

RINOs Expose Themselves

by Earl P. Holt III

238 former RINO staffers of Mitt Romney, John McCain, and George Bush Senior and Junior have signed an open letter endorsing the lazy, incompetent, empty-headed and Marxist niggress who's challenging Donald Trump for the presidency. RINO disloyalty is hardly news, but they've helped expose the true agenda of the "**UniParty**" to which they and their bosses have remained *members in good standing*.

Quislings With More Ambition Than Principle

Their letter initially attacks Donald Trump's foreign and domestic policy, anticipating that ***"...another four years of Donald Trump's chaotic leadership...will hurt real, everyday people and weaken our sacred institutions."***

Trump's first term ***WAS "chaotic."*** That's because he had to fend off treasonous assaults by Obama DOJ and FBI holdovers, engaged in a *coup* against him based on fraudulent allegations of ***"Russia collusion."***

Trump was also forced to defend himself against the ***New Communist Party of the USA*** (NCPUSA,) ludicrously called "*Democrats,*" which initiated two phony Impeachments against him. Meanwhile, his efforts to close the border were obstructed by the *UniParty* and its RINO quislings, who denied him funding for a border wall. Then, of course, there's the Jews' Media, which relentlessly misquoted and twisted every word he uttered for five years. **Just how well would the bosses of those 238 staffers have fared against such opposition???**

The letter continues: ***"Abroad, democratic movements will be irreparably jeopardized as Trump and his acolyte JD Vance kowtow to dictators like Vladimir Putin while turning their backs on our allies."***

It was the Biden/Harris regime that funded Putin's invasion of Ukraine by un-freezing Russia's oil and gas revenues. And, isn't ***"turning their backs on their allies"*** **EXACTLY** what the Biden/Harris regime has done to Taiwan, and also to Israel while it's at war with Iranian proxies? Likewise, what did the Biden/Harris Administration do to sanction or even protest stolen elections in Brazil and Venezuela during their watch? In fact, they released frozen Venezuelan oil and gas revenues **BEFORE** Venezuela's national election, giving Maduro *carte blanche* to steal that election as he always intended. Kommie Harris, whom these idiots endorsed, was in office and a witness to all of this. The insipid nature of these staffers is why Sam Francis called the GOP the ***"stupid party,"*** and with very good reason.

Their letter is really just sour grapes from RINOs who find themselves no longer employable in Trump's *Republican Party*. They can no longer find sinecures in D.C. because their donor class patrons and the GOP political class no longer control and mismanage the *Republican Party*, as they've done for the past 40 years. Since 2016, their *UniParty* cabal has been out of power and *sh*t-out-of-luck*, and their endless collaboration with the NCPUSA has been exposed for all to see. They can no longer conspire

with the opposition to misgovern America or mismanage what they believe to be its decline. And, by colluding with the NCPUSA, they and their bosses were responsible for much of that *"decline."*

Best Friends Forever

These RINOs and their bosses stood by passively and watched while America's mortal enemies institutionalized **race quotas**, engaged in **massive voter fraud**, played *"Welcome Wagon"* to tens-of-millions of **illegal immigrants**, and blindly **"out-sourced"** our manufacturing base. They helped fund seemingly **endless wars**, and also participated in generating a National Debt of \$35 TRILLION. Worst of all, you **NEVER** heard a word out of even one of these *douchebags* as, first a **coup**, then two **phony impeachments**, and finally **"lawfare"** were used by the NCPUSA to attempt to destroy Trump. (Let me correct that: hopefully, the *final attempt* was the botched assassination in Butler, PA.)

George Bush Senior repeatedly lied to the American People in his 1988 campaign by vowing, "*Read my lips: no new taxes.*" After the election, he soon raised taxes, ending the Reagan Revolution after fellow RINOs, the *UniParty* and the **WASHINGTON POST** convinced him to do so. Likewise, based on dubious intelligence, **George Bush Junior** initiated a pointless 20-year war in the Middle East that cost the lives of thousands of American heroes and **TRILLIONS** of dollars. Meanwhile, **John McCain** cast the deciding vote to salvage "*ObamaCare*," the worst legislation ever enacted in America. Meanwhile, **Mitt Romney** twice voted to Impeach Donald Trump based on what he **HAD** to know were fraudulent charges.

NONE OF THE FOUR SHOULD EVER HAVE BEEN NOMINATED TO RUN FOR PRESIDENT BY THE REPUBLICAN PARTY, AND NONE WOULD HAVE BEEN NOMINATED HAD NOT *DILETTANTES* IN THE DONOR CLASS CONTROLLED THE REPUBLICAN PARTY TO ITS DETRIMENT.

More than anything, the candidacy of Donald Trump is a repudiation of the flawed 40-year treasonous "*leadership*" of our self-anointed *donor class* and its RINO henchmen. That's why the Republican *donor class* worked so hard to defeat Trump, and then later attempted to destroy him. By exposing their profound disloyalty and truly terrible judgement, these 238 quislings and their equally reprehensible bosses have exposed themselves for all the world to see. They are empty suits with a grudge.

Trump's takeover of the *Republican Party* is serendipitous for many reasons, but none more so than for its purge of many RINO and *UniParty* traitors who have solicited our donations for 40 years, but then shamelessly collaborated with the NCPUSA to subvert America. A pox upon them and all their ilk !
