

Self-Perpetuating Disasters

by Earl P. Holt III

Years ago, I detected a pattern that Rush Limbaugh also recognized and occasionally commented upon while *on-air*. The misnamed "*Democrat*" Party's fatal attraction to Marxism compels it to enact policies that inevitably produce disastrous results. Then, when a sufficiently large public backlash inevitably occurs, "*Democrats*" "*heroically*" step in to offer an even worse "*remedy*" for the disasters spawned by their earlier policy.

A recent illustration of this phenomenon appeared in Biden's ***State of the Union*** address given on March 7th. In between truly staggering lies, he proposed a \$4,800 annual tax-credit to subsidize mortgage payments to make them more affordable. But the reason mortgages have become increasingly unaffordable to first-time homebuyers is ***ENTIRELY*** attributable to the Biden regime having spent like n*ggers with a stolen credit card. Biden spent \$10 TRILLION over the past two years, which generated 18 percent inflation and forced the Federal Reserve to raise interest rates to combat it. His treasonous spending levels and his proposal to subsidize mortgage-holders are equally inexcusable. Such a program will only increase our National Debt and inflation, while driving the price of housing and interest rates to still higher levels. No one with a functioning brain would propose such an absurd idea.

This is similar to Biden's repeated attempts to "*forgive*" federally-guaranteed student loan balances. More than a decade ago, the Yankee Government assumed the responsibility for student loans, which became the ***Federal Family Education Loan*** program (FFEL.) Under federal sponsorship, anyone with a pulse could obtain such a loan, even functionally illiterate morons who slept through 12 years of schooling. Many applied for and received FFELs to study "*black grievances,*" gender,

multi-culturalism, *Critical Race Theory*, and Canadian Television Theory. After graduating with a laughable degree, most soon found themselves unemployable and unable to repay their student loan balances. That's when the Biden Administration heroically came to their rescue by *forgiving* their loans. No president has the authority to arbitrarily reward his supporters at the expense of taxpayers, so his first attempt was struck down by the Supreme Court. However, his efforts got him the votes he desperately needed before the Court could rule.

Irresponsible and treasonous federal spending levels by "*Democrats*" has generated enormous budget deficits, most of which end up having to be "*monetized*" by the Federal Reserve. This requires printing money out of thin air to fund the earlier spending. The chronic monetizing of trillions of dollars in debt created an economy awash in cash, thus generating **inflation**. (It's the money-supply that's being "*inflated*.") In response to the public's outrage at the declining value of the dollar, the "*Democrat*" Party tried to cover itself in 2022 by enacting an ***Inflation Reduction Act*** that spent an additional \$1.2 Trillion, most of which also had to be monetized. That's like trying to put out a gasoline fire with kerosene.

Speaking of petroleum products, another example is Biden's **war on oil and gas**. This self-destructive policy ended hard-won U.S. energy independence, while simultaneously enriching oil-producing enemies like Iran and Russia by raising world oil prices. But, consumers became outraged when it tripled U.S. gasoline prices, **so Biden released over \$100 Billion in Iranian oil revenues from the "Swift System" of currency exchanges, in return for Iran's promise to increase oil production to lower U.S. gasoline prices**. This arrangement freed Iran's surrogate terrorists to attack commercial shipping and U.S. forces in the Middle East with impunity. That's because a compromised Biden doesn't dare strike a killing blow against Iran's surrogates -- Hamas, Hezbollah, or Houthi rebels -- out of fear that Iran will reduce oil production and drive-up U.S. gas prices just before the 2024 election.

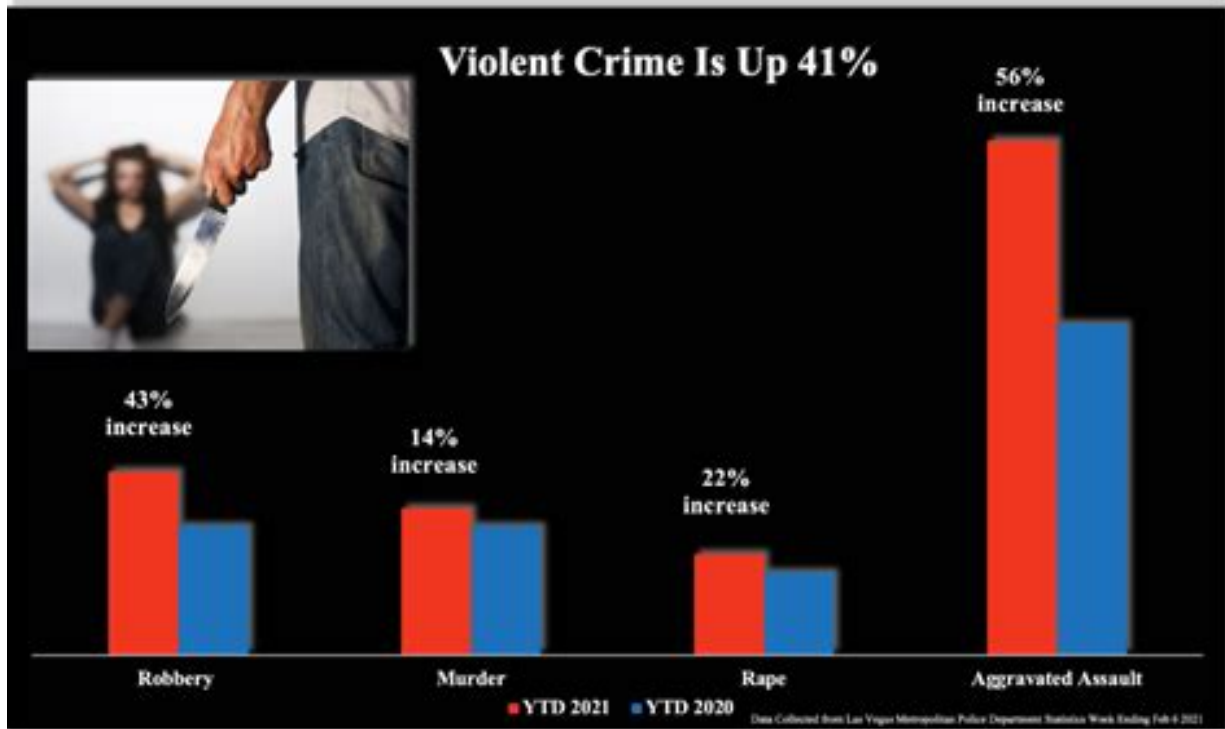

A more recent example involves illegal immigration on our southern border. After jettisoning Trump's highly effective **"Remain in Mexico"** policy, the Biden Administration has intentionally welcomed an invasion by at least 10 million illegal aliens into this country in just three years. When brain-dead **"Democrats"** and **"Independents"** finally awakened to this **catastrophic invasion**, Senate **"Democrats"** hurriedly conspired with RINOs like Mitch McConnell (Traitor-KY,) to draft an **"immigration reform**

bill," supposedly to "*fix*" the problem. In reality, it was an **amnesty bill** that would have legitimized the Biden Administration's intentional violation of U.S. immigration laws for three years. It would also have handed 10 million illegal aliens a *Work Visa* and an immigration lawyer at taxpayer expense.

Likewise, **BLUE** cities run exclusively by "*Democrats*" have enacted the strictest gun-control laws in the nation, thereby prohibiting law-abiding citizens from defending themselves against an increasingly violent black and illegal Hispanic criminal element. As a consequence, most large **BLUE** cities have seen their rates of **violent crime SKYROCKET** to historic levels, particularly murder, armed robbery and car-jacking. Their response has been to adopt criminal justice "*reform*" by *de-funding* police, waiving bail, granting early release from jail, and decriminalizing theft, making most **BLUE** cities no longer inhabitable by decent people. Those same **BLUE** cities now claim that their crime has diminished, but only because most have conspired to obscure many incidents of crime.

Moreover, Anthony Fauci's *National Institute for Allergies and Infectious Diseases* (NIAID) surreptitiously funded "**gain-of-function**" research at China's **Wuhan Institute of Virology** (WIV) for years during the Obama regime. This research was soon diverted to serve the Chinese military's virologic warfare program. Fauci and other "*Democrats*" deny this obvious fact, but it is beyond dispute that the WIV was the origin of the COVID-19 virus, and that it was "*engineered.*" Thus, after COVID killed about one million Americans, it became vital that Fauci hide the evidence of this embarrassing and potentially criminal fact. Thus, Fauci misappropriated \$50 Million from his discretionary funds at the NIAID to **BRIBE** several prominent researchers into reversing themselves on their publicly stated position that COVID was "*engineered*" rather than a naturally-occurring virus.

The lack of a capable and skilled **national security** team in the Biden Administration led to America's shameful and disastrous retreat from

Afghanistan. It prompted many vital and seasoned military officials in every branch of service -- including both commissioned and non-commissioned officers -- to retire or resign. To help fill the ranks following **historically low recruitment levels**, the Biden Administration has aggressively promoted queers, transgenders and women to combat leadership command, which will further reduce combat readiness. This has only emboldened our mortal enemies such as Iran, Russia and China, each of which has increasingly engaged in aggression toward U.S. armed forces. Men who are asked to risk their lives in combat wouldn't follow this bunch into a restroom, much less a combat zone.

Finally, since the Supreme Court decision in ***Brown v. Board*** (1954,) all academic disparities between blacks and whites have been attributed to "*systemic race discrimination*" rather than the lower IQs of blacks. That "*achievement gap*" enabled "*Democrat*" constituencies -- the NAACP, inner-city school systems, teachers' unions, leftist dilettantes, and other race-hustlers -- to sue as plaintiffs or with *amicus* briefs to obtain federal

court-ordered **school desegregation** as a "remedy." Yet, the only thing school desegregation accomplished was to hand over inner city public school systems to corrupt and incompetent blacks, who are no more capable of educating than they are of performing brain-surgery.

"We Sho' 'Nuff Bees Teechers"

Those who now run inner-city public school systems immediately abandoned any pretense of educating, thereby helping to **INCREASE** the *achievement gap* between blacks and whites. To obscure their failings, the proponents of desegregation have scrambled to dumb-down the curriculum and impose an *ethnicity-oriented* curriculum such as Critical Race Theory and "Ethno-Math" with no wrong answers. These quickly spawned declining standardized test scores in international comparisons such as the **Program for International Student Assessment** (PISA,) where the U.S. currently ranks at the bottom among industrialized nations in Math.

As *The Gipper* often reminded us, **"The scariest words in the English language are 'I'm from the government, and I'm here to help'."** This is

not to suggest that incompetence and arrogance are solely responsible for the failings of the Biden Administration and the "*Democrat*" Party. A great many of their disasters are intentional and purposeful, in order to benefit our mortal enemies and help usher in a "*New World Order*" based on socialism. They would like to do for America what Lenin and the Bolsheviks did for the former Soviet Union.
