

# Immutable Marxism

by Earl P. Holt III

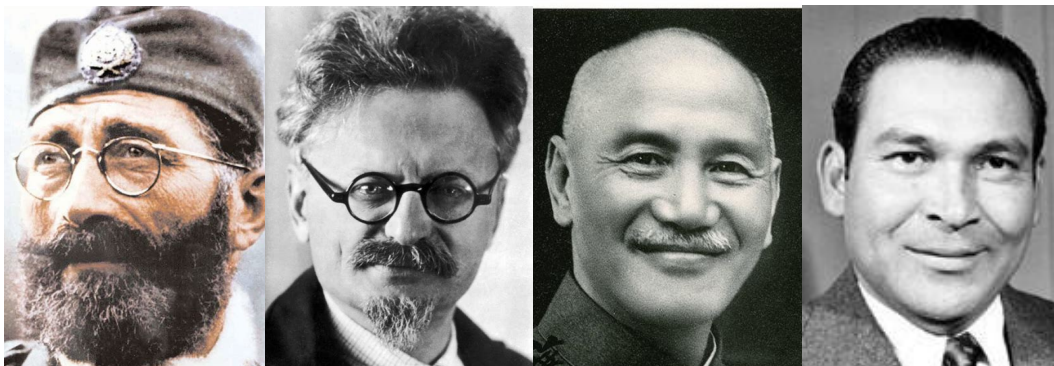

The *New Communist Party of the USA* (NCPUSA) -- laughingly referred to as the "*Democrat*" Party by those blind to irony -- has relentlessly conspired to destroy Donald Trump for nearly 10 years. It began the day Trump announced his candidacy for the presidency in 2015, and it persisted even after he left office in January of 2021. Currently, it has gained additional momentum with 91 fabricated criminal charges and four *show trials* in jurisdictions dominated by the NCPUSA.

The NCPUSA's blood-lust is reminiscent of the way **Josef Stalin** had his old Menshevik rival -- Leon Trotsky -- pursued all the way to Mexico. There, Trotsky was eventually assassinated with a pick-axe to his brain by Stalin's murderous NKVD. All communists behave in a like manner: they must **destroy political rivals** who are willing to challenge their leadership, and expose their lies and treachery.

The same phenomenon occurred in post-World War II Yugoslavia, where **Tito** hanged the heroic General Drjaja Mihailovich on false charges following a phony *show-trial*. Mihailovich was his nation's most courageous guerrilla leader, who fought both invading NAZIs and the Soviet Red Army during the war. It also occurred in post-war China, where Chiang Kai-shek was driven to the Island of Formosa (Taiwan) to escape assassination by **Mao's** secret police. Likewise, **Castro** sent a team of DGI assassins to murder Fulgencio Batista after the latter fled Cuba in 1959 and sought refuge in Portugal. Ironically, Batista died of a heart attack two days before Castro's *hit squad* could complete their mission.

**And, most notorious of all, Lenin and his Bolsheviks infamously murdered the Romanov Czar, Nicholas II, and his entire family soon after seizing power in the wake of their *October Revolution*.**

**Mihailovitch, Trotsky, Chiang, & Batista**

It is possible that both Senator Joseph McCarthy (R-WI) and James Forrestal, America's first *Secretary of Defense*, experienced similar fates after learning of and speaking out against the vast network of **Soviet spies** which had infiltrated the Roosevelt and Truman Administrations in the 1930s, 1940s and 1950s. Likewise, an argument could be made that

an earlier rendition of the NCPUSA felt compelled to destroy Richard Nixon because Nixon successfully forged a political alliance that won 49 states in the 1972 Presidential Election, possibly threatening the end of the NCPUSA (wrongly called "*Democrats*") as a viable political party.

The most recent version of the NCPUSA is no exception to this rule. It is obsessed with destroying Donald Trump because he has repeatedly vowed to drain the Washington "*swamp*" of its traitorous inhabitants. These Marxist and globalist denizens of the "*deep state*" have betrayed and subverted America for decades. The NCPUSA's hysterical reaction to Trump is identical to the reactions of the "*Democrat*" Party, the ACLU, and the CPUSA over Senator Joe McCarthy's investigations in the 1950s, when he was able to expose just a tiny fraction of existing Soviet espionage networks embedded in the *State* and *Treasury Departments*.

There should no longer be any question that the so-called "*Democrat*" Party is about as "*democratic*" as the old communist regime in East Germany. Paralleling the way the NCPUSA calls itself "*Democrats*," East Germany called itself "*The German Democratic Republic*," although it was neither *democratic*, a *republic*, and barely even *German* any longer. (It was really just a Soviet *satellite*.)

Likewise, the so-called "*Democrat*" Party is now just a modern reincarnation of the original ***Communist Party of the USA***, founded immediately after the Bolshevik's *October Revolution* of 1917.

To borrow a haunting line from the Kevin Spacey film, "***The Usual Suspects***": "*The greatest trick the devil ever pulled was convincing the world he didn't exist.*"
