

Now It's Clear!

Now we know why the Republican Senate in 2016 refused to confirm Obama's Supreme Court nomination of a seemingly obscure guy named Merrick Garland, right after Ruth "Buzzy" Ginsburg turned room-temperature and went to hell. Garland is a crooked and communist Jew!

Garland is now Biden's Attorney General and recently dispatched FBI Agents to investigate and harass parents who express outrage at their county schoolboards over *Critical Race Theory* being taught to *THEIR* kids with *THEIR* tax monies. Garland is the father-in-law of another leftist Jew who markets "*resource materials*" to school districts that teach *Critical Race Theory*.

Garland's conflict-of-interest should not surprise anyone, because the *New Communist Party of the USA* (NCPUSA,) laughs at the concept of conflicts-of-interest. Ever since Thurgood Marshall sat on Supreme Court school desegregation cases -- for which he had earlier filed *Amicus* briefs as General Counsel for the NAACP -- the Jews' Media has turned a blind eye to conflicts of interest by the members of the NCPUSA.

This has allowed the Jews' Media to ignore Hunter Biden's 411 flights to 29 nations while his father was Vice President, where he attempted to extort bribes that he later shared with his father, the "*Godfather*" of the *Biden Family Crime Syndicate*.

The scum ball who married Garland's daughter is Alexander N. Tanner, founder and principal of *Panorama Education*. This means that Attorney General Merrick Garland is using the FBI to harass innocent parents whose objections to *Critical Race Theory* pose a financial threat to his daughter and his son-in-law. (One might label this *chutzpah* an example of the oxymoron, "*Jewish Ethics*.")

In his second administration, President Trump should make it his highest priority to appoint reliable people to investigate and indict the criminal element in the Biden Administration, even if we must expand our federal prison system to do so.
