

Black Murder Roundup: January of 2022

Det. Stephen Arnold: This 40 year-old white man -- and decorated 12 year veteran of the *Jefferson Parish Sheriff's Office* in Louisiana -- was shot in the line of duty in January of 2016, but died in May of 2021 from his injuries without ever regaining consciousness. He was shot five times by a sub-human n*gger savage while serving a warrant for drug possession and distribution. The jungle-ape is serving a 35 year sentence for gun and drug possession.

For some inexplicable reason, this news story did not garner as much coverage from the Jews' Media as police shootings of armed, black, career criminals who refused to cooperate with law enforcement.

Kristopher Roukey: This 48 year-old white man and father of two was shot to death in May of 2021 by a n*gger in Akron, Ohio. The victim was working as a *Lyft* driver when he was shot to death by a 23 year-old member of the species *Africanus criminalis*, who was quickly identified and has been charged with murder.

Kristin Nicole Mendez: This 33 year-old white woman was shot to death in Winston-Salem, North Carolina by a rat-n*gger in May of 2021 with whom she cohabited. All the usual enablers and apologists for n*gger-on-human murder reflexively blamed the area's recent spate of murders on "*poverty*," rather than its population of savage and predatory apes.

Mud-Shark & Retarded N*gger Murderer

Courtney Lynn Smith: This 37 year-old white woman was shot to death by a black baboon in Springfield, Illinois in April of 2021. The nig has been charged with first degree murder, aggravated unlawful use of a weapon, aggravated battery with a firearm, aggravated domestic battery, aggravated discharge of a firearm and other charges. She was shot multiple times, so the n*gger can't claim that the gun accidentally discharged (as they often do.)

Ape & Victim

Mary Francis Brown: This popular 50 year-old white business-woman was murdered in the course of a robbery by a *trousered* ape in May of 2021 in Florence, South Carolina. The 31 year-old, sub-human baboon then drove her in her car to a wooded area where he attempted to set fire to her vehicle in an effort to destroy evidence. He has been charged with murder, first-degree arson and possession of a weapon during a violent crime.

Peggy & Fred White: This 65 and 70 year-old (respectively) white couple were murdered by a rat-n*gger in mid-September of 2021 in Twiggs County, Georgia. The savage ape murdered the couple in the

course of burglarizing their home and robbing them. The sub-human jungle-ape was caught on the couple's video system.

Heather Diane Stewart: This 38 year-old white female was murdered and dismembered by two n*gger savages in May of 2021 in Goldsboro, North Carolina. It is unclear what kind of relationship the victim had with her murderers, if any.

Randall Lee Proctor II: This 58 year-old homeless white man was sitting on a park bench in Akron, Ohio in May of 2021 when he was executed by a sneaky and cowardly n*gger who walked up from behind and shot him in the back of the head. A 25 year-old jungle-ape has been arrested for the murder, which was the 21st in Akron in 2021.

In regard to this year's increased murder rates in Akron, one truly clueless police spokesman stated that **"It's hard to point to one specific thing that's causing it." NO police officer could be that stupid: he knows perfectly well that it's N*GGERS THAT ARE CAUSING IT, pure and simple. If we can't define the problem, there's no way to resolve it.**

Cynthia Hoover: This 60 year-old white woman was murdered by a rabid ape in March of 2021 near Pensacola, Florida. The n*gger crushed her skull with a hatchet and then the black bastard buried her under his "*burn pit*" in the backyard. This n*gger previously served a 12 year sentence for manslaughter in Alabama, but rehabilitation doesn't seem to "*take*" very well with jungle-apes.

Christopher Benton McLeod: This 29 year-old white male from North Carolina was murdered by rat-apes in Hartsville, South Carolina in March of 2021. One particularly sad aspect to this whole thing is that the victim and his father had flown to South Carolina to sell marijuana, according to local news reports. The father wisely recognized they had walked into a trap, but Christopher McLeod foolishly insisted upon

completing the deal. The three baboons involved in the murder are believed to be the prospective "*buyers*."

When are foolish whites going to recognize that "honor" doesn't exist among n*gger dope dealers, and they don't subscribe to some "*Code of Ethics*" that governs their drug transactions? In fact, they immediately begin sizing up a buyer or seller so they can get the jump on them and murder them, which allows them to recoup both the dope and the drug money. That's why the murder rates are so excessively high in Chicago, Washington, Philadelphia, St. Louis, Atlanta, New Orleans, and any place there are a too many n*ggers.

Christopher Lee Lombro: This 28 year-old white man was shot to death by a 13 year-old jungle ape in May of 2021 near Baltimore. He was believed to have been out walking when he got into a dispute with the armed rat-n*gger who shot him and left him dead in the road. A gun that was confiscated soon after the murder was found by forensic experts to be the murder weapon. More evidence was later found after a search warrant was executed at the suspect's home.

Stephanie Lee: This 29 year-old white woman and mother was shot to death while sitting in a car at 1 a.m. with a nigro male named Alonszo Lewis in Cleveland's "*Stockyard*" neighborhood in March of 2021. A 29 year-old rat-nigger has been arrested but not yet charged with the murders of Stephanie Lee and her nigro companion.

Frankly, it's hard to feel sympathy for a white woman who would leave her child behind at 1:00 a.m. to travel to a terrible neighborhood to be with a black male for any reason under the Sun. She may have been murdered during a drug deal or by a jealous lover or a drug-dealing rival of Alonszo Lewis, but that dumb woman would be alive today had she not been there. If you lie down with rats you get fleas...

Beauty & the Baboon

Jamie Iverson: This 67 year-old white woman was shot to death in Indianola, Mississippi by two retarded n*gger-savages in April of 2021. The n*gger brothers were attempting to rob the jewelry store that she and her husband co-owned when the two apes shot her to death. The two n*ggers were later arrested and charged with felony murder. **Dey nameses bees "Daquarius" and "Kenterius," and dey is aspirin' to be brane docters soons dey gets outta de joint.**

Daquarius and Kenterius: Aspiring Brane Dokters

Phoenix Netts: This 28 year-old white woman was murdered and dismembered by a 28 year-old n*gger-woman in West Birmingham, England in April of 2020. The two shared living quarters, but the victim planned to vacate their residence because of the aggressive sexual advances of the nigrass that were rejected by the victim. **The principle illustrated here is that nigs are violent, savage and predatory even in England and even when they are female and even when they are queer.**
