

Border Strike Force

by Earl P. Holt III

On April 19th, 26 Republican governors announced the establishment of a **Border Strike Force** to combat illegal immigration. In response to the complicity of the Biden Administration in generating this tsunami of illegal immigrants from south of the border, the *Border Strike Force* intends to target **"transnational criminal organizations."**

They intend to act as a *"force multiplier"* to financially and operationally disrupt the Mexican drug cartels and criminal networks at the border. Specifically, they plan to target violent crimes committed by illegals, interdict dangerous drugs, and mitigate the current humanitarian crisis created by a traitorous and incompetent Biden Administration.

The two border states of Texas and Arizona are participants, as well as 24 others including Alabama, Alaska, Arkansas, Florida, Georgia, Idaho, Indiana, Iowa, Maryland, Mississippi, Missouri, Montana, Nebraska, New Hampshire, North Dakota, Ohio, Oklahoma, South Carolina, South Dakota, Tennessee, Utah, Virginia, West Virginia, and Wyoming.

The *Border Strike Force* issued the following statement: ***"In the absence of federal leadership, states are partnering together to create the American Governors' Border Strike Force to disrupt and dismantle transnational criminal organizations by increasing collaboration, improving intelligence, investing in analysis, combating human smuggling, and stopping drug flow in our states."***

On its face, their efforts appear to be on sound Constitutional grounds. **Article IV, Section 4** of the Constitution states: "The United States shall guarantee to every State in this union a Republican Form of Government, ***and shall protect each of them against Invasion...***"

Moreover, **Article I, Section 10** states as well: ***"No State shall...enter into any Agreement or Compact with another State...unless actually invaded, or in such imminent Danger as will not admit of delay."***

This alliance is also very good politics: These 26 Republican Governors are demonstrating even to brain-dead "*Democrats*" that the GOP is not going to sit by idly and allow the *New Communist Party of the USA* -- wrongly called "*Democrats*" -- to destroy America through an invasion by the dregs of the Third World.
