

# Black Murder Roundup, September of 2022

by Earl P. Holt III

Most of the following black-on-white murders were intentionally “spiked” by what is known in these pages as “*The Jews’ Media*.” In contrast to the frenzy that would accompany such incidents if the races were reversed, these prompted nary a peep out of the Jews’ Media other than occasional and sparse local coverage.

**Interracial murder only serves their ideological purposes when the victim is black and the perpetrator is white. If the Jews’ Media reported black-on-white murder the way they sensationalize the much rarer incidents of white-on-black murder, we rubes in “flyover country” might get the wrong idea about *Africanus criminalis*, that 13% of the population that commits 90% of all murders in the U.S. each year.**

In fact, the *Southern Prevarication Lie Center* (SPLC,) has even accused the CofCC of spreading what it laughingly calls “*a false narrative of a victimized white majority under siege by allegedly violent people of color in the United States.*”

Below are just a few of the violent black-on-white incidents that give *Africanus criminalis* its well-deserved reputation, one that the Jews’ Media has been unable to successfully camouflage because of the evolution of an alternative and conservative news media that includes the CofCC.

**Lindsay Nichols:** This 31 year-old white woman and mother was severely beaten and shot to death and then set ablaze by two jungle-apes in New Orleans in June of 2015. She made the fatal mistake of going “clubbing” with these black bastards, and eventually found herself alone with two of them in a remote area of New Orleans where she was murdered for

resisting their sexual advances. (**First 48**, Season 15, Episode 15. "*In a Lonely Place.*")

**Lindsay Nichols & Murderous, Savage Baboon**

**Diego Damis:** This 41 year-old white man and Italian immigrant was murdered by an 18 year-old rat-monkey in Chicago in February of 2021. He was walking home from a restaurant where he worked when a nigroid immigrant stabbed him to death in the course of robbing him. The black ape had three felony cases pending, because equally witless n\*ggers in Chicago's criminal "*justice*" system granted this murderer pre-trial release so he could continue to practice his craft.

**Thomas Arnold:** This 60 year-old white man was murdered by three nigs in Atlanta in late February of 2022. He was shot to death while walking home from dinner through Inman Park. As is often the case, Mr. Arnold

devoted much of his life helping to improve Atlanta, while the black bastards who murdered him will no doubt continue to spend their lives making Atlanta increasingly unlivable by virtue of their primitive and under-evolved savagery.

**Elijah Wood:** This 23 year-old white man was gunned down in the convenience store where he worked in Watkinsville, Georgia by a black savage in March of 2021. Charged with murder is a former *University of Georgia* football player and black bastard named Ahkil Nasir Crumpton. This n\*gger apparently murdered another victim in his hometown of Philadelphia in July of 2021, and the weapon he used was traced back to the murder in Georgia.

**Brenda & Terry Aultman:** This white couple -- ages 55 and 48, respectively -- were murdered by a savage monkey while bicycling home in broad daylight in Daytona Beach, Florida in March of 2022. Their n\*gger murderer stabbed them to death for no apparent reason, prompting the Daytona Beach Police Chief to describe their murders as "*random and senseless acts of violence.*" The black baboon has confessed and is being charged with two counts of first degree murder.

**Sean Toomey:** This 15 year-old white teen was shot to death by rabid and feral baboons in front of his home in Philadelphia in late March of 2022. He was innocently retrieving bottled water from his father's car when he was shot twice by rampaging primates. A pack of savage black morons must have concluded that his actions were sufficient justification to murder him.

**Jacob Murphy:** This 41 year-old white male was murdered by a street-monkey in March of 2019 in Tulsa, Oklahoma. The victim was renowned for his generosity, but he was also foolish: he permitted derelicts to live in his house, including a mud-shark and her *Homo habilis* boyfriend who eventually killed him with a bullet to the heart. ("**First 48**," Season 21, Episode 52: "*Bleeding Heart.*")

**Dr. Matthew Wilson:** This 31 year-old British Astrophysicist was shot to death by an unidentified member of the species *Africanus criminalis* in a suburb outside Atlanta in April of 2022. He was visiting his girlfriend and was asleep in bed when one of a number of random bullets fired by this street-ape penetrated the exterior wall of the building in the early morning hours and killed him.

**Dianne Fortenberry:** This 51 year-old white woman was beaten to death by a rabid baboon in Osakis, Minnesota in May of 2011. She left work during lunch to perform an errand and surprised a black bastard in the act of burglarizing her home. The savage ape who murdered her had 10 prior burglaries to his credit, but was never sentenced to prison, so he was undeterred. He was probably the only n\*gger in Osakis at the time. (*Murder in the Heartland*, Season 3, Episode 9: "Caught in the Act.")

**Dennis Kirby Kendrick:** This 54 year-old white man, husband and father was shot to death by a monkey-ape in the early morning hours of April, 2022 in Oxford Township, Michigan. Oxford Township is 95% white, but even areas like this are no longer safe from the ravages of a violent, savage, witless and predatory species of under-evolved primate.

The nigroid murderer claimed to have been sent a threatening text by an anonymous individual -- so using that level of judgment and intellect we've all come to expect from them -- he murdered the first complete stranger he happened to see while stomping around the apartment complex in which both the n\*gger and victim resided. The victim was actually leaving for work at 3:30 a.m. in order to be able to watch his son's baseball game later in the day.

**Stephen Cook:** This pitiful, 54 year-old white man and homeless addict was killed by a tatted ape in Tulsa in November of 2018. The victim attempted to sell a "designer" purse he found to the n\*gger: however, the baboon naturally snatched it away from the victim without paying and drove over him in the process of fleeing the scene. The victim died

soon afterward from his injuries. (**First 48**, Season 21, Episode 22: "Snatched.")

**Isabel Torrez:** This 62 year-old husband, father and Christian was murdered by a vicious n\*gger in Miami in late April of 2011. He was in the process of purchasing a card in a bodega when a jungle-ape began to rob its patrons. The savage n\*gger shot the victim to death when he chivalrously came to the rescue of a female robbery victim who was being menaced by the black savage.

The street ape accidentally shot himself in the leg as he jammed his gun in his waistband while fleeing from the scene of the crime. That enabled crack Miami homicide detectives to identify him through hospital records and police reports. (**It's a shame he didn't shoot off his own genitals with his gun.**) (**First 48**, Season 11, Episode 19: "Ultimate Price.")

**Landry Anglin:** This 13 year-old white girl was relaxing in her home in Shreveport when she was shot and killed by a stray bullet fired by n\*gger gangbangers engaged in a running gun battle in May of 2022. Three cars full of savage and witless jigaboos participated in what police described as a "rolling shootout" between them. One participating vehicle has been recovered, and police continue to search for the other two.

**Janice David:** This 34 year-old white woman was stabbed to death by a savage baboon in April of 2022 in Baton Rouge, Louisiana. The two had been sharing drugs for two days when the incident occurred. The vicious street-ape tied the victim to the steering wheel of a stolen vehicle, and then proceeded to beat, choke and eventually stab her to death. **The rabid ape live-streamed the entire incident on Facebook, proving not only that n\*ggers are narcissists, but also that they have the IQ of a cabbage.**

**Roseanna Davenport:** This innocent 12 year-old white girl was abducted, raped and murdered by a subhuman rat-monkey and serial

murderer in Akron Ohio in February of 1996. Unfortunately, the black bastard died in prison in 2012, thus escaping the two death sentences Ohio had imposed for the baboon's murder of two teenagers.
