

# God's Hand

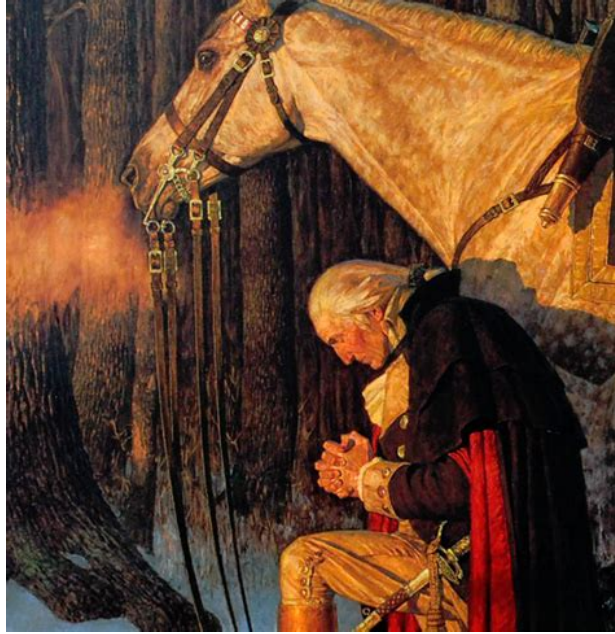

by Earl P. Holt III

Over and over, for thousands of years  
When the cries of God's people fell on His Ears;  
He chose a brave man His Will to embrace  
And lead His people with the help of His Grace.

One example comes from *Old Testament* Lore  
Moses was given an impossible chore;  
To lead God's children from captivity  
Then, when it was needed, part the Red Sea.

Daily, Washington knelt humbly in prayer  
He believed God's Grace would always be there;  
Guiding him wisely, until the war ceased  
And continuing through long years of peace.

**George Patton was a most profane man  
But recognized he was part of God's plan;  
During "*The Bulge*" he rescued Bastogne  
After which Hitler's *Wehrmacht* was done.**

**Reagan was humble, but given great power  
He prayed for wisdom at our darkest hour;  
Then won the *Cold War* without firing a shot  
a triumph that surely, must have pleased God.**

**God saw our decline, but knew how to proceed  
Selecting a man, this great nation to lead;  
A tenacious fighter, right from the jump  
He chose a fearless one, in Donald J. Trump.**
