

"Normalizing" Pedophilia

by Earl P. Holt III

In its endless quest for euphemisms to obscure its moral and intellectual degeneracy, the communists now want us to call pedophiles "**MAPS**," an acronym for "**minor-attracted persons**." With their usual sinister approach, queers, circus freaks and perverts are attempting to remove the stigma from child-molestation.

Shakespeare famously asked in *Romeo and Juliet*, "**What's in a name? That which we call a rose by any other name would smell as sweet.**" By the same token, pedophiles are slimy perverts who wish to prey on your children -- no matter how you label them -- and their conduct can only be deterred by harsh penalties imposed by our criminal justice system.

Yet, de-criminalizing sex with underage children and removing its stigma has been the agenda of the **North American Man/Boy Love Association** (NAMBLA) for decades. The predation that dare not speak its name wants to mainstream its movement, and crawl out of the filthy back-alleys and bath-houses where its practitioners have been hiding for millennia.

It was such queers who convinced the Loudon County School Board in Virginia (LCSB) of the need to accommodate so-called "transgenders" and permit otherwise biological males to use the girls' restrooms in its county high schools. Their "woke" policy allowed a transgendered nigger to rape and sodomize a 15 year-old white girl in a girls' restroom at its Stone Bridge High School. The board then lied at the next PTA Meeting by claiming that no such incident took place.

We need to come to grips with the fact that we have allowed many people who are unfit to scrape dead animals from the roadside to serve

in positions of authority and responsibility at city, county, state and federal levels of government. They must **ALL** be retired without hesitation. Replacing that ***Loudon County School Board*** would be a good start.

The *New Communist Party of the USA* (NCPUSA) -- often mistakenly called "Democrats" -- has been busily assisting attempts to *mainstream* the views of the filthy perverts who belong to the ***North American Man/Boy Love Association*** (NAMBLA.) They want to de-criminalize all the perverse sexual behavior they simultaneously promote through the indoctrination of grade school kids. They have targeted your children as potential victims.

50 years ago, Phyllis Schlafly and other visionaries recognized that the communists and their queer constituencies have sought to subvert the institution of marriage by "re-defining" it. With the arbitrary and capricious Supreme Court decision in *Obergefell v. Hodges* -- permitting homosexual marriages -- the floodgates were released in 2015 for queers and perverts to pursue de-criminalizing and mainstreaming of every variety of perversion since Sodom and Gomorrah burned.

This endless sexual indoctrination of children in the public schools consists of "*Storytime*" readings by transgenders and other queers, their inclusion in *Gay-Pride Parades*, the content of certain films and literature, and attempts to "*mainstream*" transgendered males.

These efforts have been correctly characterized by knowledgeable experts as "*desensitizing*" children by "*grooming*" them to become more vulnerable to recruitment and their eventual seduction by adults. Never lose sight of their objectives.
