

Cortez, the Conquering Hero

Much like her storied namesake
She took D.C. by storm;
Her vast and cherished wisdom
Straight from her college dorm.

Devoid of *real world* knowledge
A social warrior, too !
Promising a *Green New Deal*
and free incomes to boot.

The devil's in the details
A fact she must have spurned
Dispensing pricey coffee
And Marxism she learned.

Blind to worldly evidence
Oblivious to Marx;
Not knowing Karl from Groucho
Pervading her remarks.

She's never heard of Pol Pot
Or Stalin, it would seem;
Nor knows that Mao and Hitler
Were also on her *team*.

Socialism's *ingenue*
Like all the ones before;
Can't help expose her nature;
an empty-headed boor.

-- Earl Holt III
