

# Late Winter Black Murder Roundup

by Earl P. Holt III

**Ashley Lambert:** This 37 year-old white woman was strangled to death by a savage n\*gger in Baltimore in April of 2021. The police arrested a black baboon who may be a serial murderer, and who was using the victim's credit card immediately after her murder. Police stated that the suspect initially "**gave several versions of events that contradicted the evidence**" recovered at the murder scene and inside his residence.

**Ryan Pendergast:** This 21 year-old white male was fatally shot in Magna, Utah by a mixed-race rat-ape in April of 2021. Police believe the rat-ape attempted to abduct a woman who was with Pendergast, when the victim heroically attempted to intervene and prevent her abduction before he was fatally shot by the rabid ape.

**Ryan Kane Decker:** This 46 year-old white male was shot to death at a Minneapolis gas station in March of 2021 by a rat-n\*gger. The Jews' Media -- which won't acknowledge the race war we are in -- reported that Ryan Decker got into an argument with a black savage after the latter accused him of brushing into him while waiting in line, a common excuse for subhuman street-apes to initiate violence and savagery.

**The suspect allegedly shot Decker for calling the suspect a "n\*gger," which is a common lie used by n\*ggers who believe it is an affirmative-defense to their murder of whites.** Ryan Decker denied calling this nigger a "*nigger*" before he was shot to death, and the nigger probably just wanted an excuse to demonstrate his sub-human, violent and primitive instincts.

**Rachel Witcher:** This 21 year-old white woman was shot to death by a n\*gger in Dallas in March of 2021. Police have arrested a 32 year-old member of the species *Africanus criminalis*, but have not provided a

motive or any indication if the victim and the n\*gger savage even knew each other. Usually, this means a drug deal turned into an armed robbery and fatal shooting.

**Kellie Jones:** This 43 year-old white woman was intentionally and fatally run down by a vehicle at a homeless shelter in Santa Rosa, California in March of 2021. A black ape with the intelligence level of *Homo habilis* had earlier been in a confrontation with another man at the shelter, and intentionally drove his vehicle into the man's tent, killing Jones and injuring her companion.

**Max Lewis:** This white, 20 year-old University of Chicago student was riding a *Chicago Transit Authority* train home when he was "randomly" shot in the neck by a rat-n\*gger whose species isn't worth the price of a single bullet. Tragically, Max Lewis instantly became a quadriplegic, but courageously asked to be removed from life-support several days later.

**Max Lewis**

**Sarah Goode:** This 21 year-old white mother of an infant daughter was murdered by a n\*gger in June of 2014 on Long Island, New York. Her murderer was a n\*gger acquaintance of Sarah, who lured her from her home late one night. When she rejected his sexual advances, he beat and stabbed her to death and raped her before abandoning her body in a wooded area.

The n\*gger murderer had piercing green eyes, which may have been his appeal to women other than Sarah. **Beware of n\*ggers with green or blue eyes: They are brighter than most blacks by virtue of having significant amounts of Caucasian DNA, but they still retain the violence, savagery and predatory nature of *Africanus criminalis*.** At least this rabid ape had the decency to kill himself in prison. Clearly, nothing became him in life like the leaving...

**Victim & Deceased Rabid Ape**

**Scott Nelson & Richard Stephenson:** These two, 17 year-old white high school students became lost on their way to a Louisville high school football game in late September of 1984. They made the mistake of asking for directions from two sub-human n\*gger animals at a fast-food restaurant, who offered to escort them to the game.

Instead, the two black savages abducted them at gunpoint and took them to a vacant lot where they raped one victim before binding, robbing and murdering both. One savage ape is serving a life sentence and the other remains on "Death Row" after nearly 40 years. Their crimes were tagged the "*Trinity Murders*" after the high school the two innocent victims attended.

**Jessica Chambers:** This 19 year-old white girl from Courtland, Mississippi was set ablaze by a n\*gger in 2014 and died of her injuries the next day. The likely perpetrator was her former boyfriend, and it is speculated that

she had attempted to leave him. She learned much too late in life that **if you date a nigger, you'll need a grave-digger.**

**Brandon Stamey:** This 24 year-old white male was shot to death by a n\*gger in Cleveland, Tennessee in May of 2021. Police have arrested a rat-n\*gger they believe "*targeted*" Brandon Stamey, and charged the perp with first degree murder. The black bastard fled to Dalton, Georgia where he was apprehended.

**Brandon Stamey and murderous rat-n\*gger**

**Jessica Newcomb:** This foolish 21 year-old white woman was murdered by a vicious rat-n\*gger in Mobile, Alabama in May of 2017. The murder victim was an escort who advertised on [Backpage.com](https://www.backpage.com) and was robbed and shot to death by a n\*gger who answered her ad. How any white woman could sink low enough to become a prostitute with a n\*gger clientele is difficult to imagine.

**Sarah Jamison:** This 15 year-old white girl was raped and strangled by a n\*gger in a crime no one was permitted to hear about outside of Lynchburg, Virginia in May of 1988. The murderer was a black savage and baboon named Gregory Joyner, who spent 33 years in Virginia's big

house serving what was supposed to be a life sentence-plus-10-years. This monkey-ape was given early release thanks to idiots like Governor Ralph Northam.

**Kaylie Juga:** This foolish and confused 16 year-old white girl was shot to death in Kenosha, Wisconsin by her 15 year-old savage and n\*gger former boyfriend in May of 2019. The black rat-ape planned the murder weeks in advance, and also intended to murder the girl's mother at the same time. The rat-monkey, Martice Fuller was found guilty in March of 2021.

**Kaylie Juga & Murderer**

**Patricia "Patty" Anton:** This 63 year-old white woman was a U.S. citizen who taught grade school and lived in the Dominican Republic. She believed that "*education is the key to peace*" and was an outspoken critic of Donald Trump, whom she called a "*clear and present danger*."

Apparently, those *Third-Worlders* she loved so much didn't reciprocate her sentiments. Six men with Hispanic surnames have been arrested for her murder and robbery in November of 2019, in which she was bound, gagged, tortured and strangled. The level of education among her murderers is indeterminate.

**Michael Zdenek:** This 52 year-old white man was set up and murdered in Indianapolis in a conspiracy dreamed up by the n\*gger whore who lived next door. The murder occurred in October of 2019. The woman lured Mr. Zdenek outside under the false pretense of having "car trouble," where either she or a buck-ape accomplice used a gun to rob him. Mr. Zdenek was shot multiple times when he refused to give her money. When it comes to helping n\*ggers, **NO GOOD DEED GOES UNPUNISHED**, so don't ever help the bastards!

**Mikaela Conley:** This 19 year-old white woman was murdered by a n\*gger and former classmate in June of 2018 in Bar Harbor, Maine. This young woman assumed she could trust this savage n\*gger because the two attended the same high school. Her naiveté cost Mikaela her life. The black savage was sentenced to 58 years for raping and strangling her.

**Mikaela Conley and Savage Rat-N\*gger**

**Eddie Hassell:** This 30 year-old white male actor was murdered by an 18 year-old rat-n\*gger in the course of a robbery in November of 2020 outside his girlfriend's apartment in Grand Prairie, Texas. The rat-

monkey was apprehended a short time later driving Mr. Hassell's Nissan Sentra. From his mugshot, it's very clear the baboon has the IQ of a stalk of celery.

**stalk of celery IQ**

**Margery Magill:** This 27 year-old white woman was stabbed to death in D.C. by an Ethiopian immigrant while walking a dog. This kind and loving young woman once worked for the *Jane Goodall Institute*, but her experiences there could NOT save her from the savagery of a rabid African baboon with an IQ lower than his belt-size.
