

Jews' Media: Accomplices to *MURDER* !

The n*ggers, Jew-communists, queers and professional liars in the corrupt leftist media are accomplices in the tragic murder of six innocent whites in Waukesha, Wisconsin and the crippling vehicular assaults sustained by dozens of others during that city's *Christmas Parade* on November 21st.

For more than a year, these lying bastards and their comrades in the New Communist Party of the USA (NCPUSA) -- often laughingly called "Democrats" -- accused Kyle Rittenhouse of being a racist murderer and a "white supremacist." This was their perverse and dishonest effort to taint and prejudice the Rittenhouse murder trial jury.

Although everyone involved in the original shooting incident in Kenosha was white, the Jews' Media's corrupt narrative somehow labelled Rittenhouse a "racist" for defending himself against armed and violent white terrorists, and his trial became a referendum on violence committed by "white supremacists."

Although Kyle Rittenhouse had been acquitted by a courageous jury of his peers, low-IQ n*ggers were left with the impression that Rittenhouse had somehow gotten away with murder and violence against fellow blacks. This was the impression fabricated by the professional liars and disinformation agents in the Jews' Media, and that his acquittal was attributable to "white privilege."

Facts, evidence, logic and reason play no role in the minds of most blacks, whose hearts and minds are infinitely more often influenced by rumor and primitive superstition. That's why a sub-human, n*gger jungle-ape drove his vehicle through the *Waukesha Christmas Parade*

and murdered six innocent victims and seriously injured dozens of others: his tiny brain was outraged at the Rittenhouse acquittal.

Like most n*ggers, he sought revenge in his own violent, savage, witless and predatory way. The endlessly dishonest narratives of the Jews' Media had so distorted "*reportage*" of the incident and subsequent trial, this mass-murderer -- who mowed down children and elderly whites at the *Waukesha Christmas Parade* -- probably assumed he was doing a good deed.

If ever there were evidence of the need to use anti-trust powers to break-up the oligopoly that leftist Jewish ownership has over the news media, their corrupt and dishonest "*reportage*" of the incident in Kenosha -- and the subsequent trial of Kyle Rittenhouse -- is conclusive evidence and a classic case study.

Their lies and distortions reporting the original incident, and their attempts to intimidate and prejudice the jury illustrate the profoundly injurious consequences to society of their corrupt and dishonest behavior. They have become so dishonest and un-American, they can no longer be tolerated.
