

America's *TRUE* Racists

I've always been puzzled by the way Americans of Asian heritage tend to gravitate toward the "*Democrat*" Party. It never made any sense to me, and it's similar to the disconnect I've seen among non-communist Jews.

A Jewish couple once proudly volunteered to me that they were "*proud Democrats*," to which I replied, "*You mean the party of Al Sharpton, Louis Farrakhan and Jesse Jackson?*" How non-communist Jews could find common cause with race-hustlers like *Sharpton & Company* still leaves me bewildered. Most nigras hate the Jews, and most Jews have nothing but contempt for the *shvartzes*.

Likewise, it's been obvious to me for decades that the nigras hate Asians, as well. They are profoundly envious of Asian intelligence, their industry, their discipline and their thriftiness, characteristics that clearly distinguish them from 95% of all blacks in this country. Asians are also at the opposite end of the spectrum from blacks when it comes to obeying the criminal law.

In the Mid-Summer of 2021 issue of the *CITIZENS INFORMER*, I wrote a brief *Letter-to-the-Editor* describing the subdued reaction of blacks on the *St. Louis School Board* to a Vietnamese kid in the *St. Louis Public Schools* who was awarded the prestigious *Gold Medal* from the *St. Louis Science Fair*. I described the reaction of black board-members as "*...extremely reserved in their applause and seemed to pantomime the act of clapping. They also appeared noticeably bored by the whole thing.*"

About a year ago, some Asian-American rights organization began running ads on cable TV about an increased incidence of violent crimes committed against Asians in America. Although none of the ads had the

guts to specify who was actually perpetrating these crimes -- and made it sound as if everyone were equally guilty -- I knew as sure as the Sun rising in the East that it was the nigras who were committing those hate crimes.

My suspicions were recently confirmed by police in San Jose, California who arrested six black bastards who engaged in more than 170 violent assaults against more than 100 Asian women in the San Francisco area. Believe it or not, they are actually being charged with HATE CRIMES! (I'll leave it to readers to ponder whether the same charges would be made if the victims were *merely* white women...)

Then, in mid-January of 2022, a savage ape pushed an Asian woman named Michelle Go onto the tracks at the *Times Square* subway station where she was killed by a passing train. True to form, the murderer was a smelly and homeless baboon with a decades-long rap sheet. In marked contrast, his victim was an executive at Deloitte who had earned a B.A. in Economics from UCLA and an MBA from New York University.

The spike in these kinds of crimes appear to have begun at the same time as the *ChinaVirus* pandemic began. Leave it to the nigras to react mindlessly by blaming every Asian for the *ChinaVirus*, even as the Jews' Media labor to discourage us from stereotyping blacks on the basis of violent crime, welfare, illegitimacy and illiteracy.
