

Abandoned by "*Democrats*"

By Earl P. Holt III

Members of the ***New Communist Party of the USA*** (NCPUSA) --often called "*Democrats*" by those blind to irony -- will say anything, do anything and promise anything to advance their quest for power. As Marxists, they possess no bedrock moral or ethical principles beyond an insatiable lust for power. This is evident in the many constituencies they have coolly abandoned along the way.

By the early 1980s, the "*Democrat*" Party lurched dangerously to the left, but at least a few honorable men like Senators Henry "*Scoop*" Jackson (D-WA,) Bill Proxmire (D-WI,) and Zell Miller (D-GA) moderated its leftward drift. These were patriotic men of conviction and principle, who would no longer be welcomed in what has become the NCPUSA. In fact, it's unlikely that any of them would even wish to belong any longer.

With adults like Jackson, Miller and Proxmire in the Senate, it was possible to forge bi-partisan coalitions around America's national security and fiscal policies thanks to their decency and intellect. At that time, the treasonous left that now dominates the NCPUSA was in its infancy, so America's national security interests were often ably met and its economic policies had not yet gone off the rails. Now, the vast majority are rabidly anti-American Marxists, who seem giddy at the prospect of America's destruction at the hands of China, Islam, communists, Third World garbage, or anyone else willing to do the job.

The "*Pro-Life*" movement was the first group sacrificed by the NCPUSA, due to relentless pressure from feminists and lesbians within the ***Ladies' Auxiliary of Marxism***. The science of neonatology hadn't changed, but the polling had. Abortion is now about as close to a "*religious sacrament*" as the NCPUSA is still willing to observe.

Pro-Life Supporters Abandoned by the NCPUSA

The party's betrayal of pro-life Christians -- formerly a large part of their core constituency -- was easily predictable before the Supreme Court invented a **"right to abortion"** out of thin air in ***Roe v. Wade*** (1974.) Much of the Party is now in the unique and unenviable position of supporting infanticide -- up to and including a live birth -- while simultaneously opposing capital punishment for vicious murderers.

Middle-class whites were a group the NCPUSA also chose to discard, a phenomenon that probably occurred within the past two decades. In its pursuit of a nation that looks more like Mexico than America, minorities in the party demanded that whites be disempowered -- except wealthy Jewish donors and Hollywood celebrities -- as an expeditious way to hold its **"Rainbow Coalition"** intact. Blacks and Third World garbage are welcomed with open arms, but most whites need not apply unless they are very wealthy donors.

The NCPUSA has even surrendered its traditional **support for Israel**, and now sides with Islamic radicals who share its relentless quest for power at any cost. Apparently, even Marxist Jews in that party have forsaken the God of Abraham and Isaac for their new **"gods"** of Marx and Lenin. The NCPUSA's support for Israel eventually became a political burden

that had to be sacrificed in order to appease Muslim trash within the party, such as Minnesota Attorney General Keith Ellison, Hakeem Jeffries (Rabid-NY-8,) Rashida Taliban (Hideous-MI-12,) Ilhan Omar (Incestuous-MN-5,) and others.

By the late 1990s, the NCPUSA also found it expedient to abandon **“working-class”** Americans of all races, its most loyal constituency for more than 100 years. The prospect of riches from China trade outweighed the party's traditional support for the working-class, so the latter were coolly jettisoned as well. Tens-of-millions of irreplaceable blue-collar jobs were *“off-shored”* and *“outsourced”* in pursuit of cheap labor. The NCPUSA's domestic and trade policies have frequently damaged America's working class, but union bosses never blinked an eye because the NCPUSA is the source of their power and influence.

4,000 year-old Western institutions like **traditional marriage and the nuclear family** were suddenly and curiously besieged, this time to placate the various queers, perverts, homos and circus freaks the NCPUSA has welcomed into its fold. Thus, support for the nuclear family,

with its basis in traditional marriage, was soon dumped in favor of new variations of *families* possessing two mommies or two daddies, or even **MORE** perverse combinations involving three "*parents*."

Perverts Sure Do *LOVE* Kids !

Queer scoutmasters, queer marriage, queer adoption, "*transgender*" bathrooms and similar outrages were certainly not advocated by any Republicans -- outside of the *Log Cabin Club* -- but they were explicit in the **2020 Democrat Party Platform**. God and the **Bible** became a subject of ridicule within the NCPUSA because Karl Marx is a very jealous god.

The most recent example of NCPUSA expediency is its betrayal of **girls and women** athletes. Their hard-won battle for equal funding of women's sports through Title IX has been subverted by biologically male "*transgenders*," who demand the *right* to compete against female athletes and usually triumph. In a party that's afraid to define what a woman is, not even its elected officials have the courage or decency to denounce this outrage. So-called "*feminists*" remain silent as well, because their opposition would expose their childish and delusional claim that "***gender is a false construct***."

The catastrophe on our southern border is a final example. The NCPUSA immediately implemented an *open-border* policy in January of 2021 that has welcomed 10 million (or more) unvetted illegal aliens into our nation in just three years. This was an affront to every **legal immigrant**, of whom many conditions were demanded prior to their becoming legal citizens. It is also an abandonment of every **legal American**, whose right-to-vote has been diluted with illegal immigrant vote fraud, and whose tax revenues have been squandered to subsidize illegal, Third World garbage.

The disloyalty that the NCPUSA has shown to many of its oldest and most loyal constituencies affords a pretty clear illustration of its lack of principle: its members are willing to say and do **ANYTHING** to consolidate political power. It also exposes how committed the NCPUSA is to a "**divide and conquer**" approach to subverting America in its relentless quest to deliver us into the international socialist orbit and "**One World Government.**"
