

## **Anthem de *Los Ilegales***

(Apologies to Bernstein & Sondheim)

Mexico have my devotion  
It sometime summon emotion  
But one day I get wild *nocion*  
For northward *locomocion*.

In Mexico life is like hell  
We all live in fear of cartel  
So I swim *el Rio* at night  
Where Border Patrol very light.

Mister Biden, he is a dope  
He give seven million false hope  
By sneaking across de border  
To join his *New World Order*.

REFRAIN: *All is free in America*  
*Cell phones free in America*  
*Healthcare free in America*  
*Plane rides free in America.*

Those people in Texas real nice  
They not even charge me no price  
*Yo vengo a Tejas* to work  
Next day I wake up in New York.

The Florida People nice too  
Fly many to island with view  
After staying only one night  
*The Vineyard* got bored with their plight.

*El mayor problema I found  
Los otros ilegales abound  
It very soon dampened my glee  
To find Mexico ya aqui.*

*All is free in America  
Cell phones free in America  
Healthcare free in America  
Crime run free in America.*
