

More NCPUSA Chaos

by Earl P. Holt III

Every policy of the so-called "*Democrat*" Party -- more accurately referred to as the ***New Communist Party of the USA*** (NCPUSA) -- is designed to generate chaos and political instability. The NCPUSA foresees an impending disaster looming for it in the 2022 mid-term elections, so it is working feverishly to bring America to its knees in advance. This requires that it subvert both the U.S. economy and our national security, so that we're no longer able to resist those who would destroy us. The confusion they sow is intended to *soften up* America for its transition to Marxism and "*One-World Government*."

In an earlier essay, this author illustrated a number of examples of NCPUSA policies intended to generate chaos. Among these were: An "*open borders*" immigration policy; The ***BLM and Antifa riots*** of 2020; The ***defunding of police***; Its promotion of ***Critical Race Theory***; The subversion of our military by promoting queers and transgenders; Its ***inflationary spending***; Its ***COVID mandates*** and restrictions; And its massive ***voter fraud*** in "*swing*" states. (Earl Holt. "*Sowing Chaos*." ***CITIZENS INFORMER***, March of 2022.)

More recently, the NCPUSA has routinely used the FBI and ***IN***-justice Department to harass, investigate and falsely ***charge members of its political opposition***, just like it's done in most "*banana republics*." It has undeniably targeted Donald Trump by executing an illegitimate and unwarranted search of Trump's home in a "*fishing expedition*" to find incriminating evidence for the *January 6 Committee*. This search of ***Mar-a-Lago*** was a violation of the *Fourth, Fifth and Sixth Amendments*, and followed similar illegal searches of the home of Trump advisor Rudy

Giuliani, the seizure of Trump Attorney John East's cellphone, and the public arrest and attempted humiliation of Trump advisor Peter Navarro.

Meanwhile, the IN-justice Department has turned a blind eye to the **stalking and terrorizing** of Supreme Court Justices with whom the Biden Administration happens to disagree. It has allowed demonstrators to nightly harass the residences of conservative Justices of the Supreme Court who wisely overturned *Roe v. Wade*. The Biden Administration has refused to charge or prosecute any of the demonstrators for violating **18 U.S. Code, Section 1507** with their attempts to intimidate and unduly influence these courageous jurists with harassing and nightly demonstrations.

Following the advice of a commie-Jew named Sol Alinsky, the NCPUSA is attempting to **bankrupt America** with massive spending and its resulting inflation. Biden's NCPUSA has engaged in mindless spending – just as it's done for decades – most of which inevitably generates pressure on the Fed to "*monetize*" the vast levels of resulting debt. Within only a year-and-a-half of its inauguration, the Biden Regime has precipitated an inflation rate exceeding nine percent, and continues to spend like n*ggers with a stolen credit card. Americans have seen the prices of essentials like food, fuel, building materials and *consumer durables* (such as automobiles) rise by 30% or more.

Moreover, never allowing a tragedy to go unexploited, the NCPUSA used COVID restrictions during the 2020 Presidential Election to enable and precipitate **massive voter fraud**. The *scamdemic* gave "swing" states -- where the vast majority of U.S. voter fraud occurs -- an excuse to mass-mail *Absentee Ballots* to every registered voter, whether living, dead, illegal or fictitious. These were then used as a device to inflate the number of fraudulent votes for NCPUSA candidates at every level. It was no coincidence that the final results from the stolen 2020 Presidential Election took several very chaotic weeks to finally report.

The NCPUSA has also intentionally generated **shortages** of energy and even certain food items. The Biden Administration initiated a crisis for parents of newborns by purchasing large quantities of baby formula and storing it on our southern border so illegal aliens won't need to suffer the same shortages and inconvenience as legal citizens. Likewise, the day he took office, Biden began an unrelenting assault on the oil and gas industries with a flurry of new regulations and restrictions by Executive Order. He also shut down the construction of pipelines and refused to grant permits for new drilling. The NCPUSA's forced reliance on so-called "*soft*" energy sources has created the potential for shortages and blackouts, and ended America's energy independence that was finally realized under President Trump after 50 years of lip service by politicians of both parties.

At the same time it attempted to disarm the law-abiding civilian population with gun control, the NCPUSA has also "*hollowed-out*" and **demoralized the U.S. military**, making America increasingly vulnerable to communist China. It has discharged many veteran servicemen -- both enlisted and commissioned -- for refusing COVID vaccines that are nearly useless but have dangerous side-effects. Besides indoctrinating recruits with *Critical Race Theory*, it has also promoted queers, transgenders and feminists to command, thereby driving even more servicemen into early retirement. This has created a politicized and humiliated military whose every branch has experienced enlistment rates far below minimum replacement levels. Simply put, warriors who are willing to risk their lives do not wish to be led by *transgenders*, feminists or queers.

An alliance between the NCPUSA, the Jews' Media and the cesspool known as "*social media*" has willfully sown chaos by **censoring the truth** and stifling the honest exchange of ideas. This "*unholy alliance*" routinely tries to "*gaslight*" the American public as only commie-Jews, n*ggers, queers and the NCPUSA can do. It has attempted to label *Math*,

*milk, solar eclipses, the ChinaVirus and the word "black" as racist. It seems equally intent on promoting the absurd notion that boys can menstruate, men can become pregnant and that there are 57 varieties of gender. Its verbal jiu jitsu has also made it necessary to "redefine" such standard economic events as **recessions** and **inflation** in order to perpetuate its lies and mendacities.*

The prolonged "*lockdowns*" of small businesses in **BLUE** states was a broader strategy to generate chaos by **destroying the middle class** entrepreneurs who built those businesses. By using the pretext of the *ChinaVirus*, NCPUSA politicians knowingly sabotaged the ability of its middle-class political opposition to earn a livelihood by bankrupting the businesses many spent their adult lives building. In the process, the NCPUSA sought to impose a new socialist agenda on America, where the middle-class is decimated and the impoverished masses that result are entirely dependent upon scraps from NCPUSA commissars. The NCPUSA's war against the "*bourgeoisie*" is also why police in **BLUE** cities were told to *stand down* while rioters looted and burned small businesses to the ground.

Finally, the NCPUSA's policy of sowing chaos and confusion is why few if any BLM and Antifa rioters were ever charged with a felony for torching or looting someone's business. Biden and the NCPUSA recognize that small business owners are their **GREATEST POLITICAL OPPOSITION**, since most tend to be conservative, libertarian, Republican, or at least independent-minded. In addition to disarming such law-abiding citizens with **gun control** ordinances, many **BLUE** cities have simultaneously instituted so-called "**bail reforms**" that encourage the early release of dangerous felons from jail and return equally dangerous felons to the streets without bail. Biden's **IN**-Justice Department has also ceased to prosecute convicted felons in possession of a firearm. Not surprisingly, nearly every one of our **BLUE** cities has experienced new records for murder, armed robbery and other violent crimes.

It's much too easy to dismiss the endless chaos and confusion sowed by the Biden Administration -- and the NCPUSA that controls it -- as a consequence of mere incompetence. Unfortunately, that is NOT the case: the chaos they generate is the intentional and purposeful result of every program and policy they have thus far enacted or adopted.

The Bolsheviks were a small party in pre-Soviet Russia, but the political instability following *World War One* and the *Russian Revolution* allowed them to exploit the resulting chaos and seize power. That's the template the NCPUSA is hoping to duplicate here in America in order to generate an *American Bolshevik Revolution*. They intend to achieve this end with policies that are intentionally disruptive and chaotic, which they will exploit in "*transitioning*" America into the international socialist orbit.
