

Chicago N*ggers Murder Innocent Couple

by Earl P. Holt III

Some n*gger savages in Chicago found an appropriate way to celebrate "Juneteenth," the new holiday commemorating Lincoln's "Emancipation Proclamation." Their celebration also proves how misguided Abe Lincoln was in "freeing" the very objects of his misguided sympathies.

In the late hours of the following day -- when these n*ggers were still high, drunk and "clubbing" -- they dragged an innocent Puerto Rican couple from their vehicle and shot them multiple times before leaving them for dead in the mean streets of Humboldt Park.

Apparently, the couple made the mistake of displaying a *Puerto Rican Flag* on their vehicle after attending Chicago's 43rd annual *Puerto Rican People's Day Parade*. These two victims never anticipated the staggeringly low IQs and abject savagery of Chicago's street-n*ggers, who mistook their *Puerto Rican Flag* for the dreaded *Confederate Battle Flag*.

Both the male and female victims died from multiple gunshot wounds after being transported to a local hospital.

Many apologists for black savagery have vilified me for calling n*ggers "*violent, savage, witless and predatory.*" It should be pretty obvious who was more accurate in their assessment of the true nature of *Africanus criminalis*, the Great American Nigro.
