

Poetic Justice & Crime

Two recent incidents prove not only that there *IS* a God, but also that he has a sense of humor. Two very stupid women -- who have both worked to weaken and dismantle law enforcement in their respective cities -- were the victims of violent crimes committed by n*ggers over the *Kwanzaa Season*. One victim was nigroid and one was white.

On December 21st, Illinois State Senator **Kimberly Lightford** and her husband were carjacked in a Chicago suburb. The very next day U.S. Congresswoman **Mary Scanlon** (D-Moron,) was the victim of an armed robbery at gunpoint and a car-jacking in Philadelphia. Both of these witless females were supporters of *Black Liars Murder*.

Both were also co-sponsors of bills in their respective deliberative bodies that proposed substituting "*mental health specialists*" for police as first responders to emergency situations. Lightford -- who Chairs the Illinois Senate's *Black Caucus* -- was also an advocate for cutting the **Chicago Police Department's** budget by \$80 Million in 2020. This helped Chicago lead the nation and set new records for murders (834) last year, while armed robberies increased 33% from 2020.

Congresswoman Scanlon's journey into denial and self-delusion came soon after the Philadelphia DA -- a leftist Jew named Larry Krasner -- denied that Philadelphia has experienced a "*crisis of lawlessness*." In truth, Philadelphia set all-time records for murders in 2021, and robberies increased 27% over 2020. Krasner was one of those treasonous and Marxist frauds elected with money from fellow Jew-communist George Soros.

Ironically, the crimes against Lightford occurred only two days after Chicago's clueless lesbian and n*gger Mayor, Lori Lightfoot, had begged the ATF and other federal law enforcement agencies to come to Chicago

and clean-up the mess that she and her fellow n*ggers and "Democrats" have made of that city.

Naturally, the FBI -- which was too busy to investigate massive voter fraud and a stolen Presidential Election in November of 2020 -- responded immediately, and has already arrested the five n*ggers involved in Lightford's car-jacking.

Another irony is that State Senator Lightford helped to pass an Illinois law prohibiting so-called "*racial profiling*" in the 1990s. However, you can bet your *keister* she didn't object when police asked her the race of her car-jackers, and then broadcast a BOLO ("*be on the lookout*") for the five nigs driving Lightford's stolen *Mercedes*.

Thanks to these empty-headed women and other idiots like them in the misnamed "*Democrat*" Party, car-jackings in Chicago have increased more than 32% in the last year to 1,800 in 2021. Likewise, murders in Philadelphia reached a final tally of 562 in 2021.

These incidents follow national efforts to defund police in **BLUE** cities run by niggers and other idiots, and equally foolish efforts by "*Democrats*" to "reform" bail proceedings in order to return dangerous felons to the streets so they can practice their trade prior to their trials.

It's hard not to see the *Hand of God* in these two crimes and their victims.
