

Operation "**Red-Ball**"

For five years, the cops in Richmond, Virginia have conducted a program termed "**Operation Red Ball**" to rid the streets of its most dangerous and violent criminals who use firearms in the commission of their crimes. Despite decades of lip-service to ending urban violence, **Operation Red Ball** has generated a backlash because the violent criminals are exclusively of the species *Africanus criminalis*!

Since 2017, the **Richmond Police Department** (RPD) has compiled a list of approximately 100 suspects who commit gun violence. The RPD collected data for **Operation Red Ball** between 2017 and 2020 to map areas where violent crimes with firearms routinely take place. The data includes homicides, aggravated assaults and armed robberies involving firearms.

The list consists of those who are known to use firearms against others, and is based primarily on "*tips*" from the community and posts by nigras who brainlessly pose with their guns and flash their ill-gotten gains on **Facebook**. Thus far, the RPD has arrested at least 45 residents in Richmond's public housing projects on suspicion of 188 felonies and 138 misdemeanor charges.

However, according to the **American Communist Liars Union (ACLU)**, the list constitutes "*racial profiling*" and is "*a discriminatory practice by law enforcement officials.*" The ACLU claims that the RPD is targeting individuals for suspicion of crimes based on their race or ethnicity..." *blah, blah, blah.*

The ACLU conveniently ignores data indicating that blacks commit more than 90% of all murders in Richmond and everywhere else in the world. Also conveniently overlooked is that **Operation Red Ball** is primarily an attempt to improve the lives of law-abiding residents of Richmond, particularly those in public housing. Yet, that somehow doesn't matter to the ACLU, which insists the program is racist because it has resulted in a ***disparate impact*** among blacks.

The ACLU apparently considers the targeting of violent black criminals to be worse than the violent crimes they commit. No one seems to have asked the ACLU if it would like the RPD to arrest an equal number of innocent whites to balance-out the black savages arrested under **Operation Red Ball**. The answer might be illuminating...
