

The Madding Crowd

by Earl P. Holt III

At what point does it become a mass psychosis when people reject clear and obvious reality and substitute delusions, instead? Throughout the West, leftists are engaged in exactly that practice, and often seem perfectly content furthering ideas that normal and sane people instantly recognize to be absurd and delusional. In an earlier age, if someone tried to incite and then enlist the mentally ill to advance their political agenda, they were tarred and feathered and run out of town on a rail.

Examples of Individuals *Tarred & Feathered*

Most of us probably scoffed at the claims among various leftist "*thinkers*" that the very word "*black*" is racist, that milk is a symbol for racism, that the 2017 Solar Eclipse was racist, and that Math, gravity and speed limits are racist, as well. The left has also promoted such outrages as reparations for the offspring of illegal aliens, the notion that the Earth

will be uninhabitable in 12 years, and mindless policies that permit "transgendered" males to use Girls' Restrooms. Yet, as delusional as these ideas may sound, they are sacrosanct among certain weak-minded individuals.

Trump Derangement Syndrome is quite real, and it clearly applies to those who have been sufficiently indoctrinated by the Jews' Media, "Democrats" and other communists to believe that Donald Trump would do anything as president other than restore *Rule of Law* and accountability for those who have spent most of the 21st Century subverting it and the U.S. Constitution. Their delusion is a consequence of eight years of lies and defamation repeated on a daily basis by the Jews' Media, the epicenter of communism in the Western Hemisphere. It successfully encouraged at least one lunatic to attempt Trump's assassination.

This is a manifestation of Rush Limbaugh's observation that **"the left has willfully empowered the mentally-ill by treating their rantings and delusions as if they were legitimate grievances."** For example, by advancing its laughable dogma that **"gender is a false construct,"** the *Ladies Auxiliary of Marxism* (so-called "feminists") have inspired transgendered males and other mentally ill persons to begin claiming that boys can menstruate and men can give birth. No matter how primitive, no society has ever entertained such an absurd notion before, and with obvious reason.

Similarly, it was that dizzy loon, Senator Elizabeth "Pocahontas" Warren (D-MA,) who promised that if she were elected in 2020, she would eliminate segregating inmates by gender in our federal prison system. Thus, she would permit those same **"transgenders"** to run amuck amongst the female inmate populations, merely to pander to sad and highly disturbed individuals with *"gender identity problems."* Not all *transgenders* are queer, so federal prisons would definitely see their populations begin to grow significantly within the first nine months...

A similar example of leftists empowering the deranged involved threats by Obama's "Justice" Department against the state of North Carolina in 2016 over one of its state statutes. North Carolina enacted a law requiring those mentally-ill individuals who call themselves "**transgendered**" to use public restrooms based on to their **BIOLOGICAL** gender rather than their *self-identified* gender. Of course, Obama's DOJ was merely recruiting potential supporters by empowering these sad and unstable perverts to run amuck in girl's restrooms and locker rooms.

The left also promotes the fraudulent notion that homosexuality is normal rather than a mental disorder, and **queers** are just like everyone else. As a consequence, some mentally-defective parents subject their children to "*drag-queen*" events, where biological men *nancy* around in women's lingerie and act in a sexually provocative manner in front of young children. Psychologists call this "*grooming*," where kids are desensitized to queers and their appetite for young boys, which leaves children vulnerable to the later advances of homosexuals and pederasts.

Queers are **NOT** like everyone else, because no one else defines themselves on the basis of their aberrant sex acts.

Another example involves the envy, rage and violence of **"Anti-Fa,"** a motley collection of losers and *Birkenstock Bolsheviks* (Ann Coulter's term,) who inhabit their parents' basements while life passes them by. Their parasitism is interrupted only by occasional bouts of arson and criminal violence committed against law-abiding citizens. During the *"George Floyd Riots,"* many *"Democrat"* cities ordered police to **stand down** as rioters burned businesses and police stations to the ground and attacked police and civilians. Few if any rioters were brought to justice. Worse yet, the *"Democrats"* who control New York City, Seattle and San Francisco even awarded rioters with tens-of-thousands of dollars apiece to settle ridiculous claims against their cities for being arrested, thus rewarding them financially for burning down significant sections of major cities.

Communists, the Jews' Media and other liars have also helped to cultivate the delusion among mentally-defective blacks with low IQs that their failure to progress out of the **"under-class"** is the fault of *white*

privilege or "**systemic white racism.**" Yet, the true cause lies with blacks themselves who, if left to their own devices rapidly cultivate a violent and squalid sub-culture consisting of fatherless households, drugs, violent crime, property crimes, illegitimacy, illiteracy, lack of a work ethic, a dependence on welfare, and a cavalier approach to schooling.

A similar fantasy promoted by the left -- especially the ***Southern Prevarication Lie Center*** -- is that **blacks** are frequent victims of white violence in America. Many low-information citizens actually believe this. In reality, blacks are approximately 50 times as likely to commit an inter-racial violent crime against a white as the reverse. For years, the FBI's ***Uniform Crime Reports*** (UCRs) have exposed the fact that black-on-white violent crimes are ten times the number of white-on-black violent crimes. Since the black population is one-fifth the white population, but commits ten times as many inter-racial violent crimes, blacks are **50 TIMES** (5 X 10) more likely to commit an inter-racial crime than are whites.

Likewise as a result of decades of drug abuse, many blacks are so deranged, they subscribe to the fiction that our jails are filled with innocent, fellow blacks solely because of racism. In fact, our county jails and state prisons are filled primarily with blacks because the species ***Africanus criminalis*** is demonstrably more criminal than all other races combined, and leads the universe in every category of violent crime. In particular, blacks are synonymous with murder in America, and commit more than 90% of all murders despite being only 13% of the population. They are nearly as prolific at rape, aggravated assault and robbery.

The truly corrupt Jews' Media has managed to convince a lot of very stupid black public officials in **BLUE** areas that cops are the "*bad guys*," and **criminals** are merely misunderstood and wrongly persecuted. This has prompted many large, **BLUE** cities to defund their police, waive cash bail for dangerous criminals, grant early parole to violent felons, and cease to prosecute even serious criminal offenses such as armed robbery and grand theft, all in the name of "*justice reform*." As a result, most of these cities set all-time records for murder, car-jacking and armed robbery immediately afterward. The worst of them -- like Chicago and New York -- no longer cooperate with the FBI on their UCRs because of the embarrassment of skyrocketing crime rates under their "*leadership*."

Another outrageous delusion promoted by the left is that public school authorities are in a better position than parents to know what's in each student's best interest. The delusional nature of this claim is exposed whenever some "*woke*" school board permits "**transgendered**" males to compete against biological females in athletic competitions. Many public school systems also engage in "**gender counseling**," where even kids in elementary school are encouraged to question their sexual identity without the knowledge or consent of parents. The Moline, Illinois Public Schools even permit an after-hours "*Satan Club*," and several California public schools pray to the Aztec God of human sacrifice. Because of corrupt national teachers' unions, most public

school systems are primarily interested in pursuing an ideological agenda rather than the wellbeing of students, and are **NOT** better suited than parents to determine the best interests of their children.

The left is renowned for never allowing a tragedy to go unexploited, so it should come as no surprise that it's willing to manipulate those with unsound minds to advance its Cultural Marxist agenda. In this day and age, it's difficult to determine if "*Democrats*," the Jews' Media and other communists who constitute the left in this country are crazy, stupid, or just blindly following the dictates of their Marxist ideology. Since inferring motives is often tenuous, any one of these three possibilities is more than enough justification to ensure these lunatics can never again be allowed near the levers of power in America.
