

## WHUFFO ?

Fani Willis -- that fat, stupid and corrupt n\*ggress D.A. in Fulton County, Georgia -- hired her boyfriend to prosecute Donald Trump on the false charges she and the DOJ concocted against Trump. The n\*gger boyfriend has never prosecuted a felony case in his life, but she paid him \$645,000 over two years. Then, the two spent \$6,000 of that money vacationing together in Florida, Napa Valley and the Caribbean.

Proving that there's no scoundrel like a black crook, on MLK Day, Fulton County D.A. Fani Willis sermonized to Atlanta's **Big Bethel AME Church** that **"black women can't save the world."** **We knew that already, based on the catastrophes they've created in many of our largest urban areas.**

When Hunter Biden turned up on January 10th at the *House Oversight Committee* hearing on his own contempt charge, some female reporter had the guts to ask him who his crack supplier is? That woman deserves a *Pulitzer Prize*, and I'm nominating her right now, whoever she is.

The reason Hunter showed up for the *Oversight Committee's* hearing on his contempt charge was because the movie producer making a documentary of his life -- Kevin Morris, who accompanied Hunter to that hearing -- didn't have any footage of Hunter with his pants on...

A federal judge on the Fifth Circuit Court of Appeals has stopped the Biden Administration's attempts to dictate the efficiency of dishwashers and washing machines. **Biden will just have to concern himself with laundering bribe money rather than the clothes and dishes of others.**

**Marxist Revolutions turn on themselves:** Marxist Jews were the primary architects of subverting "*higher education*" in America, but are now the targets of the rabid and radical protestors they helped spawn. The latter view all Jews and Israel as deserving of genocide, and radicalized

institutions like **Harvard**, **MIT** and **Penn** don't have the moral courage to denounce them. It's reminiscent of the Jacobins turning on themselves during the French Revolution's "*Reign of Terror*," and ultimately guillotining Robespierre.

One of Senator Ben Cardin's (D-MD) staff videotaped himself bugging another male in a *Senate Hearing Room* in mid-December of 2023. We'll see if Capitol Hill Police are able to get to the **BOTTOM** of their indiscretions...

With 24 Grand Slam victories, Novak Djokovic is the greatest tennis player who ever lived, but he has been the target of sports journalist Mike Dickson ever since he refused the COVID vax prior to the 2022 *Australian Open*, and was then deported from Australia. Calling Djokovic "**deplorable**" and "**wacky**," Dickson filed numerous stories attempting to humiliate Djokovic for his courageous stance against the vax. **In a delicious example of poetic justice, Dickson dropped dead in Melbourne at age 59, just before the 2024 Australian Open.**

After recovering from his stroke, U.S. Senator John Fetterman (D-PA) has begun to speak in complete and coherent sentences for the first time in years, and he's just discovered the catastrophe on our porous southern border. **Apparently, it takes severe brain damage to bring a "Democrat" to their senses on the subject of immigration.** (Greg Gutfeld on *Fox News* called this "*a stroke of genius*.")

On January 19th, Attorney General Merrick Garland called for "**speedy**" trials for Donald Trump. That's after **PERSONALLY** delaying the investigation and trial of Hunter Biden **FOR FIVE YEARS**, after which, the statute of limitations on many potential charges against Hunter had elapsed. The Jews call that *chutzpah*, and you can bet Garland **IS** one.

Harvard's former President -- a niggess race-hustler named Claudine Gay -- has been removed from office for serial plagiarism in which she flagrantly lifted entire paragraphs from the works of others and inserted them into her own work without attribution. This she characterized as **"citation errors."** **That's like being caught after stealing someone's car, and then claiming that you were driving around in search of the rightful owner to return it.**
