

## Vested Interests in Racism

Overt acts of racism by whites are so essential to the narrative of every race-hustler, when they eventually became scarce it is necessary for race-hustlers to fabricate them. These *race hoaxes* have been documented many times on our website and in our newspaper. (Most recently, "REAL Black Inventiveness." *CITIZENS INFORMER*, January, 2022, page 3.)

In August, an act of vandalism was committed against the *University of Virginia's* (UVA) *Black Cultural Center*. Based on videotape, a suspect was soon arrested on September 3, 2022, but was not identified by name or by race. This dereliction gave race-hustlers and their accomplices or enablers the opportunity to chimp-out for three months over what they concluded was "*systemic white racism*."

Yet, the cause of race-hustling was dealt another blow when the actual culprit was revealed to be a niggess student named Zaynab Bintabdul-Hadijakien. It took a public records request by *The College Fix* on November 30th to expose this fact. That means that UVA officials hid the race and identity of the suspect for three months, permitting race-hustlers to spread fear that a dreaded "*white supremacist*" walked free amongst them.

It turns out that the attack on the *Black Cultural Center* was really targeted at its black interim director, a guy named Michael Mason. Rather than slash his tires or bust out the windshield of his car -- as most self-respecting and crazy niggesses would do -- she threw a rock through a window at the center. After her arrest, she twice *Failed to Appear* at her arraignments on October 3rd and October 28th.

The niggess claims she is innocent and is merely being targeted by police. However, as in the case of most crazy niggesses -- to borrow

from the technical vernacular of the psychiatric profession -- she's nuttier than a fruitcake. The police report indicates that she even asked the arresting police officer to shoot her.

This disturbed black woman may not have intended to create a racial hoax, but the absence of such a motive would have made no difference to the race-hustling industry, even if they'd been aware of the true identity of the culprit. The local NAACP was quick to denounce the incident when it could be used to demand more *white man money*, but it has issued no correction since discovering her true identity.

**The real lesson here is that it's wise to ignore any incident alleged to be an act of overt racism by a white "supremacist" against a black, because 99 times out of 100, it will ultimately be exposed as having been perpetrated by some nigra or other.**
