

Mid-Summer, 2022 Black Murder Roundup

by Earl P. Holt III

Linda Frickey: This 73 year-old white wife, mother and grandmother was murdered by four sub-human n*gger apes during a car-jacking in New Orleans in March of 2022. When she was forcibly pushed from her car, she became entangled in her seatbelt and then dragged for a block, which tore off one arm and her clothing. One of the n*ggers arrested for her murder had a 2020 burglary assault dropped by an earlier victim, which is why this example of a truly inferior and savage species was not behind bars.

Christina Yuna Lee: This 35 year-old Asian woman was murdered by a rat-n*gger in February of 2022 in New York City's *Chinatown*. The homeless and soulless black bastard followed her into her apartment and murdered her after she resisted his rape attempts. The 25 year-old savage baboon who murdered her has a lengthy arrest record that dates back at least 12 years, or half of his entire life.

This point that is RARELY made about murders in New York or other BLUE cities: if murder victims had been able to defend themselves with a concealed weapon, they might have shot their n*gger attackers and done the world a big favor. This would save their families the grief from their loss, and save their state the cost of a lengthy and expensive trial.

Chesley Patterson: This 44 year-old white man was murdered in January of 2022 by a savage n*gger in Fells Point, Maryland (Baltimore) in the course of a "*botched*" armed robbery. Mr. Patterson was the General Manager of *La Scala Ristorante* in Baltimore, and was murdered immediately after closing up at midnight on January 24th. His murderer is unidentified thus far, but the violent crime was captured on videotape and reveals his assailant was a black primate.

Cheryl McCormack: This 51 year-old white woman was murdered by a savage black street-ape in Baltimore on January 24 of 2022, two hours after the murder of Chesley Patterson, above. She was making a delivery as a **Door-Dash** driver when she ran out of gas. When two predatory black bastards attempted to rob her, she refused to relinquish her purse and was shot dead. She is survived by her loving husband and three children.

Thomas Hand: This 37 year-old Evangelical Christian minister was gunned down by a mumbling rat-nigger in Montgomery, Alabama in January of 2022. It was his practice to preach in dicey areas (those with too many n*ggers,) which he was doing when he was shot to death without provocation by a 17 year-old stranger. He is survived by his lovely wife and two year-old son. A second child is on the way.

Rachel Lee Blair: This 26 year-old white woman was stabbed to death 69 times by a n*gger in Birmingham in February of 2010. The black bastard stole some keys from Rachel's elderly and drunken white roommate, allowing the n*gger access to her apartment. The rat-n*gger unlawfully entered and attempted to rape the victim, but she resisted his rape attempts. Being a rat-n*gger, he naturally murdered her instead and stole her ring which he then pawned. That ring led homicide detectives to his arrest. (**First 48**, Season 11, Episode 3: "*The Ring.*")

Jeremiah Goleman: This naive, 28 year-old white man was shot to death and robbed by a 16 year-old n*gger in Tulsa in November of 2020. The victim had just been paid by his employer when the two met at a convenience store, and the perp began sizing up the victim after seeing cash in the victim's possession. Goleman foolishly agreed to give a ride to the nigger, who shot him to death when he got the chance, and robbed him after the victim's vehicle crashed into a building.

Deborah Maxi: This 38 year-old white woman was fatally stabbed multiple times in the neck and chest by a n*gger in High Point North Carolina in April of 2021. The 48 year-old rat-ape who murdered her then turned himself over to police. Naturally, she was murdered at an address on Martin Luther King Drive.

Dylan McGinnis: This 24 year-old white man was murdered by a black savage in Indianapolis in October of 2021. The n*gger had been released on bail paid for by the *Bail Project*, a program funded by stupid n*ggers like Danny Glover and other communists to bail-out black savages so they can practice their trade while their trials are pending. **The n*gger murderer -- named Travis Lang -- was the second ape released by the *Bail Project* in a six-month period to have murdered someone while on pre-trial release. Survivors of the victims need to get a good lawyer...**

Faye Cornett: This 37 year-old white woman was shot to death in April of 2021 in Lamar County, Mississippi by her 27 year-old rat-n*gger boyfriend. The spook then kidnapped the dead woman's 15 year-old daughter, and drove the daughter to the town of Petal. Fortunately, the girl was able to escape the next morning and sought refuge in a nearby store. The n*gger was arrested soon afterwards.

Douglas J. Kantor: This 25 year-old white male from Michigan was visiting friends in Austin, Texas when he was gunned down by black savages in a random shooting incident in June of 2021. This young man worked for ***Ford Motor Company*** and had an extremely promising future, possessing a BA in computer engineering and an MBA. His two murderers -- one of whom is in custody -- are the usual retarded, sub-human, and psychopathic n*ggers our legal system, welfare system and **BLUE** cities like Austin have helped spawn.

Hannah Graham & Morgan Harrington: These two lovely young white women -- ages 18 and 20, respectively -- were both murdered by an ugly,

sub-human nigger serial killer named Jesse Matthews. Miss Graham was a **University of Virginia** student snatched off the streets of Charlottesville in September of 2014, and Miss Harrington was a **Virginia Tech** student who was abducted at a concert in Charlottesville in March of 2016.

The black bastard who murdered them was a beneficiary of **NIGGER SKIN PRIVILEGE**, because his two prior molestations of students at other schools were ignored by school authorities, so his black ass was not included in any state or national **Sex Offender's Registry**. **Jesse Matthews is why there used to be a KKK !**

Lovely & Intelligent Co-Eds & Vicious Nigger Gorilla

Christina Spicuzza: This 38 year-old white woman raising four children in the Philadelphia area was shot to death in February of 2022 by a sub-human rat-n*gger without a human impulse or instinct in it. She was driving an **Uber** when she picked up a 22 year-old rat-nigger fare, who immediately robbed her and shot her in the head as she pleaded for her life and told the ape that she was a mother of four. The nigger was out on bail. **FOLKS, THAT'S ALSO WHY THERE WAS A KLAN!**
