In response to the public outcry over our invasion by the dregs of the Third World -- and the massive trafficking of drugs and humans -- the *Big Guy* in the Oval Office appointed Vice President Kommie Harris to be our "**Border Commissar.**" She dutifully declared in March of 2021 that we must discover the "**root causes**" of illegal immigration in order to understand the problem.

Now, after 27 months and more than seven million illegal immigrants later, Vice President Harris has finally appointed a commission to study those root causes of illegal immigration. The **Harris Commission on Illegal Immigration** will report its findings to the *Big Guy* in the Oval Office sometime in 2025. Its Members are below:
