

Savagery in the Subway

by Earl P. Holt III

In 2017, a 22-year-old n*gger named Frederick Demond Scott murdered five middle-aged white men in the Kansas City area. He was charged in two killings and named as a suspect in three more. His victims were strangers between the ages of 54 and 67, most of whom were fatally shot in the back by this cowardly and sub-human example of a truly under-evolved species.

According to court records, in 2014 Scott threatened to shoot up a school and **"kill all white people,"** but was not arrested for terrorist threats because of **NIGGER SKIN PRIVILEGE**. As if scripted by the Jews' Media, Kansas City police said they **"did not know if the shootings were racially motivated."** One genius police spokeswoman stated she **"saw no clear motive"** for the killings.

Now we learn that the nigger who engaged in a terrorist attack on the New York City subway system in April had a dozen prior arrests and made many racist and public rants that would have landed any white man behind bars faster than the *January 6ers*. Frank R. James -- just one more fat, ugly nigger loser -- engaged in a premeditated effort to mass-murder total strangers on the NYC subway system.

James had a long history of racist rants, and like most niggers, he was *"too smart by half"* because the smoke bombs he detonated to create confusion appear to have obscured his own vision, so he had no kills about which to brag to his fellow *lifers* in prison. He nevertheless fired 33 rounds from a handgun until it jammed, and managed to shoot 10 people and injure 19 more victims in his terrorist attack.

In 2006, this ape wrote about the need for his fellow black savages to **"kill all whiteys,"** and routinely demonstrated a Marxist, racist and anti-

Trump obsession. His **Facebook** page routinely voiced extreme viewpoints that talked about shooting people, with many posts sympathetic to "*black nationalism*." His posts also supported the *Black Liberation Army*, *Black Lives Matter*, and even praised Cuban dictator Fidel Castro.

James also praised his fellow nigger in Dallas who murdered five police officers in 2016, and in a **YouTube** rant called 9-11 "*the most beautiful day, probably in the history of this f*cking world*."

The saga of Frank R. James illustrates many principles. First, racist black savages must literally attempt mass-murder of innocent citizens before they get even a hint of scrutiny from federal law enforcement because of ***Nigger Skin Privilege***. Afterwards, the Jews' Media obscure their race, lest the public get the wrong idea about *Africanus criminalis*.

Second, our thoroughly politicized, corrupt and incompetent FBI and Justice Departments have wasted enormous time and resources employing *agents provocateur* to entrap or investigate law-abiding "*white nationalists*" like myself, while allowing dangerous and violent black savages to run amuck with impunity.

Third, their lower IQ prevents most blacks from ever recognizing all that whites have done to try to civilize them. Since the mid-1960s, we've spent at least \$25 TRILLION to feed them, clothe them, house them, and try to educate their bastards. We even give them endless advantages over whites in employment and admissions, all to no avail.

In return, whites receive nothing but violence, property crime, vote fraud, jury nullification and endless complaints that we aren't doing enough for them. Their unprecedented indulgence by white society has merely ensured that most blacks will remain children **THEIR ENTIRE LIVES**.

Frank James ranted the following in a **Facebook** post: “...*the vast majority of people, white mother-f*ckers are racist.*” **If that assertion is correct, can there be any doubt as to why that's the case???**
