

## **Saved by *N\*gger Skin Privilege***

by Earl P. Holt III

After four years of delay and interference by corrupt black officials in Chicago, **Jussie Smollett** was finally convicted and sentenced to jail for his phony "*hate crime*" allegations and lying to investigators. He was *sprung* from jail after only six days due to ***N\*gger Skin Privilege***.

This narcissistic black queer -- whose acting career was in decline -- attempted to garner publicity and sympathy by fabricating a "*hate crime*" against himself. He paid two "*Niggerians*" to pantomime "*roughing him up*," and then reported the incident to police as a *hate crime* perpetrated by Trump supporters. Chicago Police spent thousands of hours investigating this phony hate crime, but prosecution was delayed for years until a special prosecutor was finally appointed by the courts.

Likewise, the n\*gger who murdered Ashli Babbitt on January 6th without provocation -- *Capitol Hill Police Lieutenant Michael Leroy Byrd* -- has a troubled record, but the investigation into his murder of Ashli Babbitt was perfunctory. In 2019, this dumb, black bastard left his weapon in a bathroom inside the *Visitor's Center* at the Capitol Building. In both instances, he retained his rank and was back on the job in no time due to ***N\*gger Skin Privilege***.

**Bill Cosby's** rape conviction was also recently overturned by the ***Supreme Court of Pennsylvania***. That's the same bunch of crooks who ratified the last-minute arbitrary, capricious and unconstitutional alterations to Pennsylvania's election laws by its corrupt Jewish Governor, which facilitated the theft of the 2020 Presidential Election using Absentee Ballots.

It took Montgomery County, Pennsylvania 11 years to finally prosecute Bill Cosby -- despite numerous complaints by his victims -- and then only because a new county prosecutor was elected. Cosby's arrest came mere days before the *statute of limitations* ran on his 2005 rape of Andrea Constand, a self-professed lesbian. Thus Bill Cosby -- a serial rapist -- joined a long line of corrupt but prominent nigger criminals who got a free or nearly free pass from the injustice system due to ***N\*gger Skin Privilege***.

Bill Cosby joins **Jesse Jackson**, who was never prosecuted for embezzling hundreds-of-thousands of dollars from his tax-exempt foundations, which he used to pay "*hush-money*" to the mothers of his bastards. Naturally, George H. W. Bush's Justice Department chose not to prosecute Jackson's high-profile tax fraud case, a decision that was made in the Oval Office by an unusually weak and timid president. ***N\*gger Skin Privilege*** saved Jesse Jackson's phony reputation.

Likewise, "*Reverend*" **Al Sharpton** organized a violent protest against legal and reasonable actions by owners of ***Freddy's Fashion Mart*** in New York. Sharpton's rhetoric so incensed a protestor in the crowd that he entered the store, shot several employees and set fire to the store causing multiple fatalities. Although this is merely one of many riots with fatalities initiated by Sharpton, he was never prosecuted for any of them because of ***N\*gger Skin Privilege***.

Following the belated investigation of a hotly-contested St. Louis election in 1991, five **n\*gger Election officials in North St. Louis** confessed under oath to the FBI that they forged the signatures of thousands of black voters -- who never appeared at the polls -- and then "*voted*" them. Under Missouri Statutes, they should have been fined between \$2,500 and \$10,000, and spent up to five years in prison. Instead, their only punishment was to be barred from serving as election

officials in future elections. Needless to say, vote fraud continued unabated in St. Louis thanks to ***N\*gger Skin Privilege***.

**O.J. Simpson** nearly beheaded his ex-wife and also murdered the unfortunate waiter who was returning her glasses from the ***Mezzaluna*** restaurant where she mistakenly left them on June 12 of 1994. The L.A. County District Attorney -- Gil Garcetti -- chose to hold this murderous black bastard's trial in Los Angeles rather than Brentwood, where the two murders actually took place. This venue guaranteed a jury consisting of corrupt and retarded n\*ggers, who acquitted Simpson despite **MOUNTAINS** of conclusive evidence. Another example of ***N\*gger Skin Privilege***.

In 2010, Obama's corrupt n\*gger Attorney General -- **Eric Holder** -- and other Obama officials set up an operation in which "*straw*" parties were permitted to illegally purchase firearms in the U.S. and then deliver them to the Mexican drug cartels. Its sole purpose was to undermine support for the *Second Amendment* by making it appear as if the *Right to Keep and Bear Arms* gave the drug cartels license to arm themselves at American gun stores. The criminal conspiracy's name was "*Fast & Furious*."

This illegal operation led to the murder of a ***U.S. Customs and Border Patrol*** (CPB) Agent with the very firearms bought through *Fast & Furious*. Eric Holder was never investigated, and he successfully "*stonewalled*" the *House Intelligence Committee* for years, which eventually held him in Contempt. He was never deposed or charged in the death of that CPB agent, and still practices law at an expensive Washington law firm thanks to ***N\*gger Skin Privilege***.

**There are clearly two systems of justice in this country, one for black criminals and another for whites, unless they happen to be prominent "*Democrats*."** Like many other black criminal defendants, the black

bastards mentioned above received special legal considerations from start to finish owing entirely to *N\*gger Skin Privilege*.
