

Rules for Radicals

by Earl P. Holt III

In his book ***Rules for Radicals***, a slimy and traitorous Jew-communist named Saul Alinsky advised his fellow communists to "***Accuse your enemies of that which you are doing, it will sow confusion into their ranks.***" Psychologists call this phenomenon "***projection,***" and Alinsky recommended it as a tactic to deflect scrutiny away from his treasonous comrades and redirect it onto their non-communist adversaries.

Alinsky's advice is now standard operating procedure within the "Democrat" Party, where many routinely parrot the claim that Donald Trump is a "threat to democracy." That's the same bunch that weaponized the FBI and DOJ to persecute innocent political opponents; conspired with social media to censor its critics on their platforms; waged a war against oil and gas to enrich its supporters and donors in the "green energy" industry; currently plans to register 12 million illegals to vote; and conspired in a "coup" against President Trump, using fabricated charges and perjured testimony from Obama-holdovers in front of a FISA Court.

Here's another example of projection: Hillary Clinton recently accused Donald Trump of planning to kill and **destroy his political opposition** if he were re-elected. Ironically, Hillary probably has more kills to her credit than Al Capone. And, it's her very own ***New Communist Party of the USA*** (NCPUSA) -- laughably called "***Democrats***" -- that are currently trying to destroy Donald Trump with 91 fraudulent felony charges, using show trials in four different NCPUSA venues. She also funded and authored the phony "***Steele Dossier***" to destroy Trump with false charges of colluding with Russia to steal the 2016 Presidential Election, which spawned a three-year inquisition by Special Counsel Robert Mueller.

Saul Alinsky & Hillary Clinton: *Mentor & Protege*

Another example of projection occurred immediately after Joe Biden took office, when he cancelled all of Donald Trump's Executive Orders involving immigration -- such as "*Remain in Mexico*" -- which had successfully reduced **illegal immigration** to historically-low numbers. But after the public outcry against Biden from welcoming 12 million unvetted illegals into the U.S. in just his first three years, Biden and his regime resorted to blaming Donald Trump for the immigration "*mess*" they claimed to have inherited from his administration.

In August of 2020, Hillary Clinton advised Joe Biden not to concede the November 2020 Presidential Election "*under any circumstances.*" She also warned that Republicans might attempt to "*mess up absentee balloting*" in order to "**steal**" the election for Donald Trump. She clearly knew in advance that massive and systemic NCPUSA vote fraud was in the works, and that vote-harvesting, proxy-voting, and fraudulent mass-mailed *Absentee Ballots* would deliver an illegitimate and stolen electoral victory to Joe Biden. (See the film ***2,000 Mules.***)

In another example of projection, many peaceful and unarmed patriots protested the stolen 2020 Presidential Election and showed their displeasure by demonstrating against it in Washington on January 6th of 2021. Many have been charged with "***sedition and treason,***" and remain incarcerated and in solitary confinement without bail, while others were beaten and neglected. These **POLITICAL PRISONERS** were arrested on fraudulent charges for demonstrating their outrage at what was clearly a stolen election. Yet, the DOJ has never explained how mostly polite and unarmed demonstrators could be engaged in sedition or treason.

Yet, communists in BLM and *Antifa* -- who are the shock-troops of the NCPUSA -- ***REALLY DID*** engage in *sedition* and *treason* when they rioted in many NCPUSA cities in 2020. They burned numerous businesses in order to sow chaos and provoke a violent revolution in America. Most of them were released by NCPUSA office-holders on miniscule bail or on their own recognizance, and later, their charges were quietly dropped by the NCPUSA cities and counties in which they rioted and terrorized the inhabitants. New York, Philadelphia and Seattle even financially compensated thousands of them for the "*indignity*" of being arrested for arson and terrorism.

BLM Riots: *REAL* Sedition and Treason

Projection is further evident among the lying and traitorous carpet-baggers at the ***Southern Prevarication Lie Center*** (SPLC,) and their allies among the Jews' Media. Both have made careers promoting the laughable narrative of **black victimhood**, in which innocent blacks are under assault by violent white assailants. They turn the truth on its head by accusing their conservative enemies of creating "***a false narrative of a victimized white majority under siege by allegedly violent people of color in the United States.***" (The SPLC's own words.)

This is a tactic to divert attention from the violence, savagery, witlessness and predatory nature of their black clientele, who commit about 90 percent of all murders in the U.S. every year. Moreover, blacks are 50 times more likely to engage in a violent crime against a white than the reverse. It's a fairly **RARE** occasion when conservatives, Republicans, white nationalists, or ANY white person commits a violent crime against a black, and it is almost always blacks themselves who are the perps.

NCPUSA projection became a matter of public record when Joe Biden used his influence to **shake-down Ukraine**, and in return received millions into the ***Biden Family Crime Syndicate***. Later, Biden -- with his usual good judgement -- bragged on videotape at the ***Council on Foreign Relations*** that he threatened to withhold U.S. aid from Ukraine unless that nation's chief prosecutor were fired. That prosecutor, Viktor Shokin, was investigating the corrupt natural gas company ***Burisma Holdings*** on whose Board of Directors Hunter Biden served. Hunter Biden was paid \$1 Million per year, despite being unable to speak Russian or Ukrainian, and knew nothing about the natural gas industry. (Viktor Shokin smelled a rat, and rightly so!)

When President Trump merely broached this subject in a phone call with Ukraine's newly-elected President, Volodymyr Zelenskyy, the NCPUSA denounced that as ***extortion*** and immediately moved to impeach Trump and remove him from office. They knew that Trump also smelled a rat,

and they used false charges against President Trump to put him "off the scent." As one writer succinctly quipped, *"It was cool for Joe Biden to 'extort' the President of the Ukraine, but it was an impeachable offense when Donald Trump asked him about it."*

Moreover, the entire NCPUSA across America engaged in projection by denouncing the Arizona Senate's courageous but exhaustive Maricopa County audit of the 2020 Presidential Election as *"election meddling."* The NCPUSA and many RINOs holding public office refused to cooperate with efforts to investigate the legitimacy of that election by ignoring subpoenas requested by auditors in Arizona and elsewhere.

Any thinking person should realize that the 2020 Presidential Election was stolen by a massive criminal conspiracy orchestrated by the NCPUSA at all levels, while using a variety of illegal techniques. These included *mass-mailed* ballots to every resident, former resident, dead resident, illegal resident, fictitious resident, dog, cat and canary in many swing states. It probably scares the hell out of "*Democrats*" that their 60-year criminal conspiracy against the *American Electorate* may finally be exposed along with their tactic of *projection*.

Furthermore, many **BLUE** cities are experiencing historically high violent **black crime rates**. Most public officials in those areas reflexively project their rising violent crime rates on "*white racism*," although few whites are ever involved. These public officials fear a backlash from voters, so they reflexively blame Republicans, slavery, poverty, Donald Trump, or the Solar Eclipse as their default modes.

Nuffin' Better ta Doos

The crooks and incompetents who hold office in NCPUSA cities and states have enabled and coddled blacks for decades, most recently those who called for so-called "*justice reform*" or the de-funding of police. Likewise, the NCPUSA's Soros-funded county prosecutors refused to charge rioters engaged in arson and other acts of violence following the *George Floyd Riots*. **It is NCPUSA RACISM in the form of profoundly lowered standards for black behavior -- not some fabricated and illusory "white racism" -- that has encouraged the savage instincts in blacks that are primarily responsible for recent and historic rates of violent crime.**

Finally, the communists and liars in the NCPUSA routinely accuse conservatives, Republicans and white nationalists of being "**science-deniers.**" This projection is often flung at sensible people who are skeptical of the supposedly "*scientific*" climate research at **East Anglia University** in England, and our own **National Oceanic and Atmospheric Administration** (NOAA.) Their very own e-mails from both institutions exposed their data to be "**fudged**" in order to exaggerate global temperature increases.

Yet, it is the "*Democrats*" and the entire left that refuse to acknowledge profound differences in IQ favoring whites over blacks, a disparity of 15 to 20 points that "*explains*" all differences in wealth and academic achievement between the races. **No phenomenon in the history of the social sciences has been demonstrated more times and in more ways than this double-digit IQ disparity, demonstrated in approximately 650 empirical studies. The accusation of "science-denier" is clearly just another example of their adopting Saul Alinsky's advice.**

The lesson here is never to accept the claims of any NCPUSA member or other leftist at face value, and this includes the phony narratives concocted by their allies in the Jews' Media. It's a very safe bet that any allegations by either will be a lie, and more likely true of THEM than true of ANY conservative, Republican, Libertarian or white nationalist.
