

# Eschewing Wisdom

by Earl P. Holt III

To a great extent, we are governed by the dumbest, most incompetent and most delusional people found outside of a mental institution. "Democrat" office-holders at every level have proved beyond any doubt that they are ignorant, stupid, dishonest and traitorous, or some combination of all four. It's like living in an "alternative" universe, where our so-called "leaders" are clueless and hapless and it's only the governed who recognize the mess our "leaders" have made of things.

This inversion has occurred because the "Democrat" Party -- more accurately called the *New Communist Party of the USA (NCPUSA)* -- has brazenly rejected the accumulated wisdom of 6,000 years of civilization. Instead, they have approached public policy by substituting their ludicrous, Marxist ideology that has failed everywhere it's been imposed for the last 100 years. They reside in an echo-chamber where facts, evidence, logic and reason play no role, and their only policy guide is the Marxism they parrot to each other. What follows are just a few, select examples of this insanity.

## City & County Governments

The City of San Francisco paid the city's hotels to house its homeless loons and drug-addicts during the COVID pandemic, and then indulged these "guests" with alcohol, cigarettes, marijuana and even heroin "for those who wish to keep using." Other BLUE California cities like Fresno and Richmond have adopted equally **mindless policies** like paying criminals not to commit crimes, an arrangement that Washington, New York City and San Francisco are foolishly considering. Meanwhile, BLUE cities have the strictest gun control laws in the nation, which leave their

law-abiding residents at the mercy of the many dangerous criminals their city and county officials chronically release from jail.

Some public school systems in **BLUE** areas secretly engage in "*gender counseling*" of little kids, much too young, naive and vulnerable to be subjected to such a thing. Other school systems have enacted insane and dangerous policies such as those allowing *transgendered* males to use the Girl's Restrooms in their schools, which led to the rape of a 15 year-old white girl by a n\*gger in Loudon County, Virginia. Further west, the administration in the Moline, Illinois Public Schools permits a "**SATAN CLUB**" to meet in its Elementary Schools, and many students in California's public schools pray to the Aztec gods of human sacrifice. Students in **BLUE** areas are further indoctrinated with a **radical curriculum** consisting of *Critical Race Theory*, *Common Core*, *White Skin Privilege*, "*ethno-math*" with no wrong answers, and the *No Child Left Behind* curriculum that is intentionally dumbed-down so even blacks can understand it. Meanwhile, *Black History Month* is celebrated from early January until late December.

While many public schools in **BLUE** areas were brainwashing young kids with *transgenderism* and homosexuality -- ensuring a future of psychiatric counseling -- their city and county justice systems were working overtime to adopt **radical "reforms"** that might prevent such children from ever reaching adulthood in the first place. Many officials in **BLUE** cities have de-funded their municipal police departments after previously disarming their law-abiding citizens with strict gun-control laws. Meanwhile, they impose light sentences and grant early parole to dangerous felons -- even murderers -- or require minimal cash bail for felons or else waive bail altogether. This occurs to varying degrees in more than a dozen **BLUE** cities, including St. Louis, Portland, Seattle, Minneapolis, Washington, New York, Chicago, Atlanta, Los Angeles, Baltimore and Philadelphia. The n\*gger DA in Manhattan even intends to de-criminalize armed robbery where no injuries result.

During the 2020 George Floyd riots, many **BLUE** cities **ordered police to "stand down"** as **Black Liars Murder** and **Antifa** rioters and arsonists burned businesses and police stations to the ground and attacked police and civilians. Few if any rioters were ever brought to justice or even charged. That's because those riots were a pre-planned, massive criminal conspiracy involving the mayors of those cities, which is why those riots took place only in **BLUE** areas. One immediate consequence has been that their municipal police departments have experienced dramatic numbers of resignations and retirements, triggering violent crime rates like murder and armed robbery to soar to record levels in nearly all of them.

Leftist DAs, mayors and city council members believe that de-funding the police and implementing lenient and "*woke*" criminal justice reforms, even those benefitting dangerous criminals, will somehow mitigate their exploding levels of violent crime. They seem incapable of recognizing that de-funding the police, lenient sentencing, low bail, and "*de-criminalization*" of violent offenses have only **ENCOURAGED** crime.

## **Federal Government**

Our current president is so dumb and senile that he was forced to select an empty-headed, lazy, mean and witless niggress as his Vice President, because she was the only prominent "*Democrat*" who was sufficiently dull-witted and shallow enough not to outshine him.

Fearing that it may be in danger of losing the "*homeless*" vote, in February the Biden Administration budgeted \$30 Million to spend on "*crack*" cocaine pipes for distribution among homeless and psychotic drug addicts in what it termed "*safe smoking kits*." Biden and his party have also spent like n\*ggers with a stolen credit card, generating the highest levels of **inflation** in 40 years. The professional liars in Biden's Administration reassured us last summer that inflation was "*temporary*"

or "*transitory*," but wholesale prices registered a yearly increase of 10% by January, with no end in sight. Biden and his economic advisors now solemnly reassure us that remedying inflation requires additional trillion-dollar expenditures and additional massive budget deficits in the form of his ***Build Back Bolshevik*** Bill.

Meanwhile, our supposed "*Commander-in-Chief*" -- **who never wore the uniform** -- ignored his *Secretary of Defense* and *Joint Chiefs of Staff* and orchestrated a full-fledged U.S. military **retreat from Afghanistan**. This left hundreds of American citizens and \$85 Billion worth of *state-of-the-art* military equipment to Taliban and Al Qaida terrorists. Unlike his military advisers, Biden apparently had never heard of such a thing as an orderly or *strategic* withdrawal, so he arrogantly denied his personal culpability and blamed his advisors. The retreat from Afghanistan may have been America's most glaring military debacle.

Beyond any doubt the "*Democrat*" Party has proved it cannot be trusted with the reigns of government under any circumstances. The Biden Administration rejected former President Trump's highly successful "*Remain in Mexico*" immigration policy for illegals, and substituted the failed "*Catch and Release*" policy from the Obama regime. The result has been two million or more **illegal aliens** crossing our southern border in 2021, Biden's first year as president. Those Illegals who manage to successfully enter are neither vaccinated nor vetted, but **ARE** jetted around the United States in the middle of the night using privately-contracted airlines so they can't be located later after they fail to appear in court for their immigration hearing.

The organized crime figure in the White House has begun to use the Justice Department and FBI as his **personal investigatory agencies**, much like Stalin used the NKVD to kill or destroy rivals like Leon Trotsky. The FBI has been dispatched to harass and investigate parents who publicly criticize their school board's policies promoting *Critical Race Theory* or

"*transgender*" counseling. The FBI has been used multiple times to harass the political enemies of Joe Biden and his NCPUSA -- like Rudy Giuliani -- who was forced to stand idly by and watch the FBI seize all his electronic devices early one morning. This was done so the ***Biden Family Crime Syndicate*** could discover exactly what evidence Giuliani had on their treason and organized crime activities.

America managed to reach energy independence for the first time in more than half a century under Donald Trump: Yet, the Biden Administration returned America to the status of **energy dependence** by arbitrarily and capriciously cancelling the *Keystone XL Pipeline* from Canada, and establishing a moratorium on "*fracking*" and oil exploration on federal lands. As a result, we are once again dependent upon Third World nations as the sources for our imported energy. His devious and intentional scheme to wean us away from fossil fuels has been a catastrophe, and driven the price of gasoline and other petroleum products to record levels.

Failure at the federal level isn't Biden's fault, alone. Thanks to Dr. Anthony Fauci of the National Institute for ***Allergies and Infectious Diseases*** (NIAID,) the Biden Administration has adopted unpopular **mask and vaccination mandates** to combat the *ChinaVirus*, and eschewed proven and effective pre-existing treatments like *HCQ* and *Ivermectin*. The NIAID and *CDC* rejected *HCQ* and *Ivermectin* for treating the *ChinaVirus*, although both are nearly free, are readily available in large quantities, and have an exemplary record for both effectiveness and safety. The vaccines and treatments recommended by the NIH have enriched *Big Pharma*, but they are of dubious effectiveness and are extremely expensive. Nearly every piece of advice offered by Fauci to Trump or Biden has been terrible. A *coin-flip* would have generated far better advice.

## State Level

During the *ChinaVirus* pandemic, a number of clueless and incompetent governors of **BLUE** states -- or their parole boards -- granted early release from prison to dangerous and murderous savages, despite the demonstrable risk to public safety. Many of these **early parolees and probationers** demonstrated their gratitude and the extent of their "*rehabilitation*" by murdering innocent citizens. **BLUE** officials revealed a greater concern for dangerous criminals than for the safety of the public at large. Even one example is too many, but a black savage named Cornelius Haney murdered a 21 year-old white woman named Heather Perry after being paroled in 2020 during the *ChinaVirus* pandemic by Colorado's homosexual and "*Democrat*" governor, Jared Polis. Polis had ordered the ***Colorado State Board of Parole*** to expedite probation and parole of inmates in order to protect them against the COVID-19 outbreak.

Many of these same **BLUE** governors **imposed lock-downs** on churches and small businesses during the pandemic, but did not impose them on liquor stores, marijuana shops and abortion clinics. They also exempted the "*big box*" stores that heavily contribute to their campaigns for re-election. Moreover, they finally ended their mask mandates after two years, only because polling indicated they are headed for an electoral bloodbath that is looming in November's Mid-Term elections. (The "*science*" didn't change, **the POLLING DID!**)

Over the last couple of decades, California has experienced numerous wildfires that were difficult to contain and have burned thousands of homes and hundreds of millions of trees. These disasters are a direct result of irresponsible "***environmentalist***" legislation by California state officials. Prior to 1990, county fire departments all across California routinely cut what are called "***FIRE-BREAKS***" every few miles through heavily forested areas. These were a safeguard to manage and contain

forest fires and help prevent their spread beyond each *break*. However, in 1992 “environmentalists” declared the *Kangaroo Rat* an “endangered species” and convinced legislators that firebreaks interfered with their habitat. Subsequent regulatory and legislative initiatives barred county fire authorities from cutting any more fire-breaks.

Then in 2016, California foolishly enacted more laws (***California Forest Practice Regulations***, Title 14, ***California Code of Regulations***;) that prevented anyone from removing dead trees from forested areas on their property. By ending fire-breaks and enacting this law, they created a statewide tinderbox. The disastrous fires that have routinely plagued California in recent decades are the handiwork of environmentalists and their wacko enablers in Sacramento. The latter have protected neither man, nor beast, nor woodlands, and they have helped destroy over 130 million trees.

The chronic **log-jam of container ships** in Long Beach and L.A. Ports is a direct consequence of the further corruption and witlessness of California's State Legislature. As a gift to equally corrupt labor unions, on January 1st of 2020, public carriers -- including family-owned trucking companies -- were prohibited under ***Assembly Bill 5*** from using independent contractors to drive their vehicles. This law required small, non-union companies to hire only full-time employees as drivers, rather than hire independent contractors. AB 5 also required an 11% fleet conversion to electric vehicles. Within one year, it precipitated a shortage of an estimated 100,000 truck drivers in California, because many have gone out of business or moved elsewhere rather than be subjected to destructive and oppressive state regulations.

California's gift to the labor unions has created a profound **supply disruption** all across the nation. Cargo containers are NOT sitting idle and clogging those ports because their owners are cavalier about emptying their cargos, they are sitting idle because there are no longer enough

eligible drivers and rigs to haul away their merchandise, thanks to AB 5. The port authorities merely passed on the blame for this debacle, rather than acknowledge its origins among the idiots in California State Government. That's the way its done in **BLUE** states like California. That's also why many of those cargo vessels are leaving L.A. and Long Beach for ports in Florida and other destinations.

Finally, Washington State is actually considering enactment of **House Bill 1692** that would **reduce the penalties for drive-by shootings!** It's just another example of insane communists lessening the sanctions for violent black criminals in order to promote what it considers "**racial equity in the criminal legal system.**" Sentencing for those convicted of drive-by shootings would be subject to first degree murder charges -- with lesser sentences -- rather than aggravated first degree murder charges that carry mandatory life sentences.

In summary, some **BLUE** cities pay criminals not to commit crimes, others warehouse lunatics and drug-addicts in luxury hotels, and all of them universally disarm their law-abiding citizens with strict gun-control laws. Most have de-funded their police, ordered police to "*stand-down*" during dangerous and destructive riots, and give immunity to black and communist rioters. Meanwhile, most engage in light sentencing, grant early parole to felons and murderers, and allow pre-trial release with minimal bail or waive bail altogether. Later, they express bewilderment at the skyrocketing violent crime rates that **define** every **BLUE** city.

In **BLUE** public schools, administrators permit *transgendered* bathrooms, **Satan Clubs** and worshipping the Aztec gods of human sacrifice, while dumbing down the curriculum and indoctrinating students with Marxism and racism using *Critical Race Theory*. Many also confuse very young kids with "*gender counseling*," which they have no earthly business doing. Parents who protest at schoolboard meetings are sometimes arrested and indicted for voicing their concerns.

Officials in **BLUE states** are also guilty of releasing dangerous felons on early parole, enact crazy environmental regulations that devastate the environment, arbitrarily lock-down their political enemies while rewarding their supporters, and also enact truly insane "*reforms*" in their criminal justice systems that **ENCOURAGE** violent crime. Some states have "*de-criminalized*" theft, thus driving away retail businesses. They also meddle with successful industries and bring chaos and shortages as a result.

The **BLUE** NCPUSA controls most of the federal government, where it has snatched energy dependence from energy self-sufficiency, generated 10% inflation in one year, engaged in a catastrophic and embarrassing retreat from Afghanistan, welcomed 2,000,000 illegal aliens across our southern border in 2021, imposed unpopular and unnecessary mask and vaccine mandates on an unhappy nation, and used its law enforcement agencies to harass and investigate its political enemies.

This kind of insanity and gross malfeasance only occurs in **BLUE** areas. You don't see **RED** states or **RED** cities engaged in the kinds of "*woke*" insanity that are common in **BLUE** areas. You sure as hell never saw this kind of insanity in Washington when Donald Trump was president.
