

Open Season on Trump

by Earl P. Holt III

If re-elected to a second term, Donald Trump has vowed to clear out the federal bureaucracy of traitors and criminals much as Jesus Christ drove out the money-changers from the *Temple Mount* in Jerusalem. No one would be more justified in doing so: in his first term, Donald Trump was betrayed by swamp creatures and wrongly persecuted by more traitors than any historical figure other than Jesus Christ.

For example, General Mark Milley -- *Chairman of the Joint Chiefs* -- recently admitted that following the events of January 6, 2021, he ordered the U.S. military to "*stand down*" and ignore all orders from President Trump. **This proves that Washington's cowards, crooks and traitors recognized it was "*open season*" on President Trump, and each of them realized they could get by with anything so long as it was done to damage Trump.**

Milley unconstitutionally seized the authority of the chain-of-command to issue that ***stand-down order***, even though the *Chairman of the Joint Chiefs* is **NOT** in the military chain-of-command. His role is advisory, and he didn't have the authority to do what he did, but clearly recognized he would never pay a price for doing so.

This was like the actions of Clinton-loyalists in the FBI and DOJ who framed candidate and later President Trump with the false charge of "*colluding*" with Russia to steal the 2016 presidential election. None of those criminals and traitors has ever paid a price for knowingly **bringing false charges** against Trump, nor have they ever paid a price for **PERJURING** themselves before four FISA Courts in order to obtain warrants to facilitate those false charges.

Adan Schiff (D-Beijing) **lied approximately 300 times** in front of the Jews' Media's cameras and microphones that he had personally seen conclusive evidence "*proving*" Trump engaged in *collusion* with Russia. No such evidence ever existed and the kike-bastard knew he was lying, but he's still Chairman of the ***House Select Intelligence Committee*** and never paid a price for his endless lies.

Special Counsel Robert Mueller's \$40 Million investigation of Trump ran for three years without uncovering one iota of evidence to support the **fraudulent "*Russia Collusion*" charges** that were fabricated by Hillary Clinton and her team of crooked Jews. Mueller's investigators consisted of many of the same people who earlier conspired to bring false charges against Trump, such as FBI Agent Peter Strzok and his lover, Lisa Page. No one in that investigation has paid any real price, either, and many of Hillary's co-conspirators in the Jews' Media even received ***Pulitzers*** for their dishonesty.

According to Special Counsel John Durham, Hillary Clinton **illegally intercepted all e-mail traffic** to and from ***Trump Tower*** when Donald Trump was a candidate in 2016, and then continued to intercept his e-mail traffic from the *Oval Office* after Trump was elected president. Just as it's happened so often in the past, Hillary Clinton -- a one woman crime wave if ever there were one -- hasn't paid any price for her treason and felonies, either.

A member of Trump's *National Security Council* -- Lt. Colonel Alexander Vindman -- **brought false allegations** against his own President by claiming that Trump "*extorted*" Ukrainian President Volodymyr Zelensky in a phone call. The unprecedented release of a transcript of the call proved Trump did no such thing -- and Zelensky agreed -- but Trump was nonetheless Impeached based on such a false charge. No participant ever went to prison for their false accusations, and the vile Vindman was merely transferred elsewhere in the "*intelligence community*."

This unholy alliance of the Jews' Media, the Washington "*swamp*" and the ***New Communist Party of the USA*** -- often mistakenly called the "*Democrat*" Party -- has become nothing less than an **ORGANIZED CRIMINAL ENTERPRISE**. It routinely rallies to obstruct justice and prevent its own from facing the punishment they deserve. The gallows would be too quick and too merciful for the lot of them.
