Christianity is under attack. Atheists, neo-pagans, Jews, communists and all other enemies of Christ have made a veiled pact with Muslims to destroy Christ's Church. Evil preaches tolerance until it achieves power and then tolerance ends.

Many Western Christians wander about, lost and impotent, threatened with persecution for the crime of being Christian. Yet, many still believe that the "Christian" thing to do is to welcome the forces of destruction imported by our own government to annihilate us! *It's time to wake up!* We must put aside the guileless doves and embrace the prudent serpents as Our Lord Himself instructed.

Un-Asked Questions

By Don Wassall

In a letter to the editor of *THE NATIONALIST TIMES*, John W. Altman states: ***"Americans have never been asked if they think it is a good thing for their nation to be changed from a White majority to a non-White majority country."***

That is a very pertinent point: Race is *the* number one topic in the United States, one the corporate media is obsessed with and one that is constantly thrown in our faces. It pervades nearly every significant public issue including violent crime, immigration, employment, admissions, voter fraud, and welfare participation rates.

So why, in a country where race is widely considered the most important issue of all, were White Americans never consulted about the plans of Democrats and RINOs to methodically replace them? Exactly which election was it when America voted to become a non-White nation? Very peculiar for that **NOT** to happen in a so-called "democracy," isn't it?

Of course, nationalists know the answer: The rapid demographic change from a 90 percent White country to projections of a majority non-White country has **never** been raised as an issue in any national election.

Americans rarely have a choice on the **truly important** issues! We are only permitted to decide the minor matters that Democrats and RINOs love to posture about, as they emphasize their alleged "*fundamental differences*." If there is a piece of legislation Israel wants, it will pass both the House and Senate with the only opposing vote being that of Rand Paul.

Likewise, if there is a resolution denouncing Russia, it will pass unanimously, along with any resolution denouncing "White supremacy" (but never mentioning **Antifa**). If the President were to again violate the Constitution -- by bombing yet another defenseless country -- Congress won't utter a peep of protest with the exception of a few courageous souls such as Rand Paul.

On the important issues, the two parties act as if they are a one-party system." So, this demands the question, is the United States really a nation where "*We the People*"

have the final say? Or is it a country more akin to a traditional Oligarchy, in which elections serve as a façade or "fig leaf" to obscure its essential nature?

Anyone who publicly objects to Whites becoming a minority in America is vilified, attacked, and labeled a "NAZI," "racist," "White supremacist," "anti-Semite" or a host of other time-honored pejoratives. There has never been any real debate permitted when discussing the subject of race, but now the irrationality and invective have reached hysterical proportions. Virtually anyone who publicly identifies as a Donald Trump supporter is now a potential target of both verbal and physical assault.

So, we have a country where race is the central issue, yet no one can discuss it rationally and only agreement with the left's accepted anti-White narrative is permitted. Whites are becoming a minority at an astonishingly fast rate -- viewed in historical terms -- yet if they object to this Orwellian spectacle, they are denounced as *racist* or *supremacist*. Everyone not hopelessly brainwashed by communist ideology realizes the double standard, but even though Whites founded and built this civilization, the left's agenda of White replacement continues unabated.

Donald Trump has never once spoken sympathetically of Whites as a group. The best thing about the Trump administration is that it's not the Clinton administration. Sadly, Trump has turned out to be the "lesser of two evils," albeit a most eccentric and entertaining one. However, his "deplorable" supporters have been given breathing space and an opportunity to reverse course for at least another two years. What White Nationalists do with that breathing space and opportunity is up to us. The early returns are not promising.

There are two other important questions that are never asked, in addition to the question involving which election America voted to become a non-White country:

First, once Whites become a minority in 20 or so years, how much further do the Democrats and RINOs intend to reduce the White population? To 40%, 25%, 10%, or the

(Continued on page 35)

UN-ASKED (Continued from page 34)

South African goal of 0 percent? Anyone with eyes to see realizes what is taking place is meant to be an irreversible process with the final goal being the total elimination of the white race.

Secondly, once Whites officially become a minority, will we then be allowed to show ethnic pride to celebrate our

heritage, as all other racial groups are encouraged to do? Will affirmative action end, along with the institutionalized demonization of White men? Not hardly!

Ideological Chameleons

By Earl P. Holt III

Recently, a CofCC Member in Idaho sent me a newspaper clipping about Derek Black, the only child of our friends Don and Chloe Black at **StormFront**. Derek claims to have experienced some sort of “*epiphany*” in 2013, and then joined our ideological enemies with whom he regularly denounces white nationalism.

In the process, he denounced his parents and the movement to which they’ve devoted so much of their lives, and has even changed his name. Apparently, he occasionally ventures out on a nationwide speaking tour, which was the subject of the newspaper clipping sent to me.

Derek is a painful reminder of just how easy and convenient Cultural Marxism makes it for gullible or timid individuals to “*drink the Kool-Aid*” and then betray their parents, their country, their civilization and their race. That’s because there are numerous rewards for doing so, and endless penalties to sanction those who dare to tell the truth about “taboo” subjects such as multiculturalism, feminism, Zionism, or other varieties of Marxism.

The left is a vast echo-chamber: If you are a leftist, you NEVER have to defend your beliefs to anyone, that is, unless you stray from Marxist dogma. The old “*Loyalist*” slogan during the Spanish Civil War – “**No enemies to the left**” – is still practiced by every Marxist and Marxist apologist on Earth.

This makes life very easy for converts like Derek, who never again have to worry about seeing their First

Amendment Rights of free speech and peaceful assembly trampled by mobs of violent criminals wearing masks to hide their identities and crimes. On the rare occasions when leftists actually DO experience counter-demonstrators, the latter are usually well behaved and law-abiding.

Truth is an exceptionally rare commodity in this day and age, and the penalties paid by white nationalists for merely uttering such truths can be greater even than the loss of employment. Conservatives, white nationalists, heterosexuals, Christians and Republicans are routinely censored for their views by the Corrupt Leftist Media and by the Pharisees of social media, and they aren’t awarded any literary prizes, either.

On the other hand — as in Derek's case — those who convert to the left are always rewarded with speaking tours, job opportunities, fawning approval, or other incentives including professional awards. For example, if you are a journalist who trades in fake news to defame your ideological enemies, the industry will always find another job for you once your lies are exposed, just as it did in the case of Dan Rather and countless others.

One of the more interesting anecdotes from that newspaper clipping involved the fact that **New College** -- the liberal arts school Derek attended in Sarasota, Florida -- was seriously considering expelling him because of his views.

(Continued on page 36)

CHAMELEONS (Continued from page 35)

The Bolsheviks who run so-called “*higher education*” have made every college campus a place where common sense and empirical fact go to die, and their emissaries then vilified. The Left knows perfectly well that naïve and

gullible college students could never stand up to being made a pariah by fellow students, nor have the temerity to fight expulsion from their educational institution.

Derek Black is merely one more victim of Cultural Marxism’s “*long march through the institutions.*”

Nigro Skin Privilege

By Earl P. Holt III

Persons of color and their communist allies spend an awful lot of time denouncing whites for what they allege to be our “*white skin privilege.*” While it’s true that whites have certain advantages over blacks, those advantages arise almost exclusively from the 15 point average IQ disparity that favors whites over blacks in the U.S.

There is also a less measurable advantage that whites possess: Being more highly evolved, most of us do not revert to the primitive tribal instincts that are so typical of most blacks, since we are more likely to value Rule of Law. Those primitive tribal instincts of blacks must be genetically-based, since they have endured despite 400 years of exposure to the First World civilizations created by whites.

Their primitive tribal instincts are particularly evident when one of them gets into serious legal trouble. It is at this point that one can clearly see what amounts to “**Black Skin Privilege,**” or the phenomenon of blacks routinely rallying to ensure their fellow blacks escape legal consequences for their seemingly endless misdeeds.

O.J. SIMPSON: Everyone with an IQ in excess of 60 realizes that O.J. Simpson murdered his wife and Ron Goldman, the unlucky guy who went to Nicole Simpson’s home to return her glasses on that fateful evening. The evidence against Simpson was overwhelming, but the black morons who served on Simpson’s jury would have acquitted him even if they had viewed videotapes of Simpson committing the two murders and his confession.

Another significant factor in Simpson’s ability to escape justice was the gutless and inexcusable decision of L.A. Prosecuting Attorney Gil Garcetti, who decided to hold Simpson’s trial in Los Angeles rather than in Brentwood where the murders occurred. This ensured the jury would be comprised of numerous dull-witted blacks,

making Simpson’s acquittal or a “hung” jury nearly a foregone conclusion.

JESSE JACKSON: Rather than pay child support for his black bastards, this phony and sanctimonious liar embezzled hundreds of thousands of dollars from his phony tax-exempt charities to pay his child-support. Then, instead of prosecuting this serial liar for Tax Fraud, Jackson was let off the hook by George Bush Sr.

The cowardly and incompetent Bush Administration declined to prosecute Jackson because they were intimidated by the inevitable outcry that would have been orchestrated by every race-hustler in the U.S. Blacks routinely allege they are singled out for prosecution, when in fact, the truth is the exact opposite.

ALCEE HASTINGS: Rep. Alcee Hastings (D-FL20) is a proud member of the **Congressional Black Caucus**, as well as one of only six individuals in U.S. history Impeached and removed by Congress from a federal judgeship. He was the first federal judge to be charged with a crime while serving on the federal bench.

In 1988, Hastings was impeached by a House vote of 417 to 3 for “**conspiracy and obstruction of justice for soliciting a \$150,000 bribe in return for reducing the sentences of two mob-connected felons convicted in Hastings’ court.**” He was then removed by the Senate.

After being elected to Congress in 1992 from an overwhelmingly black Congressional District – one that naturally includes the cesspool known as Broward County -- Hastings hired his longtime girlfriend as an employee in his office. He has paid her the maximum congressional salary, a total of \$2.4 Million since 2000. Hastings also

(Continued on page 37)

PRIVILEGE (Continued from page 36)

employs his girlfriend's daughter and the wife of a former staffer who was earlier convicted of money laundering.

His legal and ethical problems clearly don't offend the black garbage in Florida's 20th Congressional District, who routinely return Hastings to office. It is doubtful if any are aware of his Impeachment, and even fewer would care if they knew. The same is equally true of his nepotism, although no constituent of Hastings would be familiar with the term.

JUSSIE SMOLLETT: Fearing that his acting career was flagging, this black queer staged a phony "hate crime" against himself to capitalize on the resulting media "feeding frenzy" he knew would follow. Fortunately, his two accomplices cooperated with police, and there are even photos of these two burly Nigerians purchasing the materials used in this phony "hate crime," for which Smollett brainlessly paid with a personal check.

Immediately afterward, many crooked nigro "fixers" in the Chicago cesspool came to Smollett's defense, including the Obamas, Jesse Jackson, and even Kamala Harris, that lying nigrass from California who is running for president. The nigrass State's Attorney, Kim Foxx also came to his defense with the usual obstruction of justice for which *those people* are so renowned.

Despite hundreds of thousands of dollars squandered by Chicago Police investigating Smollett's phony allegations, Kim Foxx dropped 16 felony charges against Smollett, while claiming to recuse herself from the case. In fact, she continued to call the shots in the Smollett Case throughout the investigation. This "pantomime" justice led to the resignation of Chicago's *Chief Ethics Officer*, as well as her immediate subordinate.

The efforts to run interference for Smollett by Illinois State's Attorney Kim Foxx were so patently illegal – as well as flagrant and poorly executed -- she is now under investigation by the State of Illinois and the **U.S. Justice Department**.

ISMAIL ABRAHAM: This case demonstrates that one needn't be a celebrity to benefit from "*Black Skin Privilege*." In a recent New York City case, this 18 year-old nigro gang-banger was arrested with a stolen revolver in an incident that was captured on videotape. He is a

member of the **G Stone Crips** and has four prior arrests, including two for gun possession within the past year.

Rather than throw the book at him, however, nigrass Judge Ellen Edwards refused to set the \$25,000 bail for Abraham requested by prosecutors. Instead, she ordered him to observe an 8:00 p.m. curfew, and write a report on gun violence in the black community. (I'm NOT kidding!)

While several police officers criticized Judge Edwards for being a typical "*out of touch*" judge, the truth is far more sinister. The judge is well aware of what she is doing: Her tribal instincts compel her to side with her fellow blacks over public safety, while she personally enables their violent, savage and witless predispositions.

ADAM CLAYTON POWELL: Powell flagrantly embezzled funds in a manner that is now common among black officials, but was fairly novel at the time. In addition, for six years he paid his third wife as an employee of his congressional office, even though she probably couldn't find the Capitol Building, had never performed any work for his office, and had returned to Puerto Rico six years before. (Essentially, U.S. taxpayers paid her alimony.)

As a result, a majority-Democrat House refused to seat Powell in 1967 and stripped him of his Committee Chairmanship pending a Judiciary Committee investigation. Powell sued the Speaker based on the refusal of the House to seat him -- House Resolution 278 -- but the resolution was overturned by the U.S. Supreme Court in **Powell v. McCormick** because of unprecedented and unconstitutional judicial activism by the Warren Court.

In the meantime, Powell ran for reelection to Congress in a Special Election in 1968, and was re-elected by the same black trash in Harlem that commit most of New York City's crimes. They were exceedingly tolerant of Powell's misdeeds and wouldn't think of allowing a few felonies by their congressman to stand in the way of his political ambitions.

It is no coincidence that Powell's successor in Congress, Charles Rangel, was guilty of even more flagrantly criminal acts -- including multiple counts of tax fraud -- despite Rangel being Chairman of the **Ways and Means Committee** and Chairman of the **Joint Committee on Taxation**.

PRIVILEGE (Continued from page 37)

The incredibly low standards of personal conduct that blacks invariably demand and establish for other blacks become self-fulfilling prophecies. In a variation of the old adage, "*monkey see, monkey do*," they observe others of their race get away with murder -- literally in the case of O.J. Simpson -- and assume they can get away with their own misdeeds, as well.

What society needs to do is hold blacks to higher standards of personal conduct, and not allow blacks to perpetuate the astonishingly low standards that are now tolerated. In the long run, this will make them better citizens, rather than encourage the criminal subculture in which they flourish.

The Peaceful Majority

By Valerie Protopapas

We are repeatedly told by supposed "experts" that Islam is a "*religion of peace and tolerance*," and that most Muslims wish to live in harmony with their non-Muslim neighbors. Although this unqualified assertion *may* be true, it is also irrelevant. It is a meaningless diversion intended to obscure the specter of fanatics rampaging across the globe in the name of Islam.

It is the *fanatics* who dominate Islam at this moment in history. It is the fanatics who march and it is the fanatics who wage any one of 50 shooting wars worldwide. It is the fanatics who systematically slaughter Christians and tribal groups throughout Africa, and are gradually taking over the entire continent in an Islamic wave.

Likewise, it is the fanatics who bomb, behead, murder and "*honor kill*." It is the fanatics who take over mosque after mosque and use them as military bases. It is the fanatics who zealously preach the stoning and hanging of rape victims and homosexuals. The hard fact is that the "peaceful majority" is also the "silent majority" and as a result, is often cowed into irrelevance.

The Soviet Union was peopled by Russians who wanted to live in peace, yet Soviet Communists were responsible for the murder of around 56 million people. The peaceful majority were both irrelevant and its victims. China's huge population was peaceful as well, but Chinese Communists managed to kill a staggering 60 million of their own "peaceful" citizens during Mao's so-called "*Cultural Revolution*."

The average Japanese prior to World War II was not a warmongering sadist. Yet, Japan tortured and slaughtered its way across Southeast Asia in an orgy of killing

that included the systematic murder of 12 million Chinese civilians, most of whom were killed by sword, shovel, and bayonet. And, who can forget Rwanda, which collapsed into butchery as its two most numerous tribes murdered one million of each other using primitive tools. But, could it not be correctly said that the majority of Rwandans were "peace loving?"

History lessons are often both simple and blunt, yet we often miss the most basic of points: Peace-loving Muslims have been made irrelevant by their silence and their weakness. Furthermore, even peace-loving Muslims will be our enemy eventually, because they will find that the fanatics own them.

Peace-loving Germans, Japanese, Chinese, Russians, Rwandans, Serbs, Afghans, Iraqis, Palestinians, Somalis, Nigerians, Algerians, and many others have died because the peaceful majority did not speak up -- much less *rise* up -- until it was too late. And as for those of us who watch it all unfold, we *must* pay attention to the only group that counts: ***The fanatics who threaten our way of life.***

Lastly, we must look at what is going on in America today. Most rational people believe that only "the crazies" want communism, perversion and all the rest of the insanity that is going on now, but their world -- the CRAZY world -- is becoming our reality even as we reject that possibility.

So it would seem that WE are "the peaceful majority" and, if we do NOTHING, we will suffer the fate of that particular group throughout history.

Censorship: The Left's Black Hole

By Valerie Protopapas

The news is filled with horror stories about so-called “hate speech” and the people guilty of this great crime against humanity. They are always given names: At one time they were called “birthers” or “truthers,” but now they are called “deniers,” as in “climate change deniers” or “holocaust deniers.” No matter what they are called, they represent a point of view that is unacceptable to our political class.

Interestingly enough, it really doesn't matter how well they can prove their case because facts are of little interest. All that matters is that the dogma of our political class is accepted and espoused at all times. Indeed, the more able “deniers” are to prove the legitimacy of their heretical point of view, the more viciously they are persecuted.

People have actually been imprisoned for questioning the accuracy of accounts of the Jewish “holocaust” that is said to have taken place during World War II. According to their claims, the Nazis murdered six million Jews in various pogroms and camps throughout Europe. Holocaust deniers reject that claim and allege different figures and scenarios. Interestingly enough, they don't say that *no* Jews were murdered, but that the six million figure generated by the Soviet NKVD may have been inflated in order to produce a specific agenda.

The point of this article is not the accuracy of *either* side in these matters. Were the “birthers” right or wrong about Obama's birth certificates? Are the “truthers” right about 9/11? Is climate change solely the result of human activity or are there other causes? Were six million Jews murdered by the Nazis? The real problem is not any of these questions.

The real problem is the fact that there are those who will not permit these questions to be asked, nor accept an answer contrary to the existing orthodoxy. Hence,

those who question the acceptable narrative do not simply represent a “minority viewpoint” — although they are often a majority viewpoint — but because they represent an UNACCEPTABLE viewpoint that cannot be permitted expression!

This is a far cry from defending one's position based upon evidence, as in “climate change” or historical revisionism, but a demand that the establishment shut down unacceptable viewpoints by any means necessary *including the law*.

With the institutionalization of “political correctness” by Cultural Marxists, the concept of hate speech has morphed from a cultural rejection of actual “hateful” speech -- once protected by the First Amendment -- to the expression of *any* speech not acceptable to an increasingly arbitrary and capricious establishment dominated by leftists. As a result, we have witnessed the rise of increasingly severe censorship against ordinary conservative and libertarian posts by media giants such as **Google, Facebook, Twitter** and **YouTube**.

On the other hand, routinely crude and offensive messaging by the left is tacitly condoned, even as the most benign comments coming from the right experience censorship and their authors given no recourse or redress other than to abandon further involvement with the company.

The eventual result of this destruction of free discourse is the destruction of freedom itself, and may herald a society based upon a political-economic system that has proven to be the most murderous in human history. And still Americans sit back and hope for better days while we watch our liberties and our future disappearing into a black hole of censorship that we are not even permitted to publicly acknowledge.

A Trump 3rd Party?

By Earl P. Holt III

Pat Buchanan once remarked that if the Democrats submitted a bill to burn down the Capitol Building, the Republicans would offer an alternative amendment to phase it in over three years. The Great Buchanan was being facetious, but it's almost come to that: With the exception of the **Freedom Caucus** in the House, few "*Republicans*" have done anything but betray us for decades.

While President Trump was recently in Europe to commemorate the 75th Anniversary of D-Day, the misnamed "*Senate GOP Leadership*" in Washington busied themselves by betraying him as they usually do.

Mitch McConnell (R-KY,) Roy Blunt (R-MO,) Joni Ernst (R-IA,) John Thune (R-SD,) and John Barasso (R-WY) held a press conference to announce their opposition to President Trump's plan to impose tariffs on Mexico until that country is no longer a conduit for illegal immigration from the shit-holes of Central America.

Each of these Senators routinely run as conservatives back home, but are actually whores owned by the K Street lobbyists, the Koch Brothers, Wall Street and the Chamber of Commies. Their masters routinely march them out to support open borders and oppose any common-sense solutions by President Trump to resolve our illegal immigration crisis.

Trump deserves much better than the gutless backstabbers who comprise the vast majority of the GOP in both houses of Congress. What's even clearer, **THEY** don't begin to deserve HIM! It's high time Mr. Trump took some decisive measures to show these quislings that most of them would actually be working for a living were it not for his coattails and leadership.

Anyone who makes the mistake of contributing to the **Republican National Committee** (RNC,) is merely supporting the very people who have hamstrung and betrayed the vast majority of President Trump's initiatives since he took office.

Even worse, during the Mueller investigation, most hid in the tall grass where GOP cowards can always be found.

Few have ever defended Trump and they no longer deserve OUR support. Send your campaign contributions to the **Freedom Caucus** in the House, not the RNC.

These are the same bunch who had significant majorities in both Houses of Congress for two years but never had the balls to repeal **ObamaCare**, the worst piece of legislation ever enacted by the U.S. Congress. RINOs campaigned "back home" against **ObamaCare** and immigration, but later proved they are just as comfortable in the Washington "*Swamp*" as "Democrats."

Secondly, President Trump needs to find loyal candidates to challenge Congressional incumbents who failed to support him. His phenomenal support among REAL Republicans and many "independents" should make it a simple proposition to eliminate all those Senate and House RINOs who have betrayed us for decades. The simplest and most cost-effective way to rid ourselves of these worthless swamp-creatures is to "PRIMARY" them out of office.

If this tactic doesn't succeed, then it's high time President Trump left the so-called Republican Party and formed his own third party. The GOP has done little or nothing for him, while he has performed an enormous service by saving it from its own cowardice and self-dealing. It could be a very successful strategy for President Trump to start his own party.

Third-Party efforts are rarely successful, but we are living in a new and unique political environment. As evidence, consider the fact that President Trump's own party has collaborated with the Marxists, queers, vegetarians, nudists and lunatics in the so-called "*Democrat*" Party in order to hamstring Mr. Trump's efforts to halt the invasion of our southern border by Third World garbage and criminals.

If President Trump takes 55% of the Electorate with him to his new party – as seems likely – that would leave the remaining 45% divided between the *Republicrat* and the *Demoblican Parties*. This may be an unbeatable electoral strategy.

3rd Party (Continued from page 42)

Teddy Roosevelt attempted to reenter politics by campaigning for the presidency in 1912. After failing to win the Republican nomination, he formed the Progressive (or "**Bull Moose**" Party) to oppose Taft, who won the GOP nomination. Roosevelt lost because his traditional

constituency refused to abandon the GOP and follow him to his new party.

In contrast, most Trump supporters have remained disgusted with the betrayals of the Republican Party for so long that to a man (and woman,) they will follow him to any new party. The "independents" are already there.

NEVER GOOD ENOUGH

By Valerie Protopapas

Many years ago I had one of those "maxims" that hangs on the wall like the old Pennsylvania Dutch adage, "**too soon old and too late smart.**" This one had an illustration of two Puritans and the motto was, "**No one is perfect but me and thee—and I'm not too sure about thee.**" I should have kept it because it appears to be the motto of American conservatives.

While one marvels at the fact that the left consists of an amazing collaboration of Muslims, feminists, gays, blacks and other assorted psychotics—all of whom cheerfully hate each other, while conservatives seem unable to maintain simple civility even among those who hold the same points of view and vision for the future!

I am reminded of that old New England saying about the Cabots and the Lodges, two *important* Massachusetts families; that is, that the Cabots talked only to the Lodges and the Lodges talked only to God! The multitude of examples of internecine fratricide among conservatives is without end but at present it is highly visible in *arch-conservative* Ann Coulter's revulsion with *reasonably* conservative Donald Trump!

Now The Donald is no Ronald Reagan, but Coulter probably would have rejected Reagan as well. How do I know? Because within two weeks of Reagan's election, Ameri-

can conservatives were calling for his head because he hadn't thrown every liberal out of D.C., as if that were even possible! This extremely unrealistic mindset of conservatives relative to other conservatives is nothing new. It is simply a reiteration of the old Puritan belief that one must either be "perfect" or one must be rejected.

I have seen conservatives side with *liberals* rather than a fellow conservative who is not sufficiently "pure!" That Coulter should berate Trump when there are so many more *worthy* targets of reproach in the Swamp, defies logic. And God knows, the woman isn't stupid!

Perhaps it has something to do with the moral foundation of conservatism—or at least "*paleo-conservatism.*" Neo-conservatism has no moral foundation that I can see. It is simply "big government" conservatism (a la Nixon) differing from liberals only with regard to who will get to run the show.

On the other hand, "*paleo-conservatives*" tend to have a Scriptural foundation and perhaps that is why they tend to insist -- as do many Christian denominations -- that only *their* interpretation is acceptable to God. Maybe they should ask the Lodges if that is so, because their actions are certainly *not* helping this country and the West.

AOC IS AWOL

A **New York Post** article of February 23, 2019, highlighted Alexandria Ocasio-Cortez' lack of a physical presence in the neighborhoods that she supposedly represents in the **House of Representatives**. She has no district office or local phone number, and apparently cannot be reached by constituents.

It is unclear whether the 29-year old freshman Representative with the big mouth and an insatiable appetite for media exposure – who supposedly represents the Bronx and Queens areas of New York City -- actually **resides** in the **Parkchester** community she designated as home on her voter registration.

The **Parkchester** planned community and the boroughs of Bronx and Queens have been identified as parts of her political odyssey, one that led to her rapid rise to become "boss" of her Freshman Class in the House. This is the most socialist Freshman Class in its 227 year history, and her ascendancy was aided and abetted by her constant media exposure and the adulation of the Jews' Media.

AOC's spokesman, Corbin Trent, has repeatedly refused to answer inquiries about where AOC lives, and no one seems to be able to confirm that she lives in the **Parkchester**, as indicated on her voter registration. Neighbors and businesses in its vicinity cannot recall ever having seen her, kind of like Barack Obama's tenure at Columbia University.

With no district office or listed phone number, her brainless constituents have resorted to leaving notes on what is alleged to be her door at the **Parkchester**, where some think she resides. None have received a response.

Ocasio-Cortez claims Jewish ancestry in the distant past, which is quite evident in the "*chutzpah*" (arrogance) she displayed while campaigning. She accused the nine-term incumbent Democrat she defeated – Joe Crowley -- of being too much a creature of Washington to adequately represent the 14th District, since Crowley resides in Virginia. (At least Crowley had an office in the 14th District so his constituents didn't have to resort to leaving notes on some stranger's door.)

However, AOC is merely following in the footsteps of most American politicians of both parties, who carelessly neglect those whose support permitted them to rise to prominence and elective office in the first place. These politicians quickly neglect the interests of voters once they achieve their aims, after which the generosity of K Street lobbyists tend to dominate their priorities.

Despite being an outspoken socialist, it seems AOC has no interest in "*socializing*" with those who elected her.
