

Strange Times, Indeed

by Earl P. Holt III

Being a "*progressive*" locale, the **Loudon County School Board (LCSB)** in Virginia adopted a policy that allowed *transgendered* male students to use restroom facilities normally reserved for biologically female students in less "*enlightened*" areas. The public was assured by deep-thinking *progressives* on the LCSB that any reservations over such a policy were "*misplaced*."

On May 28th of 2021, a 15 year-old white girl at Loudon County's Stone Bridge High School was raped and sodomized by a "transgendered" male in one of those Stone Bridge High School girls' restrooms. The offender was also 15, and often wore a dress to school to demonstrate that he was equally as "woke" as the Loudon County School Board.

Strange things happen in *enlightened* areas and Loudon County is no exception. The parents of the victim were told by school authorities only that their daughter had been in a "*physical altercation*" with a male in a restroom. The school clearly intended to handle the incident *in house* to avoid lawsuits and bad publicity. Based on highly inaccurate reports to police by **Stone Bridge** school officials -- that didn't include the violent offenses committed -- the rapist was turned over to juvenile authorities.

Juvenile authorities required the offender to wear an ankle bracelet and remain under house arrest in his mother's townhouse. He was only charged as a juvenile, and given a plea deal with a reduced charge of one count of sexual assault. In addition, he was transferred to another school where he soon engaged in a SECOND SEXUAL ASSAULT against a female student after forcing her into a vacant classroom, holding her against her will and molesting her. (I'm betting he's a NIGGER!)

The prosecutor in Loudon County is one of those "*progressives*" whose campaign for public office received \$850,000 through third-party organizations funded by that Jew-communist, George Soros. Her name is **Buta Biberaj**, and she an Albanian Moslem immigrant who campaigned against incarceration. She is also a close ally of the leftist trash that dominates the supposedly "*enlightened*" **Loudon County School Board**.

At its meeting on June 22nd of this year, the LCSB was busily engaged in lying to concerned parents about its new "*transgender*" bathroom policy, and **claiming that no record existed of any incidents that might demonstrate the policy was a poor idea**. This prompted the father of the first rape victim to try to repudiate the LCSB's lies and tell assembled parents the truth about the rape and sodomizing of his daughter, which had been carefully concealed by the Jews' Media and the LCSB.

When the victim's father attempted to speak, he was heckled by queers and communists planted in the audience and immediately censored by the LCSB. When he angrily responded to hecklers, he was quickly arrested by police and led away and charged with disorderly conduct and resisting arrest. He was later denounced as a "*domestic terrorist*" by the *National School Boards Association*, a rogue's gallery of the kinds of imbeciles and traitors who are busily destroying public education.

That Soros-elected Loudon County prosecutor initially permitted a plea deal in the case of the rapist -- prior to his second offense -- but she *threw the book* at the rape victim's father, for whom she is demanding jail time and personally prosecuting his case.

This is what white people get when they abdicate their responsibility to REMOVE "*progressives*," communist Jews, niggers, Moslems and queers from public office. If every decent and law-abiding white person took the time and effort to merely inform themselves marginally -- and vote in every election -- we could take this country back in two years

from the traitors, criminals and scum that are now subverting it and stealing it.
