

N*gger "*Justice*"

by Earl P. Holt III

Now we know why Biden's Supreme Court nominee Ketanji Brown Jackson gave inappropriately light sentences to many scum-balls convicted of child pornography and even child rape cases in her courtroom: Some of the beneficiaries were n*ggers!

One n*gger child-rapist named Leo Weekes was given a very lenient sentence despite parole violations, even though prosecutors wanted him locked up. The n*gger learned **NOTHING** after being given a generous sentence by Ketanji Brown Jackson (KBJ,) so he immediately reverted to being perverted.

KBJ's habit of giving extremely light sentences to child pornographers -- far below those recommended by prosecutors or those found in recommended sentencing guidelines -- has been thoroughly covered by conservative news media outlets. However, her racist and ill-considered sentencing of Leo Weekes is a whole, new ballgame.

The Senate Judiciary Committee is poised to vote on KBJ's nomination today (April 4,) and report out to the full Senate. It will be interesting to see what the communist Jews and traitorous "*Democrats*" on the *Senate Judiciary Committee* do with her nomination, in light of this new information that has been intentionally hidden from the committee until last Friday.

Leo Weekes was convicted in DC Superior Court in 2010 of raping his 13-year-old niece some four years earlier. His original sentence was a mere 16 months in jail and four additional years of supervised probation. He was also ordered to register as a sex offender for 10 more years.

Apparently fearing that his sentence might interfere with his social life, Weekes failed to register as a sex offender with the DC Police in 2014, as

ordered. He also lied to parole officers about his residency, claiming that he lived in DC in February of 2013, when prosecutors claim he actually had been living with his wife in Temple Hills, Maryland since 2012.

N*gger Rapist

When KBJ was a federal court judge, Leo Weekes was brought before her for his parole violations in February of 2014, and allowed to plead guilty of failing to register as a sex offender. Prosecutors recommended a two-year sentence plus five years of supervised release because -- as one stated -- Weekes had lived ***“an adult life of dishonesty, of fraud, of failing to obey court orders, and that is exactly what he did here...”***

The same prosecutor emphasized the seriousness of Weekes' original case by pointing out that it was not "*consensual*," and that *"This is an individual who, at trial, was convicted of essentially violently raping a 13-year-old child."*

Jackson, however, was unmoved, so once again, KBJ demonstrated her racial solidarity by sentencing Leo Weekes to 12 months, less time served, so he was out in five months. KBJ lied like n*ggers do by stating at sentencing that there was "no evidence" that Weekes had intentionally lied to probation officers.

Also, as n*ggers will do, Leo Weekes was soon arrested again in 2015 and charged with first-degree sexual abuse with aggravating circumstances. He attempted to forcibly rape his sister-in-law while she was baby-sitting for his wife. He got her drunk and tried to rape her until she punched him in the head. (The details are disgusting, so I won't share them.)

Once again demonstrating his contempt for the law, this black bastard bribed his sister-in-law to drop the charges against him in return for \$2,500. (I didn't know bribing a n*gger was so expensive!) She wrote to the court: *"I no longer wish to pursue this matter...and I want to be left alone. I don't remember any thing."*

This two-time n*gger sex offender pled guilty in DC Superior Court to obstruction of justice and failing to register as a sex offender. This time KBJ was not involved, so he was sentenced to five years and six months worth of concurrent sentences.

True to form, Leo Weekes appeared before KBJ once again in 2017 for sentencing on multiple probation violations resulting from his 2015 crimes. At the time, the prosecutor courageously reminded KBJ of her earlier leniency, and stated:

“The Court imposed a 12-month sentence, I think really giving the defendant every benefit of the doubt and every opportunity to complete a period of treatment, supervision, and really kind of have an opportunity to turn his life around...and he failed at every turn to take advantage of that opportunity.”

The same prosecutor referred to Weekes as *“the worst defendant that I have ever seen on supervision”* and recommended two additional years to be tacked onto the end of Weekes' sentence from DC Superior Court.

Showing her true colors, Jackson instead imposed a 24 month sentence that largely ran concurrently with the punishment already imposed by the DC Superior Court.

Had KBJ had not succumbed to racial "*tribalism*" and given Leo Weekes the more appropriate sentence recommended by prosecutors, Weekes would have been incarcerated and unable to rape his sister-in-law in 2015. KBJ's lenient sentencing is evidence of her lack of fitness to be a Supreme Court Justice, or a judge of any kind for that matter. She is a living and breathing example of the evils of race quotas.
