

## Merry Christmas, *Crackers* !

On Christmas Day of 2023, a n\*gger in New York's *Grand Central Terminal* stabbed two young girls who were seated with their parents and enjoying a meal. The two girls, ages 14 and 16, suffered wounds that were not life-threatening, and the black bastard was soon arrested by *Metro Transit Authority* police and faces a variety of charges.

The two injured girls are from Ecuador. One was stabbed in the thigh, and the other was stabbed in her back with a wound that just missed her lung. Fortunately, both were released from a hospital that same day after being treated for their injuries.

The perp was the usual n\*gger that gives New York City its well-deserved reputation as a dangerous cesspool. The rabid ape made a nuisance of himself by demanding a table because **"I want to sit next to the crackers."** When the restaurant's staff insisted that he leave, he took out his anger on innocent bystanders by yelling **"I want all the white people dead,"** and then attacking his two victims seated nearby.

**Rabid Ape**

Not surprisingly, this particular black baboon has a lengthy criminal record. In just the past six months, he has been arrested twice in the Bronx for brandishing a knife and attempting to intimidate victims. In both November and July of 2023, he pled guilty to charges of illegal possession of a weapon.

His offense in July earned him 15-days in jail, and in November he was conditionally released with a temporary restraining order to protect his victim. He was also arrested in October for smashing a glass display case at **Bergdorf Goodman** in Manhattan, causing \$81,000 in damage. For that offense he got another 15 days in jail.

One New York City law enforcement official offered an explanation for the persistence of this black bastard's one-man crime wave: ***“DAs are chopping all the charges down. Judges are letting him go. Now we’ve got two teenagers who were stabbed.”***

**This rabid ape may finally be on the receiving end of some *REAL* justice: he has been charged with attempted murder, assault, illegal possession of a weapon by a criminal, and two counts of endangering the welfare of a child.**

Because of the pervasive nature of its dangerous black shit-bums, the tourist trade in New York City will soon shrink like its commercial real estate market has. When that happens, New York City will begin such a rapid downward spiral that even Muslim terrorists won't consider it a worthwhile target any longer.
