## Stealthy Transaction

## by Earl P. Holt III

Despite mountainous evidence exposing the **Biden Family Crime Syndicate's** sale of influence to foreign nationals -- and probably *Classified Documents*, as well -- one particular example of their treason is rarely mentioned. It involves a subject which I have reported on several times in the past, the sale of **Henniges Automotive** to **Red China's** state-owned firm, **Aviation Industry Corporation of China** (AVIC.)

In September of 2015, one of Hunter Biden's firms, *Rosemont Seneca Partners*, was given a green light by the Obama Regime to broker the sale of *Henniges Automotive* to AVIC. Among other products, *Henniges* is a manufacturer of strategic technologies that reduce engine vibrations to enhance their "*stealth*" features. Despite it's military applications and the national security implications, the sale was approved by Obama, who may have overruled CFIUS to okay it. (CFIUS is a committee consisting of representatives from Treasury, State, the Pentagon, the FBI and the intel community, which approve or reject the proposed sale of sensitive technologies to foreign nationals.)

There may not be a fool-proof method to demonstrate which of the many millions in cash and other valuables transferred to the Bidens represent the specific *quid pro quo* for shepherding this sale through the Obama Regime. That's because China transferred large sums to the Bidens so many times, that it's difficult to determine which of their illgotten gains were directly linked to China's purchase of *Henniges*. Below, let's consider some of the possibilities:

Immediately after a trip to **China** with his vice president father in December of 2013, Hunter Biden and his partners at **Rosemont Seneca Partners** received an unprecedented windfall of **\$1.5** Billion from the

state-run *Bank of China* to invest for them. Brokering the sale of *Henniges Automotive* to communist China in 2015 might merely have been deferred compensation to **Red China** by the *Biden Family Crime Syndicate* for China's earlier investment in *Rosemont Seneca Partners*.

Between February 23 and March 1 of 2017, a total of \$6 Million was transferred from *State Energy HK Ltd*., a subsidiary of *China Energy Engineering Corporation* (CEFC,) a company controlled by Ye Jianming. Ye Jianming was one of Hunter Biden's many wealthy and connected Chinese contacts, but he has since vanished for unspecified reasons. Ye Jianming was the founder of CEFC, which played an important role in future *Biden Family Crime Syndicate* activities. The money wired from CEFC went to *Robinson Walker LLC*, a firm controlled by Hunter Biden's close business associate and partner of many years, Rob Walker.

On June 18, 2017, Hunter Biden urgently requested that Ye Jianming also wire him **\$10 Million** to fund a new company he and Tony Bobulinski were then organizing named *SinoHawk Holdings*. In the summer of 2017, Hunter Biden met with Ye Jianming in Miami at a charitable event. Over dinner they discussed Hunter Biden's role in helping to find investments for CEFC in America. Later, Ye sent Hunter Biden a **2.8 carat diamond** as a token of his gratitude.

Hunter Biden

Hunter's Diamond

Ye Jianming

In an infamous May 13, 2017 e-mail found in Hunter Biden's discarded laptop computer -- a story totally *spiked* by the Jews' Media -- equitable interests were assigned amongst the six participants in what was probably *SinoHawk Holdings*, which was being organized at the time. Hunter and Joe Biden were each to receive a 10 percent share of the company's profits, with the share for *"The Big Guy"* to be held by Hunter.

On August 8th, 2017, the **CEFC** wired **\$5** Million to a company named *Hudson West*, which was co-owned by Hunter Biden and Ye Jianming. This was one of about two dozen "*shell*" companies used by the *Biden Family Crime Syndicate* to launder its ill-gotten gains. On that same day, the **CEFC** also wired **\$4.79** Million to Hunter Biden's law firm, *Owasco LLC*.

In a series of about 20 wire transfers to camouflage its purpose, *Owasco LLC* then wired \$1.4 Million to the *Lion Hall Group*, a "*consulting*" firm controlled by Joe Biden's brother, Jim Biden, and his wife. This was a pretty clear example of the manner in which illegal money was routinely laundered through approximately 24 shell companies set up by the *Biden Family Crime Syndicate*.

In September of 2017, Chi Ping Patrick Ho -- a subordinate of Ye Jianming at the **CEFC** -- paid a **\$1 Million** "*retainer*" to Hunter Biden for *"Counsel to matters related to US law and advice pertaining to the hiring and legal analysis of any US Law Firm or Lawyer."* 

The usual suspects in the *New Communist Party of the USA* claim there is no "smoking gun" to prove the criminality and treason of the *Biden Family Crime Syndicate*. Even if signed contracts existed, indicating a particular favor performed for **Red China** in return for a specific bribe amount, the NCPUSA would continue to parrot the same lies. Unfortunately, criminals -- particularly criminals who attended law school -- don't give each other written receipts for criminal acts. They don't conduct conspiracies beneath video equipment, either. For that reason it may be difficult or impossible to know the specific amount of the pay-off to the *Biden Family Crime Syndicate* for brokering the *Henniges Automotive* sale to **Red China.** We do know that soon after that sale, China introduced its new *J-20 fighter jet*, which reportedly incorporates the "*stealth*" technology stolen from *Henniges Automotive*. (Seamus Bruner & John Solomon. "*Hunter Biden teamed with Chinese military supplier to acquire dual-use Michigan auto parts maker.*" *justthenews.com*, Sept. 8th, 2020.)

If true, then the Biden Family deserves mention alongside such traitors as Benedict Arnold, Julius Rosenberg, Alger Hiss, Alejandro Mayorkas, and George Soros. (Oh, and Barack Hussein Obama, too!)
