

Leftist Lunacy

by Earl P. Holt III

In the past, I've written about Rush Limbaugh's unique and insightful observation that **the left intentionally empowers the mentally ill by treating their ravings as if they were legitimate political or societal grievances.** The left is renowned for never allowing tragic circumstances to go unexploited, so it shouldn't surprise anyone that it manipulates those with unsound minds to help advance its Marxist agenda.

I discussed such phenomena as *Trump Derangement Syndrome*, policies permitting so-called "*transgendered*" males to use Girls' Restrooms, proposals to grant reparations to the offspring of illegal aliens, the conviction that the Earth will end in 12 years, policies to outlaw fossil fuels, and Pocahontas Warren's campaign promise to end the segregation of federal prisons by gender. ("*Empowering Lunatics*," **CITIZENS INFORMER**, March of 2020.)

I also previously reported on the hallucination among various leftist "*thinkers*" that the very word "**black**" is racist, that COVID-19 was racist, that milk is a symbol for racism, that the Solar Eclipse was racist, and that Math, gravity and speed limits are each racist, as well. ("*Who Is REALLY Nuts?*," **CITIZENS INFORMER**, Late-Winter of 2021.) As delusional as these may sound, they are sincerely-held beliefs among certain leftists, just like the recent claim that the word "*obese*" is also racist because most black women are enormously fat.

Communists and their lunatic proteges have not been idle: since those articles, they've come up with a whole slew of new sophistries that vindicate Rush as a visionary. One example is the envy, rage and violence of "**Anti-Fa**," a motley collection of misfit losers and would-be revolutionaries who inhabit their parents' basements while they watch

life pass them by. Their parasitism is interrupted only by occasional bouts of criminal violence and terrorism to violate the First Amendment rights of decent and law-abiding citizens. They are praised as heroic by the left, and insulated from legal consequences for their crimes.

Another example is the fantasy of so-called feminists (*The Ladies' Auxiliary of Marxism*) that **gender is a "false construct,"** which has spawned a number of truly crazy delusions. Among them is the claim that boys can menstruate, men can become pregnant, and that there are literally dozens of "genders." Only the certifiably insane truly believe this, but these delusions are necessary to maintain the feminist fiction that there's no such thing as gender.

The left also promotes the fraudulent notion that **homosexuality is normal** rather than a mental disorder, and queers are just like everyone else. Mentally-defective parents are encouraged to subject their children to "drag-queen" events, where biological men *nancy* around in women's lingerie and act in a sexually provocative manner in front of young children. Many psychologists call this "grooming," where kids are desensitized to queers and their appetite for young boys, which eventually leaves children vulnerable to the advances of homosexuals. Queers are **NOT** like everyone else, because no other "demographic" defines itself solely on the basis of its sex acts.

Likewise, many blacks are so deranged from years of alcohol and drug abuse, they genuinely subscribe to the fiction that our **jails are filled with their fellow blacks solely because of racism.** In fact, our county jails and state prisons are primarily filled with blacks because blacks are demonstrably more criminal than every other race, and lead the universe in every category of violent crime. In particular, blacks are synonymous with murder and commit more than 90% of all murders in America, despite being approximately 13% of the U.S. population. They are nearly as prolific at rape, aggravated assault and robbery.

A similar fiction promoted by the left -- especially the ***Southern Prevarication Lie Center*** -- is that blacks are **frequent victims of white violence** in America. In fact, blacks are approximately 50 times as likely to commit an inter-racial violent crime against a white as the reverse. According to the FBI's *Uniform Crime Reports*, in 2018 blacks committed 537,000 black-on-white violent crimes, while whites committed only 56,400 white-on-black violent crimes. Since the white population is five times the black population -- but commits only one-tenth the number of inter-racial crimes -- blacks are **50 TIMES** (5 X 10) more likely to commit an inter-racial crime against a white than the reverse.

Communists, the Jews' Media and other liars have also helped to cultivate the superstition among mentally-defective blacks that their failure to progress out of the "*under-class*" is attributable to "**white privilege**" or "**systemic white racism.**" Yet, the fault lies with blacks themselves who, when left to their own devices, rapidly cultivate a violent and squalid sub-culture consisting of drugs, violent crime, property crimes, illegitimacy, illiteracy, lack of a work ethic and a dependence on welfare.

In various attempts to help blacks assimilate, America has wasted at least \$25 Trillion on "*urban welfare programs*," trillions of dollars on school desegregation, and trillions more on decades of programs intended to eliminate an academic "*achievement gap*" between blacks and whites. We have even adopted unconstitutional racial preferences that grant special advantages to blacks in employment opportunities and school admissions. **With the possible exception of the Egyptian Pyramids, no society has ever expended so much effort and so many scarce resources on a "*public good*," but received so little benefit in return.**

Another fabrication promoted by the left is that public school authorities are somehow in a better position than parents to know what's in the **best interest of students**. Only the dumbest and most delusional cretins could

possibly believe this lie. The fraudulent nature of this particular claim was dramatically exposed when the **Loudon County School Board** in Virginia enacted a policy to permit "*transgendered*" biological males to use the *Girls' Restrooms* in their high schools. A nigger who wore a dress to school each day took advantage of the policy to rape and sodomize a 15 year-old white girl in one of Loudon County's high schools. Afterwards, the school board and school administrators **intentionally hid this crime from both law enforcement and the parents of the girl.** (They reported the incident to police as "*an altercation.*")

Many public school systems also engage in "*gender counseling,*" where kids as young as those in elementary school are encouraged to question their sexual identity without the knowledge or consent of their parents. No sane person can possibly believe kids that age have any conception of the consequences or ramifications of hormone therapy or surgery to "*transition*" their genders. Thanks to the teachers' unions, most public school authorities are primarily interested in pursuing an ideological agenda and are clearly **NOT better suited than parents to determine what's in the best interests of their children.**

The truly corrupt Jews' Media have managed to convince a lot of public officials in **BLUE** areas -- who have absolutely no business holding ANY public office -- that **cops are the "bad guys,"** and criminals are merely misunderstood and wrongly persecuted. This hallucination has prompted many large, **BLUE** cities to defund their police, waive cash bail for dangerous criminals, grant early parole to violent felons, and cease to prosecute even serious criminal offenses such as armed robbery or grand theft. In the last couple of years, most of these cities have set historic records for murder, car-jacking and armed robbery. The "*woke*" policies in San Francisco have prompted **Walgreens** to close 20 stores due to shop-lifting and no prosecution to discourage it. Likewise, **Starbucks** is closing a dozen stores in large cities on the West Coast because of increasing rates of violent crime.

Finally, the most egregious example may be how so-called "*Democrats*" willfully terrorized the public by **exaggerating the virulence of COVID-19**, thereby generating paranoia and chaos among the naive and gullible. Their fanciful exaggerations helped "*Democrats*" consolidate power, while creating massive damage to the U.S. economy and society in general. Pointless rules and mandates closed millions of businesses in **BLUE** areas, stalled the nation's economic growth, and were used as a pretense to steal the 2020 Presidential Election using mass-mailed ballots. They also tore apart marriages, prevented family reunions, and their vaccine mandates generated miscarriages and sudden death among otherwise healthy individuals. Moreover, they have permanently damaged the public's trust in the federal government's public health authorities.

In an earlier age, if political authorities had attempted to enlist lunatics, perverts, gullible citizens and the mentally-defective to advance their own pursuit of political power, they would have been tarred and feathered and run out of town on a rail.

In this dishonest age, it's difficult to determine if the communists and other trash who comprise the left in this country are crazy, stupid, or just blindly following the dictates of their Marxist ideology. Since inferring motives is often tenuous, any one of these three possibilities is more than enough justification to prevent these lunatics from ever again being allowed to hold the levers of power in America.
