

My Least Favorite Things

(To "My Favorite Things" from The Sound of Music)

**We're governed by traitors, both fools and tyrants
and led by a moron who soils his pants;
Gaslighting all of us with endless lies
while urging us not to believe our own eyes.**

**Spending like n*ggers with a stolen charge card's
like ransacking Fort Knox with no one on guard;
Pursuing insolvency with no end
the only thing "*Democrats*" do well is spend.**

**Billions in Foreign Aid laundered through Ukraine
"*dark money*" to fund each Democrat campaign;
All through the efforts of Sam Bankman-Fried
Because bribing black voters is costly, indeed!**

**Censoring critics on *Facebook* and *Twitter*
leaves a bad taste that's both lasting and bitter;
The "*swamp*" has become, to no one's surprise
a vile, organized criminal enterprise.**

**The threat to American democracy
is what's been created, a kleptocracy;
Financing China's expansive army
that may one day invade L.A. and D.C.**

--Earl P. Holt III
