

October Surprises

by Earl P. Holt III

The so-called "*Democrat*" Party -- more accurately designated the ***New Communist Party of the USA*** (NCPUSA) -- is heavily dependent upon devious and nefarious tactics to advance its ideological ambitions. Its primary electoral strategy is voter fraud and its secondary electoral strategy is to brazenly lie. **For several recent election cycles, its THIRD electoral strategy has been a series of "October Surprises," timed to achieve an artificial "bounce" in support immediately before an election.**

2008 Sub-Prime Mortgage Crisis: Because the Jews' Media have shielded their failings for decades, the NCPUSA has never been held accountable for creating the catastrophic "***Sub-Prime Mortgage Crisis***" in 2008. Its seeds were sown in the late 1970s when the *NCPUSA* controlled the presidency and both Houses of Congress, allowing it to enact the ***Community Reinvestment Act of 1977***. This law created racially-based lending quotas for large, interstate banks, forcing them **to lend to deadbeat minorities with terrible credit histories.**

The law was predicated on the false claim that "*discriminatory*" lending practices have created America's black "*ghettos*" rather than violent crime, vandalism, subsidized housing, laziness and irresponsibility. Its consequences were TRILLIONS of dollars in defaulted mortgages that were ultimately assumed by ***Fannie Mae and Freddie Mac***, for which taxpayers are still paying. The resulting financial crisis generated a major recession that helped elect America's first black, communist, Muslim and probably homosexual president, and allowed his NCPUSA to introduce all kinds of treasonous mischief into the U.S. economy during his administration. For example, the staffing of the "*Deep Sate*" with corrupt and traitorous whores reached its zenith during the Obama regime.

Benghazi (2012): I believe the September 11th, 2012 **siege of our Benghazi Consulate was the Obama Administration's attempt to generate an "October Surprise"** immediately prior to the November Presidential Election. A terrorist assault on the U.S. Consulate in Benghazi was both inevitable and eminently predictable. Indeed, it was probably **INVITED**: What was not anticipated was that Ambassador Stevens and three others would be killed, rather than merely taken hostage.

The attack on an American Consulate and the capture of Consular Personnel would have afforded Obama a serendipitous opportunity to negotiate with Libyan Authorities for their release. With the assistance of the Jews' Media, any successes would have been portrayed as the greatest humanitarian effort since the *Normandy Invasion*, and would probably have secured an Obama reelection landslide and a second *Nobel Peace Prize*.

This explains the glaring lack of security at the Benghazi Consulate: Security Guards in the form of Navy Seals were not issued ammunition for their weapons; Moreover, Consular personnel had made repeated and frantic requests for additional security for several months prior to the attack, only to see their requests rejected each time by the Obama Administration; And, in addition to the absence of an armed Marine Guard, a 16-Man security team at the consulate was disbanded and sent home approximately a month before the attack.

The assault on the Consulate was viewed by the *National Security Agency* and *State Department* in "real time" -- thanks to drone technology -- but no forces were scrambled to attempt a rescue mission. Even a DC-3 that could have whisked all Americans away from Benghazi was removed a month before the attack. Armed "*attack drones*" could also have been employed to thwart the assault on the Consulate, but none of these responses were part of the Obama re-election *game plan*.

The U.S. Consulate in Benghazi was clearly being used by the Obama regime to arm anti-Gaddafi forces in Libya. For this reason, Obama was certain that the rebels attacking the Consulate would be loyal to him, a fellow Muslim, and follow his "*game plan*." When the rebels went "*rogue*" and murdered Ambassador Stevens and three other Americans, the Obama regime was forced to resort to those feeble lies about the assault being "*spontaneous*" and carried out by Muslims who were somehow offended by an obscure anti-Islam video posted on **YouTube**.

2016 Steel Dossier: In 2016, Hillary Clinton's presidential campaign and the **Democrat National Committee** conspired to create **fraudulent allegations against candidate Donald Trump** using a maze of "*cut-outs*" or third parties to hide their criminal conspiracy. The result was the so-called "*Steele Dossier*," which was filled with salacious allegations -- obediently disseminated by the Jews' Media -- that over time would prove to be entirely fabricated and libelous. It was these false allegations in the *Steele Dossier* that provided the "*predicate*" for a dozen corrupt Obama holdovers at the DOJ and FBI to repeatedly perjure themselves before the FISA Court in order to spy on Trump and his campaign.

The *Steele Dossier* was distributed to communist Jews beginning in mid-summer of 2016, just in time for the Jews' Media to do the dirty work of disseminating it in an attempt to destroy the Presidential ambitions of Donald Trump and improve those of Hillary Clinton. Fortunately, a growing sophistication among America's electorate allowed most voters to smell a rat from the very beginning, thus electing Donald Trump in a landslide despite the efforts of the *Steele Dossier's* authors.

2020 COVID Pandemic: We have recently learned that not only did the *Wuhan Institute of Virology* create the *ChinaVirus*, but that the increased virulence and transmissibility of the virus -- called "*gain of function*" research -- was **funded by U.S. taxpayers!** During the Obama regime in 2014, Anthony Fauci's *National Institute of Allergy and Infectious*

Diseases and the Pentagon conspired to shower millions of dollars in grants to fund what essentially became China's *Virologic Warfare Program* at the Wuhan Lab. This funding was laundered through ***EcoHealth Alliance*** of New York, which in turn directly funded the *Wuhan Lab's* research that created the *ChinaVirus* that has killed 800,000 Americans thus far.

The COVID-19 pandemic was exploited during the 2020 Presidential Election to permit **massive voter fraud** by giving **"SWING"** states -- where the vast majority of U.S. voter fraud occurs -- **an excuse to mass-mail Absentee Ballots to every registered voter, whether living, dead or illegal.** These were then used as a device to dramatically increase the number of fraudulent votes for NCPUSA candidates at every level by generating hundreds-of-thousands of fraudulent and forged Absentee Ballots.

The NCPUSA is a political party that is heavily dependent upon "crises" of their own manufacture to improve their electoral success. The above examples clearly illustrate one particular electoral strategy, that of an "October Surprise." In every future election, decent Americans should be extremely skeptical of supposedly "spontaneous" events that take place just before an election.
