

Nigra Murder Roundup, Dec. of 2022

Eleanor Bowles: This 77 year-old white woman and grandmother was murdered in mid-December of 2022 by a black savage in her own garage in a gated community in Buckhead, GA. She interrupted the baboon's attempt to steal her garaged car, so the savage ape stabbed her to death and then stole it. It took Atlanta police 25 minutes to respond.

Buckhead has been trying to secede from Atlanta for several years, but racially-timid whites have frustrated those efforts. This tragedy may be sufficient for Buckhead to say goodbye to the corruption and incompetence of Atlanta city government, and establish its own city government and police force. A Buckhead police force won't take 25 minutes to respond to a violent crime.

Lawrence Hart: This 19 year-old white male was shot to death in his own home in Amarillo, TX in October of 2022 by a nigroid primate imported from the Sudan. The murder was committed in the course of a robbery, and of course, the perp's immigration status is dubious.

Julie Lindsey: This 34 year-old white woman was shot to death by a rabid ape in Durham, NC in October of 2022. She was found dead at a Durham park, where her body was unceremoniously dumped. Her killer is a baboon from Gambia, whose citizenship status is dubious. He is charged with first degree murder, carrying a concealed weapon, and possession of a firearm by a convicted felon. (At this time, Joe Biden and Alejandro Mayorkas have not yet been indicted as accomplices.)

Claude Dean Deaton: This 46 year-old white man was shot to death in Byron, GA in October of 2022 by a violent and savage member of the species *Africanus criminalis*. The victim was murdered during an argument with his nigroid roommate.

Murderous Ape

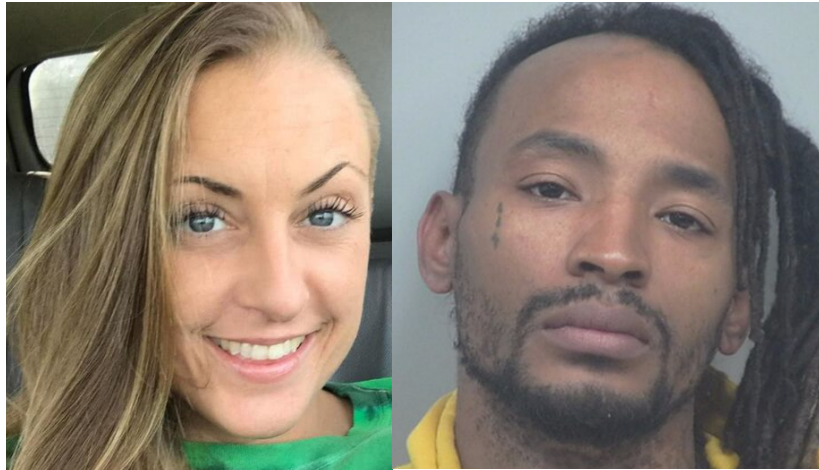

Roommate & Victim

Rodney Surprise: This 46 year old white man was beaten to death by three black savages in Milwaukee in October of 2022. The deceased was reportedly the victim of a car-jacking, and two of the perps have been arrested thanks to video footage of the murder and robbery. One rat-monkey remains at large.

Todd L. Wilson: This 31 year-old white male was shot to death by a spook at a convenience store In Norfolk, VA in July of 2022. His apish murderer was not arrested until October of 2022. The victim was murdered in the course of a car-jacking at the convenience store.

Breana Marie Rogers: This 33 year-old white woman was shot to death in October of 2022 by a black predator near Stone Mountain, GA. Police allege the victim and her murderer were involved in a "*domestic relationship.*" Her black "*boyfriend*" murdered her by inflicting multiple gunshot wounds, then abandoned her body at a construction site. The rabid ape later surrendered himself to police custody.

Foolish Girl & Rabid Ape

Stacy Boudreaux: This 52 year-old white woman in Gibson, LA was shot to death in her own home in mid-October of 2022 by witless n*ggers engaged in a nearby African-American style gunfight. A stray bullet from that gunfight killed her, although her body was not discovered until several days later. The suspected killer is on the lam, but police have identified him by name.

Bartholomew Masciulli: This 51 year-old white man was shot to death in Philadelphia by a black savage in October of 2022. He was a driving instructor at a **FedEx** facility, and had recently given a poor fitness report to the n*gger co-worker who murdered him. The cowardly ape lay in wait for his white victim, and then sought revenge by ambushing and killing him in the **FedEx** parking lot.

Skyler Fox: This 17 year-old white male was shot to death In Pottstown, PA in October of 2022. He was gunned down by a n*gger-and-white-trash twosome during a dope deal. This foolish white kid had arranged to buy weed from the *salt & pepper* team of dope dealers, but the two murderous bastards murdered and robbed the victim and a friend, instead.

The nigroid murderer has been charged with two counts of first-degree murder for this offense, and has eight outstanding warrants from neighboring municipalities for terroristic threats, robbery, and aggravated assault. (Isn't diversity *grand*?)

Foolish White Kid

Nig Psychopath

Jean Kuczka: This 61 year-old white woman was shot to death in October of 2022 by a rat-ape in a St. Louis City school where she taught. She was a physical education teacher, and her killer was a former student at the school. Fortunately, the *St. Louis Police Department* did the right thing and saved the State of Missouri millions of dollars -- and the risk of a potential acquittal by a n*gger jury -- by foregoing his murder trial and gunning down the black bastard soon after the incident.

Paul Duncan: This 52 year-old white man was a pedestrian who was run over by a niggess in Winder, GA in October of 2022, and died at the scene. However, as they usually do, the nig who killed him fled the scene

of the accident, but was later arrested after her vehicle was identified by multiple video cameras near the crime scene.

Jeffrey Chapman: This 49 year-old white man was beaten to death with a tire iron by a n*gger near Clearwater, FL in October of 2022. The Police Chief was quick to reassure everyone that this murder was a **"totally random act"** because the victim was innocently riding his bicycle. How reassuring can *that* be when a white person minding their own business can be murdered by a rabid ape for no reason under the Sun?

Some very stupid commentators have suggested that the victim was **"in the wrong place at the wrong time,"** which led to his murder. This is a Jews' Media tactic for shifting responsibility away from the savage ape who murdered him, and transferring it to the victim, himself. It begs the question: Just exactly **WHEN** is the **"right"** time or place to be around *Africanus criminalis*?

Alia Matti Balola: This innocent, 37 year-old (presumably) white woman was murdered by a moronic ape in Clemons, SC in October of 2022. She had the misfortune of living above an apartment where a 20 year-old street-ape was engaged in a domestic dispute in which he fired his weapon through the ceiling of his apartment, killing the victim.

Gary Rasor: This 83 year-old white man was murdered by a member of the species *Africanus criminalis* In Hillsborough, NC at the **Home Depot** store where he worked. The assault occurred in October of 2022 when the black bastard attempted to steal three power-washers from the store, and the victim attempted to prevent the theft. Mr. Rasor struck his head when he was thrown to the floor by the savage ape -- as yet, unidentified -- and later died of his head injuries in December of 2022.

Krystle Leann Wilder: This 28 year-old white woman was murdered by her black **"baby-daddy"** in Little Rock in October of 2022. She was

foolish enough to have dropped a litter by the n*gger who killed her, and who also accidentally shot their daughter during the incident. Just for good measure, the nigra murdered a 61 year-old stranger on his way to the hospital where he was taking the daughter for her gunshot wound.

Murderous Savage

Foolish White Woman

Randy Miller: This 65 year-old white man was stabbed to death by a pack of savage n*ggers in Atlantic Beach, NC in October of 2022. The victim appears to have discovered the three burglarizing vehicles, so they did what any self-respecting black savages would do and murdered him. **(This man should have been armed, in which case he would still be alive and a hero in "The Armed Citizen" columns of every NRA publication.)**
