

# Euphemisms

by Earl P. Holt III

A euphemism is loosely defined as *"the substitution of a more benign expression for an offensive one."* The misnamed "Democrat" Party and their commie allies employ many euphemisms, but with a very different purpose in mind. Like most Marxists, they engage in this verbal sleight-of-hand to fit their sinister purposes. Their goal is to **OBSCURE** the truth because deceiving the public is crucial to any Marxist strategy.

One recent effort of the left was to adopt the term *"progressive"* to describe the agenda of those who are really **Bolsheviks**. Teddy Roosevelt was a *progressive*, but Bolshevism is **REGRESSIVE**. Those routinely described in this manner are hardly *progressive* in any meaningful sense of the word: they want to convert America and the West into another *Soviet Gulag* by delivering us into the international socialist orbit.

*"Progressives"*

Likewise, leftists have also been forced to rename the **homeless** as the **"unhoused."** That occurred once it became obvious to normal people that there is much more going on with homeless loons than a lack of housing. Drug addiction, alcoholism and mental illness are an integral part of the equation, and even housing them in the **Adam's Mark** didn't even begin to mitigate their problems, as San Francisco learned.

Another recently-coined euphemism is the term **"newcomers"** -- used to describe those who enter the U.S. illegally -- rather than the far more accurate expression **"illegal aliens."** This may have been necessary once it became clear that far too many of these *newcomers* viewed America as ripe for murder, rape and plundering its innocent young people.

**"Newcomers"**

It was probably inevitable that the left would eventually be compelled to redefine **abortion** as **"reproductive care,"** in order to distract the public from the horror of government-sanctioned infanticide. This was

particularly true once "*Democrats*" began acquiescing to rabid feminists, and endorsed the late-term and full-term murder of perfectly healthy, innocent, unborn babies.

Once feminists got their way on abortion, queers and perverts began demanding equal privileges, particularly those who call themselves "*transgenders.*" Thus, the left and its ilk started to redefine the **pedophile grooming** of children as "**gender counseling.**" This trend inspired the Biden Administration to fund *gender counselors* in many public school systems, and pedophiles were handed sufficient cover to engage in their bizarre fetishes in public.

**"Gender Counseling"**

The radical pervert lobby and others who benefit financially from its tragic political agenda -- such as hospitals, doctors, gender counselors, psychiatrists and psychologists -- have convinced the Jews' Media to use the seemingly-benign euphemism "**gender therapy**" in place of the more

graphic *terms* that describe such irreversible surgical procedures as **castration** and **emasculation**. The latter terms paint much too vivid an image in the minds of those who bother to give it serious thought, so that euphemism became essential.

The Biden Administration has added \$10 Trillion to our *National Debt* in only four years. Rather than accurately describe their spending as rocketing America toward insolvency, the left refers to such **profligate spending** as an **"investment."** The term investment implies a stream of earnings or other benefits from an expenditure, but several trillion dollars of their *"investment"* has been squandered on the **Green New Scam**, and lost forever to U.S. capital streams.

**"Investments"**

*"Democrats"* and other race-hustlers also found it necessary to coin the expression **"Diversity, Equity and Inclusion"** (DEI,) to describe what is nothing more than hiring based exclusively on **identity politics**. DEI is

more accurately described as "***Dramatically Enhanced Incompetence,***" as its beneficiaries and practitioners in the Biden Administration demonstrate on a daily basis.

The Clinton Administration drafted **NAFTA** and welcomed communist China into the **World Trade Organization**, and then granted China *Most Favored Nation* trade status. Afterward, it needed to adopt a benign euphemism to explain "***that giant sucking sound,***" as Ross Perot so elegantly described the exportation of America's manufacturing base to China. The euphemism chosen to describe the exodus of tens-of-millions of middle-class jobs was "***outsourcing.***"

A final example involves the entire Jews' Media -- and their allies in the misnamed "*Democrat*" Party -- characterizing the 2020 BLM and *Antifa* rioters and arsonists as "***peaceful demonstrations.***" In fact, these were violent and destructive **RIOTS** that burned large parts of several cities, and were a far greater "*threat to democracy*" than anything any protestor dreamed of on January 6th, 2021.

***"Peaceful Demonstrators"***

In Shakespeare's *Romeo & Juliet*, Juliet asks herself: "***What's in a name? That which we call a rose by any other name would smell as sweet.***" When that question is posed to "*Democrats*" or any other communist, their reply must be taken with a large helping of salt.
