

Circus Freak Is *NOT* A Gender

(Apologies to Sam Cooke's "*Don't Know Much About History...*")

Don't know why you wear women's garb
Seeing that I need a bicarb;
Why can't you show some dignity,
and forego this vile activity?

All you queers have shown us way too much
That includes your fetishes and such
What a perverse world it's become!

All you trannies strike me as clowns
Makes me itch to unleash the hounds;
I'm repelled by your drag queen shows
You're just grooming, as each parent knows.

You seem much too self-absorbed to know
All you've accomplished with each freak show
Is to alienate everyone.

**Have at it in a private place
Yet you must stick it in our face;
Who wants to see a half-dressed punk
Flaunting his perversions and his junk?**

**It's been quite obvious for a while
Every one of you's a pedophile
What a sick, sick world it's become!**

**No one cares what you perverts do
in gay bathhouses or the zoo;
Just keep all your perversions hid
And stay away from every kid.**

**No one wants to look at your disgrace
Or have you queers shove it in their face
What a vulgar world it's become!**
