

Primate Murder Roundup

(I can't begin to chronicle every black-on-white murder that occurs each month, because there are just too many of them. The best I can do is publish a sampling of them.)

Nathan Morris: In 2024, this 35 year-old white father of two girls was gunned down by a rabid ape in Canton, Michigan. One of his daughters touched a neighbor's mulch, so the nigroid neighbor sought revenge against the girl's unarmed father by shooting him multiple times. *(White people must really avoid rabid apes at all cost.)*

Ruth Dalton: In 2024, this 80 year-old white woman was murdered by a black baboon in Seattle in the course of a car-jacking. The n*gger pushed the elderly woman from her car and then ran over her as he sped away. The n*gger had eight prior felony convictions, one of which involved killing a pedestrian while driving 50 M.P.H. down a sidewalk. *(The legal systems in BLUE areas are defective.)*

Danielle Lynn Dolan: This 46 year-old white woman was shot to death by her n*gger boyfriend in Sioux City, Iowa in 2024. The victim and her killer had been "dating" for about two months when he shot her in the back of the head from close range. Being a n*gger, he naturally called 911 and reported her death as a "suicide." Someone present at the shooting described the black bastard as emitting an "evil witch laugh" after shooting Dolan. The rabid ape has been charged with first degree murder.

Jaelynn Nicole Walker: In 2024, this 14 year-old white girl had her throat slashed and was stabbed 13 times by a rabid ape in Moorhead, MN. Her murderer described the two as being in a romantic relationship for several months. Police did find confirmation of this in the victim's cell-phone, indicating that she agreed to meet the black bastard in a

nearby park. The 18 year-old n*gger savage was charged with second degree murder after confessing his crime to police. *(This young and misguided girl learned much too late about the violent and savage nature of n*ggers.)*

Officer Troy Floyd: This white, veteran police officer was fatally shot by a black baboon in Summit, MS, in 2024. Officer Floyd was working a traffic checkpoint when the rabid ape shot Officer Floyd from his moving vehicle. There was a warrant out for the n*gger's arrest for a parole violation, but he refused to return to prison. The only good thing about the incident is that Officer Floyd's fellow officers didn't bother to arrest his black ass and shot this mud-ape to death. *(There should be much more of this impromptu justice dispensed to these rabid animals.)*

Melissa Law: This foolish, 50 year-old white woman was beaten, raped, sodomized, and murdered by a black orangutan in Albany, GA, in 2024. The black bastard left his victim to die underneath a tree in a nearby field, where she was discovered barely alive by an off-duty police officer. She died on life-support soon after. According to reportage, the victim and her murderer had previously been in a "relationship." *(If you dump a n*gger, you'll need a grave-digger...)*

Carley Elbert: This 32 year-old white woman was shot to death in Atlantic City, NJ, in 2024. A black baboon has been arrested in her murder. The victim and another badly injured woman were found on the rocks behind an Atlantic City beach resort. After injuring his two victims by pushing them onto rocks below, the rabid ape stole the vehicle of one of the victims, in addition to a cell phone belonging to one of the two. This allowed police to locate the murderer and two more n*ggers who were either accomplices or accessories to these crimes. *(In light of the ubiquitous violent crimes committed by n*ggers, thank God they are morons...)*

Jacquelyn Wray: In 2024, this 23 year-old white woman was shot to death by her n*gger brother-in-law in Palm Bay, FL. The perp was the 29 year-old street-ape married to the victim's sister. When Palm Bay police responded to the suspicious incident, they were met with gunfire by the rat-n*gger, against whom they returned fire. The rat-ape fled, but was later found deceased. *(A tip of the hat to those cops...)*

Gage Anderson: This 17 year-old white male was shot to death by a n*gger in Columbus, OH in 2024. The two were strangers, and the incident followed an episode of "road rage." Anderson was not armed but the black savage was. *(Blacks are so mercurial and unpredictable, it's best to avoid them at all costs.)*

Christopher Andexler: In 2024, this 41 year-old white male was shot to death in Cleveland by a rabid black baboon. Once again, the incident appears to have followed an incident of road rage, after which the victim made the fatal error of exiting his vehicle to argue with the n*gger who then shot him.
