

# Biden on the Couch

by Earl P. Holt III

Joe Biden has always been a dullard, a pathological liar and a crook, but now he's senile, as well. For decades the Jews' Media covered for him as a Senator, except when he ran for president against someone they preferred like Michael Dukakis or Barack Hussein Obama. Then they finally reported his endless lies for the first time. The crooks and dullards who blindly voted for him in Delaware never knew any better, because they handed over their brains and souls to their union bosses the day they joined.

**Biden has reached the point in his life where *even HE* knows he's "*closer to the end than the beginning*," to quote Colonel Nicholson from *The Bridge on the River Kwai*. Like a lot of narcissistic politicians with more ego than brains, Biden is primarily concerned about the legacy historians will write of him. To ensure his legacy is flattering -- at least among the communists and other traitors in his party -- he intends to be "*THE Transitional President*" who delivered the U.S. into the international socialist orbit and *one-world government* which *Democrats* have pursued for 100 years.**

It's rumored that there's a certain level of tension between Biden and the n\*gger, communist, Moslem and likely homosexual president he conspired with as VP. Apparently, Obama is jealous of the more rapid progress Biden has achieved in attempting to weaken America's economy and national security. In turn, Biden is jealous that he is routinely snubbed whenever Obama is around, which dramatically exposes the true level of contempt his administration and party hold for him. This is a powerful motive for Biden to stay the course and remain a *transitional* president.

Joe Biden has to realize that the toothpaste is out of the tube concerning the extortion racket run by his son Hunter, and their illegal sale of influence all around the globe. Hunter extorted the Ukraine and Kazakhstan for money, and then split the proceeds with "*the Big Guy*," which his business partners understood to be code for Joe Biden. The details are all there in the three laptop computers that a demonstrably dissipated Hunter failed to retrieve from a repair shop in Delaware. Perhaps Biden thinks that historians will forget these episodes of his life -- just as the Jews' Media spiked them -- and speak better of him since he is "*transitional*."

Likewise, during the Obama Administration, Hunter Biden and his partners at **Rosemont Seneca Partners** received an unprecedented windfall of \$1.5 Billion from communist China to invest for them. In return for this generosity, communist China's government -- through its **Aviation Industry Corporation of China** -- was permitted to purchase Michigan's **Henniges Automotive**, a producer of strategic technologies that reduce engine vibrations to enhance their "*stealth*" features. China was correct in recognizing that the organized crime wing of the "Democrat" Party is easily bribable.

Despite the sale of "*stealth*" technology -- having military applications -- to our most aggressive rival, the sale was brokered by Hunter Biden and personally approved by Barack Hussein Obama. Joe Biden was heavily involved in the deal and probably lobbied Obama to approve it, so Biden was profoundly compromised by his role here, as well. In fact, not only is Biden compromised, he is literally **OWNED** by communist China. Biden's appeasement toward China's corrupt trade practices and its aggressive expansionist designs in East Asia stems exclusively from a position of weakness because of what China knows about the activities of the **Biden Family Crime Syndicate** and Hunter, in particular.

Inferring motives is usually tenuous, but Joe Biden is a pathological liar who only tells the truth by accident, so it's difficult to discern his true

motives for anything. The last time he told the truth was when he unwittingly declared during a podcast in 2020 that the "Democrat" Party had put together **"...the most extensive and inclusive voter fraud organization in the history of American politics."** ("Pod Save America," October 25th, 2020.)

However, it's entirely likely he assumes that by being "*transitional*," his role as president will erase all his crimes and treasonous acts and allow him to be remembered in a positive light. In this he is just as misguided as his policies have been disastrous and traitorous. Those historians he will be depending on have a Sisyphean task ahead of them...
