

Catastrophes In Blue

"Defund police" the nigras roared
but soon **Blue** city crime rates soared;
Red cities never followed suit
making disparities acute.

Conditions of **Blue cities** show
they're not a place you'd want to go;
Much more than crime caused their decline
though all insist they're doing fine.

Racism, arrogance and theft
are features of the nigroid left;
They are the cause of **Blue** demise
despite each city's wealth or size.

Blue public schools are just as bad
obsessed with every Marxist fad;
Where teaching used to be their role
indoctrination's now their goal.

What once were called our nation's "*gems*"
have been subverted by black "*Dems*";
It's pointless to protest or shout
much better is to **JUST GET OUT !**
