

A "Threat to Democracy"???

by Earl P. Holt III

The five basic constituencies of the ***New Communist Party of the USA*** (NCPUSA) -- wrongly called "*Democrats*" by those blind to irony -- are communist Jews, organized crime syndicates, garden-variety commies, race-hustling n*ggers, and many varieties of queers. Each group is renowned for its capacity to lie like Satan, himself. This is particularly irritating when they parrot their 2024 campaign slogan alleging that Donald Trump is "***America's greatest threat to democracy.***"

This classic example of *projection* comes from a political party that has engaged in the following: It ***weaponized*** the FBI to harass *traditionalist* Catholics, government "*Whistle-blowers*," and parents who criticize woke school boards; In 2020 it encouraged and condoned ***riots and arson*** by n*ggers and communists, and later rewarded them financially; It conspired with social media to ***cancel*** its critics on social media platforms; It waged war against U.S. ***oil and gas*** industries to enrich its donors in the "***green energy***" industry; And, it welcomed 12 million ***illegals*** into the U.S., none of whom were properly vetted.

Furthermore, it ***stole*** the 2020 election with tens-of-millions of mass-mailed ballots that were harvested and proxy-voted by NCPUSA operatives; It arrested and convicted hundreds of peaceful January 6th demonstrators, using phony charges and ***show trials*** in a venue where **NO** Trump supporter could get a fair trial; It has mindlessly generated 30 percent ***inflation***, risking the dollar as the world's "*reserve*" currency; It has spawned skyrocketing rates of violent crime with its so-called "***justice reform***"; And, it attempted a ***coup d'état*** against President Trump using fabricated charges and perjured testimony in front of four FISA Courts.

The NCPUSA's treason is hardly a recent phenomenon. It has a long tradition of committing treason against the United States that began decades before the Biden or Obama regimes came to power. FDR was the world's second largest employer of **Soviet espionage agents** -- just behind the USSR -- spies who dominated his administration and that of Truman, much as Obama now dominates and controls the Biden Administration. Later, in the 1970s under Jimmy Carter, the NCPUSA gave away the **Panama Canal**, the Western Hemisphere's most important strategic asset, which is now largely under China's dominion.

Even worse, the Carter Administration sold the Soviets **Bryant, Centalign-B Precision Ball-Bearing Grinders**, allowing the USSR to dramatically upgrade the accuracy of their ICBMs aimed at American cities. Later, in the 1990s under Clinton, the NCPUSA permitted the sale of state-of-the-art **Loral Missile Guidance Systems** to Red China for *their* ICBMs. As Secretary of State, Hillary Clinton sold the Russians 20 percent of our precious **Uranium reserves** in return for tens of millions donated to the *Clinton Family Crime Foundation*. More recently, Biden *un-froze* hundreds-of-billions in **Iranian oil revenues** so Iran could continue to sponsor Islamic terrorism on a global scale.

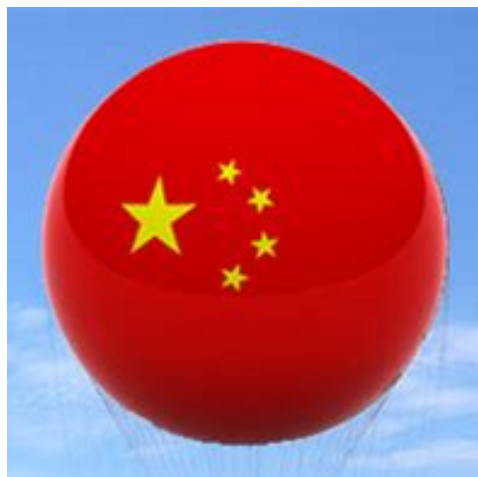

These criminal conspiracies -- which only scratch the surface -- should be enough to land every participant in prison for life, if not executed for treason. Anyone with an IQ exceeding that of a cabbage should realize that the **TRUE THREAT** to American democracy is the NCPUSA. In the 3.5 years Joe Biden has wrongly occupied the Oval Office -- and staffed his cabinet with communists, incompetents, n*ggers, lunatics, transvestites, queers and traitors -- every policy they've implemented has profoundly damaged America. The resulting disasters **CANNOT** be explained away by mere incompetence, they are the direct result of **TREASON!**

Joe Biden has been selling access to **Classified Documents** among foreign nations like China throughout his career in Washington. This is why the **Biden Family Crime Syndicate** illegally received at least \$20 Million from China. As a Senator or Vice President, he lacked the authority to remove or transport Classified Documents, so his possession of them going back to the early 1970s were clear violations of federal law. Classified Documents have been found at the **Penn/Biden Center**, in the Biden Archives at the University of Delaware, in Biden's Maryland home, in his Delaware home, and in San Francisco's *Chinatown*. It was China that funded the **Penn/Biden Center** with \$60 Million, a cozy arrangement that gave China unfettered access to classified materials divulging State Department, Pentagon, and CIA policies involving China.

Clearly, Joe Biden is not only "*compromised*" as a result of his family's business dealings with China, **HE IS OWNED BY CHINA**. When officials engage in illegal or treasonous acts with foreign governments -- as the *Biden Family Crime Syndicate* has done for years -- they may unlawfully enrich themselves, but they also become vulnerable to extortion by those same governments. China's leverage over Joe Biden has been painfully obvious for several years, but now that he's president it has profound consequences for national security. China has been **extorting endless concessions** from Biden because he has become China's *bitch!*

In 2022, China flew a **spy balloon** over the continental U.S. that gathered data from just about every ICBM installation in all four Time Zones without a whimper of protest from Biden. Likewise, after tripling gas prices for Americans with his insane war on the U.S. oil industry, Biden quietly sold millions of barrels of **crude oil** to China from our ***Strategic Petroleum Reserve*** which he has nearly drained. China's the same nation that annually steals \$500 Billion in proprietary technologies from U.S. firms, and annually runs a \$500 Billion trade surplus by manipulating its currency to discourage U.S. imports.

China is also the nation that **loosed the COVID-19 virus** on the world, killing approximately eight million people worldwide. Because of Biden's compromised relationship with China, our federal government must pretend that it doesn't know the **origins of COVID**, even though it obviously originated in China's Level 4 ***Wuhan Institute of Virology***. The Wuhan Lab is where the Chinese Military's *Virologic Warfare Program* seized control of that lab's *gain-of-function* research to create a virus that ultimately killed one million Americans and seven million more, worldwide. Biden doesn't dare try to hold China accountable for restitution, because China might expose his nefarious dealings.

After decades of China spying with impunity on America -- through scientific, trade, diplomatic, and educational exchanges -- in 2019 President Trump established the "**China Initiative**" to counter-surveil its legions of spies operating in the U.S. China targets state-of-the-art weapons systems, cutting-edge research at our universities, the fake news industry, and witless politicians like Eric Swalwell (D-Beijing.) China's 400,000 students matriculating at American universities and its 100 *Confucius Institutes* must assist China's intelligence services if called upon. However, the Biden Administration **CANCELLED THE CHINA INITIATIVE** in February of 2022, with the laughable explanation that the program contributed to "*racial profiling.*"

Best Friends Forever

The NCPUSA has also busily savaged the U.S. economy by following the advice of a commie-Jew named Saul Alinsky on how to destroy America. It has purposefully attempted to **bankrupt America** with massive deficit **spending and resulting inflation**. After 3.5 years, the Biden regime has precipitated 30 percent inflation by spending like n*ggers with a stolen

credit card. It's response was to enact the truly laughable ***Inflation Reduction Act*** that compounded the problem by spending an additional \$1.2 Trillion we didn't have, which the Fed was forced to "*monetize*" out of thin air. Americans have seen the cost of essentials like food and fuel, building materials and *consumer durables* (such as automobiles) rise by 30% or more. Even worse, by the end of his current term, Biden and his NCPUSA will have added \$10 Trillion to our National Debt.

Similarly, upon assuming office in January of 2021, Biden abandoned President Trump's highly effective "***Remain in Mexico***" policy, and then proceeded to ignore U.S. immigration laws by welcoming 12 million **unvetted and illegal aliens** into America in just three years. Few received background checks -- although many are **criminals and terrorists** -- but the NCPUSA secretly dispersed them throughout the country so they will be difficult to locate and deport. In fact, the NCPUSA has played "***Welcome Wagon***" to the dregs of the *Third World* by offering them free health care, free cell phones, hotel rooms, and generous "*resettlement*" monies to encourage more of the same. Yet, Biden's *Homeland Security Commissar*, Alejandro Mayorkas, has testified several times to Congress that the border is "***secure.***"

The NCPUSA has also engaged in a **war against police** in many cities controlled by the NCPUSA, which has taken the form of de-funding police budgets. This was followed by what is laughingly called "**justice reform,**" where those same NCPUSA cities mindlessly eliminated cash bail, granted felons early release from incarceration, and de-criminalized many property crimes. These *reforms* were soon followed by skyrocketing rates of violent crime. In response to this "*virtue-signaling*" among fellow Marxists, many police departments have been swamped by resignations and retirements. Shortages of uniformed officers have left law-abiding citizens with little defense against violent black predators, since NCPUSA cities also have the strictest gun control laws in the nation.

A similar example of **subversion** is being carried out within the U.S. Military. The NCPUSA has aggressively promoted queers, women, feminists and *trans-gendered* circus freaks into combat leadership roles. Their rapid promotion is an attempt to **weaken our national security** and undermine the *esprit de corps* and morale of our armed forces, especially our combat forces. Much like its attitude toward law enforcement, the NCPUSA recognizes that our armed forces are an obstacle to their goal of an American Bolshevik Revolution, so they must be subverted, something the NCPUSA is quite adept at doing. Warriors willing to risk their lives in combat will not die to vindicate the traitors who force DEI on them, which is why recruitment levels are at historic lows.

In a number of venues, the NCPUSA is currently **prosecuting its political rivals**, just as every communist regime has done throughout history. This is how Andrey Vyshinsky served Josef Stalin as prosecutor during the ***Moscow Show Trials*** of the late 1930s, and its the same way black *banana republics* routinely do it. Several prosecutors have indicted Donald Trump on **91 fabricated charges**, each of which is demonstrably bogus. That's because Donald Trump will probably be elected president in a landslide election come November of 2024, and this is the only way

the NCPUSA believes it can avoid its own electoral bloodbath, felt all the way from the presidency *down-ballot* to dog-catchers and those who scrape dead animals off the road.

Likewise, the NCPUSA's **January 6 Committee** was a **kangaroo court** capriciously selected by Nancy Pelosi (D-*Gambino*), consisting of two cherry-picked RINOs who hated Trump, with the balance of the committee consisting of vicious Jewish liars and *House-n*ggers* from the NCPUSA. This so-called **J-6 Committee** withheld exculpatory evidence and destroyed **exonerating evidence**, and behaved exactly as Andrey Vyshinsky did while serving Stalin as judge and prosecutor during the **Moscow Show Trials**. The *J-6 Committee's* sole purpose was to eliminate Biden's chief rival, Donald J. Trump, just as Vyshinsky was tasked with eliminating Stalin's chief rivals, such as Leon Trotsky and his Menshevik followers.

J-6 Committee's Inspiration: Stalin, Vyshinsky & Trotsky

Moreover, immediately prior to the 2022 midterm elections, that pathological liar and career criminal, Joe Biden, arbitrarily vowed to forgive all federally-guaranteed **student loans** to bribe potential voters

among the *Stepford Children*. Those with a functioning brain recognized this was an **unconstitutional transfer of wealth** from taxpayers to borrowers -- without Congressional approval -- and the Supreme Court agreed in *Biden v. Nebraska* (2023.) To demonstrate his contempt for both Rule of Law and the U.S. Supreme Court, Biden is now attempting the same unconstitutional act, once again, in defiance of *Biden v. Nebraska*, and this time prior to the 2024 national election.

Finally, in 2023, states run by the NCPUSA have attempted to obstruct or remove Donald Trump from their state's primary ballot in what clearly amounts to **election interference**. Ironically, that's the phony charge they've relentlessly thrown at Trump in another truly classic example of *projection*. Fortunately, the Supreme Court recognized the NCPUSA's nefarious efforts, and ruled against such attempts to subvert the democratic process by **manipulating ballot access** of their political opposition.

If America somehow manages to survive the NCPUSA and the Biden Administration, their legacy will be skyrocketing crime, rampant inflation, an economy severely damaged by COVID mandates, a return to energy dependence on unstable foreign nations, an invasion by illegal immigrants, federally-funded "*gender dysphoria*," a *woke* and impotent military, and a timid foreign policy that's encouraged every bad actor in the world to flex his muscles.

The *NCPUSA* is a party that now consists of communist Jews, race-hustling n*ggers, illegal aliens, Islamic terrorists, mentally ill queers and transgenders, elements of organized crime, and wacko misogynists from the *Ladies' Auxiliary of Marxism*. As a party, it is also committed to destroying America by handing over the *right-to-vote* to the tens-of-millions of Third World garbage and other illegal aliens that it has enthusiastically welcomed into the U.S. by violating U.S. immigration laws for much of the 21st Century.

Unmistakably, the NCPUSA's behavior resembles that of every other communist regime before it. Simply stated, the NCPUSA is a greater threat to American democracy and Western Civilization than nuclear war. There is nothing Donald Trump could possibly think, say or do that might threaten democracy to the extent that the NCPUSA has routinely and willfully subverted it over the past 85 years.
